Opinion of City Attorney on Validity of Ocean Shore Franchise.

The following was presented, read and ordered spread at length in the Journal:

San Francisco, Dec. 27, 1916.

Gentlemen: I have before me the following request transmitted by the Clerk:

"The Street Committee of the Board of Supervisors requests you to answer the following question at your earliest convenience: Has the Ocean Shore Railroad a valid franchise on Twelfth street?"

This is the third time the above question has been presented to me for answer, and it seems only necessary to refer to my two previous opinions and state affirmatively that the Ocean Shore Railroad has a valid franchise on Twelfth street for the hauling of both passengers and freight.

In my opinion dated September 25th, 1905, which is set forth on page 574 of the Municipal Reports for the year 1904-1905, I passed on the validity of the procedure under which the Ocean Shore franchise was originally granted. You will note from that opinion that this franchise was granted under the provisions of Subdivision 28 of Section 1, Chapter II, Article II of the Charter, which empowers the Board of Supervisors "to allow any transcontinental or other railroad having not less than fifty miles of road actually constructed and in operation to enter the City and County with its road and run its cars to the water front at the most suitable point for public convenience," etc.

I then held that the Ocean Shore Railroad, as then projected, could be granted a franchise under that provision of the Charter without the necessity of advertising for competitive bids and without following the usual procedure required by the Charter for the grant of street railroad franchises.

Following my opinion at that time, the Board of Supervisors passed, and the Mayor approved, an ordinance granting the Ocean Shore Railway franchise, under which the company has operated ever since.

The question was next presented to me by Resolution No. 396 of your Honorable Board, which requested me to advise you whether the Ocean Shore Railroad had a right to haul freight over its road, including the cars of other companies, and on October 3d, 1912, I answered request contained in that resolution by stating affirmatively that the company had a legal right under the terms of its franchise and also Subdivision 8 of Section 465 of the Civil Code of this State, to haul all freight over its railroad, whether in its own cars or those of other companies.

I therefore see no reason to depart from the previous opinions to which I have just referred, and respectfully answer your question in the affirmative.

Very respectfully,
PERCY V. LONG,
City Attorney.

Water Hearing Before Railroad Commission.

The following was presented, read, referred to Water Service and Rates Committee, and ordered spread in the Journal:

December 30, 1916.

Board of Supervisors, San Francisco, Cal.

Gentlemen: I was directed by your Resolution No. 13707 (New Series) to represent the interests of the public at the hearing before the Railroad Commission in the matter of the Spring Valley meter rates.

For your information I beg to submit herewith copy of the report made to me by the assistant whom I directed to be present at such hearing in accordance with your instructions.

Respectfully,
PERCY V. LONG,
City Attorney.

December 30, 1916.

Percy V. Long, Esq., City Attorney,
San Francisco, Cal.

Dear Sir: I beg to submit herewith a report of the action which I took, in behalf of this office, at the hearing before the Railroad Commission, on the application of the Spring Valley Water Company to install meters and meter rates for water supply to the inhabitants of the City of San Francisco whose flat rates were in excess of \$1.80 per month.

The City Engineer has frequently expressed his opinion that the City should be metered in order to conserve the water supply in view of the present heavy consumption, and the situation with which we are confronted today is that the City is, and for the last year has been, consuming every drop of water which the company can develop in normal years and convey to the City with its present transmission system. This means that if our consumption increases at its present normal rate of one and a half million gallons daily per year we shall, in 1917, be drawing upon the company's reserve, which is at present less than a three years' supply. If, in addition to that, a year of less than normal rainfall should occur, this storage would be still further depleted and in the event of depletion there would be no possibility of renewing it. The Calaveras pipe line, which alone would relieve the situation, cannot, according to the estimate of the company's engineers, be completed

within three years and, owing to the advance of steel, due to war prices, would impose the burden of paying interest on an additional investment of about two and a half million dollars over what would be the cost in years of normal prices.

In view of these facts, and in view of the resolution of the Board of Supervisors directing this office to represent the interests of the people of San Francisco at this hearing, it seemed to me that no other course could be followed than to advocate the immediate metering of some twenty-five thousand consumers, as requested by the company.

The question then arose as to whether with the meters installed meter rates should be at once charged, or flat rates continued in force, until the Commission makes its final ruling on the rate question, a ruling which can only be had after investigation which is about to consume several months. With a view to answering this question intelligently I caused our engineering staff of the Valuation Department to investigate carefully the figures which the company had compiled from its original meter bills and also to examine the statistics which had been compiled by the Railroad Commission's engineers. The result clearly indicates that during the two months in which the company actually sent out meter bills before it was enjoined from so doing by the Commission's order, a very considerable saving of water resulted, due to the repair of leaking plumbing and check on wasting, and that the monthly bills of at least 65 per cent of the company's consumers were lowered through metered service. The bills of 35 per cent of the consumers were advanced and in a number of instances were enormously increased.

It appeared very evident to me that if I were to advocate the continuance of flat rates during the meter installation and until the Railroad Commission should finally fix the rates there would result:

First: An abandonment by the consumers of the policy of conserving water, which can only be enforced from the collection of meter rates.

Second: That the bills of 65 per cent of the consumers of the company will be increased by returning them to a flat rate basis and very considerable dissatisfaction would result because each of the consumers would see on his monthly bill the meter reading entitling him to a lower rate, while he would be compelled to pay a higher rate under the flat rate ruling.

Third: That the Commission and the City would be deprived of the advantage of seeing how the meter experiment would actually work out in its effect upon the company's revenue,

a matter which can only be determined by actual trial.

Accordingly, after conference with Major J. H. Dockweiler, the civil and hydraulic engineer, who has represented the City of Oakland and the City of San Francisco in practically all the water controversies of the past, I took the following stand before the Commission, and was supported in this stand by the testimony of Mr. Dockweiler, whom I called as a witness in the City's behalf:

1. That metering should be continued and meter bills actually sent out.

2. That the meter rates should be reduced from 28¾ cents maximum to 24 cents, and thence graded down in a scientific manner, to be determined on the basis of the number of consumers which the company has on each of the flat rates, the smaller consumers paying the higher rates and the larger ones the lower rates.

3. That a special rate of 20 cents for 100 cubic feet should be given to small owners actually residing in their own homes for the purpose of encouraging gardening and sanitation measures.

4. That the minimum charge should be reduced from \$1.80 to \$1.50.

5. That some arrangement should be made by the company for installing meters in flats and apartment houses for the information of the landlords as to the amount of water used by their tenants, it being impossible under the present system for a landlord to determine which tenant is wasting water, due to the fact that the company installs one meter for each building.

6. That individual adjustment should be made with each of the consumers who have had their bills enormously increased by the application of metered service, on the theory that unless defective plumbing or wastage is shown the trouble must be with the company's meter.

I felt, and am sure now, that the adoption of the foregoing policy by the Commission, would result in conserving water, would reduce the company's revenue during the winter months to something less than a flat rate normal revenue, and would increase it during the summer months to more than the usual flat rate normal revenue, thus maintaining its gross revenue approximately at its present average figure throughout the year, until the Commission should by final investigation make a scientific adjustment of the whole matter.

The rates expressed in the foregoing system are practically in accord with those being charged in the cities of Oakland, Alameda and Berkeley today under the 100 per cent metered con-

ditions. The adjustment with the relatively small number of individuals who have had their bills enormously increased would satisfy the bulk of the complaints which have been made to date as a result of metering. This adjustment could be made under the direction of the Railroad Commission with relatively little difficulty, as they have a department which handles that work.

The principal objections to this course of procedure were voiced by certain citizens who attended the meeting, among whom the principal objectors were Messrs. E. P. E. Treg, C. D. Salfeld, Daniel O'Connell, J. B. Hassett and Miss Sorbier. Upon conclusion of the hearing the Commission took the matter under advisement.

To summarize, I have no doubt but that the Spring Valley Water Company's rates can be reduced and revised upon a final hearing before the Railroad Commission; that such reduction and revision can be more intelligently made by the Commission if they have data which has been heretofore lacking as to results of metered service upon the revenue from residence consumers; that under the scheme which I proposed such an experiment in meters could be conducted with practically no loss to the consumers, except those who are wasting water, and without seriously impairing the company's revenue, until such time as its fair revenue could be determined by the Railroad Commission. And finally, the procedure which I outlined would result in protecting the City's water supply from an irreparable and dangerous diminution.

Respectfully submitted,

ROBERT M. SEARLS,
Assistant City Attorney.

Building Law Amended Regarding Heights of Buildings.

On motion of Supervisor McLeran:

Bill No. 4366, Ordinance No. — (New Series), as follows:

Amending Section 79 of Ordinance No. 1008 (New Series), approved December 22, 1909, known as the "Building Law," relating to the heights of buildings.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 79 of Ordinance No. 1008 (New Series), approved December 22, 1909, known as the "Building Law," relating to the heights of buildings, is hereby amended to read as follows:

Section 79. The heights of buildings shall not exceed the heights given under the different classes except that stair and elevator houses, water tanks, towers and spires may exceed the limits.

Towers and spires on class "C" or frame buildings may extend one hundred feet above the roof, but no such tower or spire shall occupy more than one quarter of the street frontage of the building, nor shall it have a base area exceeding 1000 square feet. Such towers and spires shall not be used as a dwelling, place of manufacture nor storage room and shall be covered with fire-proof materials.

Towers for the purpose of filtering, cooling or purifying water may be erected or constructed; provided that they be erected or constructed independently of the building and to a height not exceed seventy-five (75) feet, and that they be of heavy timber or steel construction.

Section 2. This ordinance shall take effect immediately.

Ordering Street Work, Corbett Avenue.

The following bill laid over from last meeting was taken up:

Bill No. —, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors November 13, 1916, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Corbett avenue from Caselli avenue and Clayton street to the following described lines at Twenty-third street: a line at right angles to the northeasterly line of Corbett avenue at its intersection*

with the northerly line of Twenty-third street to its intersection with the center line of Corbett avenue; thence a line dropped perpendicularly upon the southwesterly line of Corbett avenue including those portions of Corbett avenue crossing or opposite the terminations of the following mentioned alleys, streets and avenues, and those portions of the following mentioned alleys, streets and avenues included between the following described lines and the lines of Corbett avenue; on the westerly line of Corbett avenue lines between the northerly and southerly angular corners of the crossings of Iron alley, Copper alley, Romain street and Dixie alley and of the terminations of Fout avenue and Hopkins street; on the easterly line of Corbett avenue lines between the northerly and southerly angular corners of the crossings of Iron alley, Copper alley, Romain street and Dixie alley and of the terminations of Glendale street, Horgan alley and Argent alley, by grading to official line and grade; by the construction of concrete curbs and artificial stone sidewalks of the full official width; by the construction of the following salt-glazed, iron-stone pipe sewers and appurtenances and brick manholes with cast iron frames and covers and galvanized wrought iron steps; an 8-inch with 8 Y branches and 2 manholes from a point 5 feet northerly from the southerly limit of the herein described work and 20 feet easterly from westerly line of Corbett avenue to a point on the center line of Hopkins street produced and 22 feet easterly from westerly line of Corbett avenue at its intersection with the northerly line of Hopkins street; thence an 8-inch along the center line of Hopkins street to the westerly limit of the herein described work; from the previously described point on the center line of Hopkins street produced a 12-inch with 23 Y branches and 1 manhole to a point 25 feet easterly from and on a line at right angles to the southerly course at the third angle point northerly from Hopkins street on the westerly side of Corbett avenue; thence a 12-inch with 12 Y branches and 1 manhole to a point on the center line of Dixie alley produced easterly and 25 feet easterly from the westerly line of Corbett avenue at its intersection with the northerly line of Dixie alley; thence an 8-inch along the center line of Dixie alley to the westerly limit of the herein described work; from the previously described point on the center line of Dixie alley produced easterly a 12-inch with 19 Y branches and 1 manhole to a point 30 feet from and on a line at right angles to the

northerly course at the second angle point northerly from Dixie alley on the westerly line of Corbett avenue; thence a 12-inch with 17 Y branches and 1 manhole to a point 30 feet westerly at right angles to the easterly line of Corbett avenue at a point 25 feet southerly from the second angle point southerly from Romain street; thence a 12-inch with 7 Y branches and 1 manhole to a point 30 feet westerly at right angles to the easterly line of Corbett avenue at a point 16 feet southerly from the first angle point southerly from Romain street; thence a 12-inch with 7 Y branches and 1 manhole to a point in a line 20 feet from the easterly line of Corbett avenue at its intersection with the southerly line of Romain street and 15 feet northerly from the intersection; thence a 12-inch to the easterly limit of the herein described work and 17 feet, measured along that limit, from the point of intersection of the southerly line of Romain street and the easterly line of Corbett avenue; a 12-inch with 1 manhole along the center lines of Romain street produced easterly and westerly to their point of intersection; an 8-inch with 18 Y branches and 2 manholes from a point 20 feet easterly at right angles to the westerly line of Corbett avenue at a point 20 feet northerly from its intersection with the northerly line of Romain street to a point 25 feet easterly at right angles to the westerly line of Corbett avenue at a point 67.7 feet southerly from the second angle point southerly from Copper alley; thence an 8-inch with 20 Y branches and 1 manhole to a point on the center line of Copper alley produced easterly and on a line 25 feet easterly from the course between the first and second angle points northerly from Copper alley on the westerly side of Corbett avenue; thence a 12-inch along the center line of Copper alley to the westerly limit of the herein described work; from the previously described point on the center line of Copper alley produced easterly a 12-inch with 2 Y branches and 1 manhole along a line 25 feet from the course between the first and second angle points northerly from Copper alley to a line at right angles to that course at the second angle point northerly from Copper alley; thence a 12-inch with 10 Y branches and 1 manhole to a point 25 feet easterly at right angles to the westerly line of Corbett avenue at a point 10 feet southerly from the fourth angle point northerly from Copper alley; thence a 12-inch with 14 Y branches and 1 manhole to a point 23 feet easterly at right angles to the westerly line of Corbett ave-

nue at a point 3.5 feet westerly from the first angle point easterly from Iron alley; thence a 12-inch with 3 Y branches and 1 manhole to the point of intersection of the center lines of Iron alley produced easterly and westerly in Corbett avenue; thence a 12-inch along the center line of Iron alley to the westerly limit of the herein described work; from the previously described point of intersection of the center lines of Iron alley; an 18-inch along the center line of Iron alley to the easterly limit of the herein described work; an 8-inch with 6 Y branches and 2 manholes from a point 23 feet northerly at right angles to the easterly course from and at the first angle point westerly from Iron alley on the southerly side of Corbett avenue to a point 25 feet northerly at right angles to the easterly course from and at the second angle point westerly from Iron alley on the southerly side of Corbett avenue; thence an 8-inch with 11 Y branches and 1 manhole to a point 24 feet northerly at right angles to the southerly line of Corbett avenue at a point 16 feet easterly from the third angle point westerly from Iron alley; thence an 8-inch with 3 Y branches and 1 manhole to a point 21 feet easterly at right angles to the westerly line of Corbett avenue at a point 16.5 feet northerly from the third angle point southerly from Clayton street; thence a 12-inch with 13 Y branches and 1 manhole to a point 20 feet easterly at right angles to the northerly course from and at the first angle point southerly from Clayton street on the westerly side of Corbett avenue; thence a 12-inch with 9 Y branches to the northerly limit of the herein described work and 28.5 feet easterly from the westerly line of Corbett avenue; by the construction of the following brick catch-basins with cast iron frames, gratings and traps and 10-inch vitrified, salt-glazed, iron-stone pipe culverts; one on the northerly angular corner of the termination of Hopkins street and Corbett avenue; one on each side of Corbett avenue opposite the second angle point southerly from Dixie alley; one on the easterly side of Corbett avenue opposite the second angle point from Dixie alley on the westerly side of Corbett avenue; one on the westerly side of Corbett avenue midway of the third course southerly from Romain street; one each on the westerly, southerly and easterly angular corners of the crossing of Romain street and Corbett avenue; one on the westerly side of Corbett avenue opposite the first angle point northerly from Copper alley; one on the easterly side of

Corbett avenue opposite the southeasterly angular corner of the crossing of Copper alley and Corbett avenue; one each opposite the northwesterly and southwesterly angular corners of the crossings of Iron alley and Corbett avenue; and one on the easterly side of Corbett avenue opposite the third angle point westerly from Iron alley; by the construction of a 14-foot central strip of vitrified brick pavement from a line at right angles to the easterly line of Corbett avenue at its point of intersection with the southwesterly line of Caselli avenue to a line at right angles to the easterly line of Corbett avenue at the third angle point southerly from Caselli avenue; and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface upon the remainder of the roadway thereof. Also the improvement of Iron alley from Corbett avenue to Caselli and Falcon avenues by the construction of a 15-inch vitrified, salt-glazed, iron-stone pipe sewer and 2 brick manholes with cast-iron frames and covers and galvanized wrought-iron steps along the center line thereof.

All of the foregoing work to be done in accordance with plans and specifications No. 12,585, approved by City Engineer M. M. O'Shaughnessy on August 31, 1916, reference to which is hereby made.

Call of the House.

The chairman called attention to the fact that a number of Supervisors had left the chamber without leave. "The importance of this hearing of the protesting property owners against the proposed assessment," he said, "calls for the earnest consideration of every member of this Board. I suggest a call of the House."

Motion.

Thereupon, Supervisor Wolfe moved for a call of the House and that the Sergeant-at-Arms be directed to cause members who are absent from the chamber without leave to be brought in to attend the business of the Board.

Motion carried.

Whereupon, the absent members returning and a full Board being present, the hearing proceeded.

Privilege of the Floor.

R. Barker, property owner, was granted the privilege of the floor. He protested against the proposed assessment for the improvement of Corbett avenue on the ground that the improvement is of general utility and public convenience, wherefore half the expense should be borne by the city as has been done in other portions

of Corbett avenue which have been improved. He requested that the city appropriate \$23,000 toward the doing of the work. The property owners on this portion of Corbett avenue, he said, are poor and some of them already have been assessed for three sewers, one in Iron alley, one in Corbett avenue and one in Caselli avenue.

Miss Laplace, property owner, also protested against the assessment on the property owners for the entire cost of the proposed improvement. She wanted to know why half the cost of this improvement should not be paid for out of the "Good Roads" fund the same as the Clarendon avenue improvement. This improvement, she said, was not necessary so far as the property owners were concerned. It was being done for the benefit of Ingleside Terraces and St. Francis Wood.

Eleanor Boyle, property owner, also protested the assessment. She said the present road is in good condition. It is being used by auto trucks hauling material from Twin Peaks tunnel. "My property is so situated," she said, "that I must pay for two streets, Corbett avenue and Caselli avenue. I have already paid an assessment of \$520 for Caselli avenue. The value of the property does not warrant the expense. The improvement will be of no benefit to us. It is being done for the real estate owners west of Twin Peaks."

H. W. K. Knowlton, property owner, also protested the assessment. He said: "I own 50 feet frontage and if assessed for improvements on both Corbett and Caselli avenues it amounts to the full value of the property, \$1200. I would have to let the property go and borrow carfare to come to town."

M. Healy, representing the Board of Public Works, declared that the condition on Corbett avenue was not any different than that in various sections of the Potrero hills. "Clarendon avenue," he said, "is in a different situation and much of the property is below the grade of the street and it is doubtful if there is any benefit. The city therefore bore portion of the cost."

Mr. Pemberton, representing the Simon-Fout Brick Company, also addressed the Board. He favored the proposed improvement for the reason that until the road was improved there would be no possibility of selling his real estate.

Recommended.

Whereupon, on motion of Supervisor Welch, the foregoing bill was ordered recommended to the Streets Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Auditorium Rental.

Supervisor Brandon presented:

Resolution No. 13777 (New Series), as follows:

Resolved, That the Children's Pets Exhibition be granted use of Larkin Hall in the Exposition Auditorium, February 23rd and 24th, 1917, between the hours of 6 p. m. and 12 p. m., also between the hours of 6 a. m. and 6 p. m. on February 22nd and 25th in order to install and remove exhibits; a deposit having been paid to the Clerk of the Board of Supervisors to guarantee the rental fee.

Adopted, under suspension of the rules, by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Extension of Time.

Supervisor Welch presented:

Resolution No. 13778 (New Series), as follows:

Resolved, That D. O. Church Company is hereby granted an extension of thirty days' time from and after January 16, 1917, within which to complete the improvement of Bonview street, between Cortland and Eugenia avenues, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work has been completed. An examination has been ordered by petitioners and is now being made. In order to have sufficient time to complete an examination of the work this extension should be granted.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

ADJOURNMENT.

There being no further business the Board at the hour of 4:20 p. m. adjourned.

Clerk.

THURSDAY EVENING, JANUARY 4,
1917, 8 P. M.

In Board of Supervisors, Thursday evening, January 4, 1917, 8. p. m.

The Board of Supervisors met in Special Session for the purpose of considering the proposed exchange of the

City's Market and Produce lots on the Channel for the Southern Pacific Company property at Black Point Cove at the foot of Van Ness avenue, it being the intention to preserve said cove and property for the establishment of a municipal aquatic park.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

Moving pictures showing the adaptability of Black Point Cove for aquatic park purposes; also delineating the property involved in the proposed exchange were presented on a screen and explained by Supervisor J. Emmet Hayden and Louis H. Mooser, the appraiser for the City.

Communications.

Communications from various organizations favoring the proposed exchange of lands for an aquatic park were presented and read by the Clerk, to-wit: Major General J. Franklin Bell, Commanding General, Department of the Pacific, Civic League of Improvement Clubs, Congress of Mothers, Indoor Yacht Club, North Beach Promotion Association, San Francisco Association for the Prevention of Tuberculosis, Polk and Larkin Street District Association, Juvenile Protective Association, Laguna Honda Mothers' and Teachers' Club, Columbus School Mothers' Club, Olympic Club.

Privilege of the Floor.

Supervisor Hayden declared that this meeting was being held in conformity with the purposes expressed in Resolution No. 12596. Pursuant to that resolution the City appointed Louis H. Mooser as its appraiser, the Southern Pacific Company appointed Mr. Webster and these two arbitrators appointed Mr. Von Rhein. These gentlemen have, in the course of three or four months, made appraisements of the properties in question and have filed a report which was referred to this Board.

"We have arranged," he said, "a set of lantern slides which will be projected on the screen, and we now ask Mr. Mooser to make his report in his own way."

Louis H. Mooser, appraiser for the City, was then granted the privilege of the floor. He explained by means of the maps projected on the screen the lands which it is proposed shall be exchanged by the Southern Pacific

Company in Black Point Cove for aquatic park purposes for the City's Market and Produce lots on the Channel. The Southern Pacific lands, he said, comprise all the land in what is known as Black Point Cove, except the property of the Spring Valley Water Company, the Fontana Warehouse and the State properties, amounting, exclusive of these properties, to 718,498 square feet, which I have appraised at \$1.13 per square foot. This land was purchased by the Southern Pacific Company at the rate of \$1.80 per square foot and the Assessor of San Francisco is assessing the property upon that valuation. This appraisalment took into consideration the use to which the property was to be put—a railroad terminal.

The Black Point Cove property cost the Southern Pacific Company close to one million dollars. We have appraised it in the aggregate at \$818,976.31, which includes options on other necessary lands in the cove.

The City's property—the Market and Produce lots—are marsh lands. Piles have been driven down for one hundred feet and bottom has not been found as yet. We have appraised this property at \$818,768.75.

Dr. Charles Maguire, property owner, also addressed the Board. He declared that the pictures thrown on the screen did not show conditions as they exist today. Those pictures, he said, were taken in 1912. Now the Belt Line Railroad runs right across the middle of the cove to the tunnel under Fort Mason. If the cove is turned into an aquatic park the Belt Line Railroad will have to be moved one block south and engineering difficulties in the way of getting the railroad through the Fort Mason tunnel from the new approach will be encountered. The tunnel, in fact, will have to be readjusted to meet the new angle of approach.

But why two aquatic parks. We have the Exposition Aquatic Park at a cost of \$325,000 which was deemed suitable and adequate by the Exposition authorities for the millions of people that visited this City in 1915.

As to the Market and Produce lots on Channel street, under lease to the Southern Pacific Company, the City should be receiving \$34,398.00 annually as rent, based on its present valuation instead of \$18,000. That property is extremely valuable and should not be exchanged except after the most careful and painstaking investigation. It is said that the difference between these amounts (\$16,390) represents what the Southern Pacific Company is charging the City for the storage of the high pressure pipes of the auxiliary water system. Think of it, gentlemen, the City is spending \$16,390

annually for storing pipe that is rapidly disintegrating and will shortly be a pile of junk. I earnestly protest against this so-called aquatic park and the exchange of lands proposed for carrying out this project.

Dr. A. T. Leonard was opposed to the transfer generally, but thought the entire matter should have been referred to the City Engineer for report, as many engineering questions are involved. He said: "The sanitary condition of the water in the cove should be considered. If the cove is enclosed by a breakwater the aquatic park will become a cesspool."

Mr. Jesse Lilienthal, representing the Recreation League, spoke in favor of the aquatic park at Black Cove Point.

Mr. Daniel O'Connell spoke at length against the transfer of lands and dwelt upon the legal aspect of the transfer.

Assistant City Attorney O'Brien, on interrogation, stated that the right to make the transfer is legal and valid.

Wm. Humphreys, President of the Olympic Club, on behalf of the organization, endorsed the proposition and quoted law in contradiction to O'Connell relative to tide lands.

Walter MacArthur made a lengthy speech, strongly advocating the establishment of an aquatic park at Black Point Cove as a benefit to the whole people of San Francisco.

Honorable John F. Davis also spoke strongly in favor of the project.

T. E. Zant spoke adversely on the project. He opposed the proposed change of lands, and alleged that the proposed exchange is for the benefit of the Southern Pacific Company and to its interest at the expense of the taxpayer.

Mrs. D. E. F. Eastland, chairman of the Civic Federation of Women's Clubs, made an eloquent plea in favor of the aquatic park as outlined.

Hugh McKeitt, representing the North Beach Improvement Association, favored the proposed exchange.

Referred.

Supervisor Hayden moved that the report of appraisers be referred to the Joint Committee on Lands and Tunnels and Finance for further consideration.

Motion carried.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

ADJOURNMENT.

There being no further business the Board at 1:40 a. m., January 5, 1917, adjourned.

J. S. DUNNIGAN, Clerk.

FRIDAY EVENING, JANUARY 5, 1917,
8 P. M.

In Board of Supervisors, San Francisco, Friday evening, January 5, 1917, 8 p. m.

The Board of Supervisors met in special session for the purpose of continuing the hearing in the matter of proposals for the disposal of city garbage.

Garbage Disposal.

Consideration and hearing on resolutions and motions as follows proceeded:

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the city shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, The cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and

converting the wet garbage into use by reduction process, and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householder,

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

Question being on the substitute for the whole.

ROLL CALL.

The roll was called and the following Supervisors were noted present:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—15.

Absent—Supervisors Deasy, Hynes, Nolan—3.

Quorum present.

His Honor Mayor Rolph presiding.

Privilege of the Floor.

Hiram Johnson, Jr., representing Fred P. Smith et al., being offered the privilege of the floor to present his argument, said: "I prefer to have an opportunity to address the entire board, so if it is agreeable to you, I will defer my argument until later in the evening. I would suggest that in the meantime we hear any other protestants that may wish to address the board."

C. W. Easton thereupon was granted the privilege of the floor. He said: "The proposed dumps at Islais Creek are for the financial benefit of a very few men to the everlasting disadvantage of thousands of others." Drs. Blue and Hassler, he said, have been conducting an extensive campaign requiring rat-proofing in all parts of the city. Extensive grading operations are going on and street improvements have been made at Islais Creek. Fifteenth avenue and Juniper street have been recently paved. This district is successfully living down the name of Butchertown. Do not do anything that will interfere with the good work.

H. Traub declared that he was opposed to dumping raw garbage not only in Islais Creek, but to dumping

in any other district in San Francisco. Dumping is insanitary and dangerous and should be prohibited. Incinerate your garbage and then use it to fill in marsh lands.

Jos. Edelmann, representing property owners in the Islais Creek district, said: "The people who are here protesting against the dumping and filling in Islais Creek district do not live in the district. The people I represent, and who are here, want the marsh lands filled in. Dumping cannot make it any worse than it is now, with several sewers emptying into it. The California Glue Works and the California Fertilizer Company are a greater nuisance than the proposed dump. They have both been condemned by the Board of Health. We suffer now in this district from scarlet fever and diphtheria on account of these conditions. The Portola school in the South End district, which our children attend, has not been given consideration in the past as far as the health conditions are concerned. The sooner the marsh lands are filled in the better for our community."

Mr. Englehood, representing the Visitation Valley Improvement Club, opposed the dumping of raw garbage in Islais Creek. He presented the following communication, which was read by the clerk:

San Francisco, Dec. 24, 1916.
To the Honorable Board of Supervisors,
Gentlemen:

The Visitation Valley Improvement Association desires to state most emphatically that it does not approve of the project to fill in the marsh lands at Islais Creek with unreduced garbage, that it has not authorized anyone to speak in behalf of such a project, that the party or parties claiming to represent this section of the city and advocating such a scheme do not represent this organization or the people of this community. Respectfully,

RICHARD J. DOWDELL,
Secretary, Visitation Valley Improvement Association.
H. CUTLER, President.

H. B. Lister, representing Messrs. Reese, Anderson, Sieblich, Sutton and others who represent upwards of 1,000 people, then spoke. "I favor this project," he said, "because nine sewers now empty into Islais Creek, and any project to fill in this quintessence of germs and remove the poisoned air arising therefrom will be doing a great public service. The price of filling it in in any other way

than that now proposed is prohibitive. This method is guaranteed to be healthful, and I believe that it is; there is nothing lost in giving it a trial, at the least. Our incinerator is worthless and a nuisance and should be dismantled. Segregation throws the burden on the women of our household, and there is no guarantee that segregation will be successful."

Mrs. Hawes, representing Bay View district, said that the district never received anything from the city government that wasn't absolutely necessary and she thanked no one for any favors. She opposed dumping and declared that the people who favor it do not live in the district.

Motion.

Supervisor Gallagher moved a suspension of the rules and the adoption of a motion providing "that if any contract is let that provision be made to eliminate dumping in Islais Creek District".

Motion ruled out of order.

Carl Anderson, resident of the Islais Creek district, also addressed the board. He favored the dumping of garbage in Islais Creek. He said: "All the low lands in San Francisco bordering on San Francisco Bay have been filled in in this manner." He wanted the removal of cattle corrals and other nuisances in the Islais Creek district. "When that is done," he said, "the city will expand in that direction and valuable property will be put on the assessment roll."

Mrs. Niles thanked the board for the improvements made in the district during the present administration. "Fill in Islais Creek," she said, "but do not fill it with raw garbage; fill it with clean dirt."

Hiram Johnson, Jr., deplored the fact that several Supervisors were not in attendance and declared that this evident lack of interest in so important a subject was a sad commentary on popular government. He said: "In making my argument I wish to be heard by the entire board and I would like to defer making it until the whole board is present."

Motion.

Supervisor Wolfe moved that subject matter insofar as it pertains to Mr. Johnson's argument be postponed until 3 p. m., Monday, January 8, 1917.

ADJOURNMENT.

There being no further business, the board, at the hour of 12:30 a. m., adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors January 22, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

J. S. DUNNIGAN,

MONDAY, JANUARY 8, 1917.

In Board of Supervisors, San Francisco, Monday, January 8, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journals of the meetings of December 18 and 19, 1916, were laid over for approval until next meeting.

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

Rate of Interest on Municipal Funds.

The following was presented, read and ordered *spread in the Journal*:

January 8, 1917.

To the Honorable Board of Supervisors, San Francisco—

Gentlemen:

In compliance with Chapter 3, Section 2 of the Charter, providing for the fixing of the annual rate of interest on all bank deposits of public money, we have this 8th day of January, 1917, established the annual rate of interest on all such deposits at 2% for the year 1917.

Respectfully,

JAMES ROLPH JR., Mayor.

THOS. F. BOYLE, Auditor.

JOHN E. McDOUGALD, Treasurer.

Jan. 8, 1917.

Board of Public Works Protests Against Any Interference With Its Unexpended Budget Funds.

January 8th, 1917.

To the Honorable Board of Supervisors—

Gentlemen:

I am directed by the Board of Public Works to transmit to you enclosed

copy of Resolution No. 50379, Second Series, adopted January 8th, 1917.

Yours very truly,

RICHARD J. CLINE,

Acting Secretary.

Enclosure.

Resolution 50379 (Second Series) of the Board of Public Works, City and County of San Francisco.

Resolved, That this Board does hereby respectfully request the Board of Supervisors to refrain from attempting to divert any of the funds specifically provided in the budget for the fiscal year 1916-1917, as set forth in Ordinance No. 3765 (New Series), and applicable to the Department of Public Works, and which funds by designated items were in accordance with the provisions of Chapter 1 of Article III of the Charter made available for conducting the ordinary and necessary operations of the Department of Public Works, to purposes other than those indicated by the declared purposes in said ordinance following the said designated items of available appropriations, until such time as the City Attorney shall have rendered an opinion upon the question submitted to him by this Board on the 5th instant involving the power of the Board of Supervisors to subject such departmental budget appropriations to the discretionary disposition, in absolute disregard of the judgment of this Board in respect to the purposes for which inroads may be made upon such departmental appropriations, and be it further

Resolved, That this Board hereby emphatically protests against any attempt by the Board of Supervisors to interfere with the unexpended funds which in said budget were made available for operations of public necessity under the jurisdiction of this Board; or in any manner to attempt to curtail the expenditures by the Department of Public Works from January 1, 1917, to the ending of the present fiscal year, to less than one-sixth of the amount of such unexpended funds per month for such period; or in any manner to render, or cause such amount to be unavailable for the necessary and contemplated uses of said department; and be it further

Resolved, That the Secretary be and is hereby directed to transmit a copy of this resolution to the Board of Supervisors.

Adopted January 8, 1917, by the following vote:

Ayes—Commissioners Judell, Fraser and Reardon.

New York Bureau of Municipal Research.

W. B. Holton, director of the New York Bureau of Municipal Research, was granted the privilege of the floor on motion of Supervisor Power. He explained that his work as director of the New York Bureau of Municipal Research in no way meant an attempt to usurp the functions of the Board of Supervisors or of any duly elected officials of the city government. His work, he said, "is to advise and suggest." He solicited the co-operation of all city officials. "Your Finance Committee," he said, "has promised the heartiest co-operation in putting into effect every desirable and practical reform in municipal administration that may be offered."

Hearing of Appeal, De Haro Street.

Hearing of appeal of property owners against assessment of Board of Public Works for the improvement of De Haro street, between Twentieth and Twenty-second streets, fixed for 3 p. m. this day.

Mr. Eaton, representing the contractor, was granted the privilege of the floor and addressed the Board. He said: "Two weeks ago you requested me to make some arrangement with Mr. Crists, whereby payment of his assessment might be made without unnecessary hardship to him. I have investigated and find that the Hibernia Bank will loan money on the property at 5½ per cent and that there will be an additional charge of \$25.00 for fee for taking out loan."

Mr. Crist, being called, failed to respond.

Adopted.

Whereupon, on motion of Supervisor Welch, the following resolution was presented and adopted by the following vote:

Denial of Appeal, De Haro Street.

Supervisor Welch presented:

Resolution No. 13801 (New Series), as follows:

Resolved, That the appeal of property owners from the assessment issued for the improvement of De Haro street between Twentieth and Twenty-second streets be denied and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill,

Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Ashbury Heights Boulevards.

The following matter was taken up and on motion laid over one week:

Hearing of objections of property owners to the assessment for the following street improvements, fixed for 3 p. m. this day, to-wit:

Resolution (A) 13584 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street 60 feet in width extending from the southerly line of *Fourteenth street* opposite the termination of *Alpine street* and extending southerly and westerly to the intersection of *Park Hill avenue* and *Fifteenth street*, and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$48,475.

Resolution (B) 13585 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Park Hill avenue*, between *Fifteenth street* and *Masonic avenue*; and providing that said widening of said avenue shall be done under a district assessment plan; estimated cost of land to be acquired, with incidental expenses, \$2400.

Resolution (C) 13586 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Masonic avenue* from a point 70.94 feet more or less easterly from the southeasterly corner of *Sixteenth street* and *Masonic avenue* to the easterly line of *Levant street*; and providing that said widening of said avenue shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$4350.

Resolution (D) 13587 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street sixty (60) feet in width, extending from *Levant street* and *Masonic avenue* to the easterly line of *Pluto street*; and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land to be condemned and acquired, with incidental expenses, \$12,450.

Resolution (E) 13588 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Pluto street* from a point 252.19 feet more or less southerly from *Masonic avenue* to

the northerly line of *Clifford street*; and providing that said widening of said street shall be done under a district assessment plan, estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$3400.

Resolution (F) 13589 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street extending from *Clifford Terrace* and *Pluto street* to *Lower Terrace*; and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$15,000.

Resolution (G) 13590 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Lower Terrace* from the first angle point north-easterly from *Saturn street* south-westerly to *Seventeenth street*; and providing that said widening of said street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$18,175.

SPECIAL ORDER, 3 P. M.

Dust Proof Container Ordinance.

The following bill and motion, laid over last week and made a Special Order of Business for 3 p. m. this day, were taken up:

Bill — prohibiting the receiving or the delivering of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers.

Motion.

Supervisor *Hayden* moved that final action in the foregoing bill be deferred for 30 days.

Communication From Ocean Shore Railroad Company.

Whereupon, the following communication was presented, read by the Clerk, ordered referred to the Streets Committee and the subject matter laid over for four weeks:

January 8th, 1917.

To Honorable James Rolph, Jr., Mayor, and to the Members of the Board of Supervisors of the City and County of San Francisco:

Dear Sirs: At a meeting of your board on December 26th, 1916, the following resolution was passed:

"Whereas, There is pending before the Board of Supervisors an ordinance tending to abate a nuisance at the terminal of the Ocean Shore Railroad at Twelfth and Mission streets, and,

"Whereas, The residents of that section are particularly anxious to have the Ocean Shore Railroad carry on a suburban passenger business and have the terminal at Twelfth and Mission streets; therefore, be it

"Resolved, That the Board of Supervisors hereby requests the Ocean Shore Railroad Company to discontinue the use of its terminal at Twelfth and Mission streets as a general freight depot, and confine itself to a passenger and express freight service, said freight to be delivered in express cars only."

The first recital refers to the proposed ordinance aimed at prohibiting this company from discharging coal at its Mission street terminal, except in containers, and as shipments of coal have entirely ceased, this particular reference may be passed.

The objects of the resolution are embodied in the second recital, and in the resolution itself, and are:

1. That this company should transact a suburban passenger business.
2. That it discontinue the use of its terminal at Twelfth and Mission streets as a general freight depot.
3. That it confine itself to a passenger and express freight service.
4. That its express freight be delivered in express cars only.

Your request, therefore, involves the abandonment of our Twelfth and Mission streets terminal, and the cessation of all freight business within the City and County of San Francisco except the transportation of such express freight as may be carried in express cars, and this company would accordingly be compelled to conduct what amounts to a merely suburban passenger business.

Although the discussion at the time this resolution was passed indicated that the change desired was not in every respect as drastic as that just stated, we must, of course, answer the resolution as it stands. In so doing, we beg to call to your attention the following facts:

1. The Ocean Shore Railway Company, the predecessor in interest of this company, was originally projected as a railroad for the transportation of passengers and freight between Santa Cruz and the city of San Francisco, with its San Francisco terminal at Market and Twelfth streets. The discussions on the floor of your Board at the time the franchise was granted, the opinions from the City Attorney and the terms of the franchise itself, show

this to be so. The newspaper files and maps of the period preceding and following 1906 not only establish this fact, but emphasize the desire of the representatives of the city that a union passenger station be built in the block bounded by Eleventh, Twelfth, Mission and Market streets, and that freight terminals be established in the three blocks bounded by Eleventh, Twelfth, Harrison and Mission streets. The new project was enthusiastically welcomed, and its plans were public. Residents of this district, practically all of whom moved in after the fire, did so with a full knowledge of the proposed activities of the railroad company and the approval thereof by the municipal authorities.

2. This company has established relations with residents of the City and County of San Francisco and the County of San Mateo, many of whom, relying upon its operation, have built up a business along the line of its railroad. It transports food supplies, agricultural implements, furniture and similar articles from San Francisco to the points in San Mateo County upon its line; it carries vegetables and garden truck from San Mateo County to this city. The principal income of this company is derived from these sources, and would be entirely wiped out if your request in its present form were made effective. We depend largely upon transporting the produce of individual farms, most of which is consumed locally in San Francisco, and delivered at Twelfth and Mission streets. If delivery were not made at or near this point, the company will not receive this freight, due to motor truck competition, which even under present conditions has made itself felt. These shipments are all made in "way cars," one such car being dropped off each day at each of the following communities: Salada Beach, Pedro Valley, Farallone, Moss Beach, Granada, Half Moon Bay and Tunitas. At the present time twenty-one cars of this character are required for the express, merchandise or perishable service which the company performs.

3. This company has no express cars. Many railroads of considerable size have none. The cost of such cars ranges from \$10,000 to \$12,000 each. Our business just referred to requires twenty-one cars, and their acquisition would obviously involve an expenditure of a large sum of money. On the other hand, the cost of the cars at present used by the company for this identical purpose, is \$700 each. Furthermore, one objection to our operation has been the vibration resulting from heavy cars. An express car, unloaded, weighs ap-

proximately 95,000 pounds, while the cars now used by the company weigh between 25,000 and 35,000 pounds. It is apparent that if express cars were put into service the vibration would be much greater than it now is; although we ought, in fairness, to add that we believe the installation of new girder rails on Twelfth street will eliminate all cause for complaint.

4. The resolution, if literally construed, requests this company to cease transporting freight in the City and County of San Francisco, but we understand that it is contemplated by the proponents of the measure that ordinary freight be delivered at some point on its line to the south of its present terminal. Our necessarily hasty investigation has shown us that there is no terminal property between Mission street and Army street suitable for this use. The lot on Harrison street to which reference was made at the hearing is 250 feet shorter than the company's present terminal, and offers almost insurmountable switching difficulties. The lot bounded by Alabama and Florida, Seventeenth and Mariposa streets, is 150 feet shorter than our present location, and is so much lower on one side than on the other as to make the expense of adapting it for use as a railroad yard almost impracticable. An abandonment of our present terminal would therefore mean that freight must be delivered at Army street.

5. If such a course were followed, this company would be deprived of its most valuable right. It would be placed in a position where the yards of the other railroads, including the Southern Pacific Company and the Western Pacific Railway Company, would be approximately two miles nearer Market street, and where the particular inducements which this company can now offer would be entirely eliminated.

6. The freight tariffs of the company, as now published and on file, name Twelfth and Mission streets as a receiving and delivering point for freight, and no change in the present practice can be made without the express approval of the California Railroad Commission, General Order Number 36 of Paragraph Two of the rules of that body providing:

"It is further ordered that no railroad corporation shall move or abandon any depot or station building, or abandon an agency at any depot, or take up or discontinue the use of any siding, spur or other track upon which passengers or freight have been received or discharged, without first having made application to and received the consent of this Commission."

From the protests received by us from those who actually use the road, against the course suggested, it seems probable that any reduction in the service which we have led the public to rely upon, would only receive the approval of the Commission after a full and thorough hearing.

7. Our existing contract with Wells Fargo & Company, effective for some time in the future, would make it impossible for us to handle any package freight for our own account except through Wells Fargo & Company.

8. Our published tariffs on file with the Commission, provide a rate for the handling of carload freight to industrial tracks located on our line within the switching limits of San Francisco. We now serve through such spur tracks Continental Bedding and Manufacturing Company, Friedman Furniture Company, Municipal Asphalt Spur, the Goodyear Tire and Rubber Company, and others. These industries were established with reliance upon our operation; they are dependent upon the Ocean Shore Railroad Company for carload delivery, and we are now obligated by our tariff to make such deliveries. These industries, to encourage which we understand you have a special committee, should not be handicapped without first being heard.

9. The cost of installing a new terminal, even if such were practicable, either on Harrison street or on Alabama street, would be at the present time and under present conditions a heavy burden upon this corporation. The expenditures involved would include the cost of land, the re-arrangement of tracks, the establishment of separate operating departments where one department is now sufficient for both freight and passenger tariffs; most important of all, however, would be the very heavy loss of income due to competitive delivery by trucks from San Mateo County if the efficiency of our present service is still further reduced.

10. Our franchise was granted upon the express condition that the paving work therein specified should be paid for by this company. This paving is from curb to curb. Since its reorganization, this company has paid over \$60,000 in compliance with these provisions, and the city is planning additional paving which will involve in the very near future \$20,000 additional; this work is on streets over which you now ask us to cease hauling freight, while the only possible reason for the acceptance of this burden by the railway company was the carrying of freight. We believe it is only fair that this

phase of the matter should be considered.

11. The stockholders of this company made their investment relying upon the rights granted to them by the City and County of San Francisco. Those rights can only be abandoned with the approval of such stockholders, and we have, of course, had no opportunity to submit your request, received only ten days ago, to them.

We have stated these facts frankly and in some detail because we wish to make our problem clear, and because we desire that this Board should know the effect which the literal enforcement of the resolution in question would have. We believe that it will be apparent that if the resolution should be carried into effect it would result not in a change of operation, but in our absolute withdrawal from business. The loss would be too heavy to be borne by our stockholders, whose loyalty to the enterprise has been demonstrated by actual cash contributions.

We are forced in this letter to give to the resolution the technical construction which those most hostile to our interests would claim for it—a construction which we feel certain does not represent the real intention of your Board.

We wish to make certain improvements to render our service more efficient and more useful to our patrons and we wish to do so to your entire satisfaction. The suggestion embodied in your resolution would make our service less efficient and less satisfactory to the public. We have already had several meetings with the members of the Street Committee with a view to determining a program for improvements, and we believe that we can work out with that Committee a plan which will meet all reasonable objections and not entail the heavy sacrifices which a strict interpretation of your resolution would unquestionably require.

Respectfully yours,

F. N. BRADLEY,
President.

Passed for Printing.

The following matters were *passed for printing*:

Boiler and Oil Permits.

On motion of Supervisor Deasy:
Resolution No. — (New Series),
as follows:

Resolved, That the following revocable permits are hereby granted:

Boiler.

Associated Milk Producers, at 53 Clay street, 20 horsepower, to be used in furnishing power for dairy.

Oil Storage Tank.

Langley & Michaels Co., on south side of Stevenson street, 125 feet west of First street, 1500 gallons capacity.

Mrs. Helene Sylvester, on Willow avenue, in rear of 730 Eddy street, 1500 gallons capacity

George B. Somers, at southeast corner of California street and Van Ness avenue 1500 gallons capacity.

Montell Taylor, on north side of Washington street, 50 feet east of Polk street, 1500 gallons capacity.

The rights granted under this resolution shall be exercised within six months, otherwise said permits become null and void.

Blasting Permit.

On motion of Supervisor Deasy:
Resolution No. — (New Series),
as follows:

Resolved, That San Francisco Bridge Company is hereby granted permission revocable at the will of the Board of Supervisors to explode blasts for breaking up ground for shovel excavations in the dry dock being built for the Union Iron Works

at Hunter's Point, provided that said permittee shall execute and file a good and sufficient bond in the sum of \$5,000 as fixed by the Board of Public Works and approved by His Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said San Francisco Bridge Company, then the privileges and all the rights accruing thereunder shall immediately become null and void.

Denying Garage Permit.

Supervisor Deasy presented:
Resolution No. 13789 (New Series),
as follows:

Resolved. That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied Edward Osiander to maintain a public garage in the north side of Geary street, 20 feet west of Arguello Boulevard.

Stable Permit.

On motion of Supervisor Walsh:

Resolution No. — (New Series),
as follows:

Resolved, That permission revocable at will of the Board of Supervisors is hereby granted C. Chelini to maintain a stable for 38 horses at 192 Green street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Denying Stable Permits.

Supervisor Walsh presented:

Resolution No. — (New Series),
as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission is hereby denied Mrs. Elizabeth Stanton to maintain a stable at 438 Twenty-third avenue.

Privilege of the Floor.

Mr. *Heney*, attorney representing Mrs. Stanton, was granted the privilege of the floor and addressed the Board. He said: It is a shame to keep this lady out of the use of her property. She has been in the neighborhood for fifteen years and always maintained a stable there for her horse. The stable has now been reconstructed to the satisfaction of the Board of Health and the permit should be granted.

Dr. *Converse* also addressed the Board and stated that the stable meets with all the requirements of the Board of Health. Dr. *Hassler* has recommended it.

Refused Adoption.

Also, Bill No. 4382, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Maples street between the

northerly line of France avenue and the southerly line of Italy avenue, and on France avenue and Italy avenue between Edinburgh and Vienna streets."

Extension of Time.

Supervisor Welch presented:

Resolution No. 13795 (New Series), as follows:

Resolved, That J. P. Holland is hereby granted an extension of ninety days' time from and after January 15, 1917, within which to complete contract for the improvement of De Haro street between Nineteenth and Twentieth streets, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that it is practically impossible to work on this street during the rain. The grade is 20 per cent and the least moisture renders it impossible to get trucks to the shovel.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Also, Resolution No. 13796 (New Series), as follows:

Resolved, That Colman O'Toole is hereby granted an extension of thirty days' time from and after January 11, 1917, within which to complete contract for construction of pavement on Eighteenth street between Utah street and Potrero avenue, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the delay in the delivery of basalt blocks was due to shortage of cars.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 13797 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points and elevations above City base, in accordance with Resolution 50097 (Second Series), of the Board of Public Works adopted December 22, 1916, and written recommendation of said Board, filed December 22, 1916, to-wit:

On Quintara street between Eleventh avenue and Fifteenth avenue.

On Twelfth avenue between Pacheco and Quintara streets.

On Fourteenth avenue between Pacheco and Rivera streets.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Also, Resolution No. 13798 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points herein-after specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 50225 (Second Series) of the Board of Public Works adopted December 29, 1916, and written recommendation of said Board, filed January 2, 1917, to-wit:

On Quintara and Rivera streets between Twenty-second and Thirty-first avenues and cross streets between Pacheco and Taraval streets.

On Santiago street between Twenty-fourth and Forty-sixth avenues and cross streets between Santiago and Taraval streets.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Also, Resolution No. 13799 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points and elevations above City base, in accordance with Resolution No. 50095 (Second Series) of the Board of Public Works adopted December —, 1916, and written recommendation of said Board, filed December 28, 1916, to-wit:

On Alvarado street between Castro and Diamond streets.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Passed for Printing.

The following Bill was *passed for printing* by the following vote:

Spur Track Permit.

Supervisor Kortick presented:

Bill No. 4383, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Ogden Packing and Provision Company, its successors and assigns, to lay down, construct, maintain and

operate a spur track as follows, to-wit:

Commencing at a point in the center line of the existing spur track of the Southern Pacific Company in Block No. 368, running from Townsend street; thence northeasterly to a point on the southwesterly line of Crook street, that is 250 feet more or less at right angles northwesterly from the northwesterly line of Townsend street; thence continuing north-easterly and across Crook street into private property.

Ayes—Supervisors Hayden, Hilmer, Hynes, Kortick, McLeran, Mulvihill, Nelson, Power, Suhr, Welch, Wolfe—11.

Noes—Supervisors Brandon, Deasy, Gallagher, Lahaney, Nolan, Walsh—6.
Absent—Supervisor Hocks—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

State Legislature Committee.

The Clerk read:

Resolution No. 13800 (New Series), as follows:

Resolved, That Supervisors Edward I. Wolfe, Charles A. Nelson and Richard Welch are hereby selected to represent the Committee on State Laws and Legislation of the Board of Supervisors at the present session of the State Legislature in all matters affecting San Francisco.

Adopted, under suspension of the rules, by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Amateur Boxing Exhibitions in the Exposition Auditorium.

Supervisor Mulvihill presented:

Resolution No. — (New Series), as follows:

Whereas, An additional income from the Exposition Auditorium is urgently needed, and all proper means should be used to increase the revenue from a property that has cost the people of San Francisco more than \$2,000,000, and

Whereas, Certain persons are prepared to rent said Auditorium once each week, and pay the rental \$200 therefor, for the purpose of holding amateur boxing exhibitions, and

Whereas, Nearly the same class of our citizens who enjoy attending wrestling exhibitions that have been recently held in said Auditorium, are also patrons of amateur boxing exhibitions that have, by the people of the State, been declared a legal and proper amusement and placed under

the control of the Chief of Police; now, therefore, be it

Resolved, That the Auditorium Committee of this Board be directed to lease said Auditorium for amateur boxing exhibitions to be held under the provisions of the State law regulating such exhibitions, and under such further regulations as said Committee may determine to be necessary.

Referred to the Auditorium Committee.

Recess.

On motion of Supervisor Wolfe the Board at the hour of 6:30 p. m. took a recess until 8:30 p. m.

Re-assembled.

The Board re-assembled at the hour of 8:30 p. m., the following members being noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Hocks—1.

Quorum present.

His Honor Mayor Rolph in the Chair.

Garbage Disposal.

Consideration and hearing on resolutions and motions as follows proceeded:

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the city shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Substitute for the Who's.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before

the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, The cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process, and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householder,

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

Question being on the substitute for the whole.

Hiram Johnson, Jr., was granted the privilege of the floor and addressed the Board. He said in part: "There seems to be nobody in the Board who understands or can explain the proposition of my client.

"This is not a dumping proposition. It is not mere burial. It is what is called sanitary fill, the method that is successfully solving the garbage question in Seattle, Davenport, New Orleans and other important cities of the United States. The system provides for the treatment of the garbage by chemicals and a top cover of twelve inches of earth and rock. There is absolutely no danger to the public and it is most safe and economical. This is only a slow process of chemical incineration."

A secret report, he said, has been prepared on this method and is in the possession of the City Engineer. "I do not know why it has not been divulged. None of the Supervisors have

seen it and I think it should be made public."

He referred to portions of the Report of Health Commissioner McBride of Washington, D. C., as to the merits of this method of garbage disposal.

The sanitary fill method, he said, succeeded methods of incineration and sea-dumping and has given entire satisfaction.

Speaking for his client, Mr. Schmitt, he agreed to accept 10 cents less per ton from the scavengers in consideration of a longer haul.

Motion.

Supervisor McLeran moved that if there is a report on the subject which has not been presented to the Board that it be sent for and placed on file in the Clerk's office.

So ordered.

W. J. Cleary, assistant engineer, Board of Public Work, being sent for, appeared and addressed the Board. Mr. O'Shaughnessy, he said was not in the office. In the matter of the so-called "secret report", he said: Engineer E. P. Jones was sent to Portland to examine the garbage incinerator in that city. The data he went for was to be used in evidence in the suit now pending between the city and the Destructor Company in the matter of the failure of the latter to construct satisfactory incinerators for this city. A copy of his report, which has been called a "secret report," is in the office of the City Engineer and may be seen by any of the Supervisors, but it is deemed unwise and undiplomatic until our litigation is ended to make the document public.

The City Engineer, he said, is misquoted when it is claimed that he has approved the disposal of garbage by means of a method known as the sanitary fill. The City Engineer approved this method provided the method of disposal was satisfactory to the Board of Health. The opposition of the Board of Health makes it clear that the City Engineer does not approve it.

Fred Moody also addressed the Board as the representative of property owners in the vicinity of the present incinerator.

"The present incinerator," he said, "is a nuisance. Dirt and filth is allowed to accumulate in the streets in the neighborhood of the incinerator. In this vicinity the city itself is maintaining a nuisance such as private property owners would not be permitted to maintain. I believe in the policy of filling in the submerged lands with garbage. All the low lands in this city were filled in in that way before the present incinerator was built. By adopting this policy you are adding a large amount of assessable land to

the assessment roll. As to the present incinerator, we protest against its continuance and want it closed down as a nuisance.

Mr. Murray, chief engineer of the Western Pacific Refining Co. opposed the dumping of garbage east of Third street.

"That property," he said, "is not low-lying or submerged land. The water is from twenty to thirty feet deep and the ebbing and flowing tide will carry vegetables and other decaying garbage to the shore. We use large quantities of salt water in our condensing plant. Our investment there amounts to \$40,000 and it costs us \$1,000 a year to clean our screens of the present debris in the water. The floating garbage that will result from a dump will make it impossible to carry on our work. We will have to close down the plant because we will be unable to get clean salt water."

H. B. Lister also addressed the Board. He said in part: "Sea-dumping as a method for disposing of garbage has been tried in San Francisco and found to be impracticable. In 1897 a garbage boat known as the Delahanti Dumper was constructed at a cost of \$90,000 and carried 500 tons, but the specific gravity of the garbage was so much lighter than the water that it was impossible to make it sink and the method had to be abandoned.

"An experiment in sea-dumping," he said, "while I was City Engineer in New York cost that city \$250,000 and the method was subsequently discarded."

T. Fitzpatrick, representing the Scavengers' Union, also addressed the Board. He said:

"There should be three places at least where garbage can be delivered or disposed of. I am here in the interest of those who do the hauling and we ask that the places be designated so we will know how we are to be affected by the proposed change."

Ten or twenty cents per ton rebate would not compensate his clients, he said, and no such terms should be incorporated in the contract.

Thos. Hickey, Supervisor representing San Mateo County. He said in part:

"If the garbage dump is objectionable to San Francisco County, it will certainly be objectionable to San Mateo County. A line of tin cans from Redwood City to the San Francisco County line would not be a very pleasant sight to visitors coming from points down the peninsula."

Wm. Humphreys also addressed the Board. He said in part: "The property owners and tenants of property in the neighborhood are here, as Mr. Moody stated, in favor of any method that will remove the incinerator from our district. Several years ago the Board of Supervisors promised to close down and remove the incinerator. We only ask that that promise be redeemed."

Mr. Smith said that he could measurably improve the efficiency of the present incinerator plant. The most important change, he said, could be made for about \$500.

Mr. Lawrence, representing Visitation Valley Improvement Association, opposed garbage dumping adjacent to the San Mateo County line.

Mr. Zimdar favored the sanitary fill method. There is no intention, he said, to dump where the tide can carry refuse out on the waters of the bay.

Mrs. Niles favored a sanitary fill, but wanted to know how long it would take to cover the submerged area.

P. Herrell, property owner and resident of Islais Creek District, favored the proposed sanitary fill. "In any event," he said, "it cannot be worse than the present condition. Give the bidder a chance to show what he can do. His money is up in case of default of his contract."

Dr. Rosenstirn, representing the Civic League, called attention to the reports of the Board of Health and of the City Engineer against the plan of dumping garbage. "The City Engineer guarantees," he said, "to put the present incinerator in condition to handle the garbage situation for a very small sum. Let us follow his advice and recommendation."

Motion.

Thereupon, Supervisor Power moved that the subject-matter *lay over for four weeks*.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hynes, Kortick, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—13.

Noes—Supervisors Gallagher, Lahaney, Mulvihill, Welch—4.

Absent—Supervisor Hocks—1.

ADJOURNMENT.

There being no further business the Board at 1:25 a. m. adjourned.

The following matters, laid over for one week, were taken up:

Hearing of objections of property owners to the assessment for the following street improvements, fixed for 3 p. m. this day, to-wit:

Resolution (A) 13584 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street 60 feet in width extending from the southerly line of *Fourteenth street* opposite the termination of *Alpine street* and extending southerly and westerly to the intersection of *Park Hill avenue* and *Fifteenth street*, and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$48,475.

Resolution (B) 13585 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Park Hill avenue*, between *Fifteenth street* and *Masonic avenue*; and providing that said widening of said avenue shall be done under a district assessment plan; estimated cost of land to be acquired, with incidental expenses, \$2400.

Resolution (C) 13586 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Masonic avenue* from a point 70.94 feet more or less easterly from the southeasterly corner of *Sixteenth street* and *Masonic avenue* to the easterly line of *Levant street*; and providing that said widening of said avenue shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$4350.

Resolution (D) 13587 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street sixty (60) feet in width, extending from *Levant street* and *Masonic avenue* to the easterly line of *Pluto street*; and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land to

be condemned and acquired, with incidental expenses, \$12,450.

Resolution (E) 13588 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Pluto street* from a point 252.19 feet more or less southerly from *Masonic avenue* to the northerly line of *Clifford street*; and providing that said widening of said street shall be done under a district assessment plan, estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$3400.

Resolution (F) 13589 (New Series), Declaring that it is the intention of the Board of Supervisors to order the opening of a new street extending from *Clifford Terrace* and *Pluto street* to *Lower Terrace*; and providing that said opening of said new street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$15,000.

Resolution (G) 13590 (New Series), Declaring that it is the intention of the Board of Supervisors to order the widening of *Lower Terrace* from the first angle point northeasterly from *Saturn street* southwesterly to *Seventeenth street*; and providing that said widening of said street shall be done under a district assessment plan; estimated cost of the land and improvements to be condemned and acquired, with incidental expenses, \$18,175.

Privilege of the Floor.

Mrs. Dr. Merritt, representing the Suto Estate, addressed the Board. She said: "I do not protest against the work proposed, but against being in the assessment district. My reason is; we are so far away that we will not be benefited. We are sustained in this position by prominent real estate men whom we have consulted. The assessment district outlined is very peculiar—the further you get from the proposed improvement, the larger the assessment district. We want to get rid of this property. We would like to divide it up and sell it, but we are victims of circumstances—the heirs are in Germany and, on account of the war, we are unable to get in touch with them."

Mr. Dr. Merritt declared that the proposed boulevard stops one-quarter to one-half mile away from Sutro Forest and that it is unjustifiable that the heirs of that property should be made to pay for an improvement that did not benefit them.

L. F. Young, representing Garret McInerney, attorney for the Sutro heirs, also protested against the assessment. He said: "It is our opinion that the inclusion of 195 acres of the Sutro forest in the proposed assessment district is inequitable."

Geo. Piper, property owner, also protested against the proposed assessment district. He said: "I can get no use from the proposed road. It will be twenty feet above my cottage. The road will be a detriment and of no benefit to me. I expect damages if this project goes through."

Jas. Hunt, property owner, was granted the privilege of the floor. He said: "I am in favor of improvements, but I am not in favor of this proposed boulevard. Let us have a car-line; that is what we need. I don't want to be assessed for something that is of no benefit to me. I have already paid \$480 for street work."

Thos. P. Dorris, property owner, also protested the proposed assessment. He said, in part: "I live at 724 Duboce avenue, and have lived in San Francisco since 1882. I have been in favor of improvements always, but do not see how the proposed boulevard will benefit me, nor the justice of assessing my property for the construction of it." Mr. Dorris was assured by the City Engineer that it was the present intention to construct an extension of the Municipal Railway when the road was finished.

Paul McCarthy, representing the Haight and Ashbury District Improvement Club, addressed the Board in favor of the project. He said, in part: "The Sutro Forest, that portion included in the assessment district, is within the drain of that district to be served by the proposed boulevard. This road will be the shortest direct route from the said property to Market street, and it certainly will be vastly benefited by the proposed road. Considering the extent of the assessment district, the opposition to the proposed assessment is notably small. Henry street, which has been suggested as an approach to this road, can be ultimately connected with it with little difficulty."

H. F. Kraushof, property owner, also addressed the Board. "I am not opposed to the Park Hill boulevard, but I am against the proposed viaduct at Henry street. I am heartily in favor of general improvements—I

favor the Nineteenth avenue improvement—but I am not in favor of this trestle or viaduct which it will be necessary to construct to carry the road at a low grade at Henry street."

He questioned the correctness of the City Engineer's figures as to the grade from Duboce avenue to Buena Vista avenue.

"The road," he said, "will be above my property and will be little or no benefit. The children attending the McKinley school will be endangered by the automobile and street car traffic."

E. M. Fritz, property owner, said: "I am not opposed to the proposed work, but I consider that it is no benefit to me on Frederick street, even if a car-line is built there. We have a car-line now on Ashbury street. Olympus way will take traffic away from my property, and it is not just to assess me for its improvement."

R. J. Jillick also opposed the proposed Park Hill boulevard on the ground that the improvement is unnecessary. "There are improved roads close by leading in the same general direction—Fifteenth avenue is only a few feet away. Why cut the land up into triangle lots? I have lived in the district ten years, and what we need is a car-line."

M. Behrind, property owner, also addressed the Board. He said, in part: "I am not opposed to the improvement, but, if it go through, believe that those at the bottom of the hill should be assessed to pay for it."

Chas. Holcomb, assistant City Engineer, addressed the Board in explanation of the questions raised as to the proposed grade between Duboce avenue and Buena Vista avenue. The complaint of Mr. Piper, he said, can be cared for by stairs at Henry street.

"The average assessment," he said, "will be about \$15 per lot. Some adjacent to the improvement may be \$17 or \$18." Assessment at Scott and Duboce, he said, in answer to Supervisor Hocks, will not exceed \$30.

T. Treacy, representing the Ashbury Heights Improvement Club, also addressed the Board. He said: "Twenty-five hundred property owners are affected by this proposed improvement."

"This," he said, "is one of the greatest improvement projects now under consideration in San Francisco. St. Joseph's Hospital, which is on the line of the proposed boulevard, expects, in the near future, to construct a million dollar building. The boulevard will also pass the great German Hospital. The improvement clubs are unanimously in favor of the project, and in making this statement we represent ninety-five per cent of the people who live in the district."

E. G. Arps, representing the German Hospital, inquired and was advised by Engineer Holcomb that the approximate assessment on the German Hospital would be one cent per square foot, or in the aggregate about \$3,000.

City Engineer O'Shaughnessy also addressed the Board. He said, in part: "This proposition was started about three years ago. The people on the hill requested some transportation on the hill, and I advised that the city would help provided the property owners assessed themselves for the construction of a roadway of practicable grade. They promised that they would get such a roadway if the railway was provided by the city. This section of the city which it is proposed to improve is the worst served district in San Francisco as far as transportation is concerned. The Sutro property will be greatly benefited and should be included in the assessment district, like other large property owners. Heretofore they have not paid any assessment for the Twin Peaks tunnel and they should not be excluded from this. The present low grade outlet for the property is by way of Seventh avenue, a distance of five miles from the center of the city. The proposed boulevard will be a low grade one and three miles from the city's center—a saving of two miles."

Motion.

Supervisor Power thereupon moved that the protests be overruled and the Board of Public Works be directed to proceed with the work and report to the Board of Supervisors.

Motion carried.

Adopted.

Whereupon, the following resolutions were presented and adopted:

Rastall Addresses Board of Supervisors.

B. M. Rastall, industrial survey expert, who is in San Francisco at the request of the Chamber of Commerce, addressed the Board of Supervisors on Monday last. He told many incidents of his survey work and declared one of the greatest of San Francisco's civic mistakes was failure to lay out the city along topographical lines. He said in part as follows:

"Your Honor the Mayor and Gentlemen of the Board: I appreciate very greatly this opportunity to speak for a few moments in this beautiful new City Hall on the results of our study of San Francisco's conditions. Your invitation is simply one of a number of hospitalities that have been extended to me in the State and shows me why you have attracted more than half your population from other states. I can understand very easily why this has been so.

"You have the greatest populous center of the West and the greatest local market for an industrious population; you have the highest average wealth of any population in America. You have a very large number of savings bank accounts, there being three accounts for every five persons in the city. This condition shows a wide distribution of wealth. The average San Francisco citizen is undoubtedly the most successful and the most prosperous citizen in America. You have probably the best developed retail trade, the best social clubs, hotels, restaurants, etc., and a well developed wholesale section. Analysis show well developed advantages for manufacturing, enormous sources for cheap power and remarkable local market conditions. The markets of the world are at your doors. You

have a great concentration of manufacturing here, probably 40 per cent of the entire manufacturing of the State being produced in San Francisco or that portion which immediately surrounds the bay.

"While it is true that you have population and a good manufacturing center, San Francisco at the present time is not moving at a rate equal to the average in the State or in other western centers. The conclusion therefore is, if the present rate of progress continues and you do not find means of effectually bettering your conditions, San Francisco cannot expect to remain the outstanding center of the West. Eastern conditions were very similar at one time until New York forged ahead of other Eastern cities by taking advantage of its natural opportunities, and it has held this lead ever since. You have every opportunity to do the same here, but you are not going to do it unless you better the record of the past ten or twenty years.

"The development of your street system, the building of healthy schools, public parks and public utilities are the things that are going to have vital bearing on the future of San Francisco. I realize that there are many calls for things to be done in a city like this. Where fifty things are to be done, and it is impossible to complete them all, pick out one or two of the most important and do them. Do them well and let the other forty-eight take their natural course.

"I am assuming that nothing I may say will be considered as an individual criticism of what has or has not been done in your city. The tremendous situation that confronted you after the fire and the progress that you have made since that time are sufficient to justify great hopes for the future. Forget the things that are behind you and press forward for the accomplishment of the things that are before you.

"The peculiar location of San Francisco—a peninsula flanked on three sides by water, split from north to south by a high range of hills, and from east to west by no less than three transverse ranges—makes development somewhat difficult, owing to your rectangular system of streets. Through not taking advantage of conditions and not building three or four of the most needed routes, the city is spending—literally wasting—thousands of dollars every day on delivery costs. By allowing your streets to go without proper grades and improvements you are giving the city a bad name.

"There is nothing that the American cities are giving so much attention to as the proper housing of the

workingman. A great many of these cities are giving this matter especial attention and creating workmen's suburbs, where homes may be purchased at minimum cost. I might mention Bridgeport, Detroit, and a dozen other cities that are giving attention to this matter. No individual homes are being built here at a cost of \$2,500—\$100 down and \$25 a month—but these things are being done in the transbay cities. One of the things badly needed here is moderately priced homes. You cannot hope to secure for yourself a larger proportion of the new industries coming to this territory unless you provide housing facilities, and San Francisco can furnish these facilities under the right kind of conditions.

"In Hunter's Point and further south you have the best site I have seen in America for a great railroad terminal, but without sites for residential occupancy and proper transportation facilities you are letting these opportunities go fallow. And they will remain so for the next twenty years, as they have in the past twenty years, unless you extend your car lines in that district. I simply want to paint the picture fairly and suggest the things that ought to be done.

"Nothing you could do would be better for yourselves, your future or your country than this sort of extension and housing work. A community that is standing still necessarily means that its individuals are standing still. A community that is growing every day is growing new opportunities all around. When the average man discovers some of these special features he has a hundred fold better opportunity to work out for himself a better life than he has in a stagnant community, and his work will be along practical lines for the betterment of all."

Visitors Presented.

Mayor B. D. Stewart of Juneau, Alaska, and Supervisor H. R. Fay of San Diego, who were visiting in San Francisco, were presented by his Honor Mayor Rolph and they addressed the Board, expressing their pleasure in being permitted to enjoy the hospitality of the city and to view the splendors of its new public buildings and Civic Center.

Extensions of Time.

Supervisor McLeran presented:

Resolution No. 13829 (New Series), as follows:

Resolved, That extensions of time set opposite their respective names be granted to the following contractors on public work, for the reasons stated, to-wit:

Juvenile Court and Detention Home.

Herman Lawson, 58 days from October 30, 1916, third extension.

J. W. Burchaell, 25 days from November 27, 1916, first extension.

Atlas Heating and V. Co., 53 days from October 30, 1916, third extension.

Rex Electric Co., 57 days from October 31, 1916, third extension.

Otis Elevator Co., 36 days from October 31, 1916, third extension.

Reason for extension of time: The building is entirely completed and has been occupied by the Probation Committee for approximately seven weeks. The contractors were unable to complete certain parts of their contracts until the extra work requested by the

Probation Committee had been done, this work being paid for out of the balance of their equipment fund.

Daniel Webster School.

Western Iron Works, 50 days from November 7, 1916, first extension.

Reason for extension of time: Although the materials are ready the contractor will be unable to commence the erection of the frame until the concrete piers are poured. The delay in pouring the concrete piers by the general contractor was due to the fact that the site was not cleared of temporary buildings until some time after the contract was signed.

It is recommended that the advertising fee in each of the above cases be remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

frames, gratings and traps and 10-inch vitrified, salt-glazed, ironstone pipe culverts, in each of the crossings; by the construction of the following vitrified, salt-glazed, ironstone pipe sewers and appurtenances; an 8-inch, with one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps, along the center line of Judah street between the easterly and center lines of Forty-first avenue; a 12-inch along the center line of Forty-first avenue between the southerly and center lines of Judah street; a 15-inch along the center line of Forty-first avenue between the center and northerly lines of Judah street; an 8-inch, with 18 Y branches, one side sewer and one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps, along the center line of Judah street from a point 20 feet westerly from Forty-first avenue to Forty-second avenue; an 8-inch with one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps, along the center line of Judah street between the easterly and center lines of Forty-second avenue; a 12-inch along the center line of Forty-second avenue between the southerly and center lines of Judah street; an 18-inch along the center line of Forty-second avenue between the center and northerly lines of Judah street; an 8-inch, with 18 Y branches, 2 side sewers and one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps, along the center line of Judah street from a point 20 feet westerly from Forty-second avenue to Forty-third avenue; an 8-inch, with one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps, along the center line of Judah street between the easterly and center lines of Forty-third avenue, and a 15-inch along the center line of Forty-third avenue between the southerly and northerly lines of Judah street; and by the construction of an asphalt pavement, consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface, on the roadways thereof.

Extension of Time.

Supervisor Welch presented: Resolution No. 13833 (New Series), as follows:

Resolved, That T. Gallagher is hereby granted an extension of 90 days' time from January 16, 1917, within which to complete contract for the improvement of Noe street, between Laidley and Thirtieth streets, under public contract.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the concrete curbs have

been constructed, and the work was delayed on account of the contractor's inability to secure vitrified brick.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent — Supervisors Gallagher, Suhr, Welch—3.

Also, Resolution No. 13834 (New Series), as follows:

Resolved, That Peter McHugh is hereby granted the following extensions of time to complete street work, to wit:

Thirty days from January 28, 1917, within which to complete contract for the paving of the crossing of Forty-sixth avenue and Anza street; also Anza street between Forty-fifth and Forty-sixth avenues, where not already improved.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the concrete curbs, catch basins and culverts, also artificial sidewalks have been completed and about 70 per cent of the concrete pavement foundation is laid.

Thirty days from February 2, 1917, within which to complete contract for the curbing and paving of Forty-sixth avenue, between Geary and Anza streets, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading and curbing have been completed, and contractor is starting to lay the pavement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent — Supervisors Gallagher, Suhr, Welch—3.

Also, Resolution No. 13835 (New Series), as follows:

Resolved, That upon the recommendation of the Board of Public Works, Ower McHugh is hereby granted the following extensions to time to complete street work, to wit:

Ninety days from January 28, 1917, to complete contract for the improvement of Twentieth avenue between Lawton and Moraga streets.

First extension recommended for the reason that contractor is obliged to wait until U. R. R. completes reconstruction of its tracks before he can lay his pavement. The concrete curbs have been constructed, and the United Railroads is now at work on the stretch of track between Kirkham and Quintara streets.

Ninety days from January 28, 1917, within which to complete contract for the improvement of Balboa street between Twenty-eighth and Twenty-ninth avenues.

First extension recommended for the reason that in connection with this contract the petitioner is working two other contracts, viz., Balboa street between Thirtieth and Thirty-second avenues, and Thirty-first avenue between Balboa and Cabrillo streets. The material to be taken from these jobs is to be placed on the west side of Thirty-first avenue near Fulton street, and as material in the district is sand it is necessary that a roadway be prepared over which to transport the material. All of these jobs are in line and require heavy grading. The contractor is at work on Thirty-first avenue near Balboa street, and estimates that it will take him 90 days to do all of the grading required.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent — Supervisors Gallagher, Suhr, Welch—3.

Also, Resolution No. 13836 (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted an extension of 30 days' time from and after February 2, 1917, within which to complete contract for the improvement of Ortega street between Nineteenth and Twentieth avenues, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the grading, sewer and curbs have been completed, and the job is ready for the pavement, the construction of which will take only 30 days.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent — Supervisors Gallagher, Suhr, Welch—3.

Also, Resolution No. 13837 (New Series), as follows:

Resolved, That J. G. Harney is hereby granted an extension of ninety days' time from and after February 2, 1917, within which to complete contract for the improvement of Noriega street between Nineteenth and Twentieth avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the sidewalks and curbs have

been constructed and the work is progressing satisfactorily, delay in completion of the work being caused by inclement weather.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent—Supervisors Gallagher, Suhr, Welch—3.

Also, Resolution No. 13338 (New Series), as follows:

Resolved, That F. R. Ritchie is hereby granted an extension of ninety days' time from February 2, 1917, within which to complete contract for the improvement of Sanchez street between Nineteenth and Twentieth streets, including crossing of Sanchez and Cumberland streets, and Cumberland street between Sanchez and Noe streets, under public contract.

This *second* extension of time is granted upon the recommendation of the Board of Public Works for the reason that 90 per cent of the grading, sewerage and curbs has been completed. The walls and stairways at Cumberland and Sanchez streets have been completed and one-half the concrete base in Sanchez between Nineteenth and Cumberland streets was constructed, and the contractor has diligently prosecuted his work.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent—Supervisors Gallagher, Suhr, Welch—3.

Mayor to Sell Department of Electricity Junk.

Supervisor Gallagher presented:

Resolution No. 13339 (New Series), as follows:

Resolved, That the Mayor is hereby authorized and requested, pursuant to the request filed by the Chief of the Department of Electricity, to sell at public auction the following personal property unfit and unnecessary for the use of the City and County, viz.:

25 lbs. old automobile tire rubber tubes.

16 old automobile tire casings.

1 old single horse low wagon.

8 oil barrels.

2000 lbs., more or less, old iron castings.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent—Supervisors Gallagher, Suhr, Welch—3.

Mayor Authorized and Requested to Sell Fire Engines.

Supervisor Gallagher presented:

Resolution No. 13340 (New Series), as follows:

Resolved, That the Mayor is hereby authorized and requested, pursuant to request filed by the Board of Fire Commissioners, to sell at public auction, the following personal property, unfit and unnecessary for the use of the City and County of San Francisco, viz.:

Five steam fire engines, Nos. 622, 710, 291, 389, 716, now located at the Fire Department, Corporation Yard.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—15.

Absent—Supervisors Gallagher, Suhr, Welch—3.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Extension of Time.

The following resolution was presented by Supervisor Welch:

Resolution No. 13341 (New Series), as follows:

Resolved, That Flinn & Treacy be and are hereby granted an extension of thirty days from and after January 15, 1917, within which to complete the contract for the improvement of Athens street between Persia and Russia avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that inclement weather prevented the laying of the asphalt surface, the concrete base and the curbs having already been constructed.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Cancellation of Certificates of Sale of Property So'd for Non-Payment of Taxes.

Supervisor Power presented:

Resolution No. 13342 (New Series), as follows:

Whereas, the Auditor of the City and County, in a communication dated January 12, 1917, recites that the property hereinafter described was sold to the State of California for non-payment of taxes on June 23, 1913, under Sale No. 342, and was also erroneously assessed for the years 1913 and 1914; that said property is now owned by the City and County of San Francisco, and the City Attorney having consented to the cancellation of said sale and assessment; therefore

Resolved, That the Auditor and Recorder are directed to cancel Sale No. 342 of June 23, 1913, of the property described as the southwest corner of Twenty-ninth avenue and Clement street, thence running south 600 feet by 240 feet, being entire outside lands, block 210, and improvements thereon assessed to San Francisco Lying-in Hospital and Foundling Asylum, in Real Estate Volume 37, page 106.

Also, that the Auditor is directed to cancel the assessment for the year 1913 of same property in Vol. 37, page 111, and the assessment for the year 1914, described as Lot 1, City Block 1461, in Vol. 9, page 111.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

CONDITIONS.

1. The City and County of San Francisco reserves the right to extend sewers through and open any thoroughfares across all the herein described pieces or parcels of land.

2. The City and County reserves a sewer easement 15 feet in width along the southerly boundary line of the herein described strip or parcel of land, extending westerly from the easterly line of Twenty-fourth avenue extended southerly to the westerly line of Thirty-fourth avenue extended southerly, and together with right to enter for the purpose of constructing, reconstructing and maintaining sewers required or existing in said strip.

Be it further Resolved, That there are no damages, costs or expenses incident to the closing of the portions of Sloat Boulevard hereinabove described, and be it further

Resolved, That the closing of the portions of Sloat Boulevard hereinabove described shall be done and made in the manner and in accordance with the provisions of Section 2, Chapter III, Article VI of the Charter and the following sections of Chapter III, Article VI of the Charter.

And the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Sloat Boulevard in the manner provided by law and the Clerk of this Board is hereby directed to advertise this Resolution in the "Daily Journal of Commerce," as required by law.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Nolan—1.

Prohibiting Sale of Liquors in Side Rooms.

The following Bill was presented by Supervisor Nelson at the request of the San Francisco Labor Council without prejudice to its merits and requested its reference to the Police Committee for consideration and report:

Bill No. —, Ordinance No. — (New Series), as follows:

Regulating the sale of liquor in barrooms, saloons, cabarets, concert halls, cafes, restaurants and other places of refreshment.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section No. 1. No person engaged in selling spirituous, malt or fermented liquors or wines in quantities less than one quart in any barroom, saloon, cabaret, concert hall, cafe, restaurant, or other place of refreshment, shall sell any liquor to be delivered or used, in any side room, back room, upper room or other apartment in the same or any adjoining building connected by use with such barroom, saloon, cabaret, concert hall, cafe, restaurant, or other place of refreshment, excepting only open alcoves, or booths open at the top and without doors, screens or curtains and not over six feet in height, forming a part of such barroom, saloon, cabaret, concert hall, cafe, restaurant or other place of refreshment; or shall have or maintain any private or separate entrance for any particular class of customers; or any words or signs upon any entrance signifying that such entrance is for ladies, or families, or for any particular class of persons, or is a private entrance to such barroom, saloon, cabaret, concert hall, cafe, res-

taurant or other place of refreshment, or to any apartment used in connection therewith; provided, that nothing herein contained shall prohibit the serving of such liquors to guests in a bona fide hotel having a valid license to sell same.

Section 2. Any person convicted of violating any of the provisions of this ordinance shall be punished by a fine

not exceeding one hundred dollars (\$100.00), or by imprisonment not exceeding 30 days, and for every second violation of this ordinance the penalties shall be doubled.

ADJOURNMENT.

There being no further business the Board at the hour of 6:45 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors February 5, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Report of Joint Committee on Finance, Commercial Development and Lands and Tunnels on Rincon Hill, Islais Creek Grading and Filling Project.

The following report was presented, read and adopted:

San Francisco, January 20, 1917.
Board of Supervisors.

Gentlemen: Your Committees on Finance, Commercial Development and Lands and Tunnels, which were directed by Resolution No. 13413, introduced by Supervisor Power to consider the advisability of proposing a bond issue for the purchase of land that might be made available for manufacturing sites, beg leave to report that at a joint meeting of said committees the subject matter stated was discussed. Action on the resolution was postponed pending an investigation of another, but related, proposition by which large land areas might be made available for industrial purposes. It has been suggested that it would be a feasible project at this time to institute proceedings by which the removal of Rincon Hill could be accomplished and in conjunction with this undertaking the material to be removed therefrom could be utilized in reclaiming a large area in the vicinity of Islais Creek. We are informed that the City Engineer is engaged in making the necessary preliminary studies of this project and will shortly submit a report thereon.

The Committees desire at this time to emphasize the vast importance of this project to the securing of the future prosperity of this community, and the part that it will play in developing the industrial supremacy of San Francisco. It is a project to which must be given the serious thought of this Board, aided by the services of others capable of giving it an undivided attention. It was upon this point that the committees decided to take immediate action; that is, the selection of some person to whom would be assigned the duty of planning the procedure to be followed, to suggesting the ways and means by which it could be adequately financed, all of which must be predicated by data to be collected so that whatever is hereafter done by this Board may be sustained by facts and figures. The Committee therefore directed Mr. H. A. Mason, Assistant Clerk of the Board, to gather all the necessary information to enable your Committees and this Board to take proper action in this important matter, and he has been assigned to this work and directed to give as much of his whole time thereto as the importance of this undertaking may justify. In gathering data he

has been directed to secure that which may be made available by the Chamber of Commerce, Real Estate Board and other organizations.

Furthermore, in order that this Board may have a full conception of this important undertaking, it has been arranged for the entire Board, including his Honor the Mayor, and other representatives of the City, to visit the locality and view the opportunities that may be presented for an important development of the City's industries.

Incidentally the party can view the City's property on the channel that it is proposed to exchange for lands at the foot of Van Ness avenue.

The Harbor Commission has generously tendered the use of one of its vessels for conveying the party and the trip will start from the Howard street wharf at 1 o'clock next Wednesday afternoon.

Report of Finance Committee on Budget Estimates for 1917-1918.

The following report was presented by Supervisor Power, adopted by the Board and ordered transmitted to the various departments:

To Heads of Departments:

Gentlemen: The Finance Committee is preparing to formulate the Budget for the forthcoming fiscal year 1917-1918. In the preparation of forms, the assembling of data and analysis of estimates, the Finance Committee earnestly requests the heads of departments and subordinates to co-operate with the Committee in arriving at a logical and reasonable basis on which to predicate a budget and a tax rate.

The Committee feels that there is an urgent desire in all of the departments, as well as in the Board of Supervisors, to effect savings wherever it is possible, at the same time not to minimize the activities and efficiencies of departments. The necessity of making savings will be apparent when the officials and citizens are aware that there will be a heavy increase in bond interest and redemptions in the next year. This is due to the redemptions of 1913 Municipal Railway bonds and heavy

capital expenditures contemplated in the construction of the Hetch Hetchy water system. The charges were voted by the people and therefore the burden must be borne in the tax rate. The Committee feels that the rates for other purposes than the bond interest and redemptions should be kept at the lowest logical and economic basis.

In the preparation of the Budget the Finance Committee will from time to time consult with Klink, Bean & Company, who have been officially employed to formulate a uniform system of accounting. In order that these gentlemen may be fully advised, they will visit the several departments to procure data and information as to costs, accounts, etc., and the Committee desires that every courtesy and facility be given them while they are making these preliminary inquiries.

Messrs. Klink, Bean & Co. and the Committee also desire to confer with the representative or representatives of the San Francisco Bureau of Governmental Research. This latter organization has been established by citizens and the Real Estate Board and its purpose is to co-operate in the most friendly manner with the city officials in making such betterments and economies in municipal management as may be had without impairment of the public service.

In order that the Committee may have the fullest information for its budget report, the several departments and department chiefs are earnestly requested to confer with the official accountants and with the representatives of the Bureau of Governmental Research of San Francisco at such times as these gentlemen may desire to make inquiries in the several offices. These inquiries, the Committee understands, will be in the nature of conferences and will have no other purpose than to obtain accurate and reliable information for the benefit of the Committee and for the benefit of the several departments.

The Finance Committee urges the several departments to present their preliminary budget estimates by March 15th. If the departments will kindly co-operate and have their preliminary estimates in at that time the tabulations can be made and supplementary suggestions made as heretofore. Yours very truly,

JAMES E. POWER,

Chairman.

ANDREW J. GALLAGHER,

EDWARD L. NOLAN,

Finance Committee.

(Upon the request of Supervisor Power, his Honor Mayor Rolph agreed

to appeal personally to all departments for compliance with the spirit of the foregoing.)

Departments to File Budget Estimates.

Accepting Offer of M. Tomasich and Wife to Sell Land and Improvements Required as Additional Site for Fairmount School.

Supervisor McLeran presented:

Resolution No. 13858 (New Series), as follows:

Whereas, an offer has been received from M. Tomasich and wife to convey to the City and County of San Francisco certain land and improvements required as additional site to the Fairmount School; and

Whereas, the price at which said parcel of land and improvements is offered is in accordance with the appraised value thereof; therefore, be it

Resolved, That the offer of the above owners to convey to the City and County of San Francisco a good and sufficient fee simple absolute title to the following described land and improvements free of all encumbrances for the purchase price of \$4658.00 be and the same is hereby accepted, the said land being situate, lying and being in the City and County of San Francisco, and more particularly described as follows, to-wit:

Commencing at a point on the easterly line of Chenery street distant thereon 100 feet northerly from the northerly line of Randall street; running thence northerly along said easterly line of Chenery street 25 feet; thence at a right angle easterly 125 feet; thence at a right angle southerly 25 feet; thence at a right angle westerly 125 feet to the said easterly line of Chenery street and point of commencement, being a portion of new numbered Block 6657.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed price as aforesaid.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, La-

haney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Gallagher, Kortick—2.

Extensions of Time.

Supervisor McLeran presented:

Resolution No. 13859 (New Series), as follows:

Resolved, That upon the recommendation of the Board of Public Works the following extensions of time be granted to contractors on public work:

Twenty days from December 26, 1916, to T. W. McClenahan, within which to complete the improvement of the westerly yard of the Polytechnic High School, for the reason that it was necessary for the contractor to omit all painting until such time as weather conditions would allow the painting to be properly done. First extension.

Sixty-four days from October 19, 1916, to Bennett Bros. within which to complete contract for hardware, Juvenile Court and Detention Home, for the reason that this building is entirely completed and has been occupied by the Probation Committee for approximately seven weeks. The delay was unavoidable as contractors were unable to complete certain parts of their contract until the extra work requested by the Probation Committee had been done, this work being paid for out of balance remaining in their equipment fund, and that the advertising fee be remitted in each instance. Second extension.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Gallagher, Kortick—2.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Plans, Etc., Coping Around Civic Center Plaza.

On motion of Supervisor McLeran: Bill No. 4392, Ordinance No. — (New Series), entitled, "Ordering the preparation of plans and specifications for cutting and setting California white granite coping around the Civic Center Plaza, and authorizing and directing the Board of Public Works to enter into contract for said work, and permitting progressive payments to be made during the progress of said work".

Stable Permit.

On motion of Supervisor Walsh: Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted F. J. King to maintain a stable for twenty horses, in the block bounded by Thirty-third and Thirty-fourth avenues, Anza and Balboa streets; said permit to expire on April 1, 1917.

Action Deferred.

The following bill was presented by Supervisor Walsh and, on motion of Supervisor Hayden, *laid over one week*:

Laundry Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Whereas, In the opinion of the Board of Health the indiscriminate handling of laundry or clothes before or after laundering, by dealers in foodstuffs, or those conducting second-hand, or misfit clothing stores, hat or clothing renovatories, cleaning and dyeing establishments and shoe repair shops, is deemed to be a menace to public health and safety.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation, to maintain any device for receiving soiled clothing for the purpose of being laundered, or to conduct any office or place for the collection of soiled clothing for laundering purposes, or for the distribution of clothing after laundering, within any building, room, apartment, dwelling, basement or cellar where foodstuffs are sold, offered for sale, prepared, produced, manufactured, packed, stored, or otherwise disposed of; or in any premises wherein the business of second-hand or misfit clothing, hat or clothing renovating, cleaning and dyeing and repairing of shoes is conducted.

Sec. 2. Any person, firm, company, or corporation violating any of the provisions of this ordinance shall be guilty of misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than five hundred (500) dollars or by imprisonment in the county jail for a period not exceeding six months, or by both such fine and imprisonment.

Sec. 3. This ordinance shall be in force and take effect immediately.

Denying Stable Permit.

Supervisor Walsh presented:

Resolution No. 13860 (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied the following named persons to maintain stables at the locations herewith given:

Pete Furger, 920 Rutland street.

J. Fienkelstein, at 16 Silliman street.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—16.

Absent—Supervisors Gallagher, Kortick—2.

Fixing January 29, 1917, for Hearing Appeal Against Assessment for the Improvement of Twenty-third Street Between Hoffman and Grand View Avenues.

Supervisor Welch presented:

Resolution No. 13861 (New Series), as follows:

Resolved, That Monday, January 29, 1917, at 3 p. m., in the Chambers of the Board of Supervisors, be fixed as the time for hearing the appeal of property owners from the assessment issued by the Board of Public Works for the improvement of Twenty-third street, between Hoffman and Grand View avenues.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 13862 (New Series), as follows:

Resolved, That D. O. Church Company is hereby granted an extension of ninety days from February 1, 1917, within which to complete contract for the improvement of Elim alley, from Ecker street to a point 94 feet from the intersection of Ecker street.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that owners of the frontage affected by this work contemplate building at an early date, and have requested that the work be delayed to further their plans.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13863 (New Series), as follows:

Resolved, That T. A. Clark is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Sixty days from February 13, 1917, within which to complete contract for paving Ada court and Amity alley, opening northerly from O'Farrell street.

This first extension is granted for the reason that the work under the contract has all been done with the exception of about one day's labor in constructing artificial stone sidewalks. The work will be completed within the limits of the contract, but the contractor and the bonding house financing the work believe it to be desirable to have the contract in force up to the issuance of the assessment for the work.

Sixty days from February 1, 1917, within which to complete contract for paving Moulton street from Fillmore street westerly.

This first extension of time is granted for the reason that the work under the contract has all been done with the exception of about three days' work in constructing artificial stone sidewalks. The work will be completed within the limits of the contract, but the contractor and the bonding house financing the work believe it to be desirable to have the contract in force up to the issuance of the assessment for the work.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13864 (New Series), as follows:

Resolved, That the Federal Construction Company is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days from February 20, 1917, within which to complete contract for the improvement of Mangels avenue, between Hamburg and Genesee streets.

This first extension of time is granted for the reason that the concrete curbs have been constructed and the work was delayed on account of the inclement weather.

Ninety days from February 20, 1917, within which to complete contract for the improvement of Genesee street, between Sunnyside and Joost avenues.

This first extension of time is granted for the reason that the concrete curbs are constructed, and the work was delayed on account of the inclement weather.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13865 (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted an extension of thirty

days from February 7, 1917, within which to complete contract for paving Potrero avenue, between Twenty-fifth street and San Bruno avenue.

This second extension of time is granted on the recommendation of the Board of Public Works for the reason that the work was necessarily delayed incident to the installation of the tracks of the Municipal Railway.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13866 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of sixty days from January 29, 1917, within which to complete contract for the improvement of Quint street, between Evans and Oakdale avenues.

This fourth extension of time is granted upon recommendation of the Board of Public Works for the reason that your petitioners ordered an examination of this work December 5, 1916, and this examination was completed December 13, 1916. The examination discloses the fact that the work is not yet completed, and owing to the muddy condition of the work at the present time it is desirable that an extension of time be granted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13867 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of ninety days from February 14, 1917, within which to complete improvement of Oakdale avenue, between Selby street and San Bruno avenues.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the granite curbs have been distributed on the ground, and are now being set. The work was delayed on account of the inclement weather and the muddy condition of the street.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

Also, Resolution No. 13868 (New Series), as follows:

Resolved, That D. L. Blenfield is hereby granted an extension of sixty

days' time from February 1, 1917, within which to complete contract for the improvement of Anza street, between Twenty-fifth and Twenty-sixth avenues.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the setting of the granite curbs is 90 per cent complete, and the sub-grade is ready for the pavement foundation.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Kortick—1.

The following matters were *passed for printing*:

Providing \$5,720 for Lavatories for Francis Scott Key School.

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$5720 be and the same is hereby set aside, appropriated and authorized to be expended out of "School Buildings, Construction of, etc." Budget Item No. 67, fiscal year 1916-1917, to defray cost of constructing lavatories at the Francis Scott Key School, under direction of Board of Public Works.

Stable Permit.

On motion of Supervisor Walsh:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Purity Ice Cream Co. to maintain a stable for 32 horses at 3253 Sixteenth street.

Privilege of the Floor.

John L. Polito, representing residents and property owners in opposition to the proposed permit. "This question," he said, "is an old matter and had the attention of the Board of Supervisors about two years ago. At that time the property owners who protested, and Father Cummins of the Mission Dolores Church, withdrew their objection with the distinct understanding that the operation of the stable was to cease at the termination of the lease, which will be in a few months. It was understood then that there would be no other application made. At that time the National Ice Cream Company was the name of the firm."

"This new stable," he said, "was constructed behind closed doors in order to make it appear that it was in existence and running at the time the application was made. This stable is in the vicinity of the Notre Dame School and is opposed by the Sisters of that institution."

J. B. Zimdar, also representing protesting property owners, said: "We are not opposing the stable on sanitary grounds. I believe it is in condition satisfactory to the Board of Health. But the people in this district are trying to gradually make this a residential section by the elimination from time to time of stables and other objectionable businesses. We therefore ask that if the permit is granted that it be granted for a definite period of time, say six or eight months, so that we can look forward to some time when the objectionable place may be removed. I do not think that the property owners would oppose a garage in the same premises."

The representative of the Purity Ice Cream Company declared that there was no agreement to cease the operation of the stable at the termination of the lease.

Supervisor Power declared that he had been authoritatively advised that there was no objection on the part of the Sisters of Notre Dame Convent to the proposed stable.

Passed for Printing.

Whereupon, the foregoing resolution was *passed for printing* by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Welch, Wolfe—15.

Accepting Offer of C. and A. McDonald to Sell Certain Land Required for Fairmount School.

Supervisor McLeran presented:

Resolution No. 13899 (New Series), as follows:

Whereas, an offer has been received from C. and A. McDonald to convey to the City and County of San Francisco certain land and improvements hereinafter described, said property being required as additional site for the Fairmount School, and

Whereas, the price at which said land and improvements is offered is a reasonable and proper price to pay for said property; therefore, be it

Resolved, That the offer of the above owners to convey to the City and County of San Francisco, a good and sufficient fee simple title to the following described land and improvements, free of all encumbrances, including taxes, for the sum of \$3500, is hereby accepted, the said land being described as follows:

Commencing at a point on the easterly line of Chenery street, distant thereon 324 feet northerly from the northerly line of Randall street, running thence northerly along said easterly line of Chenery street 31 feet; thence at a right angle easterly 125 feet; thence at a right angle southerly 31 feet; thence at a right angle westerly 125 feet to the said easterly line of Chenery street and point of commencement, being a portion of new numbered Block 6657.

The City Attorney is hereby directed to examine the title to said land and if the same is found to be vested in the aforesaid owner, free of all encumbrances, and the taxes for the current fiscal year are paid, to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price, as aforesaid:

Extension of Time.

Supervisor McLeran presented:

Resolution No. 13900 (New Series), as follows:

Resolved, That Anderson & Ringrose be granted an extension of five days' time from and after November 15, 1916, within which to complete contract for the general construction of the Juvenile Court and Detention Home, under public contract.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the building is entirely completed, and has been occupied by

the Probation Committee for approximately seven weeks. The delay was unavoidable as contractors were unable to complete certain parts of their contract until the extra work required by the Probation Committee had been done, this work being paid for out of the balance remaining in their equipment fund.

It is recommended that the advertising fee be remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

The following bill was presented by Supervisor Wolfe:

Ordering Construction of Municipal Railway on Market Street.

Bill No. 4397, Ordinance No. — (New Series), entitled, "Authorizing the Board of Public Works to prepare plans and specifications, advertise, receive bids and contract for furnishing materials for and the construction of a municipal street railway in Market street, from near Third and Geary streets to the Twin Peaks tunnel, and providing for progressive payments."

Privilege of the Floor.

B. Schlessinger of the Emporium, representing merchants and property owners on Market street, was granted the privilege of the floor and addressed the Board. He opposed the project of constructing four tracks on Market street on the ground that it would seriously obstruct traffic and interfere with business. He said in part: "We want to see that property west of the Twin Peaks Tunnel brought down to Market street, but we do not believe that four tracks on Market street would be to the best interests of the people of this city. We do not think that you will accomplish anything by taking up the conduits, pipes, etc., and opening the street from the Tunnel to the Ferry. It will crucify the finest street in this City. You must realize that four tracks on Market street will not solve the problem that you have before you of giving adequate transportation to the people of San Francisco. We will have to have an subway or an elevated road or perhaps both. Four tracks would be only a costly and temporary makeshift. Some arrangement should be made to run cars on the present tracks. Otherwise instead of Market street being the best street in the City, you will make it a railroad terminal."

M. Hale, also representing merchants and property owners on Market street, addressed the Board. He said in part: "We are all interested in the transportation problem of San Fran-

cisco just as you are. We realize the difficulties you had with the United Railroads and know that the Municipal Railways have come to stay. We believe that it will some day own the United Railroads. It should all be in one system. We are also interested in building up the Peninsula, and we want the railroad through the tunnel and down Market street as soon as possible. We are interested in this project today of double-tracking Market street because a short time ago we had the jitney problem which made it dangerous to life and limb to cross Market street and seriously interfered with business on the south side. We now ask that some attempt be made to come to some arrangement whereby the City cars can run down the present tracks and save the double-tracking of Market street to the Ferry. We ask this in the interest of good government, not in the interest of the United Railroads. If possible, make some compromise with the railroad company. If all efforts fail, then we will have to submit."

W. D. Fennimore, representing the Down Town Association, also addressed the Board. He said in part: "We are glad to know that through the recent decision of the court the City is in an advantageous position. We are not interested in the United Railroads, but we are interested in good transportation for San Francisco. For that reason we believe that four tracks on Market street will be costly and only serve a temporary purpose. We feel that the city will lose money by a temporary line such as is proposed. There will not be many cars on these tracks for four or five years. We therefore hope that some arrangement can be made that will not necessitate four tracks on Market street."

H. Scholar, representing the Civic League of Improvement Clubs, in reply to the question of whether or not any organization had brought any pressure to bear on the United Railroads to submit to the City's right to go down Market street, he said: "I took the matter up with President Lilienthal of the United Railroads some time ago and at that time he refused on the ground of self-preservation, and that is the same answer that has been given to the Public Utilities Committee by Mr. Lilienthal. I admit that the City had no other alternative but to go to court and have the question decided whether or not the City had the right to go down Market street independent of the United Railroads. But this does not alter the fact as to whether or not it is advisable to put four tracks on Market street to the disadvantage of the public and the merchants on that street. Mr. Lilienthal has now given me to understand that he

is willing to afford the City all facilities necessary for the operation of the Tunnel line and the Church street line, provided the City would announce a definite policy regarding a solution of the entire transportation question."

Jos. Leonard, representing property owners west of the Twin Peaks, declared that efforts to arrange a working agreement with the United Railroads had failed. He urged that the ordinance providing for the work be passed and the work prosecuted at the same time, leaving the door open for any satisfactory compromise that might be made.

Oscar H. Ferguson, property owner, declared that he was the owner of a block of land in the Sunset District upon which he was paying tunnel taxes. He took issue with Mr. Leonard. He wanted to know what was to be done to afford transportation to Sunset. "No provision is being made to take care of the district I represent, although we are paying one-third of the tunnel tax. Instead," he said, "of spending the money in an experiment on Market street, why not spend it in extensions in the Sunset District?"

L. Goldstone, citizen, declared that the City should not spend any considerable amount of money until the U. S. Supreme Court had finally decided the question.

Rev. Fred Doane, citizen, wanted the Board to defer action in order that an opportunity might be had to compromise the matter with the United Railroads whereby the City could operate on the present tracks.

H. Warfield, citizen, said: "The Supreme Court always follows the people. The best thing to do is to go ahead and build the road. There are a lot of people speculating in lands in Sunset District, which will not pay for many years, who want the City to build extensions to their property. Build the line on Market street where you can make some money and give employment to our people."

Whereupon, the question being taken, the foregoing Bill was *passed for printing* by the following vote:

Referred.

Thereupon, the following resolution was presented by Supervisor Power and on his motion referred to the Public Utilities Committee:

Purchase of United Railroads.

Resolution No. — (New Series), as follows:

Whereas, the transportation problem

of this city is the biggest question before the Board of Supervisors at this time, and

Whereas, it is necessary for the future welfare of our city to have this question settled, and

Whereas, a great majority of citizens of this city are committed to the municipal ownership of railways, and

Whereas, the transportation problems could probably best be solved by the municipality owning all the street railways of this city; therefore, be it

Resolved, That the Mayor be and is hereby requested to call into conference the Finance and Public Utilities Committees of this Board, the City Engineer, City Attorney and such representatives of the United Railroads as he deems advisable; and, be it further

Resolved, That said conference give every possible consideration to the matter of purchasing the United Railroads and report to the Board of Supervisors the advisability of such purchase.

The improvement of *Belevedere street, between Seventeenth street and southerly line of Rivoli street produced, of the crossing of Seventeenth and Belvedere streets, and of Seventeenth street, between Belvedere and Clayton streets*, by the construction of artificial stone sidewalks of the full official width where not already constructed at least 6 feet in width.

The improvement of *Hemlock street, from Laguna street to its westerly termination*, by the construction of artificial stone sidewalks of the full official width where not already constructed.

The improvement of the *southerly half of Fourteenth street, between Minna and Natoma streets*, by the construction of artificial stone sidewalks of the full official width from Minna street to a line 25 feet easterly therefrom.

The improvement of the *southerly half of Geary street, between Hyde and Larkin streets*, by the construction of artificial stone sidewalks of the full official width between lines respectively distant 25 feet and 112 feet 6 inches westerly from Hyde street.

The improvement of the *southerly half of Gough street, between Grove and Fulton streets*, by the construction of artificial stone sidewalks of the full official width between lines respectively distant 60 feet and 87 feet 6 inches southerly from Fulton street.

The improvement of the *northerly half of Grove street, between Franklin and Gough streets*, by the construction of artificial stone sidewalks of the full official width from Franklin street to a line 57 feet 6 inches westerly therefrom and between lines respectively distant 84 feet 6 inches and 111 feet 6 inches westerly from Franklin street.

The improvement of *Geary street, between Polk and Larkin streets*, by the construction of artificial stone sidewalks of the full official width on the southerly half between lines respectively distant 53 feet 9 inches and 112 feet 6 inches easterly from Polk street, and on the northerly half be-

tween lines respectively distant 80 feet and 220 feet easterly from Polk street and between lines respectively distant 110 feet and 167 feet 6 inches westerly from Larkin street.

The improvement of the *southerly half of O'Farrell street* by the construction of artificial stone sidewalks of the full official width between lines respectively distant 162 feet 6 inches and 192 feet 6 inches westerly from Larkin street.

Fixing Sidewalk Width on Mullen Street.

Also, Bill No. 4399, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the widths of sidewalks", approved December 18, 1903, by adding thereto a new section to be numbered Six Hundred and Sixty-nine.

Be it ordained by the people of the City and County of San Francisco as follows:

Ordinance No. 1061, entitled "Regulating the width of sidewalks", approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office January 18, 1917, by adding thereto a new section to be numbered Six Hundred and Sixty-nine, to read as follows:

Section 669. The width of sidewalks on Mullen street, between Alabama street and Peralta avenue, shall be ten (10) feet.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This Ordinance shall take effect and be in force from and after its passage.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 13901 (New Series), declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 50335 (Second Series), of the Board of Public Works adopted January 5, 1917, and written recommendation of said Board, filed January 6, 1917, to-wit:

On Greenwich street, between Kearny street and a point approximately 87 feet westerly therefrom.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Fixing February 5th, 1917, for Hearing Appeal Against Assessment for Improvement of McAllister Street.

Supervisor Welch presented:
Resolution No. 13902 (New Series), as follows:

Resolved, That Monday, February 5, 1917, at 3 p. m., be fixed as the time for the hearing of appeal of Samantha A. Wohlke from the assessment issued for the improvement of McAllister street, between Parker avenue and the offset line of McAllister street, westerly from North Stanyan street, including the portions of McAllister street opposite the termination of North Stanyan street and the westerly one-half of Parker avenue, opposite the termination of McAllister street.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Denial of Appeal.

Supervisor Welch presented:

Resolution No. 13903 (New Series), as follows:

Resolved, That the appeal of A. Tallmadge from the assessment issued by the Board of Public Works for the improvement of Twenty-third street, between Hoffman avenue and Grandview avenue, be denied and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Extension of Time.

Supervisor Welch presented:

Resolution No. 13904 (New Series), as follows:

Resolved, That the State Improvement Company is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days from February 11, 1917, within which to complete the grading, sewerage and paving of Twenty-fourth avenue, between Santiago and Taraval streets, under public contract.

This *second* extension of time is granted for the reason that the sewer is completed, and the grading has been done. The quarry from which the rock is required to complete the work is obtained is not in a position to deliver at the present time.

Ninety days from February 11, 1917, to complete contract for the grading, sewerage and paving of Santiago street, between Twenty-third and Twenty-fourth avenues, and the

crossing of Santiago street and Twenty-fourth avenue, under public contract.

This *second* extension of time is granted for the reason that the crossing of Twenty-fourth avenue and Santiago street is partially graded; the only access to this work being through Twenty-fourth avenue, between Santiago and Taraval streets, which is now under construction by petitioner. The material in this district being sand, it is impossible to haul over the outlet streets until the broken rock pavement is laid.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Passed for Printing.

The following resolution was *passed for printing:*

Pipe Line Permit.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That the California Packing Corporation is hereby granted permission, revocable at will of the Board of Supervisors, to lay down, and maintain, a six-inch pipe line across Jefferson street, 50 feet easterly from Hyde street, for the purpose of reaching the bay waters, and to act as a suction line for the salt water of the bay.

The said pipe line shall be laid to the satisfaction and under the supervision of the Board of Public Works, in accordance with the provisions of Ordinance No. 2201 (New Series), entitled "Regulating the making and refilling of excavations in the public streets, alleys, sidewalks and other public places".

Extension of Saturn Street.

Supervisor Welch presented:

Resolution No. — (New Series), ordering the extension of Saturn street as follows:

Whereas, On the 18th day of December, 1916, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 13728 (New Series), which Resolution was, on the 20th day of December, 1916, duly and regularly approved by the Mayor of the City and County of San Francisco, said Resolution being in words and figures as follows, to-wit:

Resolution No. 13728 (New Series).

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the extension of Saturn street, from its present easterly termination easterly to the westerly line of Ord street. The lands and property

deemed necessary to be taken for said extension of said street are described as follows:

All those certain lots, pieces or parcels of land situate, lying and being in the City and County of San Francisco, and described as follows, to-wit:

Commencing at a point on the westerly line of Ord street 175 feet northerly from the northerly line of Seventeenth street and running thence northerly along the westerly line of Ord street 25 feet; thence at right angles westerly 136 feet; thence at right angles southerly 25 feet; thence at right angles easterly 136 feet to the westerly line of Ord street and point of commencement, being a portion of Horner's Addition, Block No. 201.

And said Board of Supervisors does hereby determine and decide that said proposed extension of Saturn street is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension and that therefore the entire damages, costs and expenses of said extension shall be and are hereby made chargeable against and shall be assessable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said extension are particularly described as follows:

Commencing at a point on the westerly line of Ord street 175 feet northerly from the northerly line of Seventeenth street, and running thence northerly along the westerly line of Ord street 53 feet; thence at right angles westerly 136 feet; thence at right angles northerly 97 feet; thence at right angles westerly 163.86 feet to the easterly line of Lower Terrace; thence southerly and southwesterly along the easterly and southeasterly line of Lower Terrace and Saturn street to the southeasterly line of Temple street; thence southwesterly along the southeasterly line of Temple street 47.36 feet; thence easterly along a line parallel with Seventeenth street 81.68 feet; thence at right angles southerly 25 feet; thence at right angles easterly 575 feet; thence at right angles northerly 87.50 feet; thence at right angles easterly 136 feet to the westerly line of Ord street and point of commencement.

Said extension of Saturn street shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the man-

ner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter of the City and County of San Francisco.

Adopted—Board of Supervisors, San Francisco, December 18, 1916.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, December 20, 1916. JAMES ROLPH JR., Mayor.

And Whereas, The Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause, in the manner and as required by law, a notice, similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco;

And Whereas, No objections having been filed against the extension of Saturn street from its present easterly termination easterly to the westerly line of Ord street;

And Whereas, The public interest and convenience requires said improvement to be done as specifically described in said Resolution No. 13728 (New Series);

And Whereas, The Supervisors have acquired jurisdiction to order that said Saturn street be extended as aforesaid and as specifically described and proposed in said Resolution No. 13728 (New Series); now, therefore, be it

Resolved, That it be ordered and it is hereby ordered that said Saturn street be extended as aforesaid and as specifically described and proposed in said Resolution No. 13728 (New Series); and be it further

Resolved, That the lands and property described in said Resolution No. 13728 (New Series), and declared to be deemed necessary to be taken for said extension of said street, be taken for said extension; and be it further

Resolved, That the entire damages, costs and expenses of said extension be and they are hereby made chargeable against and shall be assessable upon the lands and district described in said Resolution No. 13728 (New Series), as being the lands and district affected and benefited by said extension and against which the entire damages, costs and expenses of said

extension should be made chargeable; and be it further

Resolved, That said extension of Saturn street be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and in the manner laid down in and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter.

Approval of Map for Widening of Hamburg Street.

Supervisor Welch presented:

Resolution No. 13905 (New Series), as follows:

Whereas, The Board of Public Works did by Resolution No. 46815 (Second Series), approve the map of widening of part of Hamburg street and Flood avenue, San Francisco, California, now therefore be it

Resolved, That the map of widening of part of Hamburg street and Flood avenue, San Francisco, California, is hereby approved, in accordance with the provisions of the Charter of the City and County of San Francisco, and in compliance with the provisions of an Act entitled "An Act to amend sections one, two, three, four, six, eight and nine of an Act requiring the recording of maps of subdivisions of lands into lots for the purpose of sale and prescribing the conditions on which such maps be recorded and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded," approved March 15, 1907, and repealing conflicting acts. Approved June 11, 1913, in effect August 10, 1913.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Accepting Deed, Residential Development Company.

Resolved, That the following deed from Residential Development Company of San Francisco (a corporation) and Homeland Company (a corporation) to the City and County of San Francisco to lands for street purposes, be and is hereby accepted upon the conditions therein specified. Said deed is in words and figures following, to-wit:

This indenture, made this seventh day of October, A. Bill Board Ordinance.

Bill No. 4403 Ordinance No. — (New Series), Regulating and relating to the construction, erection, maintenance and use of billboards in the City and County of San Francisco, and licensing and regulating the occupation of maintaining billboards and outdoor advertising, providing penalties for the violation of same, and repealing all ordinances or parts thereof in conflict therewith.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The term "billboard", as used in this ordinance, is hereby defined to be any board, fence, sign or structure erected for advertising purposes or upon which any advertisement is shown, or whereon any poster, bill, printing, painting, device or other advertising matter of any kind whatsoever may be placed, stuck, tacked, posted, printed, painted, pasted or fastened, but this definition shall not be held to include any board, sign or surface used to display official notices, issued by any court or public office, or posted by any public officers in the performance of a public duty, or used to display announcement of meetings to be held upon premises whereon such billboards or bulletin boards are displayed, or used to advertise any business conducted on the premises where such billboard or bulletin board is located, nor shall it be held to include a real estate sign, advertising for sale or rent the property upon which it stands.

Sec. 2. The term "outdoor advertising" as used in this ordinance is hereby defined to be advertising on any board, fence or structure, or the placing thereon of any poster, bill, printing, painting, device or any advertising matter of any kind whatsoever, and the pasting, posting, painting, printing, nailing or tacking or otherwise fastening of any hand-bill, card, banner, sign, poster, advertisement or notice of any kind upon any property or place.

Sec. 3. No person, firm or corporation shall engage in or carry on the

business or occupation of billposting, advertising sign painting or outdoor advertising or maintaining billboards without paying the license fee provided for in this ordinance.

Sec. 4. The license fee imposed by this ordinance shall be payable every quarter year and the amount thereof shall be determined by the amount of business done, as measured by the gross earnings from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee and of whom the license fee is required. The term "quarter year", as used in this ordinance, shall be the three months following the first days of January, April, July and October.

Sec. 5. Within ten days after the first day of each quarter year, every person, firm or corporation of whom the license fee provided in this ordinance is required, shall file a written application, giving name and address of fixed place of business of applicant, with the Tax Collector of the City and County of San Francisco for the issuance to the applicant of a "Bill Poster and Outdoor Advertising License" and shall accompany said application with a written statement truthfully showing the amount of business done for the three months preceding the first day of the quarter year, as measured by the gross earnings for such period, from the business or occupation described in Section 3 of this ordinance of the applicant.

Sec. 6. Within twenty (20) days after the first day of every quarter year every person, firm or corporation specified in Section 3 of this ordinance shall pay to the Tax Collector a license fee as follows:

Classification A.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be less than one thousand (1000) dollars, the amount of the license fee per quarter shall be fifty (50) dollars.

Classification B.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than one thousand (1000) dollars, but less than two thousand (2000) dollars, the amount of the license fee per quarter shall be sixty (60) dollars.

Classification C.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than two thousand (2000) dollars, but less than five thousand (5000) dollars, the amount of the license fee per quarter shall be seventy-five (75) dollars.

Classification D.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than five thousand (5000) dollars, but less than ten thousand (10,000) dollars, the amount of the license fee per quarter shall be one hundred (100) dollars.

Classification E.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year, from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than ten thousand (10,000) dollars, but less than twenty-five thousand (25,000) dollars, the amount of the license fee per quarter shall be one hundred and fifty (150) dollars.

Classification F.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than twenty-five thousand (25,000) dollars, the amount of the license fee per quarter shall be two hundred and fifty (250) dollars.

If, however, prior to the first day of the quarter year for which the "Bill Poster and Outdoor Advertising License" is applied for, the applicant therefor has not engaged in the business or occupation described in Section 3 of this ordinance, the amount of the license fee shall be fifty (50) dollars for the first quarter or fraction thereof that such applicant shall engage in such business or occupation, payable upon his engaging in such business or occupation, thereafter such person, firm or corporation shall pay a license fee in accordance with the

classification hereinabove set out; but in case there remain, at the time of the issuance of such license, less than two months of the quarter year in and during which such license is paid, then said license fee shall cover the period of the remainder of said quarter year and of the quarter year next succeeding.

Sec. 7. Upon the payment of the license fee in this ordinance provided, the Tax Collector shall issue to the person, firm or corporation paying the license fee a license to be known as the "Bill Poster and Outdoor Advertising License", and such payment shall entitle the holder to engage in and carry on the business or occupation described in Section 3 of this ordinance for the period for which such payment was made, provided, however, that the provisions of Ordinance No. 2227 (New Series), entitled "Imposing a Regulating License Fee on Persons, Firms and Corporations Engaging in the Business or Occupation of Maintaining Billboards and Bulletin-Boards, or of Bill-Posting, Bulletin-Sign Painting and Outdoor Advertising", in so far as such ordinance relates to the payment of a license fee, shall continue in force until the end of the quarter ending June 30th, 1917.

Sec. 8. No billboard shall have an advertising surface of more than ten (10) feet from the lower to the upper edge thereof without the issuance therefor of the special permit by the Board of Supervisors hereinafter mentioned.

Sec. 9. Billboards may be erected and maintained which have an advertising surface of more than ten (10) feet from the lower to the upper edge of such billboard but not exceeding twenty (20) feet of advertising surface from the lower to the upper edge thereof, under a special permit to be issued therefor by the Board of Supervisors. Such permit shall be granted only upon written application. Such application shall contain the name and address of the applicant, the proposed location and the dimensions of said billboard. If the Board of Supervisors deems that such proposed billboard may be erected and maintained on the proposed location of the same without danger to the public health or safety, the Board of Supervisors shall grant a special permit for said proposed billboard in accordance with the specifications provided in this ordinance.

If at any time it shall appear to the Board of Supervisors that a billboard erected or maintained under the special permit provided in this section has become or is dangerous to the public health or safety, the Board of Supervisors shall so notify the person, firm or corporation owning or con-

trolling such billboard and such person, firm or corporation shall either make said billboard safe and not dangerous to public health or remove the same; and in the event that such person, firm or corporation having received said notice shall thereafter and for, the period of ten days, fail to comply with the directions therein contained, the Board of Supervisors may revoke such special permit, and thereupon the Board of Public Works shall remove such billboard.

Sec. 10. The surface of all billboards erected or maintained within the limits fixed under the provisions of Subdivision 5 of Section 1 of Article II of the Charter, within which wooden buildings or structures shall not be erected, placed or maintained, shall be of fireproof, non-combustible material. The surface of billboards erected or maintained outside of such said limits shall be of either fireproof, non-combustible material or of wood at least one (1) inch in thickness.

Sec. 11. All billboards with an advertising surface in excess of twenty (20) square feet shall be constructed according to the following specifications, provided, however, that these specifications shall not be considered to interfere with any additional requirements for safety as may be approved by the Board of Public Works as provided for in this ordinance:

The surface of the billboard shall be securely fastened to a framework, the posts or uprights of which shall be of redwood not less than four (4) inches by six (6) inches in dimensions, said posts to be spaced not more than eight (8) feet apart and shall extend to the top of the billboard; said posts to be set not less than three (3) feet in the ground and the earth about them to be securely tamped into place. The material which comprises the surface of the billboard shall be securely attached to wooden stringers, which stringers shall run continuously the entire length of the billboard. There shall be not less than one (1) stringer, two (2) inches by four (4) inches in dimensions, for each four (4) feet or fraction thereof that the surface of such billboard is in height, provided, however, that when the advertising surface of a billboard does not exceed ten (10) feet in height, three (3) wooden stringers may be employed; the one to which the top edge of the advertising surface is attached shall be two (2) inches by six (6) inches in dimensions; the one to which the middle of the advertising surface is attached shall be two (2) inches by four (4) inches in dimensions, and the one to which the lower edge of the advertising surface is attached shall be two (2) inches by six (6) inches in dimensions. Each wooden stringer shall be

attached to each post with three (3) 30d nails.

The vertical posts shall be braced by wooden braces two (2) inches by six (6) inches in dimensions; one brace to each post; each brace to be securely attached to the top or within two (2) feet of the top of each post with three (3) 40d nails. The lower end shall be securely attached with three (3) 40d nails to a redwood anchor post not less than four (4) inches by six (6) inches by five (5) feet in dimensions. Said anchor post shall be set back of the vertical post a distance equal to three-quarters of the total height of the billboard above the ground, and said anchor post shall be set not less than four (4) feet in the ground and in such a position as to make an angle of approximately ninety (90) degrees with the brace. A cross-piece fourteen (14) inches long of two (2) inch by six (6) inch redwood shall be securely nailed with three (3) 30d nails across the back at the lower end of the anchor post, and a piece of redwood, two (2) inches by six (6) inches by fourteen (14) inches in dimensions, shall be securely nailed with three (3) 30d nails across the front of the anchor post six (6) inches below the ground surface. Redwood anchor posts not less than four (4) inches by six (6) inches by five (5) feet in dimensions, or concrete or steel anchor posts of other types of equal strength may be substituted for the foregoing with the approval of the Board of Public Works. Where the vertical posts rest upon a foundation wall or bulkhead, they shall be securely fastened to the same by means of steel dowel-pins, set at least four (4) inches into the foundation wall or bulkhead. There shall be one pin to each post. When a billboard is built in an excavation so that the height of said billboard above the ground is such that the lengths of the posts and braces above ground exceed sixteen (16) feet, the posts and braces shall be strengthened by means of re-enforcing braces.

When a billboard having an advertising surface of more than ten (10) feet and not more than twenty (20) feet in height is erected, said billboard shall be made to withstand a lateral wind pressure of twenty (20) pounds per square foot of exposed surface.

Sec. 12. It shall be unlawful for any person, firm or corporation to erect any billboard without first obtaining a building permit therefor from the Board of Public Works, which said permit shall be granted upon a written application containing the name and address of the applicant, the proposed location of the

billboard and the dimensions of the advertising surface thereof. Such application shall be accompanied by specifications for the erection of the proposed billboard. The applicant shall at the time of filing of the application for any permit provided for in this ordinance pay to the Board of Public Works for the expense of inspection and examination of specifications and issuance of building permit the sum of one (1) dollar.

Sec. 13. An ornamental border not wider than one (1) foot may be added to surround the advertising surface of any billboard; and there may be placed at the ends of billboards appropriate ornamental columns; and there may be placed between the lower edge of the billboard and the ground an ornamental lattice-work or baseboard, provided that the lower edge of the billboard or ornamental border shall be at least eighteen inches from the surface of the ground.

Sec. 14. No paper, cloth or advertising matter shall be allowed or permitted to hang loose from any billboard, but the same shall be securely fastened or glued to the surface of the billboard.

Sec. 15. All billboards which are constructed on street lines or within three (3) feet therefrom, shall have a smooth surface and no nails, tacks or wires shall be permitted to protrude therefrom, except electrical reflectors or devices extending over the top and in front of the billboard to be used for illuminating purposes.

Sec. 16. It shall be unlawful for any person, firm or corporation, except a public officer or employee in performance of a public duty, to paste, paint, print, nail, tack or otherwise fasten any card, banner, hand-bill, sign, poster, or advertisement or notice of any kind or cause the same to be done, on any curbstone, lamp-post pole, hitching post, watering trough, hydrant, bridge or tree upon a public street or public property within the City and County of San Francisco, except as may be required by the ordinances of the City and County of San Francisco or the laws of the State or of the United States.

Sec. 17. It shall be unlawful for any person, firm or corporation, except a public officer or employee in performance of a public duty, to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, hand-bill, sign, poster, advertisement or notice of any kind, or cause the same to be done, on any property of the City and County of San Francisco without the consent of the Board of Supervisors.

Sec. 18. It shall be unlawful for any person, firm or corporation, except a public officer or employee in

performance of a public duty, or a private person in giving a legal notice, to paste, post, paint, print, nail or tack or otherwise fasten any card, banner, hand-bill, sign, poster, advertisement or notice of any kind upon any property without the written consent of the owner, holder, lessee, agent or trustee thereof.

Any advertisements prohibited by this section and the next preceding section may be taken down, moved or destroyed by anyone.

Sec. 19. No person, firm or corporation shall scatter, daub or leave any paint, paste, glue or other substance used for painting or affixing advertisement matter upon any public street or sidewalk or scatter or throw or permit to be scattered or thrown any bills, waste matter, paper, cloth or materials of whatever kind removed from billboards on any public street or on private property.

Sec. 20. The provisions of this ordinance do not apply to signs, transparencies, advertisements or sign devices described and regulated in Ordinance No. 1009 (New Series) as amended, approved December 28, 1909, and entitled "An Ordinance regulating the construction, erection and maintenance of signs, transparencies, advertisements, bulletin boards and clocks on or about buildings or over public streets and thoroughfares, providing for the inspection of same".

Sec. 21. The provisions of this ordinance do not apply to signs not exceeding twenty (20) square feet in size, familiarly known as real estate signs, advertising for sale or rent the property upon which they stand, but all such signs shall be securely fastened to the ground or to the structures to which they are attached.

Sec. 22. There shall be placed and maintained on the top of each billboard and each advertising sign the name, plainly painted, of the person, firm or corporation owning or who is in possession, charge or control of the same, for advertising purposes.

Sec. 23. Every person, firm or corporation engaging in or carrying on the business or occupation of billposting or advertising sign painting or outdoor advertising or maintaining billboards shall cause the name of such person, firm or corporation to be plainly painted in a conspicuous place on the outside of any wagon or vehicle used in such business or occupation and shall keep the same plain and distinct at all times. Every employee of any person, firm or corporation engaged in said business or occupation, while employed in posting bills or painting signs or bulletins shall wear a metal badge or shield on which shall appear in legible characters the name

of the person, firm or corporation by whom such employee is employed.

Sec. 24. It is hereby declared that each of Sections 1 to 23, both inclusive, of this ordinance is severally from each and every of the other sections thereof and that each thereof has been passed independently and severally from each and every of such others and irrespective of the passage thereof.

Sec. 25. Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding two hundred and fifty (\$250.00) dollars, or by imprisonment in the County Jail for not exceeding one (1) month, or by both such fine and imprisonment.

Sec. 26. Ordinance No. 227 (New Series), approved March 18th, 1913, and entitled "Imposing a Regulating License Fee on Persons, Firms or Corporations Engaging in the Business or Occupation of Maintaining Billboards and Bulletin-boards, or of Billposting, Bulletin Sign Painting and Outdoor Advertising", except as otherwise provided in Section 7 of this ordinance, and Ordinance No. 2107 (New Series), approved December 11th, 1912, entitled "Regulating the Construction, Erection and Maintenance of Billboards and Other Boards, Fences, Signs and Structures Erected for Advertising Purposes, or Upon Which any Advertisement Is Shown, Painted or Displayed in any Way, and Regulating Billposting and Bulletin Sign Painting and Outdoor Advertising", are hereby repealed, and all other ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

Sec. 27. This ordinance shall take effect and be in force from and after the date of its passage.

City Attorney to Condemn Land for Right of Way, Hetch Hetchy Railroad.

Supervisor Power presented:

Resolution No. 13909 (New Series), as follows:

Resolved, by the Board of Supervisors of the City and County of San Francisco, that public interest and necessity and use require the acquisition by the City and County of San Francisco of an easement of right of way, together with the right of sub-jacent support over the following described lands as against any and all interests therein and rights and claims thereto, to-wit: All of the parcels, lots, tracts or pieces of real property that are included within the exterior boundaries of the following described tracts of land:

All that certain piece or parcel of land situated in the County of Tuolumne,

State of California, and being portions of the Yellow Jacket Location, Lot No. 43 of the Black Warrior Consolidated Quartz Mine and Mill Site, Mineral Survey No. 3556 in Sections 21 and 28, T. 1 S., R. 15 E., M. D. B. and M., and more particularly described as follows:

A strip of land one hundred (100) feet in width, fifty (50) feet on each side of the surveyed center line of the transportation road of the City and County of San Francisco, commencing at the point at which said center line intersects the southeasterly end line of the said Yellow Jacket Location, thence along said center line and conforming to its alignment and curvature to the point at which said center line intersects the northwesterly end line of and leaves the said Yellow Jacket Location, containing 3.44 acres, more or less.

That a right of way across and over all of the lots, interests, rights and claims above described is suitable, adaptable and necessary for a public use, to-wit: For a right of way for the construction, maintenance and operation of a transportation railway with all appurtenances from a point on the line of the Sierra Railway in Sec. 36, T. 1 S., R. 13 E., M. D. B. & M., to the dam site of the Hetch Hetchy Water Project, at Hetch Hetchy Valley, T. 1 N., R. 20 E., M. D. B. & M., in the County of Tuolumne, State of California.

The City Attorney is hereby instructed to commence proceedings in eminent domain against the owners of said parcels, lots, tracts or pieces of land and any and all interests therein and all rights and claims thereto, for the condemnation of said right of way for the use of the City and County of San Francisco, as aforesaid.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Accepting Offers to Sell Land for Right of Way, Hetch Hetchy Railroad.

Also, Resolution No. 13910 (New Series), as follows:

Whereas, The following owners of land sought to be acquired by the City and County of San Francisco for a right of way for a railroad to be used in connection with the Hetch Hetchy Water Supply have offered to convey the property desired by the City and County of San Francisco for the sums set forth opposite their respective names, viz:

 C. H. Gustafssen, entire piece... 40.00
 John D. Segale, per acre..... 15.00
 Joseph Raggio, per acre..... 15.00

And Whereas, The City Attorney has recommended the acceptance of the said offers and the acquisition of the property owned by them and offered to the City and County of San Francisco for the prices set forth, which said prices are in accordance with the City's appraisal of said property; now, therefore, be it

Resolved, That the said offers of sale be accepted and that the City Attorney be authorized to close the negotiations and superintend the payment of moneys to each of the above named persons upon receipt of the proper conveyances.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

Agreement.

Also, Resolution No. 13911 (New Series), as follows:

Resolved, That upon recommendation of the City Attorney, the Mayor, and the Clerk of the Board of Supervisors, be, and they are hereby authorized and directed to execute the following agreement:

This memorandum, made this — day of January, 1917, witnesseth:

That, whereas, Ernest Wierck, William H. Wierck and the Tuolumne River Placer Mining Company, a corporation organized under the laws of the State of New Jersey, are the owners of and in possession of those certain placer mining claims situate in Tuolumne County, California, on the Tuolumne River, and including the N.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ and N.W. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ and S.E. $\frac{1}{4}$ of N.W. $\frac{1}{4}$ of Sec. 25 and Lots 8, 9 and 16 of Sec. 26, T. 1 S., R. 14 E., M. D. M., and have heretofore agreed to convey to the City and County of San Francisco a strip of land across said property for a right of way for a railroad and the said City and County of San Francisco has now, by virtue of said agreement, constructed a railroad along said right of way and across said property, and has performed a great deal of work in grading its road-bed and is desirous of procuring a deed for said property from said Ernest and William H. Wierck and said corporation, according to said agreement, and the said Ernest and William H. Wierck and said corporation claim that said City and County of San Francisco have violated the terms of said agreement and dam-

aged their said mining property in the construction of said railroad by blasting and depositing into the said Tuolumne River rock, earth and debris and otherwise damaging said property by the carelessness of its employees in carrying on said work, and have thereby damaged the business of said corporation and owners of said property, and the said Ernest and William H. Wierck and said corporation do not wish to waive any right of action for damages against said City and County of San Francisco, or any other persons, for damage done to business or property by reason of the acts and work above mentioned or by reason of any breach of contract on the part of the said City and County of San Francisco.

Now, therefore, as a part consideration for the execution and delivery to it of the deed or deeds of said right of way, the said City and County of San Francisco hereby agrees that the same shall in no manner operate as a waiver of any right of action that said grantors may have for such or any damages and agrees that upon delivery of such deed or deeds to it or its agent or attorney, any and all rights of action for damages done and to be done in the construction or operation of said railroad or for a violation of said agreement, shall be in no manner prejudiced, but any and all such rights of action, if they exist, shall survive after the execution and delivery of said deed or deeds the same as though the occurrence from which the damages are claimed to have arisen had happened at the time of the delivery of said deed or deeds.

It is expressly understood, however, that the consideration of \$400 paid for said deed covers all claims of damages of the grantors or parties holding under them for injury to their private roadway over said placer claims resulting from the construction of the aforesaid railroad.

In witness whereof, the City and County of San Francisco has caused its corporate name and seal to be affixed thereto and has executed this memorandum and agreement in duplicate, in the manner provided by law, the day and year herein first above written.

SPECIAL ORDERS, 3 P. M.

Action Deferred.

The following matters, laid over from a previous meeting, were taken up and on motion laid over four weeks:

Garbage Disposal.

Consideration of resolutions and motions as follows:

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the city shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself opposed to the policy of dumping garbage.

Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, the two proposals for disposal of garbage now pending before

the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, the dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, the cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process, and

Whereas, the method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householder,

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it further

Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

Action Deferred.

The following matter, laid over from last meeting, was taken up and again laid over one week:

Laundry Ordinance.

Bill No. —, Ordinance No. — (New Series), Providing that it shall be unlawful for any person, firm or corporation to maintain any device for receiving soiled clothing for the purpose of being laundered, or to conduct any office or place for the collection of soiled clothing for laundering purposes, or for the distribution of clothing after laundering, within any building, room, apartment, dwelling, basement or cellar where foodstuffs are sold, offered for sale, prepared, produced, manufactured, packed, stored or otherwise disposed of; or in any premises wherein the business of second-hand or misfit clothing, hat or clothing, renovatory, cleaning and dyeing and repairing of shoes is conducted.

2. Any person, firm, company or corporation violating any of the provisions of this ordinance shall be

guilty of misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than five hundred (500) dollars or by imprisonment in the county jail for a period not exceeding six months or by both such fine and imprisonment.

3. This ordinance shall be in force and take effect immediately.

HEARING OF APPEAL.

McAllister Street.

Hearing the appeal of Samantha A. Wohlke from the assessment issued for the improvement of McAllister street, between Parker avenue and the offset line of McAllister street westerly from North Stanyan street, including the portions of McAllister street opposite the termination of North Stanyan street and the westerly one-half of Parker avenue opposite the termination of McAllister street.

Privilege of the Floor.

Helen M. Kaufman, attorney representing Samantha A. Wohlke, was granted the privilege of the floor and read a statement of the grounds of protest of her client, which statement was received, read and ordered filed.

Andrew Donovan, representing the Board of Public Works, declared that all the proceedings had were in accordance with law and that the work should be allowed to proceed.

Action Deferred.

Whereupon, the above matter, on motion of Supervisor Welch, was laid over two weeks by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Power, Suhr, Walsh, Welch, Wolfe—16.

The lands and property deemed necessary to be taken for said extension of said street are described as follows:

All those certain lots, pieces or parcels of land situate, lying and being in the City and County of San Francisco, and described as follows, to-wit:

Commencing at a point on the westerly line of Ord street 175 feet northerly from the northerly line of Seventeenth street and running thence northerly along the westerly line of Ord street 25 feet; thence at right angles westerly 136 feet; thence at right angles southerly 25 feet; thence at right angles easterly 136 feet to the westerly line of Ord street and point of commencement, being a portion of Horner's Addition, Block No. 201.

And said Board of Supervisors does hereby determine and decide that said proposed extension of Saturn street is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension and that therefore the entire damages, costs and expenses of said extension shall be and are hereby made chargeable against and shall be assessable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by said extension are particularly described as follows:

Commencing at a point on the westerly line of Ord street 175 feet northerly from the northerly line of Seventeenth street, and running thence northerly along the westerly line of Ord street 53 feet; thence at right angles westerly 136 feet; thence at right angles northerly 97 feet; thence at right angles westerly 163.86 feet to the easterly line of Lower Terrace; thence southerly and southwesterly along the easterly and southeasterly line of Lower Terrace and Saturn street to the southeasterly line of Temple street; thence southwesterly along the southeasterly line of Tem-

ple street 47.36 feet; thence easterly along a line parallel with Seventeenth street 81.68 feet; thence at right angles southerly 25 feet; thence at right angles easterly 575 feet; thence at right angles northerly 87.50 feet; thence at right angles easterly 136 feet to the westerly line of Ord street and point of commencement.

Said extension of Saturn street shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter of the City and County of San Francisco.

Adopted—Board of Supervisors, San Francisco, December 18, 1916.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—18.

J. S. DUNNIGAN, Clerk.

Approved, San Francisco, December 20, 1916. JAMES ROLPH JR.,

Mayor.

And Whereas, The Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause, in the manner and as required by law, a notice, similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco;

And Whereas, No objections having been filed against the extension of Saturn street from its present easterly termination easterly to the westerly line of Ord street;

And Whereas, The public interest and convenience requires said improvement to be done as specifically described in said Resolution No. 13728 (New Series);

And Whereas, The Supervisors have acquired jurisdiction to order that said Saturn street be extended as aforesaid and as specifically described and proposed in said Resolution No. 13728 (New Series); now, therefore, be it

Resolved, That it be ordered and it is hereby ordered that said Saturn street be extended as aforesaid and as specifically described and proposed in said Resolution No. 13728 (New Series); and be it further

Resolved, That the lands and property described in said Resolution No. 13728 (New Series), and declared to

be deemed necessary to be taken for said extension of said street, be taken for said extension; and be it further

Resolved, That the entire damages, costs and expenses of said extension be and they are hereby made chargeable against and shall be assessable upon the lands and district described in said Resolution No. 13728 (New Series), as being the lands and district affected and benefited by said extension and against which the entire damages, costs and expenses of said extension should be made chargeable; and be it further

Resolved, That said extension of Saturn street be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and in the manner laid down in and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of said Charter.

Bill Board Ordinance.

Bill No. 4403, Ordinance No. 4059 (New Series), "Regulating and relating to the construction, erection, maintenance and use of billboards in the City and County of San Francisco, and licensing and regulating the occupation of maintaining billboards and outdoor advertising, providing penalties for the violation of same, and repealing all ordinances or parts thereof in conflict therewith.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The term "billboard", as used in this ordinance, is hereby defined to be any board, fence, sign or structure erected for advertising purposes or upon which any advertisement is shown, or whereon any poster, bill, printing, painting, device or other advertising matter of any kind whatsoever may be placed, stuck, tacked, posted, printed, painted, pasted or fastened, but this definition shall not be held to include any board, sign or surface used to display official notices, issued by any court or public office, or posted by any public officers in the performance of a public duty, or used to display announcement of meetings to be held upon premises whereon such billboards or bulletin boards are displayed, or used to advertise any business conducted on the premises where such billboard or bulletin board is located, nor shall it be held to include a real estate sign, advertising for sale or rent the property upon which it stands.

Sec. 2. The term "outdoor advertising" as used in this ordinance is hereby defined to be advertising on any board, fence or structure, or the placing thereon of any poster, bill, printing, painting, device or any advertising matter of any kind whatsoever, and the pasting, posting, painting, printing, nailing or tacking or other-

wise fastening of any hand-bill, card, banner, sign, poster, advertisement or notice of any kind upon any property or place.

Sec. 3. No person, firm or corporation shall engage in or carry on the business or occupation of billposting, advertising sign painting or outdoor advertising or maintaining billboards without paying the license fee provided for in this ordinance.

Sec. 4. The license fee imposed by this ordinance shall be payable every quarter year and the amount thereof shall be determined by the amount of business done, as measured by the gross earnings from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee and of whom the license fee is required. The term "quarter year", as used in this ordinance, shall be the three months following the first days of January, April, July and October.

Sec. 5. Within ten days after the first day of each quarter year, every person, firm or corporation of whom the license fee provided in this ordinance is required, shall file a written application, giving name and address of fixed place of business of applicant, with the Tax Collector of the City and County of San Francisco for the issuance to the applicant of a "Bill Poster and Outdoor Advertising License" and shall accompany said application with a written statement truthfully showing the amount of business done for the three months preceding the first day of the quarter year, as measured by the gross earnings for such period, from the business or occupation described in Section 3 of this ordinance of the applicant.

Sec. 6. Within twenty (20) days after the first day of every quarter year every person, firm or corporation specified in Section 3 of this ordinance shall pay to the Tax Collector a license fee as follows:

Classification A.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be less than one thousand (1000) dollars, the amount of the license fee per quarter shall be fifty (50) dollars.

Classification B.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance, of the person, firm or corporation paying the license fee

and of whom the license fee is required, shall be more than one thousand (1000) dollars, but less than two thousand (2000) dollars, the amount of the license fee per quarter shall be sixty (60) dollars.

Classification C.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than two thousand (2000) dollars, but less than five thousand (5000) dollars, the amount of the license fee per quarter shall be seventy-five (75) dollars.

Classification D.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than five thousand (5000) dollars, but less than ten thousand (10,000) dollars, the amount of the license fee per quarter shall be one hundred (100) dollars.

Classification E.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year, from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than ten thousand (10,000) dollars, but less than twenty-five thousand (25,000) dollars, the amount of the license fee per quarter shall be one hundred and fifty (150) dollars.

Classification F.

When the amount of business done, as measured by the gross earnings for the three months preceding the first day of the quarter year from the business or occupation described in Section 3 of this ordinance of the person, firm or corporation paying the license fee and of whom the license fee is required, shall be more than twenty-five thousand (25,000) dollars, the amount of the license fee per quarter shall be two hundred and fifty (250) dollars.

If, however, prior to the first day of the quarter year for which the "Bill Poster and Outdoor Advertising License" is applied for, the applicant therefor has not engaged in the business or occupation described in Section 3 of this ordinance, the amount of the license fee shall be fifty (50)

dollars for the first quarter or fraction thereof that such applicant shall engage in such business or occupation, payable upon his engaging in such business or occupation, thereafter such person, firm or corporation shall pay a license fee in accordance with the classification hereinabove set out; but in case there remain, at the time of the issuance of such license, less than two months of the quarter year in and during which such license is paid, then said license fee shall cover the period of the remainder of said quarter year and of the quarter year next succeeding.

Sec. 7. Upon the payment of the license fee in this ordinance provided, the Tax Collector shall issue to the person, firm or corporation paying the license fee a license to be known as the "Bill Poster and Outdoor Advertising License", and such payment shall entitle the holder to engage in and carry on the business or occupation described in Section 3 of this ordinance for the period for which such payment was made, provided, however, that the provisions of Ordinance No. 2227 (New Series), entitled "Imposing a Regulating License Fee on Persons, Firms and Corporations Engaging in the Business or Occupation of Maintaining Billboards and Bulletin-Boards, or of Bill-Posting, Bulletin-Sign Painting and Outdoor Advertising", in so far as such ordinance relates to the payment of a license fee, shall continue in force until the end of the quarter ending June 30th, 1917.

Sec. 8. No billboard shall have an advertising surface of more than ten (10) feet from the lower to the upper edge thereof without the issuance therefor of the special permit by the Board of Supervisors hereinafter mentioned.

Sec. 9. Billboards may be erected and maintained which have an advertising surface of more than ten (10) feet from the lower to the upper edge of such billboard but not exceeding twenty (20) feet of advertising surface from the lower to the upper edge thereof, under a special permit to be issued therefor by the Board of Supervisors. Such permit shall be granted only upon written application. Such application shall contain the name and address of the applicant, the proposed location and the dimensions of said billboard. If the Board of Supervisors deems that such proposed billboard may be erected and maintained on the proposed location of the same without danger to the public health or safety, the Board of Supervisors shall grant a special permit for said proposed billboard in accordance with the specifications provided in this ordinance.

If at any time it shall appear to the Board of Supervisors that a billboard

erected or maintained under the special permit provided in this section has become or is dangerous to the public health or safety, the Board of Supervisors shall so notify the person, firm or corporation owning or controlling such billboard and such person, firm or corporation shall either make said billboard safe and not dangerous to public health or remove the same; and in the event that such person, firm or corporation having received said notice shall thereafter and for, the period of ten days, fail to comply with the directions therein contained, the Board of Supervisors may revoke such special permit, and thereupon the Board of Public Works shall remove such billboard.

Sec. 10. The surface of all billboards erected or maintained within the limits fixed under the provisions of Subdivision 5 of Section 1 of Article II of the Charter, within which wooden buildings or structures shall not be erected, placed or maintained, shall be of fireproof, non-combustible material. The surface of billboards erected or maintained outside of such said limits shall be of either fireproof, non-combustible material or of wood at least one (1) inch in thickness.

Sec. 11. All billboards with an advertising surface in excess of twenty (20) square feet shall be constructed according to the following specifications, provided, however, that these specifications shall not be considered to interfere with any additional requirements for safety as may be approved by the Board of Public Works as provided for in this ordinance:

The surface of the billboard shall be securely fastened to a framework, the posts or uprights of which shall be of redwood not less than four (4) inches by six (6) inches in dimensions, said posts to be spaced not more than eight (8) feet apart and shall extend to the top of the billboard; said posts to be set not less than three (3) feet in the ground and the earth about them to be securely tamped into place. The material which comprises the surface of the billboard shall be securely attached to wooden stringers, which stringers shall run continuously the entire length of the billboard. There shall be not less than one (1) stringer, two (2) inches by four (4) inches in dimensions, for each four (4) feet or fraction thereof that the surface of such billboard is in height, provided, however, that when the advertising surface of a billboard does not exceed ten (10) feet in height, three (3) wooden stringers may be employed; the one to which the top edge of the advertising surface is attached shall be two (2) inches by six (6) inches in dimensions; the one to which the middle of the advertising surface is at-

tached shall be two (2) inches by four (4) inches in dimensions, and the one to which the lower edge of the advertising surface is attached shall be two (2) inches by six (6) inches in dimensions. Each wooden stringer shall be attached to each post with three (3) 30d nails.

The vertical posts shall be braced by wooden braces two (2) inches by six (6) inches in dimensions; one brace to each post; each brace to be securely attached to the top or within two (2) feet of the top of each post with three (3) 40d nails. The lower end shall be securely attached with three (3) 40d nails to a redwood anchor post not less than four (4) inches by six (6) inches by five (5) feet in dimensions. Said anchor post shall be set back of the vertical post a distance equal to three-quarters of the total height of the billboard above the ground, and said anchor post shall be set not less than four (4) feet in the ground and in such a position as to make an angle of approximately ninety (90) degrees with the brace. A cross-piece fourteen (14) inches long of two (2) inch by six (6) inch redwood shall be securely nailed with three (3) 30d nails across the back at the lower end of the anchor post, and a piece of redwood, two (2) inches by six (6) inches by fourteen (14) inches in dimensions, shall be securely nailed with three (3) 30d nails across the front of the anchor post six (6) inches below the ground surface. Redwood anchor posts not less than four (4) inches by six (6) inches by five (5) feet in dimensions, or concrete or steel anchor posts of other types of equal strength may be substituted for the foregoing with the approval of the Board of Public Works. Where the vertical posts rest upon a foundation wall or bulkhead, they shall be securely fastened to the same by means of steel dowel-pins, set at least four (4) inches into the foundation wall or bulkhead. There shall be one pin to each post. When a billboard is built in an excavation so that the height of said billboard above the ground is such that the lengths of the posts and braces above ground exceed sixteen (16) feet, the posts and braces shall be strengthened by means of re-enforcing braces.

When a billboard having an advertising surface of more than ten (10) feet and not more than twenty (20) feet in height is erected, said billboard shall be made to withstand a lateral wind pressure of twenty (20) pounds per square foot of exposed surface.

Sec. 12. It shall be unlawful for any person, firm or corporation to erect any billboard without first ob-

taining a building permit therefor from the Board of Public Works, which said permit shall be granted upon a written application containing the name and address of the applicant, the proposed location of the billboard and the dimensions of the advertising surface thereof. Such application shall be accompanied by specifications for the erection of the proposed billboard. The applicant shall at the time of filing of the application for any permit provided for in this ordinance pay to the Board of Public Works for the expense of inspection and examination of specifications and issuance of building permit the sum of one (1) dollar.

Sec. 13. An ornamental border not wider than one (1) foot may be added to surround the advertising surface of any billboard; and there may be placed at the ends of billboards appropriate ornamental columns; and there may be placed between the lower edge of the billboard and the ground an ornamental lattice-work or baseboard, provided that the lower edge of the billboard or ornamental border shall be at least eighteen inches from the surface of the ground.

Sec. 14. No paper, cloth or advertising matter shall be allowed or permitted to hang loose from any billboard, but the same shall be securely fastened or glued to the surface of the billboard.

Sec. 15. All billboards which are constructed on street lines or within three (3) feet therefrom, shall have a smooth surface and no nails, tacks or wires shall be permitted to protrude therefrom, except electrical reflectors or devices extending over the top and in front of the billboard to be used for illuminating purposes.

Sec. 16. It shall be unlawful for any person, firm or corporation, except a public officer or employee in performance of a public duty, to paste, paint, print, nail, tack or otherwise fasten any card, banner, hand-bill, sign, poster, or advertisement or notice of any kind or cause the same to be done, on any curbstone, lamp-post pole, hitching post, watering trough, hydrant, bridge or tree upon a public street or public property within the City and County of San Francisco, except as may be required by the ordinances of the City and County of San Francisco or the laws of the State or of the United States.

Sec. 17. It shall be unlawful for any person, firm or corporation, except a public officer or employee in performance of a public duty, to paste, post, paint, print, nail, tack or otherwise fasten any card, banner, hand-bill, sign, poster, advertisement or notice of any kind, or cause the same to be done, on any property of the

City and County of San Francisco without the consent of the Board of Supervisors.

Sec. 18. It shall be unlawful for any person, firm or corporation, except a public officer or employee in performance of a public duty, or a private person in giving a legal notice, to paste, post, paint, print, nail or tack or otherwise fasten any card, banner, hand-bill, sign, poster, advertisement or notice of any kind upon any property without the written consent of the owner, holder, lessee, agent or trustee thereof.

Any advertisements prohibited by this section and the next preceding section may be taken down, moved or destroyed by anyone.

Sec. 19. No person, firm or corporation shall scatter, daub or leave any paint, paste, glue or other substance used for painting or affixing advertisement matter upon any public street or sidewalk or scatter or throw or permit to be scattered or thrown any bills, waste matter, paper, cloth or materials of whatever kind removed from billboards on any public street or on private property.

Sec. 20. The provisions of this ordinance do not apply to signs, transparencies, advertisements or sign devices described and regulated in Ordinance No. 1009 (New Series) as amended, approved December 28, 1909, and entitled "An Ordinance regulating the construction, erection and maintenance of signs, transparencies, advertisements, bulletin boards and clocks on or about buildings or over public streets and thoroughfares, providing for the inspection of same".

Sec. 21. The provisions of this ordinance do not apply to signs not exceeding twenty (20) square feet in size, familiarly known as real estate signs, advertising for sale or rent the property upon which they stand, but all such signs shall be securely fastened to the ground or to the structures to which they are attached.

Sec. 22. There shall be placed and maintained on the top of each billboard and each advertising sign the name, plainly painted, of the person, firm or corporation owning or who is in possession, charge or control of the same, for advertising purposes.

Sec. 23. Every person, firm or corporation engaging in or carrying on the business or occupation of billposting or advertising sign painting or outdoor advertising or maintaining billboards shall cause the name of such person, firm or corporation to be plainly painted in a conspicuous place on the outside of any wagon or vehicle used in such business or occupation and shall keep the same plain and distinct at all times. Every employee of any person, firm or corporation en-

gaged in said business or occupation, while employed in posting bills or painting signs or bulletins shall wear a metal badge or shield on which shall appear in legible characters the name of the person, firm or corporation by whom such employee is employed.

Sec. 24. It is hereby declared that each of Sections 1 to 23, both inclusive, of this ordinance is severally from each and every of the other sections thereof and that each thereof has been passed independently and severally from each and every of such others and irrespective of the passage thereof.

Sec. 25. Any person, firm or corporation violating any provision or provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not exceeding two hundred and fifty (\$250.00) dollars, or by imprisonment in the County Jail for not exceeding one (1) month, or by both such fine and imprisonment.

Sec. 26. Ordinance No. 227 (New Series), approved March 18th, 1913, and entitled "Imposing a Regulating License Fee on Persons, Firms or Corporations Engaging in the Business or Occupation of Maintaining Billboards and Bulletin-boards, or of Billposting, Bulletin Sign Painting and Outdoor Advertising", except as otherwise provided in Section 7 of this ordinance, and Ordinance No. 2107 (New Series), approved December 11th, 1912, entitled "Regulating the Construction, Erection and Maintenance of Billboards and Other Boards, Fences, Signs and Structures Erected for Advertising Purposes, or Upon Which any Advertisement Is Shown, Painted or Displayed in any Way, and Regulating Billposting and Bulletin Sign Painting and Outdoor Advertising", are hereby repealed, and all other ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

Sec. 27. This ordinance shall take effect and be in force from and after the date of its passage.

Extension of Time for Furnishing Steel Pressure Pipe for Lower Creek River Power Development, Hetch Hetchy Water Supply.

Supervisor Wolfe presented:

Resolution No. 13935 (New Series), as follows:

Resolved, That the Western Pipe and Steel Company be granted an extension of sixty days' time, from and after January 27, 1917, within which to complete contract for furnishing and installing riveted steel pressure pipe for the Lower Cherry River Power Development under Contract No. 17, Hetch Hetchy Water Supply.

This *first* extension of time is recommended for the reason that under the contract for the installation of this pipe line the city is required to haul the pipe from Rosasco, a station on the Sierra Railway, to the power house at Early Intake. Owing to the severe weather conditions it has been impossible to haul this pipe at this time. This has prevented the Western Pipe and Steel Company from completing the contract.

February 5, 1917—*Adopted by the following vote:*

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there is no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Extension of Time.

Supervisor Welch presented:

Resolution No. 13938 (New Series), as follows:

Resolved, That property owners, J. J. Dowling, agent, be granted an extension of ninety days from February 23, 1917, to complete contract for the improvement of Twentieth avenue between Moraga and Quintara streets and crossings.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the sewer and catch-basins have been constructed, and the United Railroads is now relaying its tracks. This will necessitate considerable delay on the part of the paving contractor, and therefore the Board of Supervisors should extend the time.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Also, Resolution No. 13939 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of thirty days from February 13, 1917, within which to complete contract for the improvement of San Bruno avenue between Cortland avenue and Steuben street.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is about completed, and an examination has been ordered.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Extension of Time.

Also, Resolution No. 13940. (New Series), as follows:

Resolved, That Tibbitts-Pacific Company is hereby granted an extension of ninety days from February 22, 1917, within which to complete contract for the improvement of Elsie street between Coso and Esmeralda avenues.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work was delayed by the recent rains, but it is now well under way.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Also, Resolution No. 13941 (New Series), as follows:

Resolved, That Peterson & Grier are hereby granted an extension of ninety days from February 11, 1917, to complete contract for improving Fair avenue between Coleridge street and Prospect avenue, and a portion of Lundy's lane.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work was delayed by the construction of a bulkhead to protect property.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Also, Resolution No. 13942 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of ninety days from February 13, 1917, within which to complete contract for improving Ord street between Seventeenth street and Corbett avenue.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the

reason that the City Engineer is investigating grade conditions on this block.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Also, Resolution No. 13943 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted an extension of ninety days' time from February 13, 1917, within which to complete contract for the improvement of Corbett avenue between Hattie and Ord streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the City Engineer is investigating grade conditions on this block.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Also, Resolution No. 13944 (New Series), as follows:

Resolved, That property owners, E. A. Bennett, agent, is hereby granted an extension of sixty days' time from February 7, 1917, within which to complete contract for the improvement of Forty-seventh avenue between Lincoln way and Irving street under public contract.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the concrete curbs and the concrete foundation for the asphalt pavement have been completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Approving Map, Phelan and Judson Avenues.

Supervisor Welch presented:

Resolution No. 13945 (New Series), as follows:

Whereas, The Board of Public Works did, by Resolution No. 43782 (Second Series), adopted February 9, 1916, approve map fixing and defining the lines of Judson avenue between Edna street and Phelan avenue, also Phelan avenue between Judson avenue and Ocean avenue; now therefore

Resolved, That the map fixing and defining the lines of Judson avenue between Edna street and Phelan avenue,

and Phelan avenue between Judson avenue and Ocean avenue is hereby approved.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Intention to Change Grades.

Resolution No. 13946 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points herein-after specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 50907 (Second Series) of the Board of Public Works, adopted February 2, 1917, and written recommendation of said Board, filed February 2, 1917, to-wit:

On Evans avenue between Hawes and Lane streets, and on Ingalls and Jennings and Keith streets between Davidson and Fairfax avenues.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

Absent—Supervisor McLeran—1.

Release of Contract, D. O. Church Co.

Supervisor Welch presented:

Resolution No. 13947 (New Series), as follows:

Whereas, The Board of Public Works did on December 27, 1916, advise this Board that D. O. Church Company on December 19, 1916, requested to be released from the contract for performance of the work of improving Minna street, between Tenth and Eleventh streets, entered into between the Board of Public Works and D. O. Church Company on October 13, 1916, for the reason that the property owners filed an appeal to the Board of Supervisors on February 23, 1916, which appeal on March 7th was set for hearing on March 20, 1916, and continued un-

til August 21, 1916, at which time the Board of Supervisors overruled and denied the appeal and passed the ordinance ordering the work, and

Whereas, Section VII of Ordinance No. 2439 (New Series), entitled "Providing a method for the improvement of the Public Streets, etc.", provides that the hearing of the appeal may be continued from time to time, covering a period in all not to exceed thirty days; therefore, be it

Resolved, That the contract entered into between the Board of Public Works and D. O. Church Company on October 13, 1916, for the work of improving Minna street, between Tenth and Eleventh streets, be and the same is hereby canceled and annulled.

"Commencing at a point in Townsend street, said point being approximately 8 feet at right angles northeasterly from the northwesterly line of said Townsend street, and 540 feet northeasterly from the northeasterly line of Eighth street; thence southwesterly and parallel to said line of Townsend street to a point that is 30 feet northeasterly from said line of Eighth street; thence southeasterly on a curve to the left 60 feet; thence southwesterly 30 feet; thence southwesterly on a curve to the right 80 feet to a point in the center line of the spur track of the Southern Pacific Company."

Naval Base Delegation.

Supervisor Power presented:

Resolution No. 13949 (New Series), as follows:

Whereas, At recent sessions of the Commission appointed to report upon and recommend the location of a naval base on the Pacific Coast, data and information showing that San Francisco offers an advantageous site at Hunter's Point for that purpose, was presented by His Honor the Mayor and members of the Commercial Development Committee of this Board, and

Whereas, The final determination of the location of the aforesaid naval base rests with the Governmental authorities at Washington and all matters in relation thereto should be impressed upon officers having the authority to pass final judgment in such matters; therefore,

Resolved, That for the purpose of promoting the securing of the establishment of the naval base aforesaid at Hunter's Point it is hereby directed that His Honor the Mayor, the City Engineer and Supervisors Kortick, Welch, Brandon and Wolfe, and one other member if it be deemed necessary, are hereby directed to proceed to Washington, D. C., with authority to represent the City and County of San Francisco in the matters pending, and for that purpose they are hereby granted leaves of absence with permission to leave the State; that the sum of \$2,500 is hereby set aside and appropriated from Budget Item No. 38, for the purpose

of defraying the expenses of the members of this Board and the City Engineer in performing the duties imposed by this resolution, and the Auditor is hereby directed to draw his warrant therefor and the Treasurer is hereby directed to pay the same.

Amendment to Stable Ordinance.

Supervisor Mulvihill presented:

Resolution No. — (New Series), as follows:

Whereas, The Stable Ordinance now existing seems to conflict as to the right of persons to maintain stables that are recommended by the proper officials;

Resolved, That the Judiciary Committee be directed to investigate and make the proper recommendations for such amendments as may be necessary to enforce said ordinance.

Referred to the Judiciary Committee.

Endorsement of Automobile Show at Auditorium.

Supervisor Mulvihill presented:

Resolution No. 13953 (New Series), as follows:

Whereas, The Automobile Dealers of San Francisco are arranging for a large automobile show to be held at the Civic Auditorium from February 10th to 18th, 1917, and

Whereas, The Automobile Dealers are planning to make this a yearly national show and are endeavoring to have San Francisco designated as the place for said Annual National Show; therefore, be it

Resolved, That the Board of Supervisors endorse said Auto Show and declare its readiness to co-operate with our San Francisco auto dealers in making said show a success and a national affair.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Endorsement of Housing Bills.

Supervisor Nelson presented:

Resolution No. 13954 (New Series), as follows:

Whereas, The State Commission on Immigration and Housing of California invited the City of San Francisco, together with the other thirteen largest cities of the State, to participate in a Housing Institute, to hold a series of conferences for the purpose of studying the housing problem in all its phases, and of discussing the best methods of not only remedying present conditions but of providing for the welfare of our future citizens; and

Whereas, Several meetings have been held during the past year in various parts of the State, in which meetings the several cities have participated, together with organizations having to do with architecture, housing, building, realty, engineering, city planning and the operation of hotels and tenements, and in which meetings health and building commissioners, social workers and others interested have also taken part; and

Whereas, As a result of these various meetings, three uniform, reasonable and logical housing bills have been carefully and scientifically drawn up, and have been introduced in the legislature as Senate Bills 403, 433, and 457, to be acted upon at the second session of the said legislature, during the months of March and April of this year; and

Whereas, The enactment of these three proposed bills into law will unquestionably subserve the best interests of the people of not only this city, but of the State of California; therefore, be it

Resolved, That the Board of Supervisors of the City of San Francisco in regular session assembled Febru-

ary 5, 1917, does heartily endorse the work of the State Housing Institute and earnestly recommends and urges the California legislature to enact the said three proposed housing bills into law at the very earliest possible date; Be it further

Resolved, That a copy of this resolution be spread on the minutes of the Board of Supervisors and that copies hereof be sent to the State Housing Institute, the Governor of the State of California, and the presiding officer of the Senate and the presiding officer of the Assembly; also, that a copy hereof be sent to the chairman of the Committee on Public Health and Quarantine of the Senate and the Assembly.

Adopted under suspension of the the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor McLeran—1.

Civil Service Appointments.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Whereas, Section 2, Article XIII of the Charter provides that

"All officers, courts, boards or heads of departments vested in this Charter with the power to appoint deputies, clerks, stenographers or other employees of any designation whatever shall make appointments only in accordance with the provisions of this article and the rules adopted thereunder and any appointment not so made shall be void"; and

Whereas, Within the past few years the Civil Service Commission has held examinations and established eligible lists of applicants for positions, comprising practically all the duties that any city employee may be called upon to perform; and

Whereas, New positions are often created for which no eligible lists for the particular position are available, resulting in a non-civil service person being appointed to the position; and

Whereas, Section 2 of Rule 17 of the Civil Service Commission provides:

"Section 2. In certifying to requisitions, the duties of the position to be filled, rather than the name by which it is called, shall be considered, and it shall be the duty of the Commission to inquire into the requirements of the position for which a requisition has been made, and to certify from that register of eligibles which shall in its judgment nearest conform to the requirements of the position to be filled."

Now, therefore, be it

Resolved, That, to more effectively,

both in letter and in spirit, carry out the civil service provisions of the Charter, and to prevent evasions thereof, the Civil Service Commission is hereby requested in all cases of vacancies in positions, now created or that may be created, to certify the name of some person on some eligible list, the examination for which approximates most nearly to the duties of the position, as required by Rule 17 of the Commission, and that whenever possible the rule shall be applied to all temporary appointments, instead of permitting the appointing officer to make such appointment; and be it further

Resolved, That the Finance Committee of the Board of Supervisors and the Auditor are hereby requested to allow no demand for the salary of any person unless the following provisions of Section 19 of Article XIII of the Charter are complied with:

"Section 19. The payrolls or demands for salaries, wages or compensation of all deputies, assistants, clerks and employees of every class or description, without regard to the name or title by which they are known, for each department, board, office or bureau subject to the provisions of this article, shall be transmitted to the Civil Service Commission before presentation to the Auditor. The Commission shall examine said payrolls or demands and shall approve the demands of all persons appointed or employed in accordance with the provisions of this article. The payrolls or demands thus approved, with notation of any item thereof disapproved, shall be then certified by the Commission and transmitted by it to the Auditor. The Auditor shall not approve and the Treasurer shall not pay any demand or warrant for salary, wages or compen-

sation unless said demand shall have been approved by the Civil Service Commission."

Referred to Civil Service Committee.

Additional Deputy, Sealer of Weights and Measures.

Supervisor Power presented the following bill, which was *passed for printing* under suspension of the rules:

Bill No. 4415, Ordinance No. — (New Series), as follows:

Amending subdivision (b) of Section 21 of Ordinance No. 3535 (New Series), known as the "Ordinance of Additional Positions," relating to positions in Department of Weights and Measures.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That subdivision (b) of Section 21 of Ordinance No. 3535 (New Series) is hereby amended to read as follows:

(b) Said Sealer of Weights and Measures is hereby authorized to appoint a Chief Deputy and five Deputy Sealers of Weights and Measures, each at a salary of \$1800 per year.

Section 2. This ordinance shall take effect immediately.

Announcement.

Supervisor Hayden announced that tomorrow at 4 p. m. the Committees on Lands and Tunnels, Finance and Commercial Development would meet in the matter of the proposed exchange of lands for an Aquatic Park at Black Point Cove.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:45 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors February 19, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

J. S. DUNNIGAN,

Clerk of the Board of Supervisors,
City and County of San Francisco.

Exchange of Market and Produce Lots for Property at Black Point Cove.

The following report was presented

by Supervisor Hayden and read by the Clerk:

San Francisco, Feb. 13, 1917.

To the Honorable the Board of Supervisors—Gentlemen:

Your joint Committee on Lands and Tunnels, Finance, and Commercial Development, in the matter of the exchange of lands between the City and County and the Southern Pacific Company, known as South Beach Blocks Nos. 53, 54 and 381, and the lands of the Southern Pacific Company situate at the foot of Van Ness avenue, respectfully reports as follows:

At a meeting held in the Mayor's office on February 6, 1917, at which were present his Honor the Mayor, all of the members of the joint committee, excepting Supervisor Fred L. Hilmer; in addition thereto Assistant City Attorney George Lull, City Engineer M. M. O'Shaughnessy, and Mr. J. E. B. Leavitt, representing Mr. William Sproule as president of the Southern Pacific Company. On motion of Supervisor Power, seconded by Supervisor Hayden, the following propositions were referred to Mr. Sproule, who was at that time in Baltimore, Maryland, for his consideration and reply:

First—That the City sell to the Southern Pacific Company its three blocks in China Basin for the sum of \$818,976.70, appraised value of said properties by the Board of Appraisers, duly authorized by resolution of the Board of Supervisors; that the City enter into a lease, the length of which and terms and payment thereof be mutually arranged between Mr. William Sproule, president of the Southern Pacific Company, and the Board of Supervisors, said lease carrying with it an option to purchase, by which the City will have the opportunity of acquiring said lands at the recent appraised value thereof; payments for said lands to be mutually arranged between Mr. William Sproule and the Board of Supervisors.

Second—That the City sell to the Southern Pacific Company its three blocks of land in China Basin for the recent appraised value thereof, namely, \$818,976.70; in payment

thereof the Southern Pacific Company to pay to the City and County of San Francisco the sum of \$400,000 in cash, and to sell, transfer and assign their holdings adjacent to the foot of Van Ness avenue, comprising approximately three and one-half blocks (five parcels) of land, valued in the recent appraisalment at approximately \$418,976.70.

Note—Said blocks of Southern Pacific Company's land are bringing in an annual rental of approximately \$3,000. Said blocks, Mr. Leavitt claims, the Southern Pacific Company paid approximately \$1,040,000 cash, exclusive of carrying charges since their purchase. If this arrangement is carried into effect, the Southern Pacific Company to agree to give free rent to the City for its pipe now stored on an adjacent block in China Basin.

The spirit of these motions is based upon the expressed assurance that it is the intention of the Southern Pacific Company to begin extensive improvements in China Basin and the expenditure there immediately of several millions of dollars in the widening of the channel and the proper approaches thereto, and preparing the territory for extensive industrial purposes, totalling many millions of dollars and providing for much-needed industrial development area.

Second Note—These conclusions submitted to your Honorable Board are arrived at for the purpose of promoting the industrial and commercial development of our City. The expenditure of the money received from the sale of the lands is left with your Honorable Board for disposal in any manner that you may determine after any exchange or sale of lands has been ultimately consummated.

Third Proposition—What will the Southern Pacific Company offer for the outright purchase of the land owned by the City upon the Channel, without reservation, except as to stipulation by the Southern Pacific Company as to when the improvements will commence and the amount of the initial expenditure be undertaken?

On February 9, 1917, Mr. William Sproule replied from Baltimore, Md., as follows:

Baltimore, Md., Feb. 9th, 1917.

As I understand proposal two, result would be City requires us to pay four hundred thousand and still pay for state titles thirty-one thousand, total cash payment four hundred thirty-one thousand. Proposition which has approval involves cash payment to outside owners Van Ness avenue property three sixty-one thousand and two hundred eighty-one, add pay-

ment for state titles thirty-one thousand; total, three hundred ninety-two thousand two hundred eighty-one; thus City's proposal contemplates our paying thirty-eight thousand seven hundred nineteen more than authorized. I will recommend to our directors, and they will doubtless approve proposal number two, with understanding City will take up options we hold on state titles, City to pay the thirty-one thousand for those options, thus giving them title in fee to our two pieces of property marked on map in green in addition to the fee title. Either that or would accept City's proposal number two, but instead of paying four hundred thousand and would pay three hundred sixty-nine thousand. This sum plus thirty-one thousand with which we will acquire state titles on behalf of City makes the four hundred thousand suggested. You will observe that at five per cent this will still give City something over eighteen thousand yearly rental on the three Mission Bay blocks if they simply conserve the money. Add to the four hundred thousand four hundred and eighteen thousand nine ninety-six the value of the S. P. Company's property foot of Van Ness avenue, makes total four eighteen thousand nine ninety-six, the value for which both properties were appraised by Board of Appraisers.

WILLIAM SPROULE.

His Honor the Mayor called a second meeting on Tuesday, February 13, 1917, for the purpose of considering reply of Mr. Sproule. Present at this meeting were his Honor the Mayor, Supervisors Hayden, Power, Wolfe, Hilmer and Walsh; also, Assistant City Attorney George Lull, Mr. J. E. B. Leavitt, representing Mr. Sproule, President of the Southern Pacific Company, and Mr. Hugh Webster, also representing the Southern Pacific Company, in the capacity of appraiser.

After mature consideration, your Committee now reports as follows:

The appraised value of the South Beach blocks was found, upon the report of the Arbitration Board, to be the sum of \$818,768.75, and the appraised value of the properties vested in the Southern Pacific Company in fee simple to be \$457,695.45, showing a difference in value of \$361,073.30, in favor of the City.

Said sum, Mr. Sproule increased in his telegram, as an offer, to \$369,000; asking us to assume the \$31,000 payment to be made in addition to the \$369,000, for certain reversionary titles to obtain full titles in fee simple which were necessary to perfect title.

After considerable discussion, the Joint Committee decided to ask the

Southern Pacific Company to deed to the City its holdings at the foot of Van Ness avenue, in Black Point Cove, in fee simple title, and fully unincumbered; and in addition thereto pay the City the sum of \$392,073.30 in exchange and payment for our South Beach blocks. This figure, viz., \$392,073.30 is the exact difference in cash value between the appraised values of the lands exchanged between the City and the Southern Pacific Company.

In keeping with the above agreement, your Committee hereby recommends the adoption of the attached resolution.

Respectfully submitted,
JAMES E. POWER,
J. EMMET HAYDEN,
FRED L. HILMER,
ANDREW J. GALLAGHER,
EDWARD I. WOLFE,
J. O. WALSH,

Joint Committee.

I feel that we would have done better by insisting on outright purchase; but under all the circumstances, it seems best to conclude the matter along these lines, especially in view of the prospective improvements at Channel street.

ANDREW J. GALLAGHER.

Communication of Wm. Sproule, President of the Southern Pacific Company.

Thereupon, His Honor the Mayor presented the following, which was read by the Clerk:

San Francisco, February 2, 1917.

Hon. James Rolph, Jr., Mayor of San Francisco, San Francisco, California:
My Dear Sir:

Referring to the information that you have so graciously given me that the subject of the proposed trade between the city and Southern Pacific for the purpose of exchanging lots in the North Beach District for lots in the Mission Bay District, is in the hands of the Board of Supervisors, in conjunction with yourself, and your question as to whether the company would buy the three lots in the Mission Bay District, leaving the other lots in question at the foot of Van Ness avenue out of the negotiation:

I desire to say that having considered this question we have about come to the conclusion that this is likely to be deemed a breach of faith on our part. In the proceedings we have been responsive to the wishes of the people. It was they who initiated the project of recreation ground and aquatic park in the quiet waters of the cove east of Black Point and at the foot of Van Ness avenue and adjacent streets. They have urged this on the ground of public health and need of this public facility. The company went into the trade with the desire to meet the views of the people if we could ex-

change these properties for others we could use on fair terms. It was pursuant to this that appraisers were appointed and their judgment rendered. We would not do anything that would cause the people to feel that we had abandoned them in their aims and pursued our own advantage upon their pretext.

Of course I am not in position to judge how yourself and the other city administrators feel about it. You are undoubtedly as zealous of your good faith in it as is this company, but it appeals to my judgment at this time that if we bought the lots and did not make the trade, the great number of citizens interested in the North Beach project and development would have ground for the claim that they had been used and outwitted.

The good will of this community I prize as a citizen and the company values. Hence I most respectfully submit these suggestions for such consideration as you may deem them to be worth, adding only that while the North Beach properties cost us very much more than they have been appraised for, we are willing to abide by the appraisers' decision in making the trade.

Very truly yours,
WM. SPROULE.

Privilege of the Floor.

Dr. A. J. Maguire, representing property owners on Van Ness avenue, declared that he did not want to put himself in opposition to any project that would mean an investment of San Francisco of \$10,000,000. However, he said, this exchange should not be hurriedly gone into. There are serious questions as to whether or not the Southern Pacific Company has a clear title to the land in Black Point Cove. If the deal should be consummated the property at Black Point Cove should not be dedicated to park purposes, as the future development of the city would require it for the much more important purpose of a ferry terminal.

Daniel O'Connell opposed the exchange of property of the city appraised at \$1,200,000 for the Southern Pacific property valued at \$400,000 or a little more. What guarantee, he asked, have you that the Southern Pacific will spend \$10,000,000 in the construction of a Bush terminal, or that they will spend any sum if this exchange is carried out?

H. Warfield opposed the proposed exchange of lands.

Dr. Jos. Leonard, property owner on Van Ness avenue, also opposed the proposed exchange.

Dr. C. D. Salfeld opposed the exchange of land on the ground that the land received by the city in exchange has a less income value. He subse-

quently withdrew his objection in consideration of Mayor Rolph's explanation that such was not the fact.

Adopted.

Whereupon the following resolution was presented by Supervisor Hayden and *adopted* by the following vote:

City Attorney to Enter Into Agreement With Southern Pacific Company for Exchange of Lands.

Whereupon, the following resolution was presented by Supervisor Hayden and *adopted*:

Resolution No. 13957 (New Series), as follows:

Resolved, That the City Attorney be and he is hereby authorized and directed, in keeping with the agreement noted in the report of the joint committee on exchange of city's South Beach Blocks Nos. 53, 54 and 381, and the Southern Pacific lands at the foot of Van Ness avenue, to enter into the proper and necessary agreement with the Southern Pacific Company, and prepare the necessary resolutions or ordinances to bring about the consummation of this exchange of lands.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Wolfe—13.

No—Supervisor Nolan—1.

Wohlke from the assessment issued for the improvement of McAllister street, between Parker avenue and the offset line of McAllister street westerly from North Stanyan street, including the portions of McAllister street opposite the termination of North Stanyan street and the westerly one-half of Parker avenue opposite the termination of McAllister street.

Privilege of the Floor.

Helen M. Kaufman, attorney representing Samantha A. Wohlke, was granted the privilege of the floor and renewed her objections to the assessment.

Andrew Donovan, representing the Board of Public Works, declared that all the proceedings had were in accordance with law and that the work should be allowed to proceed.

Adopted.

Whereupon, the following resolution was presented by Supervisor Suhr and *adopted* by the following vote:

Appeal Denied.

Supervisor Suhr presented:

Resolution No. 13956 (New Series), as follows:

Resolved, That the appeal of Samantha A. Wohlke from the assessment issued by the Board of Public Works on December 20, 1916, for the improvement of McAllister street, between Parker avenue and the offset line of McAllister street westerly from North Stanyan street, including the portions of McAllister street opposite the termination of North Stanyan street, and the westerly one-half of Parker avenue opposite the termination of McAllister street, be denied and the assessment confirmed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Gallagher, Kortick, Welch—4.

Adopted.

The following resolution was presented by Supervisor Power and *adopted*:

John W. Rogers Appointed Acting Clerk.

Supervisor Power presented:

Resolution No. 13955 (New Series), as follows:

Resolved, That John W. Rogers be and is hereby designated and appointed Acting Clerk of the Board of Supervisors during the absence of the Clerk at Washington, D. C.

Transfer Agreement, Fillmore and Union Streets.

W. A. Corey, representing merchants and property owners in Golden Gate Valley, was granted the privilege of the floor, and addressed the Board. He called attention to the loss the people of Golden Gate Valley were under since the transfer arrangement between the United Railroads and the Union Street Railroad was annulled. The people in that section, he said, now have to pay two car fares to get down town. The consequence is that people who work outside of the district are moving away and a large number of houses and flats are vacant. He was of the opinion personally that the claim of the United Railroads to a division of the fare on a 60-40 basis was equitable, since the United Railroads had the long end of

the haul. However you arrange it, he said, we want the service restored as it was before the city took over the Union street line.

Fred L. Hanson and Mr. Hubbell, representing merchants and property owners, also urged the restoration of the transfer arrangement heretofore enjoyed.

Motion.

Supervisor Wolfe moved that Clerk communicate with the District Attorney, requesting him to make a test case and prosecute it as expeditiously as possible in order to determine validity of the ordinance.

Amendment.

Supervisor Power moved that the Public Utilities Committee, pending the litigation to test the validity of the ordinance, enter into negotiations with the United Railroads for exchange of transfers at Fillmore and Union streets on a 60-40 basis.

Supervisor Wolfe moved for a segregation of the amendment of Supervisor Power.

So ordered.

Whereupon the question being taken on the question providing for a test of the validity of the ordinance, the roll was called and the motion *carried* by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Gallagher, Kortick, Welch—4.

Thereupon, the latter part of the motion requesting the Public Utilities Committee to negotiate on a 60-40 basis was taken up.

Amendment.

Supervisor McLeran moved as an amendment that the Clerk of the Board be directed to communicate with the United Railroads requesting them to restore transfer arrangement as in the past, pending the decision of the court.

Motion carried.

Whereupon, Supervisor Mulvihill moved as an amendment that the entire subject matter be taken up for consideration and that officials of the United Railroads and city officials be notified to attend the next meeting of the Public Utilities Committee for that purpose and report at the next meeting of the Board.

Motion *carried* by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Board of Public Works for the reason that the work is now practically completed. The ground in this district is saturated which delayed the construction of the sewer and the examination.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Gallagher, Kortick, Welch—4.

Also, Resolution No. 13978 (New Series), as follows:

Resolved, That S. F. Johnson and J. H. Franks are hereby granted an extension of ninety days' time from March 5, 1917, within which to complete contract for grading to official line and grade Twenty-eighth avenue, between Cabrillo and Fulton streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractors have been constantly at work and have completed about 70 per cent of the grading, and the remainder of the work will require in excess of 30 days at the present rate of progress.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Gallagher, Kortick, Welch—4.

Report of Public Utilities Committee.

The following report was presented, read, and *adopted*:

San Francisco, Feb. 19, 1917.

Board of Supervisors,
Gentlemen:

Your Committee on Public Utilities, to whom was referred the resolution introduced by Supervisor Power, relating to the Street Railroad Problem, has had the same under consideration, and respectfully begs leave to report as follows:

The Committee has been considering for some time the question of the City acquiring the properties owned by the United Railroads, and by reason of the said resolution will give the matter further and more earnest thought. The problem is a serious one, and the Committee will welcome any fair suggestions looking to its settlement or compromise on terms fair to the City and to the railroad, whether emanating from the United Railroads, commercial or civic organizations or any citizen.

We therefore recommend that the whole subject matter be left in the hands of our Committee subject to the further orders of the whole Board of Supervisors.

Respectfully submitted,
EDW. I. WOLFE, Chairman.

C. J. DEASY,

JOSEPH MULVIHILL,

ANDREW J. GALLAGHER,
Public Utilities Committee.

Care of Tubercular Patients.

The following matter was presented and read by the Clerk:

San Francisco, Cal.,

February 15th, 1917.

Honorable Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen:

A situation has arisen in this city which is of such grave importance to the public health that I deem it my duty to ask that it be given early and careful consideration by the proper committees of your Board, and that steps be taken at the earliest possible moment in accordance with your conclusions.

I refer to the fact that the City's Tuberculosis Hospital, although overcrowded to a most unfortunate extent, is still unable to accommodate a number of patients suffering from tuberculosis who should and must be given immediate shelter and hospital care by the City. I am informed, and upon investigation find, that the health authorities are in possession of a list of tuberculosis patients, all of whom should be cared for by the City, and of whom some twenty are an immediate menace to the public health. Persons interested in preventing the spread of tuberculosis

are taking such steps as they can to care for these patients. A number are supplied from day to day with money sufficient to procure lodgings. Lodgings of the cheapest character are obtained, which means that these patients are in contact with a large number of other persons daily spreading the disease in every direction. It is not only pitiable that these patients suffer as they undoubtedly do, but as they go about they are spreading the disease.

I came in contact with this situation personally last night when my attention was called to a patient in a dying condition who was a resident at 3081½ Twenty-fourth street. He had applied for admittance to the Tuberculosis Hospital, but because of its crowded condition could not be taken in, and although I was able fortunately to assist him in his extremity, there are many other similar cases in which the city should immediately undertake relief.

I am informed by Dr. R. G. Brodick, Superintendent, that for a small sum of money alterations can be made at the Tuberculosis Hospital which will make it possible to house twenty more patients. Their housing would of course involve subsistence, and it is estimated that \$4,000 will meet the entire situation to the end of the fiscal year.

I therefore respectfully recommend the immediate consideration by your committees of both the problems of health and finance involved in this situation, and sincerely hope that the unfortunates whose condition has prompted the writing of this letter may be taken care of at the earliest possible moment.

Yours very truly,

JAMES ROLPH, Mayor.

Report of Finance Committee.

Thereupon, the following report was presented by Supervisor Power, read, and *adopted*:

San Francisco, Feb. 19, 1917.

Board of Supervisors.
Gentlemen:

Your Finance Committee begs leave to report in the matter of the overcrowded condition of the Tubercular Hospital as follows:

Several weeks ago Miss E. L. M. Tate, Director, Tuberculosis Bureau, State Board of Health, and Miss Catherine C. Felton, Secretary of the Associated Charities, discussed with the Finance Committee the overcrowded condition of the Tubercular Hospital and the imperative necessity of making some provision for the proper care of patients suffering from tuberculosis who needed immediate attention and who were unable to secure admission to the Tubercular Hospital on account of the limited accommodations.

At last Friday's meeting Dr. R. G. Brodrick, Superintendent of the San Francisco Hospital; Dr. W. R. P. Clark, Director, Tubercular Bureau, San Francisco Board of Health; and Miss Catherine C. Felton, appeared before the Committee and urged that some action be taken to relieve the situation. Dr. Brodrick stated that if he was allowed to spend \$4,000 he could make alterations at the Tuberculosis Hospital which would enable him to take care of twenty more patients and that this amount would include maintenance and subsistence for the balance of this fiscal year. On account of the importance and urgency of the matter the Finance Committee authorized Dr. Brodrick to proceed immediately to make provision for twenty additional beds for tubercular patients, with the understanding that every effort would be put forth to take care of this \$4,000 in the \$30,000 deficit which is anticipated in the funds of the Board of Health for this fiscal year and which the Board of Supervisors recently agreed to take care of. It is understood, however, that provision will be made for this \$4,000 in addition to the anticipated deficit of \$30,000 between now and the end of the fiscal year, if necessary.

Respectfully submitted,
JAMES E. POWER,
E. L. NOLAN,
ANDREW J. GALLAGHER,
Finance Committee.

Report of Supplies Committee on Repairs to Supervisors' Marmon Car.

The following matters, laid over from last meeting, were taken up:
San Francisco, Feb. 13, 1917.

Board of Supervisors,

Gentlemen:

Your Supplies Committee begs to report the following transactions of its last regular meeting, viz.:

1. Requisitions from various departments for non-contract supplies. Approved as per copies on file, which are, by this reference, made a part hereof.

2. District Attorney renews request for typewriter; exchange \$51. Having been previously approved, same was forwarded to Finance Committee.

3. Board of Public Works requests sale at public auction of material at pipe yard, Sixth and Hubbell streets, as follows:

(a) About 45 tons class A bell and spigot cast iron pipe.

(b) About 100 tons scrap steel rails, etc.

The proceeds from sale of pipe to be credited to Fire Protection Bond Funds of 1908; the proceeds from the sale of steel rails to be credited to

Municipal Railway Construction Bond Funds of 1913.

Action:

(a) Supervisor Gallagher voted in favor of selling same; Supervisors Walsh and Deasy contra. Thereafter it was directed that the report in favor of selling same be circulated among the committeemen for their signatures.

(b) Sale of scrap approved.

4. Supervisors' Marmon car; repair bills: Schnerr \$1.50; M. & S. \$75.94 for master gear and axle. Approved, except an item of \$30 for master gear.

5. Fire Department requests sale of junk. Resolution to that effect to be introduced when amplified inventory is received.

6. Juvenile Detention Home requests 3,000 folders. Approved from own funds, if any.

7. Mayor's Pierce Arrow car requires a general overhauling and repainting. The Board having set aside the sum of \$750 for said purpose, your Committee directed that bids be invited for the work.

9. Tax Collector's request for a set of codes was laid over for lack of funds.

10. Sheriff's request for typewriter was laid over pending further investigation.

11. Sheriff's request for approval of his purchase of a second-hand camera (heretofore denied) was revived on motion; and lost by the following vote:

Ayes—Mulvihill, Deasy.

Noes—Gallagher, Walsh.

Notice of reconsideration was given by Supervisor Mulvihill.

Respectfully submitted,
ANDREW J. GALLAGHER,
JOSEPH MULVIHILL,
C. J. DEASY.

Supplies Committee.

Statement of Supervisor Gallagher to Accompany Supplies Committee Report of February 13, 1917.

Board of Supervisors:

Your Supplies Committee, having under consideration the repair bills for the Supervisors' Marmon car, held by a majority vote that same was a proper charge against the City Treasury. From these findings I beg to dissent.

As Chairman of the Supplies Committee I personally conducted the negotiations for the purchase of said car, and your Board by Resolution No. 13113 (New Series), adopted July

10, 1916, authorized the same; and you incorporated in said resolution that a "warranty" be exacted from the vendor, Frank E. Carroll.

The wish of your Board was carried out, and the warranty reads as follows, viz.:

"The vendor hereby agrees to supply and install without cost to the City and County of San Francisco for either labor, material or otherwise, new sound parts for any that may be or become defective on said Marmon car within one year from the date of delivery thereof, the Supplies Committee of the Board of Supervisors to be the sole judges as to the defective condition of such parts, and the decision of said Committee to be final, conclusive and binding upon the undersigned vendor.

"(Signed) F. E. CARROLL."

In my opinion, based upon firsthand knowledge as well as the advice of experienced mechanics, the repair bills are a proper charge against said F. E. Carroll, under the unequivocal terms of the warranty.

Any member of your Board may inspect some of said parts that have become defective, as they are in the Clerk's office; particularly the batteries and the master gear.

The City paid a good price and the consideration was not alone the car, but included free repairs for one year. Such was the understanding; such is the clearly expressed language of the warranty, which was originally drafted in the City Attorney's office.

I ask the support of your Board in my earnest efforts to protect the City's interests—the City's rights—by directing the City Attorney to take the necessary steps to enforce said warranty.

Respectfully submitted,

ANDREW J. GALLAGHER,
Chairman, Supplies Committee.

Privilege of the Floor.

A. E. Morrison, expert representing agents for Marmon car, was granted the privilege of the floor and addressed the Board. He examined the master gear of the Supervisors' car and declared that the teeth had been stripped by some part breaking and falling in the gear—the breaking of one of the teeth of the gear would probably cause it, but there is nothing to show that the gear itself was defective.

Frank Carroll, who sold the car to the City, disclaimed liability for the damage to the car unless it was due to defective parts. He declared that it was not true that he was lobbying among the members in support of his contention.

Referred.

Whereupon, the subject matter, on motion of Supervisor Walsh, was or-

dered *recommitted to the Supplies Committee* by the following vote:

Ayes—Supervisors Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, Nelson, Power, Walsh, Wolfe—10.

City Attorney to Compromise Litigation, Castro vs. City and County.

Supervisor Power presented:

Resolution No. 14002 (New Series), as follows:

Whereas, in an action commenced and pending in the City and County of San Francisco, wherein Robert Castro, a minor, etc., is plaintiff and the City and County of San Francisco is defendant (said action being designated in the records of the Superior Court as Action No. 72396), judgment has been entered against the City and County of San Francisco after trial and verdict by a jury in said action for the sum of \$7500; and

Whereas, the City Attorney has by written opinion addressed to the Board of Supervisors recommended the settlement of said litigation for the sum of five thousand (\$5000) dollars net; and

Whereas, it appears from said communication of the City Attorney that it would be for the best interests of the City so to do; now, therefore, be it

Resolved, That the City Attorney be and he is hereby directed to settle said litigation for the sum of \$5000 net and to draw the necessary papers for a satisfaction of said judgment.

The rights granted under this resolution shall be exercised within six months, otherwise said permits become null and void.

Action Deferred.

The following bills were presented by Supervisor Lahaney and on motion *laid over one week*, copies to be sent to the members:

Sale of Second-hand School Books.

Bill No. —, Ordinance No. — (New Series), entitled, "Prohibiting dealers in second-hand books from purchasing second-hand text books, except upon a written statement from the principal or administrative officer of the school where the text books are in current use, that the party offering the book or books for sale has a lawful right to sell them."

List of Second-hand School Books.

Bill No. —, Ordinance No. — (New Series), entitled, "Requiring dealers in second-hand books to obtain a list of all public school text books in use in any public school during the fiscal year, and to keep said list conspicuously posted in their places of business, for the inspection of police officers and others interested in the sale and purchase of such books."

Wild Animal Show Permit.

Supervisor Lahaney presented:

Resolution No. 14003 (New Series), as follows:

Resolved, That Al. G. Barnes' Wild Animal Show is hereby granted permission to hold exhibitions at Eighth and Market streets April 7, 8, 9 and 10, 1917, upon payment of the license fees required by the provisions of Section 26, Ordinance No. 3361 (New Series).

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Extension of Time.

Supervisor Wolfe presented:

Resolution No. 14004 (New Series), as follows:

Resolved, That F. Rolandi be granted an extension of ninety days' time from March 11, 1917, within which to complete contract for work under Contract No. 7, Hetch Hetchy Water Supply for the construction of the Hetch Hetchy Railroad.

This extension of time is granted upon the recommendation of the Board of Public Works and for the reason that the contractor has been delayed by unavoidable causes—inclemency of the weather and slow delivery of material. Advertising fees are remitted.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 4426, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors February 9, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said

City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Eastman street* between *Green street* and the *southerly line of Russell street* produced, where not already improved, by the construction of concrete curbs and an asphalt pavement consisting of a 6-inch concrete foundation and a 2½-inch asphalt wearing surface upon the roadway thereof.

Establishing Grades.

Also, Bill No. 4427, Ordinance No. — (New Series), entitled, "Establishing grades on Orient street between Twenty-third street and a line parallel with and 390 feet northerly therefrom."

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 14005 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 51037 (Second Series) of the Board of Public Works adopted February 9, 1917, and written recommendation of said Board, filed February 10, 1917, to-wit:

On Thirty-seventh avenue between lines parallel with Anza street and 275 feet and 333 feet southerly therefrom.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grads is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14006 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No.

50989 (Second Series) of the Board of Public Works adopted February 7, 1917, and written recommendation of said Board, filed February 8, 1917, to-wit:

On Foerster street between the easterly line of, and a line parallel with and 15 feet westerly therefrom extending from the southerly line of Melrose avenue to a line parallel with and 14.50 feet southerly from the northerly line of Mangels avenue.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14007 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 51036 (Second Series) of the Board of Public Works adopted February 9, 1917, and written recommendation of said Board, filed February 10, 1917, to-wit:

On Lakeview avenue between the westerly line of Jules avenue produced and Orizaba avenue and on Orizaba avenue between the southerly line of Garfield street produced and the southerly line of Lakeview avenue produced.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14008 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 50988 (Second Series) of the Board of Public Works adopted February 7, 1917, and written recommendation of said Board, filed February 8, 1917, to-wit:

Texas Street.

574.50 feet southerly from Twentieth street, at 70 feet. (The same being the present official grade.)

Westerly line of, 624.50 feet southerly from Twentieth street, at 70 feet. (The same being the present official grade.)

Easterly line of, 624.50 feet southerly from Twentieth street, at 68.9 feet.

Easterly line of, 716 feet southerly from Twentieth street, 62.6 feet. (The same being the present official grade.)

On Texas street between a line parallel with and 574.50 feet southerly from Twentieth street and a line connecting points 624.50 feet on the westerly line and 716 feet on the easterly line southerly from Twentieth street, be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14009 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 50987 (Second Series) of the Board of Public Works adopted February 7, 1917, and written recommendation of said Board, filed February 8, 1917, to-wit:

On Missouri street between Twentieth and Twenty-second streets.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, La-

haney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Extension of Time.

Supervisor Suhr presented:

Resolution No. 14010 (New Series), as follows:

Resolved, That Peter McHugh is hereby granted an extension of ninety days' time from February 26, 1917, within which to complete contract for grading, curbing and paving of Church street between Eighteenth and Nineteenth streets, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the street has been graded and the curbs and concrete base constructed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14011 (New Series), as follows:

Resolved, That A. E. Buckman is hereby granted an extension of forty-five days from February 26, 1917, within which to complete contract for the grading and paving of Twenty-ninth avenue between Balboa and Cabrillo streets, and the crossing of Twenty-ninth avenue and Cabrillo street, under public contract.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the City Engineer reported that a small amount of grading has been done. In view of the small amount of work to be done and the low prices which were bid by petitioner, it is extremely doubtful that any advantage would accrue by terminating this contract and re-letting it. I have ascertained that petitioner intends to do the work, and is making arrangements for the hauling of material contingent upon the allowing of additional time.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14012 (New Series), as follows:

Resolved, That Flinn & Treacy are hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days from March 22, 1917, within which to complete contract for

the improvement of Farallones street between Plymouth avenue and San Jose avenue under public contract.

This *second* extension of time is granted for the reason that the work is well under way; a portion of this block was in extremely hard rock and the work has been necessarily slow.

Fifteen days from February 2, 1917, within which to complete contract for the improvement of Clarendon avenue and Burnett avenue between Clayton street and St. Germain avenue.

This *third* extension of time is granted for the reason that the work is practically completed, the contractor being engaged in trimming up.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14013 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Ninety days' time from March 5, 1917, within which to complete contract for the improvement of Balboa street between Thirtieth and Thirty-third avenues, including the intervening crossings, under public contract.

This *second* extension of time is granted for the reason that one block has been curbed and paved, and the petitioner is at work grading the remainder of the street.

Ninety days' time from February 25, 1917, within which to complete contract for the improvement of Thirty-fourth avenue between Balboa and Fulton streets, including the crossing of Cabrillo street, under public contract.

This *first* extension of time is granted for the reason that the work is 50% completed, and is progressing rapidly.

Ninety days' time from March 14, 1917, within which to complete contract for the improvement of York street between Precita avenue and Peralta avenue, under public contract.

This *first* extension of time is granted for the reason that the work is completed with the exception of the vitrified brick pavement; there has been considerable delay in obtaining brick by contractor.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Also, Resolution No. 14014 (New Series), as follows:

Resolved, That Blanchard-Brown Company is hereby granted an extension of sixty days' time from and after March 7, 1917, within which to complete contract for grading, sewerage and paving Phelan avenue between Ocean and Judson avenues, and intersection of Judson avenue, under public contract.

This *first* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the work is well under way, and the greater portion of the grading has been completed and the sewer constructed.

Owing to the nature of the material being handled should heavy rains occur while the work is in progress, it will necessarily be delayed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

The following matters were *passed for printing*:

Sidewalk Alterations.

On motion of Supervisor Suhr:

Resolution No. — (New Series), as follows:

Resolved, That Willis Polk & Company is hereby granted permission to make certain alterations in the curb and sidewalk at the northwesterly corner of Larch street and Van Ness avenue; provided such alterations are made under the supervision and direction of the Board of Public Works, and in accordance with details to be furnished by the City Engineer.

Fixing March 19, 1917, for Hearing Appeal Against Assessment for Improvement of Nineteenth Avenue.

Supervisor Suhr presented:

Resolution No. 14015 (New Series), as follows:

Resolved, That Monday, March 19, 1917, at 3:30 p. m., in the Chambers of the Board of Supervisors be fixed as the time for hearing the appeal of property owners from the assessment issued by the Board of Public Works for the improvement of Nineteenth avenue from Wawona street to Sloat boulevard.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Power, Welch—4.

Spur Track Permits.

On motion of Supervisor Suhr:

Bill No. 4428, Ordinance No. — (New Series), Amending Section 1 of Ordinance No. 152 (New Series), entitled, "Granting permission to the Southern Pacific Railroad Company, during the pleasure of the Board of Supervisors, to construct, lay down, maintain and operate spur tracks along, over and across certain public streets of the City and County of San Francisco, State of California."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 152 (New Series) is hereby amended to read as follows:

Section 1. Permission, during the pleasure of the Board of Supervisors, is hereby granted to the Southern Pacific Railroad Company to construct, lay down, maintain and operate spur tracks along, over and across certain public streets of the City and County of San Francisco, State of California, as follows, to-wit:

Commencing on existing track of the Southern Pacific Railroad Company on Townsend street, at a point about 200 feet southwesterly from the southwesterly line of Fourth street; thence running northeasterly and northerly by a curve along Townsend street and across Fourth street on to private property in Block 368; thence through private property in Block 368 to the southwesterly line of Crooks street; thence crossing Crooks street and Lusk alley and entering private property and continuing thereon northeasterly to and across Rich street to reach private property owned by the Southern Pacific Railroad Company between Third street and Rich street; also

Commencing on said spur track first above described at a point in private property between Crooks street and Fourth street, and thence running southwesterly on private property to and across Fourth street to Bluxome street; thence continuing southwesterly on and along Bluxome street to and across Fifth street and to and across Sixth street; thence continuing across private property and the following streets to Seventh street, viz.: across Harriet street, Geneva street, Brannan place and Gilbert street.

Provided, that in the construction, maintenance and operation of said track the Southern Pacific Railroad Company shall act in strict accordance with the provisions of Ordinance No. 69, approved October 12, 1906; also

Provided, further, that the railway operating any spur track on any public

street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which said spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connection with the operating railway; such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms and corporations, and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the spur track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land; also

Provided, further, that on that portion of said spur track authorized to be constructed, laid down, maintained and operated along Bluxome street, no car or cars shall be switched or moved during the hours between 6 o'clock a. m. and 6 o'clock p. m., except that cars may be switched to and from the spur track granted to the John Bollman Company by Ordinance No. 3152 (New Series) between the hours of 8 a. m. and 10 a. m., 12 m. and 2 p. m., provided a flagman shall be stationed by the John Bollman Company at Fourth and Bluxome streets during the hours above set forth.

Provided, that cars may be switched to and from the spur track granted to Roger Johnson, Timothy Hopkins and Van Arsdale-Harris Lumber Company by Ordinance No. 2011 (New Series) to serve the property of the Sperry warehouses, situate on the north side of Bluxome street between Fourth street and Fifth street, between the hours of 12 m. and 2 p. m., provided a flagman shall be stationed by the Sperry warehouses during the hours above set forth.

Provided, that no cars shall be allowed to stand on Bluxome street between Fifth and Sixth streets between the hours of 6 o'clock a. m. and 6 o'clock p. m.

Section 2. This ordinance shall take effect and be in force from and after its passage.

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Wolfe—12.

Noes—Supervisors Gallagher, Lahaney, Walsh—3.

Absent—Supervisors Brandon, Korkick, Welch—3.

Also, Bill No. 4429, Ordinance No. — (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Protestant Episcopal Bishop of California, a corporation sole, M. S. Eisner and M. Fisher Company, their successors and assigns, to lay down, construct, maintain and operate a spur track in Second street as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company in Second street, distant 35 feet westerly from the westerly line of Bryant street; thence westerly on a curve to the right 125 feet to the point of a reverse curve; thence westerly on a curve to the left 125 feet to a point that is approximately 23 feet at right angles southerly from the northerly line of said Second street; thence westerly and parallel to said line of Second street, and crossing Harrison street to a point that is 192.5 feet westerly from the westerly line of Harrison street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Protestant Episcopal Bishop of California, a corporation sole, by Wm. F. Nichols, M. S. Eisner and M. Fisher Company, their successors and assigns, to lay down, construct, maintain and operate a spur track, as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company in Second street, distant 35 feet westerly from the westerly line of Bryant street; thence westerly on a curve to the right 125 feet to the point of a reverse curve; thence westerly on a curve to the left 125 feet to a point that is approximately 23 feet at right angles southerly from the northerly line of Second street; thence westerly and parallel to said line of Second street and crossing Harrison street to a point that is 192.5 feet westerly from the westerly line of Harrison street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which

has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, said spur track shall be laid to the satisfaction and under the supervision and inspection of the Board of Public Works and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation and inspection of said spur track, restoration of the pavement and any additional requirements for the surface drainage shall be paid to the Board of Public Works by Protestant Episcopal Bishop of California, M. S. Eisner and M. Fisher Company, their successors and assigns.

Provided, that no car shall be taken over said spur track between the hours of 7 a. m. and 6 p. m.

Provided, that no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Action Deferred.

The following resolution was presented by Supervisor Gallagher and *laid over one week* and made a Special Order of Business for 3 p. m.:

Mayor to Sell Auxilliary Water System Pipe.

Whereas, the Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors—

Gentlemen:

By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hubbell streets on space required for railway materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot castiron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds from the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

By (Signed) F. J. CHURCHILL,
Secretary.

therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Amendment of Traffic Ordinance.

Supervisor Nolan presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1857 (New Series), commonly known as the "Traffic Ordinance," by adding a new section thereto to be known as Section 63½, relating to automobile headlights on Market street from Seventh street to The Embarcadero.

That Ordinance No. 1857 (New Series), commonly known as the "Traffic Ordinance," is hereby amended by adding a new section thereto, to be known as Section 63½ and to read as follows:

Section 63½. All motor vehicles traversing Market street between Seventh street and The Embarcadero, popularly known as the "Path of Gold," shall have the front lights of said vehicle extinguished.

Section 2. This ordinance shall take effect immediately.

Referred to Streets Committee.

Adoption of Form of Demand for Department of Elections.

Resolution No. 14016 (New Series), as follows:

Resolved, That the form of demand adopted by the Department of Elections, known as Form 45, relating to demands for disbursements for street carfare by deputies, clerks or employees of said department, heretofore presented to the Board of Supervisors for approval, is hereby approved and prescribed as a form of demand for such purposes as aforesaid in the Department of Elections of the City and County of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Dedication of Shaft to Commemorate Broderick-Terry Due.

Supervisor Hayden, on behalf of the N. S. G. W., invited Mayor and Board of Supervisors to attend dedication of shaft or tablet at site on Lake Merced Rancho in commemoration of the

Broderick-Terry duel, said dedication to take place at site on February 22, 1917, at 2 p. m.

Flag Ordinance.

The following entitled bill was presented with the favorable recommendation of the Judiciary Committee by Supervisor Hayden and *re-referred to the Judiciary Committee*:

Bill No. —, Ordinance No. — (New Series), entitled, "Regulating the manner and places in which the 'Star Spangled Banner' may be played, sung or rendered, and prohibiting the desecration of the flag."

Bread Ordinance.

The following bill was presented by Supervisor Nelson and on motion of Supervisor Wolfe made a Special Order of Business for 3 p. m. next Monday:

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Section 1 of Ordinance No. 2698 (New Series), entitled, "Regulating the sale of bread, meat, coal, milk, cream, butter, ice, hay, straw, grain, mill feed and other commodities and merchandise requiring inspection by the Sealer of Weights and Measures, and providing a penalty for the violation thereof," relating to the standard loaf of bread.

Be it ordained by the People of the City and County of San Francisco as follows:

That Section 1 of Ordinance No. 2698 (New Series) is hereby amended to read as follows:

Bread.

Section 1. Every loaf of bread made, or procured for the purpose of sale, sold, offered for sale, or exposed for sale in the City and County of San Francisco, shall weigh not less than twelve (12) ounces avoirdupois, subject to a two-ounce tolerance (except as hereinafter provided), and such loaf shall be considered to be the standard loaf in the City and County of San Francisco. Bread may also be made or procured for the purpose of sale, sold, or offered or exposed for sale in double, triple, quadruple, quintuple or sextuple loaves, and in no other way.

Every maker, baker or manufacturer of bread, every proprietor of a bakery or bakeshop, and every seller of bread in the City and County of San Francisco shall keep scales and weights, suitable for the weighing of bread, in a conspicuous place in the bakery or bakeshop or store, and shall wherever requested by the buyer and in the buyer's presence, weigh the loaf or loaves of bread sold or offered for sale.

Section 2. This ordinance shall take effect immediately.

Street Skating.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That we believe that the dangerous practice of children skating on streets should be prohibited and the Police Department is requested to take notice; but as we also feel that this is an excellent exercise and should be encouraged when properly regulated, we request the Chief of Police to investigate and recommend a number of blocks on streets which may be closed for a few hours each afternoon against traffic to permit skating by children thereon.

Referred to Education, Parks and Playgrounds Committee.

Repeal of Ordinance Restricting Food Production.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That in view of the rising prices of the necessities of life, and of the desperate condition with which large and poor families are threatened, the Welfare Committee of this Board is requested to call a conference of Health and Police officials, experts and citizens, looking to the repeal of all regulations which prohibit or restrict the raising or producing the articles of food in this City and County.

Referred to Public Welfare Committee.

Assessor to Assess at Full Market Value Food Stuffs in Storage.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Whereas, The cold storage and other warehouses of the City are reported to be crowded with great quantities of onions, potatoes, beans and other foodstuffs, and are held by the owners to force the highest possible price from the consumers, now therefore, be it

Resolved, That the Assessor is hereby requested to put his entire force upon the work of assessing the contents of all warehouses in San Francisco, and to place the present market price upon said commodities as being their full cash value, and be it

Further Resolved, That the Assessor keep a record of the market price of such commodities. on the first Monday in March of this year, for the information of the Board of Equalization.

Privilege of the Floor.

W. R. Larzalere, president of the State Association of Potato Dealers, was granted the privilege of the floor. He declared that he came to the Board today primarily for the purpose of correcting a false impression that was being made on the

public to the effect that cold storage plants are filled with foodstuffs which are being held for exorbitant increases in prices. "These false statements that are going out to the public, if true, would justify extreme measures on the part of our people, but they are not true and only serve to incite riot and disorder and give countenance to the wild statements of agitators of the I. W. W. type. If this goes uncontradicted we fear that some misguided persons will set fire to one of the warehouses and instead of improving conditions make them decidedly worse." As to Supervisor Nolan's resolution, he said: "I did not know that it was coming up and did not come here particularly to speak against it; but having heard it read, I want to tell the Board that the figures quoted as to the quantity of food in warehouses and cold storage plants are absolutely wrong. In San Francisco there are in the warehouses 60,000 sacks of potatoes and 20,000 sacks of onions; outside of the warehouses there are about 10,000 sacks of potatoes. In Stockton there are about 60,000 sacks of potatoes in the regular warehouses and 10,000 sacks in the ice houses, and all of this is required for seed for next year's crop and for future deliveries on contracts—some of it for the United States government. These figures are approximately correct and I am willing to be sworn as to that. There are only 150,000 sacks of potatoes in the State of California and 200,000 sacks are required for seed alone. Supervisor Nolan is misinformed when he says that there are 300,000 sacks of potatoes in one warehouse. This error was most likely made in the addition by placing a cipher after the correct figure, which is nearer 30,000 sacks."

J. J. Flynn, superintendent of the National Ice & Cold Storage Company, corroborated the figures of Mr. Larzalere and declared in addition that the production this year is 50 per cent less than in 1915. In view of the enormous present demand and the shortage of the crop, prices have naturally advanced.

Motion.

Thereupon, Supervisor Power moved that the foregoing resolution be referred to the Public Welfare Committee with instructions to investigate the accuracy of the figures of Supervisor Nolan and report back at tomorrow's meeting.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Wolfe—11.

Noes—Supervisors Gallagher, Hynes, Nolan, Walsh—4.

Absent—Supervisors Brandon, Kortick, Welch—3.

Announcement.

Whereupon, Supervisor Mulvihill announced that the committee would start out on a tour of the warehouses for the purposes of the investigation at 9 a. m. and requested the other members of the committee to join him at that time.

Dust Proof Railroad Car Ordinance.

The following bill, laid over last week and made a Special Order of Business for 3 p. m. this day, was taken up:

Bill No. —, Prohibiting the receiving or the delivering of any kind by railroads and other common carriers, within a certain portion of the City and County, and prohibiting the receiving or delivering, within said portion of the City and County, of coal, lime, cement, brick, rock, sand or other substance wholly or partially pulverized or from which dust or fine particles may escape, except in containers.

Motion.

Supervisor Power moved that the Ocean Shore Railroad Company be requested to pave on each side of its tracks for one-half of street and at crossings forthwith; if it fail to comply that the Board of Works be directed to do the work and the City collect cost from the company.

Supervisor McLeran moved as an amendment that his Honor the Mayor send a communication to the Ocean Shore requesting it to repave Twelfth street, between Harrison and Mission streets, forthwith, and in the event that the company refuses or fails to do so that the Board go to the full extent of its power to annul franchise.

Supervisor Lahaney moved as an amendment to the amendment that provision also be made at the same time for the removal of the poles from the middle of the street to the edge of the sidewalks.

Referred to Mayor.

Whereupon, the entire subject matter was on motion of Supervisor Wolfe referred to the Mayor with the request that in conjunction with the City Attorney he draw up a communication to the Ocean Shore Company with a view to obtaining favorable action on the foregoing motions, also to determine as to the rights of the Ocean Shore Company in the matter of its poles on Twelfth street.

Motion carried.

ADJOURNMENT.

There being no further business, the Board, at 6:45 p. m., adjourned.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Fire Committee, by Supervisor Deasy, Chairman.

Public Buildings Committee, by Supervisor McLeran, Chairman.

Report of Supplies Committee on Potato Contract.

The Clerk read paragraph (7) of the following report:

San Francisco, February 26, 1917.
Board of Supervisors.

Gentlemen: Your Supplies Committee begs to report the following transactions of its last regular meeting:

1. Requisitions from various departments for non-contract supplies granted, as per copies on file.

2. Law Library, requests 12 old chairs no longer required by Superior Court (Judge Shortall). Granted.

3. Pathological Building, S. F. Hospital, requests \$116.81 from Hospital-Jail Completion Bonds for basins, justrite cans, kick plates, ladders, mats. Favorably recommended to Finance Committee.

4. S. F. Hospital, Commissary Dept., request \$225 from Hospital-Jail Completion Bond Funds for Burroughs Adding Machine. Favorably recommended to the Finance Committee.

5. S. F. Hospital, states "Soap Chips" under contract are not satisfactory and requests purchase from Royal Soap Co. Taken under investigation.

6. S. F. Hospital, requests authority to turn in tallow at 7c per pound and brown grease at 4½c per pound, and take credit on their soap bills for same. Granted.

7. Potato deliveries:

A hearing was granted to Scatena, who holds annual contract for *Rivers*, and to Garcia & Maggini, who hold annual contract for *Oregons*.

After full consideration of the matter a motion was made that *Oregons* be purchased until the total quantity of *Oregons* delivered during the term of the contract equals the total quantity of *Rivers* delivered to date, and, that thereafter the orders be divided equally between *Oregons* and *Rivers*; said motion was amended to read that all orders in the future be placed on a "50-50" basis. The amendment was lost by the following vote:

Aye—Gallagher—1.

Noes—Walsh, Deasy, Mulvihill—3.

Thereafter the original motion was carried by the following vote:

Ayes—Walsh, Deasy, Mulvihill—3.

No—Gallagher—1.

Supervisor Gallagher gave notice that he would file a minority report herewith.

8. Klink-Bean's printing requisition—As same was for use of various municipal departments your Committee approved it.

9. Supervisors Marmon repair bills. Action: As your Committee rose in order to attend the Board meeting, the segregation of items in said repair bills was laid over one week.

Respectfully submitted,

ANDREW J. GALLAGHER,

JOSEPH MULVIHILL,

J. O. WALSH,

P. J. DEASY,

Supplies Committee.

Minority Report of Supervisor Gallagher, to Accompany Supplies Committee's Report of Even Date.

Whereupon, the following report was presented and read:

Re Potato Deliveries.

San Francisco, February 26, 1917.

To the Honorable the Board of Supervisors.

Gentlemen: Briefly, my position is

that by the purchase of Rivers the City will save money.

Our annual consumption is 800,000 pounds, and the difference of 30 cents per 100 for that amounts to \$2400; as we have one-third of the fiscal year left the City would benefit in the sum of \$800.

Reference has been made to the waste in Rivers; that is undoubtedly true of the poor ones, which we have refused to accept, by the way. Our contract is for the "best" and the argument as to waste does not relate to them.

The statement was made that no good Rivers were obtainable, but upon personal investigation I find there is a visible supply of 1,600,000 pounds.

Our contract was made for the term commencing September 25, 1916, and ending June 30, 1917. We have purchased to date: Rivers, 243,104 pounds; Oregons, 87,922 pounds.

Deliveries of Rivers are in excess of Oregons—that occurred when the market was low. Now the market is high, and Oregon is told to "catch up"; I submit, that if it be the intention to apportion the loss "50-50" this method is faulty.

The City's interests, at all times paramount, dictate the wisdom of buying Rivers at \$1.60, instead of Oregons at \$1.90. In committee, I first tried for a whole loaf, then half a loaf, but without success.

And, going back a bit, you recall that the contracts now under discussion are pursuant to a readvertisement—the original bids were rejected. Arata & Peters had quoted Rivers at \$1.06; Oregons at \$1.24. They were let off—that cost the City \$4800; Supervisor Walsh and myself protesting, without avail!

I ask the Board's support to prevent additional loss.

Respectfully submitted,

ANDREW J. GALLAGHER,

Chairman Supplies Committee.

Communications.

Communications were presented and read by the Clerk from Gale Bros., Wolf & Sons, Jacobs, Malcolm & Burtt, Inc., F. M. Burnham Co. and Simoni & Pera, produce merchants, addressed to L. Scatena & Co., and to the general effect that "Rivers" are of inferior and "Oregons" are of superior quality at this season, and that it has been the custom in the past to supply Oregons to public institutions from January to June.

Referred to Supplies Committee.

Privilege of the Floor.

M. Campodonica, representing Scatena & Co., was granted the privilege of the floor and addressed the Board. He complained of the unfairness of requiring Scatena to furnish best quality "Rivers" at this season when

the price is exorbitant. As a matter of fact, he alleged, custom has sanctioned and the economy is served by the use of "Oregons" which, at this time, are of good quality and not wasteful.

Minority Report Defeated.

Whereupon, the question being taken on the minority report, the same was *defeated* by the following vote:

Ayes—Supervisors Gallagher, Hayden, Hocks, Hynes, Lahaney, Nolan—6.

Noes—Supervisors Deasy, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Wolfe—8.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Majority Report Adopted.

Thereupon, the question being taken on the majority report, the same was *adopted* by the following vote:

Ayes—Supervisors Deasy, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Walsh, Wolfe—12.

Noes—Supervisors Gallagher Nolan—2.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Report of Committee on State Laws and Legislation.

The following report was presented by Supervisor Wolfe, read, approved as to matters recommended, and copies ordered sent to city representatives in State Legislature:

San Francisco, February 26, 1917.

Board of Supervisors.

Gentlemen:

Your Committee on State Laws and Legislation, assigned to the duty of examining proposed legislative measures affecting the City and County, begs leave to report as follows:

We have examined a large number of bills that have been introduced into the Senate and Assembly. Among those examined we find the following to be beneficial to this City and recommend that they be given the endorsement of this Board, viz.:

S. B. 14 (Nealon), A. B. 44 (Ryan)

—Providing for the consolidation of San Francisco and San Mateo counties.

S. B. 433 and S. B. 800 (Burnett)

—These are the new hotel and tenement house laws drafted by the State Commission on Housing.

S. B. 108 (Johnson)—Providing for joint highway districts intended to facilitate the construction of the so-called "Skyline Boulevard".

S. B. 647 (Johnson)—Intending to facilitate the construction of the Dumbarton bridge.

S. B. 654 (Flaherty) and A. B. 285 (Ryan)—Providing for semi-monthly payment for the per diem employees of the State and City.

S. B. 306 (Breed)—Providing that Recorders may use the photographic system for recording documents.

S. B. 58 (Scott)—Providing for the payment of claims for street work when declared invalid through no fault of the contractor.

S. B. 1091 (McDonald)—Amending the law relating to widows' pensions. The following bills we do not believe to be for the best interests of the City:

A. B. 1013 and S. B. 853—Prevents cities and counties from increasing expenses more than 5 per cent over previous year without consent of State authorities.

S. B. 1110 and 458—Provides for an unlimited number of horticultural inspectors at the expense of the county.

S. B. 753—Provides for a Commissioner of the Superior Court to take charge of all Juvenile Court matters.

S. B. 600, S. B. 625 and A. B. 811—Provides salaries for court reporters payable out of the general fund.

S. B. 985—Providing for attorneys in divorce actions to be paid by county.

S. B. 624—Provides that Jury fees shall be a charge against the county.

A. B. 1238—Allows a charge of seven per cent of moneys received from State for orphans and widows' pension as compensation of Auditor. This is not requested nor required by the Auditor of San Francisco.

A. B. 137—Requires "perpetual care" by City of graves of ex-soldiers.

There are a large number of bills relating to the public schools, some of which may entail expense to this City. However, they may be highly meritorious and your Committee recommends that the Board of Education and Superintendent of Schools make an examination of the same and report their conclusions thereon to this Board.

We would also ask that the measures relating to health and those that establish state hospitals and sanatoria be referred to the Board of Health for a like investigation and report.

That A. B.'s 1204 and 1206 be referred to the Assessor for a similar report.

There are other measures pending that your Committee is not at present prepared to report upon. As to these they may be made the subject of a supplemental report.

Respectfully submitted,

FRED. L. HILMER,
J. EMMET HAYDEN,
CHARLES A. NELSON,
E. I. WOLFE,
State Laws and Legislation
Committee.

San Francisco Representatives in Legislature Urged to Oppose Proposed Constitutional Amendment Taxing Municipally Owned Utilities.

The following resolution was presented by Supervisor Wolfe and adopted:

Resolution No. 14032 (New Series), as follows:

Whereas, The operation and construction of municipally owned utilities within the City and County of San Francisco and municipalities generally throughout the State is in its first stages of development, and

Whereas, The success thus far obtained in San Francisco and other municipalities of the State in government ownership of these utilities has been had in the face of many years of consistent opposition from certain opponents of municipal ownership, and

Whereas, This success continues to invite increased opposition from these same interests, and

Whereas, It has been proposed at the present session of the Legislature to submit a constitutional amendment to the people of the State, which if adopted, would tax these municipally owned utilities that are now free from taxation, and

Whereas, In the judgment of this Board of Supervisors it is to the greatest interest of the people of the State that all possible State support and encouragement be given to municipally operated utilities during the early years in the life of these utilities, and

Whereas, The imposition of such a tax would be the placing by the State of an obstacle in the way of the ultimate success of municipal ownership at a time when State encouragement is most needed in the early stages of this modern development of governmental activity; therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the representatives of this City and County in the State Senate and the State Assembly be respectfully urged and requested to take every honorable means to defeat the adoption by the Legislature of such a constitutional amendment as above described, and that they further be requested to enlist the cooperation of all members of the Legislature who are interested in the final success of municipal ownership of utilities throughout the State of California.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, La-

haney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Consideration of Rominger Bill.

Supervisor Power moved that at 3 p. m. next Monday, the Board consider the effect of the passage of the Rominger Act as it relates to the revenue of San Francisco.

Motion carried.

SPECIAL ORDERS—3 P. M.

Bread Ordinance.

The following matters, laid over from last meeting and made a Special Order of Business for 3 p. m., this day, were taken up and on motion ordered referred to the Judiciary Committee:

Bill No. — (New Series), as follows:

Amending Section I of Ordinance No. 2698 (New Series), entitled, "Regulating the sale of bread, meat, coal, milk, cream, butter, ice, hay, straw, grain, mill feed and other commodities and merchandise requiring inspection by the Sealer of Weights and Measures, and providing a penalty for the violation thereof," relating to the standard loaf of bread.

Mayor to Sell Auxiliary Water System Pipe.

The following resolution, laid over from last meeting and made a Special Order of Business for 3 p. m. this day, was taken up and on motion laid over one week:

Whereas, The Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors—Gentlemen:

By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hubbell streets on space required for railway materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot castiron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds of the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

By (Signed) F. J. CHURCHILL,
Secretary.

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

VETO.

The following communication from his Honor the Mayor was read and subject matter laid over three weeks: San Francisco, Cal., February 23, 1917. To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I hereby return to you, without approval, Resolution No. 13964 (New Series):

"Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Elizabeth Stanton to maintain a stable for one horse at 438 Twenty-third avenue,"

which was passed by your Honorable Board on February 13, 1917, and presented to me on February 14, 1917. Permit me to state my reasons for returning this resolution without approval.

Several days ago I personally inspected the premises. I found that Mrs. Stanton, without permission from you or such permission as might be required by law, had been maintaining and was continuing to maintain, in what appears to be a renovated chicken house, an old mare, blind in one eye and ready, in my opinion, to be turned out to pasture.

Upon making inquiries, I found a majority of Mrs. Stanton's neighbors to be very hostile over the so-called stable, and I cannot see my way clear to concur in the granting of a permit for a stable in a residential district, where practically the entire neighborhood is opposed to its continuance. Not only is the stable a detriment to the immediate vicinity, but it prevents prospective home-builders from locating there and building on the vacant lots.

Furthermore, those opposing the granting of this permit are willing to contribute liberally to have the mare properly cared for in a livery stable, and I am willing to assist, also, to that end.

In view of the above circumstances, feeling that the stable should not continue to be a detriment to a growing community, and that the applicant's sentimental desire to personally care for an old, blind mare (worthy though such desire may be) is not sufficient to warrant its existence, and that the maintenance of this so-called stable is not equitable or just, or even necessary to the applicant; after vetoing said

resolution, I am herewith returning same to your Honorable Board.

Very respectfully yours,

JAMES ROLPH, Jr.,
Mayor.

Flag Ordinance.

The following bill, heretofore presented by Supervisor Hayden and referred to the Judiciary Committee, was returned with the favorable report of said committee and *passed for printing*:

Bill No. 4433, Ordinance No. — (New Series), as follows:

Regulating the manner and places in which the musical composition the "Star Spangled Banner" may be played, sung or rendered; prohibiting the desecration of the standard, color or ensign or flag of the United States of America, and providing a penalty for a violation of this Ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation, acting either as proprietor, manager or employe of any theater, exhibition, moving picture hall, restaurant, cafe or other place in the City and County of San Francisco, where the public gathers, to permit or allow anyone playing, singing or performing therein, to play, sing or render the musical composition, the "Star Spangled Banner" except as an entire and separate composition or number, without the addition of national or other melodies; to permit said musical composition the "Star Spangled Banner" to be played as part of a medley, or for dancing or as an exit march, and whenever practicable, the musicians, performers and audience shall stand during the playing or singing of said musical composition.

Sec. 2. It shall be unlawful for any person, firm or corporation in any manner, for exhibition or display to place or cause to be placed, any word, figure, mark, picture, design, drawing

or any advertisement of any nature upon any flag, standard, color, or ensign of the United States of America, or to expose or cause to be exposed to public view any such flag, standard, color, or ensign, upon which shall be attached, appended, affixed or annexed any word, figure, mark, picture, design, or drawing, or any advertisement of any nature, or to expose to public view, manufacture, sell, expose for sale, give away, or have in possession for sale, or to give away, or for use for any purpose any article, or substance, being an article of merchandise, or a receptacle of merchandise, or article or thing for carrying or transporting merchandise, upon which shall have been printed, painted, attached or otherwise placed a representation of any such flag, standard color, or ensign, to advertise, call attention to, decorate, mark or distinguish, the article or substance on which so placed or to publicly mutilate, deface, defile or defy, trample upon, or cast contempt, either by words or not, upon such flag, standard, color or ensign.

Sec. 3. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Sec. 4. This ordinance shall take effect immediately.

(Mrs. R. Ward, representing the Women's Federation of Improvement Clubs, and Mr. McGrath, secretary to Major-General Bell and representing the Veterans of Foreign Wars, were granted the privilege of the floor in the foregoing matter. They urged the passage of the Bill.)

Sale of Market and Produce Lots to Southern Pacific Company.

Supervisor Hayden presented:

Resolution No. 14027 (New Series), as follows:

Whereas, The State of California, by an Act of the Legislature entitled "An Act to vacate certain streets, alleys and market places in the City and County of San Francisco and to donate the same and other tide lands belonging to the State of California to said City and County of San Francisco for commercial purposes, and other matters relating thereto", approved March 30, 1872, and acts amendatory thereof and supplemental thereto, granted to the City and County of San Francisco the streets and alleys and also the three blocks originally reserved by the State for market places and known as the Pro-

duce Exchange and Market Place, all within the exterior boundaries of the certain salt marsh and tide lands donated by the said State to the Southern Pacific Railroad Company and the Western Pacific Railroad Company for terminal purposes by an Act approved March 30, 1868, said three blocks being otherwise known as South Beach Blocks Nos. 53, 54 and 381; and

Whereas, By an Act of the Legislature, approved March 24, 1903, amending the Act first aforesaid and other Acts amendatory thereof and supplemental thereto, the City and County of San Francisco was authorized to sell said blocks, or either of them, with the intervening streets, to the owners of any transcontinental railroad, or railroad having transcontinental connections and having its terminus in the City and County of San Francisco, if, in the judgment of this Board, said blocks, or either of them, are necessary for terminal purposes for the use of such railroad; and

Whereas, The Southern Pacific Company, a corporation of the State of Kentucky, is the owner of a railroad having such transcontinental connection and having its terminal in the City and County of San Francisco, and this Board has heretofore determined, and does hereby determine, that said blocks, with the intervening streets, are necessary for terminal purposes for the use of said railroad of said Southern Pacific Company; and

Whereas, The values of all of said blocks and the intervening streets have been duly determined by a board of three arbitrators, duly nominated and appointed pursuant to the Act of the Legislature last aforesaid; and

Whereas, Said Board of Arbitrators has duly determined that all of said South Beach Block No. 54, together with those of portions of the intervening streets hereinafter described, are of the fair and reasonable value of \$361,073.295; and

Whereas, In the judgment of this Board, the interests of the City and County of San Francisco will be subserved by the sale of said property hereinafter more particularly described for the sum of \$392,073.30; Now, therefore,

Be it Resolved, That the Mayor and the Clerk of the Board of Supervisors be, and they are hereby authorized and directed for and in behalf of the City and County of San Francisco, in its name and under its corporate seal, to execute a deed of conveyance of the following described real property and to deliver the same to the Southern Pacific Company upon payment by it to the said City and County of

the sum of \$392,073.30; said property being particularly described as follows, to-wit:

All that certain real property in the City and County of San Francisco, State of California, particularly described as South Beach Block No. 54, together with the following described portions of the abandoned streets, viz.:

That portion of the southwesterly half of Hudson street between the southeasterly line of Channel street and the center line of Irwin street; all that portion of the northeasterly half of Fifth street lying between the southeasterly line of Channel street and the center line of Irwin street; all of the northwesterly half of Irwin street between the center line of Hudson street and the center line of Fifth street; all of that portion of Hooper street between the southwesterly line of Hudson street and the northeasterly line of Fifth street; except the following:

Beginning at the southerly corner of South Beach Block No. 53, in the said City and County, which is also the point of intersection of the northwesterly line of Hooper street with the northeasterly line of Fifth street; thence northeasterly on and along said northwesterly line of Hooper street, a distance of 181.09957 feet to a point; thence at a right angle southeasterly a distance of 35 feet to a point in the center of said Hooper street; thence at a right angle southwesterly on and along the center line of said Hooper street, a distance of 181.09957 feet to a point on the northeasterly line of Fifth street produced across said Hooper street; thence at a right angle northwesterly on and along said northeasterly line of Fifth street produced, a distance of 35 feet to the place of beginning, and containing an area of 6338,485 square feet.

Privilege of the Floor.

T. Zant was granted the privilege of the floor and opposed the passage of the resolution.

Communication.

Communication—From E. P. E. Troy, opposing sale and exchange of lands on the ground that waters of Black Point property are polluted from sewage and making it unfit for an aquatic park.

Dr. W. H. Kellogg, representing the Board of Health, also addressed the Board. He said that colon bacillus present in the samples of water taken at Black Point Cove were in quantities of one cubic centimeter, practically the same as the sample taken from the Olympic Salt Water Company south of the Cliff House. This bacteriological test does not warrant condemnation of the water, he said,

for bathing purposes. He read the following report, which was ordered spread on the Journal:

February 15, 1917.

Acting Health Officer,

Sir: I have to report as follows on the examination of water from the bay off the site of the proposed aquatic park near the foot of Van Ness avenue. Samples were taken from the end of runways of the Aerial Boat Club, of the Dolphin Boat Club and South End Boat Club. One of the samples, that of the Dolphin Club, was analyzed chemically, while all the samples were examined bacteriologically. The results were as follows:

DOLPHIN CLUB.

Chemical.

Color.....	Good, slightly turbid
Total Solids	34294
Loss on Ignition.....	3745
Fixed Residue	30549
Chlorine	19200
Nitrites008
Nitrates	Trace
Free Ammonia0445
Albuminoid Ammonia0780
Oxygen Consumed	16
On Ignition	No Blackening

Bacteriological.

Number of bacteria per c.c. room temperature	12
Number of bacteria per c.c. 37° temperature	20
Bacillus coli communis present in 1 c.c. water.	

SOUTH END CLUB.

Bacteriological.

Number of bacteria per c.c. room temperature	46
Number of bacteria per c.c. 37° temperature	26
Bacillus coli communis present in 1/10 c.c. water.	

AERIAL CLUB.

Bacteriological.

Number of bacteria per c.c. room temperature	72
Number of bacteria per c.c. 37° temperature	8
Bacillus coli communis present in 1 c.c. water.	

It will be noted that colon bacillus is present in each of the samples in quantities of 1 c.c., but in only one was it present in a smaller amount, namely, 1/10 c.c. in the South End Club sample. The chemical analysis shows very little difference in comparison with a sample taken from the system of the Olympic Salt Water Company which is pumped from the ocean south of the Cliff House. The nitrites from the Dolphin Club samples are slightly higher than in the ocean sample, otherwise there is little to indicate the presence of sewage contamination.

The extent of pollution as gauged by the chemical analysis and by the

presence of colon in 1 c.c. I believe to be insufficient to warrant a condemnation of the water for bathing purposes.

I might add that the samples were taken at a time when the pollution should be the most marked, as the tide was going out. I believe that the rapid current opposite this part of the shore is sufficient to prevent any marked accumulation of contaminated water in this area.

Respectfully,

WILFRED H. KELLOGG,
Director of Laboratories.

Adopted.

No—Supervisor Nolan—1.

Absent—Supervisors Brandon, Kortick, Welch—3.

Thereupon, the following resolution was presented and on motion of Supervisor Hayden adopted by the following vote:

Exchange of Land.

Resolution No. 14028 (New Series), as follows:

Whereas, The State of California, by an Act of the Legislature entitled "An Act to vacate certain streets, alleys and market places in the City and County of San Francisco and to donate the same and other tide lands belonging to the State of California to said City and County of San Francisco for commercial purposes and other matters relating thereto", approved March 30, 1872, and Acts amendatory thereof and supplemental thereto, granted to the City and County of San Francisco the streets and alleys and also the three blocks originally reserved by the State for market places and known as the Produce Exchange and Market Place, all within the exterior boundaries of the certain salt marsh and tide-lands donated by said State to the Southern Pacific Railroad Company and the Western Pacific Railroad Company for terminal purposes by an Act approved March 30, 1868, said three blocks being otherwise known as South Beach Blocks Nos. 53, 54, and 381; and

Whereas, By an Act of the Legislature, approved March 24, 1903, amending the Act first aforesaid, and other acts amendatory thereof and supplemental thereto, the City and County was authorized to sell said blocks, or either of them, with the intervening streets, to the owners of any transcontinental railroad, or railroad having transcontinental connections in said city, if, in the judgment

of this Board, said blocks or either of them are necessary for terminal purposes for the use of such railroad; and this Board was likewise so empowered to exchange said blocks, or either of them, for other property of equivalent value owned by the owners of such railroad; and

Whereas, The Southern Pacific Company, a corporation of the State of Kentucky, is the owner of a railroad having such transcontinental connections and having its terminus in the City and County of San Francisco, and this Board has heretofore determined, and does hereby determine, that said blocks, with the intervening streets, are necessary for terminal purposes for the use of said railroad of said Southern Pacific Company; and

Whereas, The value of all of said blocks and the intervening streets have been duly determined by a board of three arbitrators, duly nominated and appointed pursuant to the Act of the Legislature last aforesaid, and such arbitrators have likewise duly determined the value of the other property hereinafter described, owned by said Southern Pacific Company; and

Whereas, said board of arbitrators has duly determined that all of said blocks known as South Beach Blocks Nos. 53 and 381, together with those portions of the intervening streets hereinafter described, are of the fair and reasonable value of \$457,695.455 and that the fair and reasonable value of the properties of said Southern Pacific Company hereinafter described is likewise said sum of \$457,695.455; and

Whereas, In the judgment of this Board, the interests of the City and County of San Francisco will be subserved by an exchange of said properties;

Now, therefore, be it Resolved, That the properties of the City hereinafter described be exchanged for the properties of said Southern Pacific Company hereinafter described, viz.:

City Property.

All of that certain real property in the City and County of San Francisco, State of California, particularly described as (1) all of South Beach Block No. 381, together with the following described portions of the abandoned streets bounding the same, to-wit:

Sale of School Books.

The following matter, laid over from last meeting, was taken up and on motion of Supervisor Lahaney *passed for printing*:

Bill No. 4434, Ordinance No. — (New Series), as follows:

Regulating the sale or purchase of second-hand school books.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation to purchase from any person, firm or corporation any second-hand school text book or books in use in any public or private school without first obtaining from the principal or administrative officer of the school where said text books are in use his or her written statement, that the person offering the books for sale is the law-

ful owner thereof, and as such owner is free to make the sale.

Section 2. On or before the 20th day of July in each year, every dealer in second-hand books must apply to the office of the Board of Education and receive from the Secretary of said Board a complete list of all Public School Text Books to be used in the public schools during the school year. Said dealer shall post said list and keep it conspicuously posted in his place of business throughout the school year, for the inspection of the police officers and others who may be interested in the sale and purchase of second-hand school text books.

Section 3. It shall be unlawful for any dealer in second-hand books to purchase or offer for sale any of the text books referred to in the preceding section, which are second-hand, without first having obtained the list of books mentioned in Section 2, and without conspicuously posting it as required by this Ordinance.

Section 4. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 5. This Ordinance shall take effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Closing and Abandonment of Portions of Sloat Boulevard in the City and County of San Francisco, State of California.

Supervisor Suhr presented:

Resolution No. 14034 (New Series), as follows:

Whereas, This Board has by Resolution No. 13845 (New Series), declared its intention to close and abandon portions of Sloat Boulevard hereinafter more particularly described, and

Whereas, Proper notice of said resolution and of said proposed closing and abandonment of said portions of said streets was duly given by the Board of Public Works of said City and County by publication and posting in the matter provided by Section 3 of Chapter III of Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portions of said Sloat Boulevard were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portions of said Sloat Boulevard; and

Whereas, The said work is for closing up of said portions of said Sloat Boulevard, and it appears that no assessment is necessary therefor; now, therefore, be it

Resolved, That the said closing and abandonment of said portions of said Sloat Boulevard be, and the same are hereby ordered, and the said portions of said Sloat Boulevard be and the same are hereby closed and abandoned as a public street;

That said portions of said Sloat Boulevard hereinabove referred to are more particularly bounded and described as follows, to-wit:

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Funston Playground.

Supervisor Power presented:

Whereas, It has pleased the Almighty Father to take to His eternal home General Frederick J. Funston, dearly beloved by all San Franciscans for the noble services he rendered at the time of the 1906 disaster, and

Whereas, These services were performed from Fort Mason, which is situated adjacent to Lobos Square, a

public square belonging to the City and County of San Francisco, and

Whereas, This square is about to be restored to be used as a public playground of this city, therefore be it

Resolved, That the Honorable Mayor and Board of Supervisors hereby rename Lobos Square "Funston Playground" as a memorial in honor of General Funston, who rendered such efficient aid in the rehabilitation of our beloved city of San Francisco.

Referred to Education, Parks and Playgrounds Committee.

Repealing Resolution No. 14035 (New Series), Approving Map of Widening of Hamburg Street and Flood Avenue.

Supervisor Suhr presented:

Resolution No. 14035 (New Series), as follows:

Resolved, That Resolution No. 13905 (New Series), approving map of widening of Hamburg street and Flood avenue be and the same is hereby repealed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Extensions of Time.

Also, Resolution No. 14036 (New Series), as follows:

Resolved, That J. J. McHugh is hereby granted an extension of ninety days' time from and after March 14, 1917, within which to complete contract for improving Mariposa street, between Rhode Island and Vermont streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the sewers and manholes called for in this contract have been constructed and the work is well under way.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Also, Resolution No. 14037 (New Series), as follows:

Resolved, That J. J. McHugh, agent for property owners, is hereby granted an extension of ninety days' time from and after March 1, 1917, within which to complete contract for grading, sewerage, curbing and paving Academy street, between Fairmount and Charles streets.

This first extension of time is granted upon the recommendation of the Board of Public Works for the

reason that your petitioner was delayed in obtaining a diagram for this work as the property lines were not accurately determined.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Also, Resolution No. 14038 (New Series), as follows:

Resolved, That A. E. Buckman is hereby granted the following extensions of time to complete street work, the same having been recommended by the Board of Public Works, to-wit:

Thirty days from March 8, 1917, within which to complete contract for the improvement of Eighteenth avenue, between Judah and Kirkham streets.

This extension of time is granted for the reason that the work is about 85 per cent completed, and can be completed before March 8, 1917, provided weather conditions permit the laying of the asphalt surface. The chances are against this, however, and the City Engineer recommends that the time be extended thirty days.

Thirty days from March 9, 1917, within which to complete contract for the improvement of Judah street, between Seventeenth and Eighteenth avenues, and the crossing of Judah street with Seventeenth and Eighteenth avenues.

This extension of time is granted for the reason that the work is about 90 per cent completed, and can be completed before March 9, 1917, providing the weather conditions permit the laying of the asphalt surface. The chances are against this, however, and the City Engineer recommends that the time be extended thirty days.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Intention to Change Grades.

Also, Resolution No. 14039 (New Series), as follows:

Resolved, That resolution of intention to change grades on Napoleon street, between Evans avenue and Jerrold avenue, numbered 13980 (New Series) be and the same is hereby repealed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Permit to Use City Hall Rotunda.

Supervisor McLeran presented:

Resolution No. 14040 (New Series), as follows:

Whereas, A communication was filed by the Selig Polyscope Company requesting the privilege of using the rotunda in the City Hall for films in the production of a photo play entitled "Kalib Conover", therefore, be it

Resolved, That the said company is hereby granted permission to use the rotunda of the City Hall for making films in the above photo play upon Saturday afternoon and Sunday next and in no way to be a hindrance to the transaction of official business or public convenience. It is further provided, that the said company in the staging of its production shall in no way disturb or damage the building, furniture or furnishings, and said company shall immediately remove from the building any materials, costumes, etc., used in its production, and further defray all expense for electric light and additional janitorial help required.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, McLeran, Nelson, Nolan, Power, Suhr, Walsh—12.

Noes—Supervisors Lahaney, Mulvihill, Wolfe—3.

Absent—Supervisors Brandon, Kortick, Welch—3.

Passed for Printing.

The following bill was presented by Supervisor Suhr and *passed for printing* under suspension of the rules:

Establishing Grades.

Bill No. 4435, Ordinance No. — (New Series), entitled, "Establishing grades on Napoleon street, between Evans avenue and Jerrold avenue."

Street Skating.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That we believe that the dangerous practice of children skating on streets should be prohibited and the Police Department is requested to take notice; but as we also feel that this is an excellent exercise and should be encouraged when properly regulated, we request the Chief of Police to investigate and recommend a number of blocks on streets which may be closed for a few hours each afternoon against traffic to permit skating by children thereon.

Referred to Education, Parks and Playgrounds Committee.

Repeal of Ordinance Restricting Food Production.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That in view of the rising prices of the necessities of life, and of the desperate condition with which large and poor families are threatened, the Welfare Committee of this Board is requested to call a conference of Health and Police officials, experts and citizens, looking to the repeal of all regulations which prohibit or restrict the raising or producing the articles of food in this City and County.

Referred to Public Welfare Committee.

Assessor to Assess at Full Market Value Food Stuffs in Storage.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Whereas, The cold storage and other warehouses of the City are reported to be crowded with great quantities of onions, potatoes, beans and other foodstuffs, and are held by the owners to force the highest possible price from the consumers, now therefore, be it

Resolved, That the Assessor is hereby requested to put his entire force upon the work of assessing the contents of all warehouses in San Francisco, and to place the present market price upon said commodities as being their full cash value, and be it

Further Resolved, That the Assessor keep a record of the market price of such commodities, on the first Monday in March of this year, for the information of the Board of Equalization.

Privilege of the Floor.

W. R. Larzalere, president of the State Association of Potato Dealers, was granted the privilege of the floor. He declared that he came to the Board today primarily for the purpose of correcting a false impression that was being made on the public to the effect that cold storage plants are filled with foodstuffs which are being held for exorbitant increases in prices. "These false statements that are going out to the public, if true, would justify extreme measures on the part of our people, but they are not true and only serve to incite riot and disorder and give countenance to the wild statements of agitators of the I. W. W. type. If this goes uncontradicted we fear that some misguided persons will set fire to one of the warehouses and instead of improving conditions make them decidedly worse." As to Supervisor Nolan's resolution, he said: "I did not know that it was coming up and

did not come here particularly to speak against it; but having heard it read, I want to tell the Board that the figures quoted as to the quantity of food in warehouses and cold storage plants are absolutely wrong. In San Francisco there are in the warehouses 60,000 sacks of potatoes and 20,000 sacks of onions; outside of the warehouses there are about 10,000 sacks of potatoes. In Stockton there are about 60,000 sacks of potatoes in the regular warehouses and 10,000 sacks in the ice houses, and all of this is required for seed for next year's crop and for future deliveries on contracts—some of it for the United States government. These figures are approximately correct and I am willing to be sworn as to that. There are only 150,000 sacks of potatoes in the State of California and 200,000 sacks are required for seed alone. Supervisor Nolan is misinformed when he says that there are 300,000 sacks of potatoes in one warehouse. This error was most likely made in the addition by placing a cipher after the correct figure, which is nearer 30,000 sacks."

J. J. Flynn, superintendent of the National Ice & Cold Storage Company, corroborated the figures of Mr. Larzalere and declared in addition that the production this year is 50 per cent less than in 1915. In view of the enormous present demand and the shortage of the crop, prices have naturally advanced.

Motion.

Thereupon, Supervisor Power moved that the foregoing resolution be referred to the Public Welfare Committee with instructions to investigate the accuracy of the figures of Supervisor Nolan and report back at tomorrow's meeting.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Wolfe—11.

Noes—Supervisors Gallagher, Hynes, Nolan, Walsh—4.

Absent—Supervisors Brandon, Kortick, Welch—3.

Announcement.

Whereupon, Supervisor Mulvihill announced that the committee would start out on a tour of the warehouses for the purposes of the investigation at 9 a. m. and requested the other members of the committee to join him at that time.

Spur Track Permits.

Bill No. 4428, Ordinance No. 4085 (New Series), Amending Section 1 of Ordinance No. 152 (New Series), entitled, "Granting permission to the Southern Pacific Railroad Company, during the pleasure of the Board of Supervisors, to construct, lay down, maintain and operate spur tracks along, over and across certain public streets of the City and County of San Francisco, State of California."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 152 (New Series) is hereby amended to read as follows:

Section 1. Permission, during the pleasure of the Board of Supervisors, is hereby granted to the Southern Pa-

cific Railroad Company to construct, lay down, maintain and operate spur tracks along, over and across certain public streets of the City and County of San Francisco, State of California, as follows, to-wit:

Commencing on existing track of the Southern Pacific Railroad Company on Townsend street, at a point about 200 feet southwesterly from the southwesterly line of Fourth street; thence running northeasterly and northerly by a curve along Townsend street and across Fourth street on to private property in Block 368; thence through private property in Block 368 to the southwesterly line of Crooks street; thence crossing Crooks street and Lusk alley and entering private property and continuing thereon northeasterly to and across Rich street to reach private property owned by the Southern Pacific Railroad Company between Third street and Rich street; also

Commencing on said spur track first above described at a point in private property between Crooks street and Fourth street, and thence running southwesterly on private property to and across Fourth street to Bluxome street; thence continuing southwesterly on and along Bluxome street to and across Fifth street and to and across Sixth street; thence continuing across private property and the following streets to Seventh street, viz.: across Harriet street, Geneva street, Brannan place and Gilbert street.

Provided, that in the construction, maintenance and operation of said track the Southern Pacific Railroad Company shall act in strict accordance with the provisions of Ordinance No. 69, approved October 12, 1906; also

Provided, further, that the railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which said spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connection with the operating railway; such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms and corporations, and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for corresponding service for its own cars upon the spur track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not

constructed, maintained or operated upon or across private land; also

Provided, further, that on that portion of said spur track authorized to be constructed, laid down, maintained and operated along Bluxome street, no car or cars shall be switched or moved during the hours between 6 o'clock a. m. and 6 o'clock p. m., except that cars may be switched to and from the spur track granted to the John Bollman Company by Ordinance No. 3152 (New Series) between the hours of 8 a. m. and 10 a. m., 12 m. and 2 p. m., provided a flagman shall be stationed by the John Bollman Company at Fourth and Bluxome streets during the hours above set forth.

Provided, that cars may be switched to and from the spur track granted to Roger Johnson, Timothy Hopkins and Van Arsdale-Harris Lumber Company by Ordinance No. 2011 (New Series) to serve the property of the Sperry warehouses, situate on the north side of Bluxome street between Fourth street and Fifth street, between the hours of 12 m. and 2 p. m., provided a flagman shall be stationed by the Sperry warehouses during the hours above set forth.

Provided, that no cars shall be allowed to stand on Bluxome street between Fifth and Sixth streets between the hours of 6 o'clock a. m. and 6 o'clock p. m.

Section 2. This ordinance shall take effect and be in force from and after its passage.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, McLeran, Mulvihill, Nelson, Nolan. Power, Wolfe—12.

Noes—Supervisors Lahaney, Walsh—2.

Absent—Supervisors Brandon, Kortick, Suhr, Welch—4.

Explanation of Vote.

(Supervisor Gallagher explained his vote by saying that since one firm has been granted daylight switching on Bluxome street every other application is entitled to like favorable consideration. He moved that other firms desiring similar privileges be invited to make application to the Board. On question raised by Supervisor Walsh the motion was ruled out of order.)

Spur Track Permit.

Also, Bill No. 4429, Ordinance No. 4086 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Protestant Episcopal Bishop of California, a corporation sole, M. S. Eisner and M. Fisher Company, their successors and assigns, to lay down, construct, maintain and operate a spur track in Second street as follows:

Commencing at a point in the center line of the existing side track of the

Southern Pacific Company in Second street, distant 35 feet westerly from the westerly line of Bryant street; thence westerly on a curve to the right 125 feet to the point of a reverse curve; thence westerly on a curve to the left 125 feet to a point that is approximately 23 feet at right angles southerly from the northerly line of said Second street; thence westerly and parallel to said line of Second street, and crossing Harrison street to a point that is 192.5 feet westerly from the westerly line of Harrison street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Protestant Episcopal Bishop of California, a corporation sole, by Wm. F. Nichols, M. S. Eisner and M. Fisher Company, their successors and assigns, to lay down, construct, maintain and operate a spur track, as follows:

Commencing at a point in the center line of the existing side track of the Southern Pacific Company in Second street, distant 35 feet westerly from the westerly line of Bryant street; thence westerly on a curve to the right 125 feet to the point of a reverse curve; thence westerly on a curve to the left 125 feet to a point that is approximately 23 feet at right angles southerly from the northerly line of Second street; thence westerly and parallel to said line of Second street and crossing Harrison street to a point that is 192.5 feet westerly from the westerly line of Harrison street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and particular reference is hereby made to Section 8 of this ordinance, reading as follows:

"The railway operating any spur track on any public street or property hereafter constructed in the City and County shall, upon demand of the person, firm or corporation for the use or benefit of which such spur track is operated, place upon such spur track the freight cars of any railway which has, in this City and County, track connections with the operating railway, such cars so placed to be used for the receipt and delivery of freight in carloads only. And the operating railway shall receive and deliver the cars of the connecting railway over, at and upon such connecting track in the performance of such switching service for such persons, firms or corporations; and such railway shall perform such service without undue delay or discrimination. The operating railway shall perform such service for the same charge or rate that it charges for

corresponding service for its own cars upon the track for like purpose. The provisions of this section shall apply only to such portions of such spur tracks as are not constructed, maintained or operated upon or across private land, and no permit for a spur track shall hereafter be granted by the Board of Supervisors which does not specifically contain the provisions and conditions of this section."

Provided, said spur track shall be laid to the satisfaction and under the supervision and inspection of the Board of Public Works and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation and inspection of said spur track, restoration of the pavement and any additional requirements for the surface drainage shall be paid to the Board of Public Works by Protestant Episcopal Bishop of California, M. S. Eisner and M. Fisher Company, their successors and assigns.

Provided, that no car shall be taken over said spur track between the hours of 7 a. m. and 6 p. m.

Provided, that no car shall at any time be allowed to stand on said track so as to block the roadway of a street, or block or obstruct a street crossing, to exceed five minutes.

Provided, Protestant Episcopal Bishop of California, M. S. Eisner and M. Fisher Company, their successors and assigns shall erect and maintain one arc light where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Relating to Foodstuffs in Storage.

The following report was presented by Supervisor Mulvihill and read by the Clerk:

San Francisco, Feb. 27, 1917.

To the Honorable the Board of Supervisors.

Gentlemen:

Your Public Welfare Committee, to whom was referred resolution pertaining to foodstuffs stored in various warehouses in San Francisco, introduced by Supervisor E. L. Nolan, begs to report as follows:

The chairman of your Committee, together with Mr. Lawrence J. Dolan, Sealer of Weights and Measures, visited the various cold storage and other warehouses in this city, and sub-

mit the following facts, and file with the Board signed reports from said warehouses:

At the Merchants Ice & Cold Storage Company we find that there is stored 57 carloads of onions, totaling 17,100 sacks; 107 carloads of potatoes, totaling 28,890 sacks.

Supervisor Nolan reported that there were 14,000 sacks of onions and 300,000 sacks of potatoes in this warehouse, and, undoubtedly, in the compilation of the figures there was an error made of approximately 270,000 sacks.

Of the onions in said warehouse, five cars, totaling 1500 sacks, are being shipped East today, and ten cars, totaling 3000 sacks, are being shipped to the Eastern market tomorrow.

At the National Ice & Cold Storage Company we find there are 140 cars, totaling 37,882 sacks of potatoes, and 10 cars, totaling 3042 sacks of onions; of which three cars of onions are being taken out of warehouse today for the Eastern market.

At the China Basin Warehouse there are 4975 sacks of potatoes and 23,812½ sacks of beans.

At the Gibraltar Warehouse, 100,728 sacks of beans. Supervisor Nolan reported 150,000 sacks.

At the Harbor Warehouse, 61,357 sacks of beans. Supervisor Nolan reported 90,000 sacks.

After a careful investigation we find that there are approximately 81,000 sacks of potatoes stored in warehouses, which is approximately a supply for one month's consumption in San Francisco.

That 75 per cent of these potatoes are needed for seed, and that there will be no new supply of potatoes until the month of June.

We also find that there are 20 per cent less potatoes in storage this year than last year, and also 50 per cent less onions in storage as compared with last year.

Your Committee feels that the demand is far greater than the supply, and that, undoubtedly, owing to the shortage of the potato market, potatoes will probably advance in price.

It has been called to the attention of your Committee that the recent reports from the Department of Agriculture, United States, show that the potato crop of the entire United States is 20 per cent less for the year 1916 as against the year 1915, and 50 per cent less in the State of California covering said years.

Your Committee requests further time for its investigations and reports in this matter, and it shall endeavor to assist the Board in the reduction, if possible, of the high cost of food products.

Relative to Supervisor Nolan's reso-

lution, your Committee feels that, in the event of the Assessor placing any additional assessment on foodstuffs in warehouses, the consumer will ultimately be forced to also bear this burden. Respectfully submitted,

JOSEPH MULVIHILL,
Chairman;

J. D. HYNES,
OSCAR HOCKS,
Public Welfare Committee.

Communication From Assessor.

Thereupon, the following was presented by Supervisor Wolfe and read by the Clerk:

Assessor's Office, Feb. 27, 1917.

Hon. Edward I. Wolfe, Supervisor, City Hall.

Dear Sir:

Referring to your reply yesterday to Supervisor Nolan I wish to call your attention to Section 3890 of the Political Code on taxation, to-wit:

"The Treasurer, Tax Collector, Assessor, Clerk of the Board of Supervisors and each member of the Board must separately perform the duties required of him in his office, and must not, except in the cases provided by law, perform the duties required of any other officer under this title."

In 29 Cal. 449 the court said, "The Legislature cannot by law fix the assessed value of property." In 112 Cal. 593, the court said, "Mandamus will not lie to compel the Assessor to assess in excess of its value, but it is the duty of the Assessor to fix the valuation, any error in valuation to be corrected by the Board of Equalization."

The Assessor's duties are judicial in character and governed entirely by law. All statements made to the Assessor, like court testimony, must be made under oath. As the consumer ultimately pays for all overhead expenses, which are added by the dealer to the selling price of the merchandise, it follows the more that is added to the selling price, the more the consumer will have to pay for the goods.

Enclosed blank form of warehouse statement used in this office since 1899. These statements are copied into a warehouse book each year and checked with statements returned by the taxpayers to see they have included all property that they have stored in warehouses, and if not on their statement, it is added to it. This has always been done and taxes collected from residents as well as non-residents who have property in warehouses.

I have never found a warehouse man to have omitted to list all property in his warehouse and return statement under oath as printed.

Yours very truly,
JOHN GINTY,
Assessor.

Communications.

Communications were also read from the Merchants Ice & Cold Storage Company, National Ice & Cold Storage Company, China Basin Warehouses, Harbor Warehouse Company and the Haslett Warehouse Company, confirmatory of the figures in the report of the Welfare Committee, which communications were then ordered *placed on file*.

Privilege of the Floor.

E. R. Patterson, president of the San Francisco Wholesalers' Produce Exchange, was granted the privilege of the floor and addressed the Board. "As far as the produce situation is concerned," he said, "there are 64,000 lbs. of butter in storage against a government order, and no eggs. There are 600,000 lbs. of cheese, which is one million pounds short of normal. Briefly, the local condition may be thus summarized: No butter, no eggs and of cheese we are one million pounds short." In reply to a question from Supervisor Wolfe he declared that the shortage was largely due to export demand.

H. Clay Miller, president, California Bean Dealers' Association, said that there are less than 375,000 bags of beans in the entire State. This is considerably short of the normal. The shortage is due to lack of imported beans, owing to the war and a great increase in exports. Furthermore, the principal crop in this country, which comes from Michigan, is 50 per cent below normal, owing to unfavorable weather conditions. The effect of Supervisor Nolan's resolution would be to increase the high cost of living.

Motion.

Supervisor McLeran moved that the entire subject-matter of investigation of foodstuffs in storage be left with the Welfare Committee for further investigation and report.

Motion carried.

Resolution.

Whereupon, Supervisor Power presented the following resolution, which was ordered *referred to the Public Welfare Committee*:

Resolution No. — (New Series), as follows:

Resolved, That the Public Welfare Committee, with the co-operation of the Department of the Sealer of Weights and Measures, be and are hereby instructed to ascertain the amount of foodstuffs in storage in San Francisco and the normal demand of our city for a period of sixty days, and to report said information to the Board of Supervisors as soon as possible.

Legislative Bills Approved.

Supervisor Nelson moved that legislative bills pending at Sacramento having for their object the reduction of the high cost of living be approved.

Motion carried.

Award of Contract, Underground Cable.

Supervisor Gallagher presented: Resolution No. 14045 (New Series), as follows:

Resolved, That the Electric Appliance Company be awarded a contract for furnishing underground cable for Department of Electricity in strict conformity with its bid submitted February 26, 1917, at the following prices:

Size 25 pairs at \$0.5053 per linear foot.
Size 15 pairs at 0.3792 per linear foot.
Size 7 pairs at 0.2214 per linear foot.
Size 6 pairs at 0.2029 per linear foot.
Size 4 pairs at 0.1681 per linear foot.
Size 3 pairs at 0.1486 per linear foot.

Further Resolved, That said Electric Appliance Company shall furnish a bond in the sum of \$2,000 for the faithful performance of said contract, the sufficiency of the sureties on said bond to be subject to the approval of the Mayor.

Further Resolved, That all other bids received for said articles are hereby rejected.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Kortick, Suhr, Welch—4.

ADJOURNMENT.

There being no further business, the Board, at 5:25 p. m., adjourned.

JNO. W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors March 12, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

JOHN W. ROGERS,

Acting Clerk of the Board of Supervisors,
City and County of San Francisco.

Foodstuffs in Storage.

The following report was presented by Supervisor Mulvihill and *read by the Clerk*:

San Francisco, March 5, 1917.

Board of Supervisors.

Gentlemen: Your Public Welfare Committee, to whom were referred Supervisor Nolan's resolution relative to foodstuffs stored in various warehouses in San Francisco, and Supervisor Power's resolution requesting the Public Welfare Committee in co-operation with the Department of Weights and Measures, to ascertain the amount of foodstuffs in storage in San Francisco and the normal demands of our city for a period of sixty days, begs to report as follows:

A special meeting of the committee was held Thursday, March 1, 1917, at 3 p. m., and there were present, in addition to the members of the committee, Supervisors Deasy, Suhr, Hayden, Nelson and Walsh, Assessor John Ginty, Sealer of Weights and Measures L. J. Dolan and his chief deputy, M. J. Welch. The commission men were represented by W. R. Larzelere, president California Wholesale Produce Association; H. Clay Miller, president California Bean Dealers Association, and J. B. Campodonica, of L. Scatena & Co.; William R. Sherman, of the Merchants Ice and Cold Storage Co.; J. J. Flynn, of the National Ice and Cold Storage Co., were also in attendance. Mr. E. R. Patterson, president of the San Francisco Wholesale Dairy Produce Exchange, sent a letter expressing his regrets at his inability to be present, but offering on behalf of his organization to assist the committee in every way possible in securing such information as it desired. He gave it as his opinion that there was no speculation in foodstuffs being indulged in. The committee directed the Clerk to place Mr. Patterson's letter upon the clip to be read to the Board of Supervisors at its meeting next Monday.

Assessor Ginty and the representatives of the commission men and warehouse men were questioned by members of the committee, and after lis-

tening to their statements the committee decided to request Assessor Ginty to furnish copies of the sworn statements filed with him by the various warehouses, as required by law, showing the amount of foodstuffs on storage in said warehouses as of the first Monday of March; also a statement of the market prices on these foodstuffs at the time of filing said statements. This the Assessor agreed to do.

The Sealer of the Bureau of Weights and Measures was requested to detail his deputies to make an investigation and report as to the quantity of foodstuffs, particularly potatoes, beans and onions, in warehouses and commission houses, and also a statement of the normal demands of our city for these foodstuffs for a period of sixty days.

Mr. W. R. Larzelere, president California Wholesale Produce Association, and Mr. H. Clay Miller, president California Bean Dealers' Association, on behalf of their respective organizations, promised to co-operate in securing this information for the committee.

Pending the receipt of this data and information the committee took the subject-matter under advisement.

Supervisor Gallagher's resolution, relative to repeal of all regulations which prohibit the raising or producing of food articles within the City and County, was laid over until the next meeting of the committee.

Respectfully submitted,

JOSEPH MULVIHILL,
JOS. F. LAHANEY,
OSCAR HOCKS,

Public Welfare Committee.

Communication From H. Clay Miller,
President California Bean Dealers' Association.

Whereupon, Supervisor Mulvihill presented and the Clerk read the following:

Mar. 5, 1917.

Mr. J. L. Mulvihill, Chairman Public Welfare Committee, Board of Supervisors, San Francisco.

My Dear Mr. Mulvihill: In accordance with your request, I am submitting herewith a brief resume of the causes which have brought about the present high prices of beans.

You will realize that the bean market, like grain, is a world-wide proposition and must not be considered entirely from local conditions.

In common with most staple and non-perishable food commodities the bean market has been considerably affected by the war conditions in two ways:

First: By the fact that for several years previous to the war there were imported annually into New York and other Atlantic ports from Marseilles, Trieste and the Balkan States ap-

proximately one million bags of white beans. This importation, larger than the entire annual production of white beans in California, has entirely ceased.

Second: Large quantities of beans have been shipped to Europe for Belgian relief and for the belligerent nations, both in the raw state and canned.

The average annual crop of white beans in Michigan is about five and a half million bushels (3,300,000 cents). Owing to unfavorable weather, this year's crop of merchantable white beans in Michigan was only about two and one-half million bushels (1,500,000 cents), considerably less than one-half a normal crop; and while California produced a normal crop of approximately one million cents of white beans, the tremendous demand caused by the shortage of above-mentioned sources of supply soon exhausted the supply of California and raised prices to a point which farmers had never received before.

Other varieties of California beans, available in larger quantities, and therefore lower in price, were in large demand, and stocks, notwithstanding unprecedented prices, were soon reduced to an alarming extent.

The crop of beans in California is harvested for the most part in October and November. We produced in California (crop of 1916), approximately four million bags of beans of all kinds. (It would be useless to detail varieties.) There are, today, within the entire State of all varieties, unsold, probably less than 375,000 bags. This means that we have shipped out and consumed 3,625,000 bags of beans since October 1st, approximately 725,000 bags per month.

The shipments during the months of October, November and December are always by far the greatest, but you can readily see that with above figures it is problematical how long 375,000 bags, about 600 cars, will last. At the rate of ten cars a day, the supply will last sixty days. I venture the assertion that during the past sixty days greatly more than twenty cars a day have been sold and shipped out of the State.

From the above conditions it is easy to draw an inference as to how long the supply will last.

California certainly has done her share in supplying the country with food, as nearly all of our crops, except rice, are in very much the same position as beans. The bean farmers of the State have passed through a golden season of high prices caused by a combination of conditions which probably will never gather again.

Your chief concern lies in the welfare of the people of San Francisco and the matter of H. C. L. here.

San Francisco is not a bean-eating city, so that while the matter of high cost of beans is of general interest, it is, with few exceptions, not a matter of private concern to the great majority of San Francisco people.

I am informed that the small grocers as well as the wholesale grocers in San Francisco have considerable supplies on hand to satisfy their trade for the next seven months until the new crop. These grocers do not participate in interstate shipping so that while they will probably advance their prices if the wholesale market advances they will still have their supply on hand to meet local requirements.

San Francisco is right at the source of supply so that even when stocks are reduced so that carload shipments are not available there will probably be enough beans in small lots on hand here among storekeepers and in warehouse to prevent an absolute scarcity. San Francisco probably consumes more canned beans than of the raw dried, and of these canned beans 85 per cent are packed in the East.

From all of the above, I hope it will be clear to you that the high cost of beans is simply a matter of the inevitable business law of supply and demand, and no other, and that this statement is satisfactory to the request of Supervisor Mulvihill.

Yours very truly,

H. CLAY MILLER,

Pres. California Bean Dealers' Assn.

Communication From E. R. Patterson,
President San Francisco Wholesale
Dairy Produce Exchange.

The following was also presented and read:

San Francisco, Cal., March 1, 1917.

Mr. John W. Rogers, Acting Clerk,
Board of Supervisors, Room 222
City Hall, San Francisco, Cal.

Dear Sir: I acknowledge receipt of your letter of February 28th, requesting me to be present at a meeting of the Public Welfare Committee this afternoon. I regret very much that a previous appointment, which takes me out of the city, will make it impossible for me to attend. You may rest assured that the committee may call upon me for any information at the command of this organization, and we will be only too glad to furnish it.

On consideration of Mr. Nolan's resolution I wonder if he has thought of what might happen should he be able to absolutely force all current stocks of food products now stored in public warehouses onto the markets within the next thirty days. I wonder if he realizes that if he did this there would be practically a food famine on certain lines of food products in San Francisco after that date. Mr. Nolan seems to have proceeded upon the

theory that the mere possession of any food product by any dealer at this time should be looked upon with suspicion. How else could the dealers in food products render service to the retailers and consumers if they did not carry an adequate supply of food products, laid in at a time of heavy production against the time of short production.

I for one do not believe that speculation in food products is being indulged in to any marked extent because at the present high prices of all kinds of food products, the average business man would be unable to foresee a profit on his operations with any degree of certainty. On the other hand, I believe it is the policy of all far-seeing and well-managed dealers in food products at this time to keep their stocks at the lowest possible point in line with proper service of their clients.

Trusting this letter will throw some light on this very grave problem, and assuring you of the desire of this organization to co-operate to the fullest extent, not only toward giving accurate publicity, but toward keeping food products at as reasonable a price as is consistent with supply and demand.

Yours respectfully,

E. R. PATTERSON, President.

Motion.

Thereupon, Supervisor Gallagher moved that consideration of the foregoing report be made a Special Order of Business for 4 p. m. Monday, March 19, 1917.

Motion carried.

Garbage Disposal.

Consideration of resolutions and motion regarding the disposal of garbage, made a Special Order of Business for 3 p. m. this day, was, on motion of Supervisor Power, *laid over two weeks* and made a Special Order of Business for 3 p. m., Monday, March 19, 1917.

Rominger Bill.

In accordance with motion of Supervisor Power, made at the last meeting, the Rominger bill now pending in the State Legislature, in so far as said bill will affect the revenues of this City and County, was taken up for consideration.

Motion.

Supervisor Hayden moved reference to Finance Committee for report as to effect of the Rominger bill on finances of San Francisco, and if detrimental that said committee, with State Laws and Legislative Committee, take up with San Francisco delegation a proposition to oppose it in the State Legislature.

Amendments.

Supervisor Nelson moved as an amendment that the Board of Supervisors go on record as opposed to the

Rominger bill and so notify the San Francisco delegation in the State Legislature.

Supervisor Gallagher moved as an amendment to the amendment that the Finance Committee prepare a statement as to the effect of the Rominger bill on the finances of this City and County for the consideration of the State Laws and Legislative Committee and presentation to our San Francisco delegation at Sacramento.

Amendment to the amendment carried by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Walsh, Welch, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Flag Ordinance.

Bill No. 4433, Ordinance No. 4090 (New Series), as follows:

Regulating the manner and places in which the musical composition the "Star Spangled Banner" may be played, sung or rendered; prohibiting the desecration of the standard, color or ensign or flag of the United States of America, and providing a penalty for a violation of this Ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation, acting either as proprietor, manager or employe of any theater, exhibition, moving picture hall, restaurant, cafe or other place in the City and County of San Francisco, where the public gathers, to permit or allow anyone playing, singing or performing therein, to play, sing or render the musical composition, the "Star Spangled Banner" except as an entire and separate composition or number, without the addition of national or other melodies; to permit said musical composition the "Star Spangled Banner" to be played as part of a medley, or for dancing or as an exit march, and whenever practicable, the musicians, performers and audience shall stand during the playing or singing of said musical composition.

Sec. 2. It shall be unlawful for any person, firm or corporation in any manner, for exhibition or display to place or cause to be placed, any word, figure, mark, picture, design, drawing or any advertisement of any nature upon any flag, standard, color, or ensign of the United States of America, or to expose or cause to be exposed to public view any such flag, standard, color, or ensign, upon which shall be attached, appended, affixed or annexed any word, figure, mark, picture, design, or drawing, or any advertisement of any nature, or to expose to public view, manufacture, sell, expose for sale, give away, or have in possession for sale, or to give away, or for use for any purpose any article, or substance, being an article of merchandise, or a receptacle of merchandise, or article or thing for carrying or transporting merchandise, upon which shall have been printed, painted, attached or otherwise placed a representation of any such flag, standard color, or ensign, to advertise, call attention to, decorate, mark or distinguish, the article or substance on which so placed or to publicly mutilate, deface, defile or defy, trample upon, or cast contempt, either by words or not, upon such flag, standard, color or ensign.

Sec. 3. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Sec. 4. This ordinance shall take effect immediately.

Sale of School Books.

Bill No. 4434, Ordinance No. 4091 (New Series), as follows:

Regulating the sale or purchase of second-hand school books.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful for any person, firm or corporation to purchase from any person, firm or corporation any second-hand school text book or books in use in any public or private school without first obtaining from the principal or administrative officer of the school where said text books are in use his or her written statement, that the person offering the books for sale is the lawful owner thereof, and as such owner is free to make the sale.

Section 2. On or before the 20th day of July in each year, every dealer in second-hand books must apply to the office of the Board of Education and receive from the Secretary of said Board a complete list of all Public School Text Books to be used in the public schools during the school year. Said dealer shall post said list and keep it conspicuously posted in his place of business throughout the school year, for the inspection of the police officers and others who may be interested in the sale and purchase of second-hand school text books.

Section 3. It shall be unlawful for any dealer in second-hand books to purchase or offer for sale any of the text books referred to in the preceding section, which are second-hand, without first having obtained the list of books mentioned in Section 2, and without conspicuously posting it as required by this Ordinance.

Section 4. Any person, firm or corporation who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 5. This Ordinance shall take effect immediately.

NEW BUSINESS.

Mayor to Contract for Auditorium Organist.

The following matter, laid over from last meeting, was taken up:

Bill No. —, Ordinance No. — (New Series), as follows:

Authorizing the Mayor to enter into a contract for services to be performed by an organist for the organ in the Exposition Auditorium.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor is hereby authorized to enter into a contract under such terms and conditions as he may impose, with a competent person to operate, to have the care and custody, and superintend the maintenance and use of the organ presented to the City and County by the Panama-Pacific International Exposition Company and now installed in the Exposition Auditorium. Such service shall not be contracted for for a period of more than one year, but may be renewed at the expiration of such time. The contract shall be exclusive and no other than the person contracting to render the service or some one designated by him shall have any right, authority or permission to operate such instrument. The contract shall provide that such organ shall be operated only on occasions where music is the chief attraction, such as organ recitals, orchestral or vocal concerts, religious

services and such important civic functions as may be designated by the Mayor. The contract shall provide for its revocation in case any of its terms and conditions shall be violated.

Section 2. This ordinance shall take effect immediately.

Committee Agreement.

Supervisor Gallagher, as a member of the Auditorium Committee, said that the Committee had unanimously reported in favor of the appointment of Mr. Lemare as the official organist of San Francisco upon the understanding that it does not mean that other organists, considered by some as of equal merit, should not be heard at the Auditorium organ during the period of Mr. Lemare's appointment. The Committee recommended that other organists be given an opportunity during the year to perform on the organ so that when Mr. Lemare's employment has expired the merit of those that have been heard might be known to the music lovers of the city.

Supervisor Hynes stated that the services of Mr. Lemare would be at the disposal of the city for 104 concerts and that he has been guaranteed \$10,000 in payment for his services. "This means," he said, "that each concert must bring in \$100 to pay for the services of Mr. Lemare. In consideration of the appointment of Mr. Lemare, I understand that certain public spirited citizens have guaranteed the city against loss to the extent of \$10,000. I have the utmost confidence in Mr. Lemare's ability not only to draw the amount of his salary, but that he will put \$20,000 in addition in the Auditorium fund."

Supervisor Power declared that Supervisor Gallagher's statement of the understanding in the Committee did not place that understanding properly before the Board. He asked Supervisor Gallagher if it was not distinctly understood that Messrs. Eddy, Waldrop and Artigues were to be employed from time to time during the term of Mr. Lemare. Supervisor Gallagher stated that he thought that he had mentioned the names of the gentlemen, at least it was his intention to do so. These gentlemen, Supervisor Gallagher said, were to be employed from time to time for the purpose of determining their drawing power as organists.

Adopted.

Whereupon, the following resolution offered as a substitute for the foregoing bill and with the foregoing understanding was *adopted* by the following vote:

Appointment of Edward Lemare.

Supervisor Hynes offered the following resolution as a substitute for the foregoing bill:

Resolution No. 14062 (New Series), as follows:

Resolved, That it is the sense of the Board of Supervisors that Edward Lemare be appointed organist of the Exposition Auditorium organ and that the Auditorium Committee is hereby instructed to prepare all necessary contracts and ordinances to this end and report the same to the Board.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Auditorium Rental.

Supervisor Hynes presented:

Resolution No. 14063 (New Series), as follows:

Resolved, That the following organizations be granted rental privilege of the halls in the Exposition Auditorium:

The First Regiment, League of the Cross Cadets, use of the Main Hall, October 31, 1917, between the hours of 6 p. m. and 12 p. m. to hold competitive drill.

The Commercial Motors Show, use of the Main Hall April 3rd to 7th, 1917, daily, to hold exhibit of motor trucks, also free use of hall to be allowed on April 2nd to install exhibit and the same to be removed from the building by 12 o'clock noon April 8, 1917: provided a cash bond of \$250 be deposited with the Clerk of the Board of Supervisors to guarantee the removal of all fixtures within the specified time, and to recompense the city for any damage done to the Auditorium. A deposit has been paid to the Clerk, Board of Supervisors, to guarantee the rental fees for the above occupancies.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Kortick, Welch—3.

Marina Boulevard.

Supervisor Suhr presented:

Resolution No. 14081 (New Series), as follows:

On the joint recommendation of the City Engineer and the City Attorney it is hereby resolved that

Whereas, the Pacific Gas and Electric Company has submitted to the City and County of San Francisco an offer in writing dated March 1, 1917, to convey a diagonal strip of land 100 feet in width, between Beach, Tonquin, Buchanan and Webster streets, for the purpose of the Marina boulevard, upon the following conditions:

1. That the City and County of San Francisco shall close and abandon the portions of Tonquin and Jefferson streets, lying between Bu-

chanan and Webster streets and deed the same to the Pacific Gas and Electric Company.

2. That the City and County of San Francisco shall grant to the Pacific Gas and Electric Company a permit for the construction, maintenance and use of a spur track extending from the Belt Line Railway upon the Marina to and upon said company's land upon Western Addition Blocks Nos. 255 and 256, and to construct or cause to be constructed without expense to the company such spur track from its connection with said Belt Line Railway to the property line of said company's property.

3. That the City and County of San Francisco will permit the Pacific Gas and Electric Company to obtain a final judgment quieting title to the portions of Jefferson and Tonquin streets to be conveyed to said company in accordance with said offer.

4. That the City and County of San Francisco will undertake the paving and other street work to be done upon the Marina Boulevard when constructed without any expense whatever to the Pacific Gas and Electric Company.

5. That the above offer be accepted within fifteen days and the Pacific Gas and Electric Company so notified; and,

Whereas, The City Engineer reports that the State Harbor Commission is ready and willing to undertake the expense of constructing the spur track referred to in said offer,

That now, therefore, the offer of the Pacific Gas and Electric Company be and it hereby is accepted according to its terms and conditions; that the City Attorney be and he hereby is instructed to prepare the necessary resolutions and take the necessary steps to effect the closing of the portions of Jefferson and Tonquin streets in said offer referred to and the conveyance of the portions when so closed to the Pacific Gas and Electric Company; that he is further authorized and directed to permit said company to quiet title against the City as to said property when the same shall have been closed and deeded; that he is further directed and instructed to examine the title of the real estate proposed to be conveyed to the City and County by the Pacific Gas and Electric Company and see that the same is clear and free of all encumbrances.

That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized and directed to execute and deliver to the said Pacific Gas and Electric Company deeds in form approved by the City Attorney covering said land on Tonquin and Jefferson streets so soon as the same shall have been closed as a public

street in accordance with the provisions of the Street Improvement Act of 1911;

That the Clerk of the Board of Supervisors be further instructed to prepare and submit to this Board for action a spur track permit in proper form as required by the terms of said offer and that the City Engineer be and he is hereby instructed to arrange with the State Harbor Commission for the construction by them without expense to the City of said spur track as soon as the permit is granted.

It is further Resolved, that the Pacific Gas and Electric Company be immediately notified of the acceptance of their said offer as herein evidenced and that a certified copy of this resolution be delivered to them.

Closing and Abandoning a Portion of Wawona Street, Between Seventeenth and Eighteenth Avenues, and a Portion of Wawona Street, Between Eighteenth and Nineteenth Avenues.

Resolution No. 14082 (New Series), as follows:

Whereas, This Board of Supervisors, by Resolution No. 13732 (New Series), declared its intention to close up a portion of Wawona street, between Seventeenth avenue and Eighteenth avenue, and a portion of Wawona street, between Eighteenth avenue and Nineteenth avenue, and

Whereas, The notice of said resolution and said proposed closing up of a portion of Wawona street, between Seventeenth avenue and Eighteenth avenue and a portion of Wawona street, between Eighteenth avenue and Nineteenth avenue, was duly given by the Board of Public Works of this City and County by publication, and being in the manner provided by Section 3 of Chapter III of Article VI of the Charter of the City and County; and

Whereas, More than ten days have elapsed since the expiration of the time of publication of said notice; and

Whereas, No objections to the closing of portions of said streets have been filed.

Whereas, It is the opinion of this Board that the public interest requires the closing up and abandonment of said portions of said streets, and

Whereas, Said work is for the closing up of said portions of said streets, and it appears that no assessment was necessary therefor; now, therefore, be it

Resolved, That said closing up and abandonment of said portions of Wawona street, between Seventeenth avenue and Eighteenth avenue, and a portion of Wawona street, between Eighteenth avenue and Nineteenth avenue is hereby ordered, and the said portions of Wawona street, between Seventeenth and Eighteenth avenues and a portion of Wawona street, between Eighteenth and Nineteenth avenues, are hereby closed and abandoned as public streets.

Accepting Deed for Sewer Right of Way.

Resolution No. 14087 (New Series), as follows:

Resolved, That the Mayor of the City and County of San Francisco is hereby authorized and empowered to sign and execute in duplicate in the name of the City and County and for its benefit the following agreement, to-wit:

This agreement, made and entered into this day of, 1917, by and between Spring Valley Water Company, a corporation organized and existing under and by virtue of the laws of the State of California, the party of the first part, and City and County of San Francisco, a municipal corporation of said State, the party of the second part,

Witnesseth:

Whereas, the said party of the first part is the owner in fee simple of certain real property situated in the City and County of San Francisco, State of California, known and designated as Rancho Laguna de la Merced; and

Whereas, the said party of the second part is desirous of constructing and maintaining across the said real property of the party of the first part a fifteen (15) inch cast-iron pipe sewer for the purpose of affording an outlet from the Stanley street sewer to the Ingleside main intercepting sewer at the point of connection therewith on said Rancho; and

Whereas, the said party of the first part is willing to permit and consents to the use of the said real property for said sewer for the purpose of accommodating the said party of the second part, although the purposes of said party of the second part can be served by selecting another route without passing through the property of the party of the first part, but at an expense somewhat greater than that required to construct said sewer through the property of the said party of the first part;

Now, therefore, in consideration of the premises, and of the sum of one (1) dollar to it in hand paid by the party of the second part, the receipt whereof is hereby acknowledged, and of the covenants hereinafter contained, the party of the first part grants unto the party of the second part a permanent right of way for the construction and maintenance of a cast-iron pipe sewer fifteen (15) inches in diameter, from a point on the easterly boundary

line of the said Rancho Laguna de la Merced near its intersection with a prolongation of Stanley street westerly; thence westerly and northerly across said Rancho to the existing manhole on the twenty-four (24) inch cast-iron pipe sewer now being maintained by the party of the second part across the lands of the party of the first part, said manhole being eleven hundred and six (1106) feet, more or less, westerly, measured along said pipe line from the easterly line of said Rancho, the location of said right of way being more particularly shown on Sheets A-2328 and A-2329 of "Plans for the construction of sewers and appurtenances in Orizaba street, from Palmetto street to Stanley street, and in Stanley street, from Orizaba street to Junipero Serra boulevard, and in the Merced Lands of the Spring Valley Water Company," hereto attached and made a part hereof.

Said right of way is granted and accepted subject to the following covenants and conditions, to-wit:

First: The construction of the said sewer must be prosecuted with due diligence to final completion by the party of the second part, and said sewer must be finally completed and ready for use on or before the 1st day of July, 1917.

Second: Said sewer shall be constructed of cast-iron pipe, fifteen (15) inches in diameter, and shall be buried at least two (2) feet under ground, to the satisfaction and under the supervision of the party of the first part. The said sewer shall be laid with lead joints, which joints shall be caulked, all as provided in detail by Specifications No. 12716, heretofore issued by the Bureau of Engineering of the Department of Public Works of the party of the second part as specifications for the construction of the said sewer. Said sewer shall be entirely laid and constructed by the party of the second part at its own cost and expense.

Third: Whatever manholes or other details shall, in the judgment of the party of the first part, be necessary for the practical operation and maintenance of said sewer, shall be constructed in said sewer at points to be agreed upon by said parties, by the party of the first part or by the party of the second part, as said party of the first part may elect, the whole cost thereof, however, to be borne by the said party of the second part. The party of the first part shall have the right at all times to make connections with said sewer for all purposes in connection with the use of its lands by itself or tenants.

Fourth: The care, upkeep and maintenance of said sewer shall be undertaken and borne by the party of the second part, at its own cost and expense, and if at any time, for any rea-

son, it shall be necessary for the said party of the first part to make any repairs of any kind whatsoever upon said sewer, or to care for the overflow of sewage or water therefrom, the entire cost thereof shall be borne by the party of the second part.

Fifth: All damages of any kind whatsoever suffered by any tenant or lessee of said party of the first part during the construction, operation or maintenance of said sewer shall be borne and paid for by the party of the second part, and the party of the second part shall not, during the construction, operation or maintenance of said sewer, interfere in any manner with the existing conduits, flumes, pipes, ditches, dams, fences, or other existing works of the party of the first part.

Sixth: It is distinctly understood and agreed that the right of way for said sewer is permanent; and it is expressly understood and agreed by the parties hereto that in the event that the real property through which said sewer is constructed shall be subdivided by the party of the first part, and streets laid out thereupon, the location of said sewer is to be changed, and said sewer shall be relocated and reconstructed upon the said streets.

Seventh: Whenever said real property shall have been subdivided and streets laid out thereupon, as hereinabove set forth, said party of the second part shall, within six (6) months after written demand therefor by the party of the first part, take up and remove the said sewer and pipe for its entire distance through the property of the party of the first part, and shall relay the same upon a location to be wholly within the lines of said streets.

Eighth: In the event that the party of the second part fails, neglects or refuses, for the period of six (6) months from and after the written demand of the party of the first part, as hereinabove specified, to take up and remove the said sewer from its first route, and relay and reconstruct the same on the route over said streets, the party of the first part may take up and remove the same from said first route and may relay and reconstruct the same in said streets; and if said party of the second part fails, neglects or refuses, for the period of six (6) months after such demand, to agree with said party of the first part upon such streets, said party of the first part may relay and reconstruct the same in whichever of said streets it may deem proper, and such location shall be final and binding upon the party of the second part.

Ninth: The entire cost of taking and removing said sewer from the first location, and relaying and reconstructing the same over said streets, by whichever of said parties said work

and labor is performed under the terms hereof, shall be borne by the party of the second part.

Tenth: The party of the second part shall, at its own cost and expense, enlarge the so-called Ocean View gulch flume of the party of the first part, now draining Ocean View gulch, by adding one foot to the sides of the present flume. The party of the second part shall begin the work of enlarging the said flume immediately and shall prosecute the said work diligently to completion. The said work shall consist of the addition of sufficient boards on both sides of said flume to increase the height thereof to the extent above mentioned. The materials used shall be of a character similar to those of which the present flume was constructed, and the work shall be done to the satisfaction and under the supervision of the party of the first part.

Eleventh: The care, upkeep and maintenance of said flume shall, after such enlargement thereof, as aforesaid, be undertaken and borne by the party of the second part at its own cost and expense, and if at any time, for any reason, it shall be necessary for the party of the first part to make any repairs of any kind whatsoever upon such flume, or to care for the overflow of water therefrom, the entire cost thereof shall be borne by the party of the second part.

Twelfth: If at any time in the future the said flume proves to be of insufficient capacity to take care of and carry all waters discharging therein and there through, or draining into the said Ocean View gulch, then the party of the second part shall immediately, at its own cost and expense, do such work as may be necessary by way of reconstruction or enlargement of the said flume, or otherwise, to furnish and provide an adequate water-tight conduit for such water, and for the discharge of the same into the present drainage tunnel of the party of the first part leading from a point on the said Rancho Laguna da la Merced to the ocean.

Thirteenth: In the event that the party of the second part fails, neglects or refuses, if the said flume at any time in the future requires enlargement, as in the preceding paragraph provided, to reconstruct or enlarge the said flume, as in the said paragraph provided, then the party of the first part may itself do the said work, and the entire cost of doing the same, by whichever of said parties said work is performed, under the terms hereof, shall be borne by the party of the second part.

Fourteenth: In the event that the real property through which said flume is constructed, or the property abutting on or adjacent to the same, shall

be subdivided by the party of the first part, and streets laid out thereupon, then and thereupon the party of the second part shall, within six (6) months after the written demand therefor by the party of the first part, replace the said flume by a concrete conduit, buried at least two (2) feet under ground, to the satisfaction and under the supervision of the party of the first part, of a capacity sufficient to carry all water then carried by the said flume, and located along a route determined by the party of the first part, and with such inlet and outlet thereto as to receive all such water and discharge the same into the tunnel of the party of the first part above mentioned, and upon such construction shall take up and remove the said flume for its entire distance. The said conduit shall be constructed of such materials and of such workmanship and according to such specifications that it shall be water-tight and entirely adequate, without danger of breakage or overflow, to carry all the water aforesaid, and to prevent any escape of any of the contents thereof otherwise than into the tunnel aforesaid.

Fifteenth: In the event that the party of the second part fails, neglects or refuses, for the period of six (6) months after the written demand therefor by the party of the first part, as in the preceding paragraph provided, to replace said flume by a concrete conduit, as in the said paragraph set forth, the party of the first part may replace the same and construct and lay the said concrete conduit, and take up and remove the said flume, and the entire cost of constructing and laying said conduit and of taking up and removing the said flume, by whichever of said parties said work is performed, under the terms hereof, shall be borne by the party of the second part.

Sixteenth: The care, upkeep and maintenance of the said concrete conduit, and, if necessary, the increase in size thereof to make it adequate to carry all the waters aforesaid, shall be undertaken and borne by the party of the second part at its own cost and expense, and if at any time, for any reason, it shall be necessary for the party of the first part to make any repairs of any kind whatsoever upon said conduit, or to enlarge the same, or to care for the overflow of water therefrom, the entire cost thereof shall be borne by the party of the second part.

Seventeenth: All damages of any kind whatsoever suffered by any tenant during the enlargement, operation and or lessee of the party of the first or maintenance of said Ocean View gulch flume, or during the construction, operation of maintenance of said

concrete conduit to replace the same, shall be borne and paid for by the party of the second part, and the party of the second part shall not, during the enlargement, construction, operation or maintenance of said flume or concrete conduit, interfere in any manner with the existing conduits, flumes, pipes, ditches, dams, fences or other existing works of the party of the first part.

Eighteenth: It is distinctly understood and agreed that if any condition or covenant herein contained shall be violated by the party of the second part, the permanent right of way granted for the construction of the sewer hereinbefore mentioned, from the Stanley street sewer to the Ingle-side main intercepting sewer, shall immediately upon such violation cease and determine, and the party of the first part shall be at liberty to remove the said sewer from its property; provided, however, that the statute of limitations shall never begin to run in favor of the party of the second part upon any violation of the conditions or covenants herein mentioned, or otherwise, whether or not any action be taken by the party of the first part in the premises.

Nineteenth: It is further understood and agreed that the terms, conditions and covenants herein contained shall bind the parties hereto and their successors and assigns.

Twentieth: It is further understood and agreed that time is the essence of this agreement.

In witness whereof, the party of the first part has caused its corporate name to be signed and its corporate seal to be hereunto affixed by its officers thereunto duly authorized, by resolution of its Board of Directors, and the party of the second part has, by resolution of its Board of Supervisors, caused this agreement to be executed by its Mayor and the Clerk of the Board of Supervisors, and its official seal to be hereunto affixed, on the day and year first herein written.

Intention to Close Portions of Jefferson and Tonquin Streets.

Supervisor Suhr presented:

Resolution No. 14052 (New Series), as follows:

Whereas, the Board of Supervisors have by resolution duly accepted the offer of the Pacific Gas & Electric Company to deed certain property to the City for the purpose of the Marina boulevard, in exchange for certain property of less area now lying within the limits of Jefferson and Tonquin streets as hereinafter more particularly described; and,

Whereas, public interest and convenience require and would be conserved by the closing of the said portions of Jefferson and Tonquin streets hereinafter more particularly described; now, therefore, be it

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to close and abandon the portions of Jefferson and Tonquin streets, being public streets in the City and County of San Francisco, particularly described as follows:

Parcel "A": Commencing at the point of intersection of the easterly line of Webster street and southerly line of Tonquin street, thence easterly along the southerly line of Tonquin street 412.5 feet to the westerly line of Buchanan street; thence northerly along the westerly line of Buchanan street 68.75 feet to the northerly line of Tonquin street; thence westerly along the northerly line of Tonquin street 412.5 feet to the easterly line of Webster street; thence southerly along the easterly line of Webster street 68.75 feet to the southerly line of Tonquin street and the point of commencement.

Parcel "B": Commencing at the point of intersection of the easterly line of Webster street and the southerly line of Jefferson street, thence easterly along the southerly line of Jefferson street 98.309 feet to the southwesterly line of the proposed Marina boulevard; thence northwesterly along the southwesterly line of the proposed Marina boulevard 92.878 feet to the northerly line of Jefferson street; thence westerly along the northerly

line of Jefferson street 35.862 feet to the easterly line of Webster street; thence southerly along the easterly line of Webster street 68.75 feet to the southerly line of Jefferson street and the point of commencement.

Parcel "C": Commencing at the point of intersection of the westerly line of Buchanan street and the southerly line of Jefferson street, thence westerly along the southerly line of Jefferson street 179.096 feet to the northeasterly line of the proposed Marina boulevard; thence northwesterly along the northeasterly line of the proposed Marina boulevard 92.878 feet to the northerly line of Jefferson street; thence easterly along the northerly line of Jefferson street 241.543 feet to the westerly line of Buchanan street; thence southerly along the westerly line of Buchanan street 68.75 feet to the southerly line of Jefferson street and the point of commencement.

Be it further

Resolved, That there are no damages, costs or expenses incidental to the closing of the portions of Jefferson and Tonquin streets hereinabove described; and be it further

Resolved, That the closing of the portions of Jefferson and Tonquin streets hereinabove described shall be done and made in the manner prescribed and in accordance with the provisions contained in Section 2, Chapter III, Article VI, and in the following sections of Chapter III, Article VI, of the Charter.

The Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Jefferson and Tonquin streets in the manner provided by law, and the Clerk of this Board is hereby directed to advertise this resolution in the "Daily Journal of Commerce" for the period required by law.

Resolution No. — (New Series), as follows:

Whereas, The Board of Supervisors on the 26th day of February, 1917, adopted Resolutions No. 14027 (New Series) and No. 14028 (New Series), authorizing and directing the Mayor and clerk of the Board of Supervisors, to execute for and on behalf of the City and County of San Francisco, in its name and under its corporate seal, deeds of conveyance to certain property of the City, popularly known as "Produce Exchange

and Market Place Lots", being South Beach Blocks Numbers 53, 54 and 281, to the Southern Pacific Company in exchange for certain property of said railroad corporation and the sum of \$392,073.30, and

Whereas, The appraisal value of the property of the city directed to be exchanged and sold as above recited is over \$800,000, a transaction of such magnitude and interest to all of the people of the City that, before the proposed sale and exchange be completed, the people should have an opportunity to approve or disapprove such sale and exchange of their property, and

Whereas, The provisions of Chapter IV of Article XI of the Charter (in effect February 17, 1911), provide for the protection of the people's rights, and the submission of matters of this character to a vote of the people, and also provide that "a substantial compliance with the provisions of this chapter shall be sufficient for the holding of an election hereunder, and for the approval or rejection of any measure submitted thereat"; Now, therefore, be it

Resolved, That the Board of Election Commissioners is hereby instructed to place upon the ballot to be used at the General Municipal Election to be held on the sixth day of November, 1917, the following proposition to enable the electors to vote thereon:

"Shall the City and County of San Francisco sell and exchange South Beach Blocks Numbers 53, 54 and 281 to and with the Southern Pacific Company, as provided in Resolution No. 14027 (New Series) and Resolution No. 14028 (New Series)," and be it

Further Resolved, That the said Board of Election Commissioners shall take all necessary measures to properly submit said proposition to the people as provided by law.

"Flag Ordinance Endorsed."

Communication—From the San Francisco Chapter of the Women's Section of the Navy League, endorsing Flag Ordinance.

Read by the Clerk and *ordered printed in the Municipal Record.*

Lincoln Monument in Civic Center

Communication—From the Lincoln Monument League, for a budget appropriation of \$25,000 to be added to other contributions for the erection of a suitable monument of Abraham Lincoln in front of the State Building in the Civic Center.

Referred to the Finance Committee.

Communication—From Hiram Johnson, Jr., requesting that report in

the City Engineer's office regarding sanitary fill method of garbage disposal in operation in the city of Seattle be filed with the Board of Supervisors for its information.

Read, Clerk directed to comply and if practicable have copies printed for the members.

SPECIAL ORDERS—3 P. M.

Action Deferred.

The following resolution, laid over one week and made a Special Order of Business for 3 p. m. this day, was taken up and on motion *ordered referred to the Supplies Committee:*

Mayor to Sell Auxiliary Water System Pipe.

Whereas, The Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors—Gentlemen:

By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hubbell streets on space required for railway materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot castiron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds from the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

By (Signed) F. J. CHURCHILL,
Secretary.

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

Action Deferred.

The following bill heretofore presented by Supervisor Walsh and laid over from a previous meeting, was taken up and made a *Special Order of Business for 3 p. m., March 26, 1917:*

Laundry Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Whereas, In the opinion of the Board of Health the indiscriminate handling of laundry or clothes before or after laundering, by dealers in foodstuffs, or those conducting second-hand, or misfit clothing stores, hat or clothing renovatories, cleaning and dyeing establishments and shoe repair

shops, is deemed to be a menace to public health and safety.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person, firm or corporation, to maintain any device for receiving soiled clothing for the purpose of being laundered, or to conduct any office or place for the collection of soiled clothing for laundering purposes, or for the distribution of clothing after laundering, within any building, room, apartment, dwelling, basement or cellar where foodstuffs are sold, offered for sale, prepared, produced, manufactured, packed, stored, or otherwise disposed of; or in any premises wherein the business of second-hand or misfit clothing, hat or clothing renovating, cleaning and dyeing and repairing of shoes is conducted.

Sec. 2. Any person, firm, company, or corporation violating any of the

Report of Finance Committee Disapproving Passage of Rominger Bill.

The following report was presented by Supervisor Power, *approved and adopted* by the following vote:

San Francisco, March 12, 1917.

To the Hon. Committee on State Laws and Legislation of the Board of Supervisors.

Gentlemen:

Your Finance Committee having thoroughly investigated the question of how the passage of the Rominger Bill would affect the income of the City and County of San Francisco, herewith reports as follows:

The annual revenue derived from liquor licenses for the year 1915-16 was \$1,007,270. If the bill should pass it becomes a law January 1, 1918, which would mean that we would lose the revenue for the period from January to July, 1918—approximately \$503,635. It is possible that some of the liquor licenses might not be renewed at all after the passage of the law; in that event our income for the present fiscal year would be materially affected. The loss of \$500,000 in our revenues would mean that we would have to add at least 10 cents to our tax rate.

In view of the extraordinary demands on the city income for the coming year, we deem it inadvisable to have such a law become effective, and respectfully recommend that the Committee on State Laws and Legislation convey said information to our representatives in the Legislature at Sacramento.

Respectfully submitted,
JAMES E. POWER,
E. L. NOLAN,

ANDREW J. GALLAGHER,
Finance Committee.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Closing Portion of Chenery Street.

Supervisor Suhr presented:

Resolution No. 14107 (New Series), as follows:

Resolved, That the public interest requires that a portion of Chenery street easterly from Diamond street

be closed as hereinafter described, and be it further

Resolved, That it is the intention of the Board of Supervisors to close and abandon a portion of Chenery street easterly from Diamond street more particularly described as follows:

Beginning at a point on the easterly line of Diamond street, distant thereon 200 feet northerly from the northerly line of Wilder street, and running thence northerly along the easterly line of Diamond street 17.762 feet; thence northerly on a curve to the left of 132.38 foot radius, tangent to the preceding course, central angle $14^{\circ} 03' 34''$, a distance of 32.484 feet to the northerly line of Chenery street; thence deflecting $102^{\circ} 55' 04''$ to the right from the tangent to the preceding curve and running easterly along the northerly line of Chenery street 68.063 feet to the boundary line between Subdivision No. 1 of the Castro Street Addition and the Fairmount Extension Homestead; thence deflecting $18^{\circ} 16' 30''$ to the right and running southeasterly along said boundary line 159.418 feet to the southerly line of Chenery street; thence deflecting $161^{\circ} 43' 30''$ to the right and running westerly along the southerly line of Chenery street 216.470 feet to the point of beginning.

Said closing up of said portion of Chenery street easterly from Diamond street shall be done and made in a manner and in accordance with the provisions of Section 2 of Chapter 3, Article 6 of the Charter as amended, and the sections of said chapter and article following said Section 2.

Be it further Resolved, That the damage, cost and expense of said closing up of said portion of Chenery street easterly from Diamond street be paid out of the revenue of the City and County of San Francisco.

And the Clerk is hereby directed to transmit to the Board of Public Works a certified copy of this resolution, and the Board of Public Works is hereby directed to give notice of said contemplated closing and abandoning of said portion of said street in the manner provided by law, and to cause notice to be published as required by law.

Whereas, A great many of the citizens of San Francisco who keep dogs have made household pets of them, and are very much attached to the animals, and

Whereas, The Public Pound of San Francisco is under the control of and operated by the Society for the Prevention of Cruelty to Animals who are instructed and do dispose of stray animals in the most humane manner, and

Whereas, If the bill introduced in the Legislature by Assemblyman Prendergast becomes a law, the Society will be compelled to change its system of disposing of these animals, and turn them over to be cruelly treated at hospitals; now therefore be it

Resolved, That it is the sense of this Board that the Law and Legislative Committee should vigorously oppose the adoption of said bill.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, Mulvihill, Nelson, Nolan, Suhr, Wolfe—11.

Noes—Supervisors Power, Walsh—2.

Absent—Supervisors Brandon, Hilmer, Kortick, McLeran, Welch—5.

**Appreciation of Services of Former
City Attorney Percy V. Long.**

Supervisor Hayden presented:
Resolution No. 14112 (New Series),
as follows:

Whereas, The Mayor has accepted

the resignation of Percy V. Long, as City Attorney, tendered several months ago, and Mr. Long has closed a term of more than eleven years' service as Chief of the Legal Department of the City and County of San Francisco; therefore,

Resolved, By the Board of Supervisors that the termination of the pleasant relations that so long existed between him and this department is accompanied with feelings of deep regret; that we regard his past services as having been of great value to the municipality, and that he has deservedly earned the title of a good and faithful servant; that he has been a wise counselor and good friend to the City whose destinies he has in part guided for the past decade, and is entitled to the thanks of this Board and of the people of the City for duty well performed. We extend to him our best wishes for success in whatever he may undertake to do; and be it further

Resolved, That an engrossed copy of this Resolution be presented to Mr. Percy V. Long.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

**Repeal of Resolution Accepting Offer to
Sell Land for Southeasterly Mission
Playground.**

Supervisor Power presented:

Resolution No. 14113 (New Series),
as follows:

Resolved, That Resolution No. 14085 (New Series) be, and the same is hereby repealed, and the subject matter re-committed to the Education, Parks and Playgrounds Committee.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Supervisors Endorse City Planning Legislation.

Supervisor McLeran presented:

Resolution No. 14114 (New Series),
as follows:

Whereas, The Board of Supervisors of the City and County of San Francisco earnestly believe in the necessity for enabling legislation to make possible more careful and comprehensive city planning in this city, and throughout the State of California, and

Whereas, Senator S. C. Evans of Riverside, former president of the League of California Municipalities

and ex-Mayor of Riverside, has introduced into the Legislature the following constitutional amendment and bills:

Senate Constitutional Amendment No. 16—For the submission again of the constitutional amendment granting cities the public acquisition power, commonly known as "Excess Condemnation."

Senate Bill 430—An act authorizing city councils to zone or district the city for the segregation of industry, business, apartments, flats and single family residences upon the report of the City Planning Commission and providing a procedure therefor.

Senate Bill 431—An enabling act providing procedure whereby cities may establish building set-back lines.

Senate Bill 405—An act providing for the establishment of a City Planning Bureau under the Commission of Immigration and Housing to keep the Commission of the State informed of city planning progress, methods and improvements.

And Whereas, These bills were introduced at the urgent request and with the full backing of the California Conference on City Planning and the League of California Municipalities. Now therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco in meeting assembled this 12th day of March, 1917, hereby strongly endorses each of these measures, because they will greatly strengthen and make more useful to the people of San Francisco and other cities of the State the work of this and similar boards, and thereby make our cities much better places to live in and work in, and be it further

Resolved, That the Clerk of the Board be directed to send copies of this resolution to each of the San Francisco representatives of the Legislature, to His Excellency Governor Hiram W. Johnson, to His Excellency, Lieutenant-Governor Wm. D. Stephens, to Senator Edward J. Tyrrell, Chairman of the Committee on Municipal Corporations, and to Senator S. C. Evans, who introduced the bills.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Kortick, Welch—4.

Chas. H. Cheney and M. Schneiker addressed the Board in favor of the foregoing resolution, stating that their respective organizations had endorsed it.

Passed for Printing.

The following resolution heretofore referred to Supervisors Power and Wolfe was presented and passed for printing:

Appropriation, Special Track Work, Municipal Railways.

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$9,232.00 be and the same is hereby set aside, appropriated and authorized to be expended out of Municipal Railway Fund for purchase of track special work, including crossovers, frogs and combination joints, for Municipal Railways at Market and Church streets, Van Ness avenue and Market street and for Twin Peaks tunnel (United States Steel Products Co. contract).

Taxation of Municipally Owned Utilities.

Supervisor Walsh moved that the Board request Superintendent Cashin of the Municipal Railways and City Engineer O'Shaughnessy to accompany Supervisor Wolfe to Sacramento to oppose proposed constitutional amendment providing for taxation of municipally owned utilities.

Motion carried.

Exchange of Transfers.

W. A. Corey, representing merchants and property owners in Golden Gate Valley, was granted the privilege of the floor and addressed the Board. He wanted to know why transfers have not been granted at Union and Fillmore streets in accordance with understanding had in Committee.

Supervisor Wolfe advised Mr. Corey that that understanding was had, but that he did not know why it had not been carried out. He promised that immediate steps would be taken, however, to have an arrest made and to have the validity of the ordinance tested.

Annexation.

Supervisor Wolfe announced that on Wednesday night the question of annexation would come up for consideration in Committee in the State Legislature and declared that those interested should try to be in attendance.

Members of Congress.

Supervisor Gallagher moved that the Clerk of the Board of Supervisors be directed to invite Congressmen Kahn and Nolan and Senator Phelan, who are in San Francisco, to attend next meeting and address the Board.

So ordered.

ADJOURNMENT.

There being no further business, the Board at 5:30 p. m. adjourned.

JNO. W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors March 19, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—14.

The Clerk announced that Supervisor Gallagher had sustained a slight injury and was unable to be in attendance.

Supervisors Wolfe, Power and Deasy were appointed a committee to call on him and extend the sympathy of the Board.

The Clerk was directed to communicate with Supervisor Welch, who is ill in New York, extending to him the sympathy and well wishes of his Honor the Mayor and the Board of Supervisors.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNALS.

The Journals of the meetings of January 22, February 19, February 20, March 5, March 12, 1917, were presented.

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

Child Welfare Week.

Communication—From the California Federation of Women's Clubs, requesting an appropriation of \$1000 in the next budget for the purposes of

Child Welfare Week to be held in the Civic Auditorium in the spring of 1918; also thanking the Board for the financial assistance given this year.

Read and *ordered filed*.

Special Meeting of Civic League.

Communication—From Civic League, inviting attendance at its special meeting to be held on March 22, 1917, to discuss the question of the extension of the High Pressure System for Fire Protection, the improvement of the Fire Department and the bond issue proposed for the erection of school houses.

Read and *accepted*.

Chief Chauffeur.

Communication—From the San Francisco Labor Council, transmitting copy of resolution adopted by said Council endorsing and soliciting support in the matter of the creation of the position of Chief Chauffeur for the supervision and direction of city motor vehicles.

Protest Against Contract for Motor Busses.

Communication—From J. Monroe Latimer, requesting Board to consider his suggestion that an appropriation for the purchase of five motor busses be not approved on the ground of excessive price for the materials to be supplied.

Read and *ordered filed*.

California Tourists' Association.

The following matters were read by the Clerk:

Telegram—From E. P. Critchen, secretary California Society of Illinois, declaring that Tourists' Association of Central California is doing good work and expressing the hope that the

Board will find it a valuable asset to the State, and, therefore, will help to continue its further existence.

Communication—From the California Tourists' Association, enclosing for consideration statement of its executive committee to its friends and supporters of the Tourists' Association of Central California and advising as to its needs to keep the work going.

Communication—From Jos. T. McClellan to Mayor Rolph, declaring that it is a mistake not to make an adequate appropriation for the work of the Tourists' Association of Central California.

Telegram—From Frank L. Bryant to Mayor Rolph, endorsing request of Tourists' Association of Central California for an adequate appropriation for advertising the advantages of this part of the State.

Communication—From Henry Varai, secretary and treasurer of the California Society of New York, declaring that it would be a serious mistake to discontinue office of California Tourists' Association in the City of New York and stating that this section of the State needs all the publicity that it can get.

Privilege of the Floor.

Thereupon, *Dr. Jas. B. Bullitt*, president of the Tourist Association of California, was granted the privilege of the floor. He declared that unless San Francisco joins the other nine counties around the bay in providing a county fund of approximately \$20,000 annually as its contribution to the publicity fund that it has been decided to discontinue the Tourist Association activities, at least in so far as San Francisco is concerned. Heretofore San Francisco contributions have been from private sources, but this means is neither practicable nor adequate to the work in hand.

Motion.

Supervisor Mulvihill moved that his Honor the Mayor appoint a committee of five on this subject to attend meeting of Tourist Association at Palace Hotel on Friday, March 23, 1917, to investigate and report thereon.

Amendment.

Supervisor Power moved as an amendment that subject-matter be referred to the Public Welfare Committee.

Amendment carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Power, Suhr, Walsh, Wolfe—13.

Absent—Supervisors Gallagher, Korkick, Nelson, Nolan, Welch—5.

Announcement.

Supervisor Mulvihill thereupon an-

nounced that Welfare Committee would meet on Thursday at 2 p. m.

Naval Base at Hunters Point.

The following matters were presented and read by the Clerk:

Communication—From George F. Welch, secretary to Senator Jas. D. Phelan, stating that it will be impossible for the Senator to attend this meeting of the Board of Supervisors to discuss recent congressional action on proposed Naval Base in San Francisco Bay; also transmitting clipping from the Call-Post as to Senator Phelan's demands for San Francisco in this regard.

Communication—From Julius Kahn, Member of Congress, expressing regret that he will be unable to attend meeting of the Board of Supervisors to discuss congressional action on proposed Naval Base in San Francisco Bay, but assuring Board that there is every indication of Hunters Point being selected.

Clerk's Statement.

John S. Dunnigan, Clerk of the Board, in connection with the foregoing, stated:

"I might at this point, with the consent of the Board, say that the report of the committee which went on to Washington in the matter of the Naval Base will be made upon the return of the committee. Mr. Welch is sick in New York. All the committee expect to return this week.

"So far as the Naval Base is concerned, the Secretary of the Navy told Senator Phelan and me, the night of the last session of Congress, that he would immediately proceed to complete the necessary work to locate the Naval Base on San Francisco Bay; and subsequently, at a conference in his office with Senator Phelan, the Secretary of the Navy authorized me, or requested me to procure for him the list of the owners of the property in the Hunters Point tract, and the selling price they place upon their property. And the Secretary of the Navy wants these owners to be reminded that there are other available sites in San Francisco Bay, so that they will not attempt to put a prohibitive price upon their property. While the Government has the power of condemnation, the Secretary felt that the condemnation proceedings would be laborious and unsatisfactory—there being some 1500 property owners in the tract, and he wants to avoid condemnation, if the Hunters Point site is finally selected. I received a letter this morning from Admiral Helm, giving in general terms the land at Hunters Point upon which the Government wants this additional information. With the approval of the Board I will proceed to get that information."

Privilege of the Floor.

Congressman John I. Nolan addressed the Board and assured the members that there was every indication that Hunters Point would be selected as the Naval Base; not because San Francisco was selfishly for it, but on account of its merit. He scored bay cities for what he called their "mailed fist" tactics in trying to get the Naval Base. He said that heretofore he has been "strong for the hands-around-the-bay business", but now he was through with it. He was going to work for San Francisco. This city, according to the Congressman, has been so generous in the matter of "pork" that it has let Congress appropriate nearly \$30,000,000 in river and harbor bill appropriations without asking anything, the east bay section getting its full share, and when San Francisco asks for the Naval Base in the most desirable location on the bay the communities on the other side of the bay show the "mailed fist".

Clerk to Obtain Data Regarding Real Estate Values at Hunters Point.

Thereupon, Supervisor Wolfe presented:

Resolution No. 14115 (New Series), as follows:

Resolved, That John S. Dunnigan, Clerk of the Board of Supervisors, be and is hereby directed to procure such information and data regarding real estate values in the proposed Hunters Point naval base site as he has been requested to procure by the Secretary of the Navy.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Gallagher, Kordick, Nelson, Welch—4.

State Legislative Matters.

Communication—From Senator W. S. Scott, acknowledging receipt of resolution of the Board of Supervisors opposing the Rominger bill and the vivisection bill and endorsing Senator Evans' bills relative to city planning, and stating that he will comply with the request of the Board in this matter.

Read and ordered filed.

Communication—From Senator Lester G. Burnett, stating that he will give careful consideration to Supervisors' endorsement of constitutional amendment regarding city planning as well as to its expressed opposition to the Rominger bill and the vivisection bill.

Read and ordered filed.

Supervisor Wolfe, on behalf of State Legislation Committee, reported verbally that City Engineer O'Shaughnessy, Superintendent Cashin, Supervisor

Hayden, and himself had represented the interests of San Francisco before the State Legislature, as authorized by the Board. With regard to proposed constitutional amendment providing for the taxation of municipally owned utilities, he said, the committee of the State Legislature had decided by a majority vote to recommend that amendment do not pass. Los Angeles county, he said, is opposed to it and there is no possibility of the measure passing. We have plenty votes to defeat it. With regard to annexation of San Mateo county, he said, a number of our citizens, together with Senator Bower, Ryan and City Engineer O'Shaughnessy, ably presented the matter and the committee has taken it under advisement. You know from the press, he said, as to the status of the Normal School. The other matters are being watched carefully.

Investigation of Foodstuffs in Storage.

Communication—From Larzelere-Sweeney Company, transmitting statement showing amount of potatoes in storage and in the ground in the States of California, Oregon and Washington for the years 1916-1917, and declaring that the shortage in California of 819,450 sacks is undoubtedly responsible for the highest price ever paid in California for potatoes.

Communication—From Water Front Workers' Association of the Pacific Coast, approving resolution of Supervisor Edw. L. Nolan requesting State Railroad Commission to adopt regulation requiring public warehouses and cold storage plants to furnish monthly reports of their transactions in supplies of food on hand; also, petitioning the Board of Supervisors to establish free markets and cold storage facilities for the handling and preservation of food products.

Read and ordered filed.

SPECIAL ORDERS—3 P. M.**Action Deferred.**

The following resolution, laid over one week and made a Special Order of Business for 3 p. m. this day, was taken up and on motion *laid over one week*:

Mayor to Sell Auxiliary Water System Pipe.

Whereas, The Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors—Gentlemen:

By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hub-

bell streets on space required for railway materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot castiron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds from the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

By (Signed) F. J. CHURCHILL,
Secretary.

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

Garbage Disposal.

Consideration and hearing on resolutions and motions as follows, fixed for 3 p. m. this day, were, on motion, *laid over one week*:

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the City shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage

is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, The cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process, and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the household,

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

March 5, 1917—*Over two weeks.*

Question being on the substitute for the whole.

HEARING OF APPEALS.

Action Deferred.

The following matters were, on motion of Supervisor Brandon, *laid over one week*:

Nineteenth Avenue.

Hearing of appeal of property owners from assessment for the improvement of Nineteenth avenue between Wawona street and Sloat boulevard, fixed for 3:30 p. m. this day.

Rivera Street.

Hearing of appeal of E. T. Holmes against assessment for improvement of Rivera street, between Twenty-second and Twenty-third avenues, fixed for 3 p. m. this day.

Veto—Stanton Stable Permit.

Consideration of Mayor's veto of Resolution No. 13964 (New Series), granting Elizabeth Stanton permission to maintain a stable for one horse at 438 Twenty-third avenue.

Motion.

Supervisor Lahaney moved that Mrs. Stanton be granted the privilege of the floor.

Motion *lost* by the following vote:

Ayes—Supervisors Hynes, Lahaney, McLeran, Nolan, Walsh, Wolfe—6.

Noes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Power, Suhr—7.

Absent—Supervisors Gallagher, Kortick, Mulvihill, Nelson, Welch—5.

Veto Sustained.

Thereupon, the question being put, "Shall the resolution finally pass, notwithstanding the objections of his Honor, the Mayor?" the Roll was called, with the following result:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, McLeran, Power, Wolfe—9.

Noes—Supervisors Lahaney, Nolan, Suhr, Walsh—4.

Absent—Supervisors Gallagher, Kortick, Mulvihill, Nelson, Welch—5.

Whereupon, the Chair declared the motion *lost*, and the *Mayor's veto sustained*.

PRESENTATION OF PROPOSALS.

Official Advertising.

A proposal for doing the official advertising for the year commencing April 1, 1917, was received and opened at 3 p. m. this day, to-wit:

1. Daily Journal of Commerce, \$0.19 per square; certified check \$1000 on First National Bank.

Referred to the Public Welfare and Publicity Committee.

REPORTS OF COMMITTEES.

The following committees, by their respective chairmen, presented reports on various matters referred, which reports were received, read and *ordered placed on file*:

Fire Committee, by Supervisor Deasy, Chairman.

Public Buildings Committee, by Supervisor McLeran, Chairman.

Streets Committee, by Supervisor Suhr, Acting Chairman.

Health Committee, by Supervisor Walsh, Chairman.

Supplies Committee, by Supervisor Gallagher, Chairman.

Report of Public Welfare and Publicity Committee—San Francisco Convention League Appropriations, Foodstuffs in Storage, Etc.

The following report was presented by Supervisor Mulvihill and read by the Clerk:

San Francisco, March 19, 1917.
To the Honorable The Board of Supervisors—

Gentlemen: Your Public Welfare and Publicity Committee, to which various matters were referred, begs leave to report as follows:

The following communications were read and filed:

From J. T. Edwards of Alameda, concerning a motion picture in course of making, entitled "Land of Heart's Desire," and asking whether or not the city of San Francisco desires to purchase space in same.

From H. Clay Miller, president California Bean Dealers' Association, and J. J. Flynn of the National Ice and Cold Storage Company, stating that, on account of absence from the city, they would be unable to attend the meeting of the Committee in connection with the hearing regarding storage of foodstuffs in warehouses, etc.

In the matter of the protest of W. B. McGerry & Co. against the bill-board fence situated on the southwest corner of Golden Gate avenue and Divisadero street, Mr. McNeil, representing Foster & Kleiser, stated that he had called upon W. B. McGerry & Co., and the matter had been adjusted to their entire satisfaction.

Communication from His Honor, the Mayor, calling attention to the need of public convenience stations in various congested districts throughout the city, and suggesting that a thorough and complete investigation be made by the proper committee in co-operation with the City Engineer, in order that provision may be made in the coming budget for such stations as may be of immediate necessity, was referred to the Finance Committee with a favorable recommendation, as well as the communications from the California Women's State Democratic League and the Mission Promotion Association, urging an appropriation in the budget for the building and maintenance of convenience stations.

Petition of the San Francisco Convention League and other commercial and civic bodies for an appropriation from the city for the purpose of assisting the San Francisco Convention League in bringing conventions to San Francisco; said conventions to be held in the Exposition Auditorium, was considered at length.

Mr. M. H. De Young, of the San Francisco Chronicle, and the following gentlemen, representing their respective organizations—H. H. Sherwood, president San Francisco Convention League; R. L. Webb, secretary San Francisco Convention League; C. H. Brockhagen, president San Francisco Advertising Club; Alexander Russell, president Civic League of Improvement Clubs; John I. Walter, president Downtown Association, and Kirk Harris, secretary San Francisco Hotel Men's Association—urged upon the Committee the importance of making a liberal appropriation for this purpose, stating that, in their opinion, the city would be amply repaid for any moneys spent in this direction by the tourists and home seekers who would be brought here. They called attention to the fact that Los Angeles Coun-

ty had raised a fund of \$500,000 per year, covering a period of five years, making a total of \$2,500,000 for advertising and publicity work. The suggestion was made that a tax of at least two cents per \$100 should be included in the next budget, which would give an amount of approximately \$112,000. In addition to this amount, which would be the city's contribution, it was understood that private subscriptions would be raised from among the various organizations interested in this work.

Your Committee is in favor of the proposition, and believes that the Board of Supervisors should adopt a definite policy. It recommends that the Board of Supervisors go on record in favor of the plan and that the Finance Committee be requested to *give due consideration to the advisability of making an appropriation in the forthcoming budget for the purpose of assisting the San Francisco Conventions League and kindred organizations in bringing conventions to San Francisco.* In order that the Board of Supervisors might be in full possession of all the facts and information bearing on this subject matter, the Committee requested that the San Francisco Conventions League submit a definite plan to the Board, showing just what amount of money is necessary, how the money is to be raised, how expended, and what other counties are doing along similar lines, etc.

In the matter of Supervisor Nolan's Resolution relative to foodstuffs stored in warehouses and requesting the Assessor to assess these commodities at the present market prices, and Supervisor Power's Resolution requesting the Public Welfare Committee, in cooperation with the Department of Weights and Measures to ascertain the amount of foodstuffs in warehouses in San Francisco, and the normal demands of our city for a period of sixty days, the Committee desires to report that, pursuant to its request, Assessor John Ginty filed a statement showing the amount of potatoes, onions, beans and flour on storage in the various warehouses on the first Monday in March, together with the present market prices on these commodities; also a statement showing the quantities of the same commodities on storage one year ago, with the market prices at that time.

Lawrence J. Dolan, Sealer of Weights and Measures, also filed a statement covering the result of his investigation made by his deputies as to the amount of foodstuffs they found on storage in warehouses and docks.

W. R. Larzelere, president of the California Wholesale Potato Dealers' Association, filed a statement showing the daily consumption of potatoes and onions, and also the quantity that would be necessary to meet the de-

mand of the city for the next sixty days.

Mr. H. Clay Miller, president of the California Bean Dealers' Association, filed a communication explaining the reason for the shortage in the bean market.

After some discussion on these various reports, the Committee directed the Clerk to advise the District Attorney that it is ready and willing to cooperate with him in his proposed investigation as to the high cost of foodstuffs, and as to whether or not the laws are being violated, placing at his disposal all the data and information that the Committee has collected on this subject matter.

The Committee directed that a copy of Supervisor Gallagher's Resolution relative to the repeal of all ordinances which prohibit the raising or producing of food articles in the City and County be referred to the Board of Health, with the request that it advise the Committee as to just what would be involved in the adoption of this proposed Resolution; what the effect would be, and if, in its opinion, there is any serious objection to its adoption.

Respectfully submitted,

JOSEPH MULVIHILL,
OSCAR HOCKS,
J. D. HYNES,
JOS. F. LAHANEY,

Committee on Public Welfare and Publicity.

Privilege of the Floor.

M. H. De Young, representing the San Francisco Conventions League, was granted the privilege of the floor, and addressed the Board. He declared that he was not opposing the application of the Tourist Association of Central California, but that those he represented want to do something for San Francisco exclusively. Heretofore, he said, this work has been carried on by private subscription and has become a heavy burden. "We think San Francisco, inasmuch as the entire city is benefited, should come to our assistance and levy a tax of two cents on the \$100 of assessed valuation, which," he said, "would not be too much to place on the property owner."

"We might retrench in other directions," he said, "by cutting down expenses in the Recorder's office, for instance."

"The work there," he said, "which is now extensively and unsatisfactorily done by a large number of copyists, can be cheaply and accurately done by photographic process."

"Furthermore, we pay Spring Valley Water Company for the use of hydrants \$32,000, and for public buildings \$30,000 per year; in all, \$62,000 annually. We permit that corporation to use our streets and then make us

pay for it. That expense could be cut in half.

"The Board of Health costs the city in salaries \$264,000 and the Board of Public Works \$395,000 for salaries annually. The latter department recently raised all its high-priced employees. Great savings could be made here by the elimination of unnecessary employees and waste.

"It has been stated that the Charter does not permit this appropriation, but I say that there is nothing in the Charter to prohibit it, and I am sure you gentlemen can find the way.

"We will continue, moreover, to solicit private subscriptions to supplement whatever the city may set aside."

Mr. Brackhagen, representing the San Francisco Advertising Club, also addressed the Board, urging an adequate appropriation to the fund for bringing conventions to San Francisco.

Colonel Merrill, representing the San Francisco Conventions League, declared that during the Exposition we averaged $3\frac{1}{2}$ conventions a day. "At a cost of a million and a half dollars," he said, "we have constructed the greatest auditorium in the United States for holding such conventions. Are we going to let this investment go for nothing? Let us get all the conventions we can and make this a manufacturing city and taxes will come down."

Mr. Sherwood, president of the San Francisco Conventions League, also addressed the Board, endorsing the remarks of the previous speakers and urging an adequate appropriation for the purpose stated.

Judge Van Duzier, property owner, opposed any tax levy for advertising purposes. He declared that he couldn't obtain as much money now for his property as he could previous to the Exposition.

L. H. Mooser, representing the president of the San Francisco Real Estate Board, declared that he was requested to ask the Board to help the work of the Convention Association in bringing conventions to San Francisco.

George Skeller, representing the Civic League, said: "There is no doubt the people are in favor of an appropriation for advertising San Francisco. Put a 2-cent tax levy in the budget and you will find that there will be no objection.

Jos. A. Leonard also addressed the Board. He declared that San Francisco got a lot of bad advertising for nothing at the time of the fire and as a consequence there are many people in the East who are still under the impression that San Francisco was completely destroyed. He urged that the appropriation asked be granted

in order that this erroneous impression might be removed.

Mr. Rolkin, representing the San Francisco Hotel Association, also addressed the Board, endorsing the request for a tax of two cents on the dollar for bringing conventions to San Francisco.

Mayor Rolph called attention to the damage that is being done to the fair name of San Francisco by bad advertising through the state-wide vice-suppression campaign of Rev. Paul Smith. His Honor the Mayor read for the information of the Board his reply to six categorical questions of Rev. Paul Smith regarding the enforcement of the law for vice suppression, in which he declared that he was opposed to all forms of commercialized vice and demanded any specific knowledge in the possession of the Rev. Paul Smith of a violation of the law be furnished the police. He characterized the letter of Rev. Paul Smith as a political dodge—impudent and insincere. The minister's idea of a rehabilitation for the unfortunate women, he said, was nothing more than another jail, and he was opposed to it, because it had always failed as a remedy for prostitution. He said, moreover, that San Francisco, considering her character as a seaport city, was cleaner and better than any other city of its size in the world.

Report Adopted as Amended.

Whereupon, Supervisor Mulvihill's report, amended on the suggestion of Supervisor Power, by striking out the words "to make" and inserting the words italicized, was *adopted and referred to the Finance Committee.*

Whereupon, the following resolution was presented by Supervisor Mulvihill and *referred to the Finance Committee:*

Whereas, the San Francisco Convention League and kindred civic and commercial organizations have petitioned the Board of Supervisors to make an appropriation in the next budget for the purpose of bringing conventions to San Francisco, said conventions to be held in the Exposition Auditorium, and

Whereas, other counties in the State of California make contributions for the purpose of advertising their sections of the State, and believing that an appropriation for this purpose will more than repay the citizens of San Francisco in the money that would be expended by tourists and home seekers who would locate here permanently because of our climate and other natural advantages, be it

Resolved, That the Board of Supervisors be requested to adopt a definite

plan for this character of work, and that a liberal appropriation be made in the budget to carry the same into effect.

UNFINISHED BUSINESS.

Masquerade Ball Permits.

Supervisor Lahaney presented:
Resolution No. 14128 (New Series),
as follows:

Resolved, That the La Rusche Social Club is hereby granted permission to hold a masquerade ball at Rusche Hall, Powell street and Broadway, March 31, 1917, without payment of the usual license fee, provided the proceeds of said ball be devoted to charitable and benevolent purposes.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Gallagher, Kortick, Nelson, Welch—4.

Extension of Time.

Supervisor Wolfe presented:

Resolution No. 14129 (New Series), as follows:

Resolved, That upon the recommendation of the Board of Public Works the following extensions of time are hereby granted to contractors on public work for the reasons stated:

Engine House No. 4.

To Ickelheimer Bros., 90 days from December 8, 1916, to complete contract for lighting fixtures; *first* extension.

To Rex Electrical Co., 90 days from December 6, 1916, to complete contract for electric work; *first* extension.

To Kiernan & O'Brien, 90 days from December 14, 1916, to complete contract for plumbing work; *first* extension.

The above extensions are recommended for the reason that contractors were unavoidably delayed pending the installation of certain work included in the contract for general construction of the building.

To M. G. Zelinsky, 90 days from December 6, 1916, to complete contract for the general construction; *first* extension.

This extension is recommended for the reason that the delay was due to contractor's inability to secure deliveries of lumber and steel, owing to condition of market.

Engine House No. 17.

To Roberts Mfg. Co., 60 days from February 5, 1917, to complete contract for lighting fixtures; *first* extension.

To J. E. O'Mara, 60 days from February 7, 1917, to complete contract for plumbing; *first* extension.

To Central Electric Co., 60 days from February 5, 1917, to complete contract for electric work; *first* extension.

To John Spargo, 60 days from February 5, 1917, to complete contract for general construction.

These extensions of time are rec-

ommended on account of the strike of the structural iron workers.

Central Emergency Hospital.

To Anderson & Ringrose, 90 days from December 6, 1916, to complete contract for general construction; *first* extension.

Recommended for the reason that the contractor was delayed by the underpinning of the adjoining building; by the fact that water was struck during excavation; by the inclement weather, which retarded drying of the plaster and delayed bringing the selected woods for finishing the building, and various other small items. The work was rushed as rapidly as possible.

Paul Revere School.

To M. G. Zelinsky, 90 days from December 7, 1916, to complete contract for general construction.

First extension recommended for the reason of the contractor's inability to secure deliveries of lumber and steel, owing to the condition of the market.

To Joost Bros., 90 days from December 26, 1916, to complete contract for hardware.

First extension recommended for the reason that contractor was unavoidably delayed pending installation of certain work included in contract for general construction.

Recommended that advertising fees be remitted.

Fixing May 7, 1917, to Hear Appeal Against Assessment for Extension of Saturn Street.

Supervisor Suhr presented:

Resolution No. 14133 (New Series), as follows:

Fixing the date of hearing of objections to the report of the Board of Public Works for the extension of Saturn street from its present easterly termination easterly to the westerly line of Ord street.

Whereas, the Board of Public Works did on the 13th day of March, 1917, file with the Board of Supervisors the written report of said Board of Public Works of the damages and benefits resulting by reason of the proposed extension of Saturn street from its present easterly termination easterly to the westerly line of Ord street; therefore, be it

Resolved, That Monday, May 7, 1917, at 3 p. m., be fixed as the day for all persons interested to show cause, if any they have, before the Board of Supervisors why the report of the Board of Public Works, filed on the 13th day of March, 1917, should not be confirmed; therefore, be it

Further Resolved, That the Clerk of the Board of Supervisors is hereby 10 days a notice of the filing with the Clerk of the Board of Supervisors of the report of the Board of Public Works, that the 7th day of May, 1917, at 3 p. m., has been fixed as the day for all persons to show cause why such report should not be confirmed.

Blasting Permit.

On motion of Supervisor Suhr:

Resolution No. — (New Series), as follows:

Resolved, That D. J. Counihan is hereby granted permission, revocable at will of the Board of Supervisors, for a period of ninety days from date of approval of this resolution to explode blasts for the purpose of grading on Florida street, between Sixteenth and Seventeenth streets; provided said permittee file a good and sufficient bond in the sum of \$3,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that

said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said D. J. Counihan then the privileges and all rights accruing thereunder shall immediately become null and void.

Extension of Time.

Supervisor Suhr presented:

Resolution No. 14134 (New Series), as follows:

Resolved, That the Clinton Construction Company is hereby granted an extension of thirty days' time from and after March 13, 1917, within which to complete contract for the sewer in La Playa and the Great Highway, between Lincoln way and Noriega street.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has diligently pursued his work and has completed it all except the backfill.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Gallagher, Kortick, Nelson, Welch—4.

Approval of Bond to Cover Taxes, Westwood Park.

Supervisor Suhr presented:

Resolution No. 14135 (New Series), as follows:

Resolved, That the bond filed with this Board by Residential Development Company of San Francisco in the sum of five thousand (\$5000) dollars, which sum is hereby fixed by this Board and conditional for the payment of all taxes which are now a lien and not yet payable against the tract or subdivision of land shown on map of Westwood Park, San Francisco, California, is hereby approved and the Clerk of this Board is hereby directed to endorse a certificate on the map of Westwood Park, San Francisco, California, that a bond has been filed with this Board as provided in Section 3 of an act entitled, "An act to amend sections one, two, three, four, six, eight and nine of an act entitled, 'An act requiring the recording of maps of subdivisions of land into lots for the purpose of sale and prescribing the conditions on which such maps may be recorded, and prohibiting the selling or offering for sale of land by reference to said maps unless the same are recorded.'" Approved March 15, 1907, and repeal-

ing conflicting acts. Approved June 11, 1913; in effect August 10, 1913.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, Mulvihill, Nolan, Power, Suhr, Walsh, Wolfe—14.

Absent—Supervisors Gallagher, Kortick, Nelson, Welch—4.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Restoration of Street Pavements.

Supervisor Mulvihill presented:

Resolution No. — (New Series), as follows:

Whereas, it is apparent that the street pavements in this city, in many instances, are in a state of disrepair, and in many cases of such an obsolete type as to excite unfavorable comment and hamper the development of the city's commercial districts; that these conditions are due to the neglect of public service companies to restore pavement after having made excavations in the streets, to inadequacy of the city's street repair methods and to insufficient appropriations to meet public requirements in this respect; therefore

Resolved, By the Board of Supervisors that it favors a policy that will lead:

First—to the replacement of the obsolete pavements with those of approved modern construction.

Second—the imposition of stricter regulations governing the making of excavations in public streets.

Third—an enforcement of the obligation of the railroad in keeping in repair the pavements contiguous to their tracks.

Fourth—the installation of a proper system of street maintenance.

Fifth—a material increase in the appropriations for the repair and reconstruction of pavements.

Referred to Streets Committee.

Foodstuffs in Storage.

Supervisor Nolan presented:

Resolution No. — (New Series), as follows:

Whereas, the investigation of the past three weeks into the high cost to the consumer of certain food produce has disclosed the fact that the general public has little definite knowledge of either the amount of such produce that is available or of the normal consumption thereof; and

Whereas, public information of this character would tend to restrain any combination between growers, wholesale or commission merchants to raise the price of such commodities, and

can be obtained with little expense from departments of the State government; now, therefore, be it

Resolved, That the Railroad Commission of California, under whose control and regulation are all public warehouses and wharves of the State, is hereby requested to require from all public warehouses and wharves, the same being public utilities, a monthly statement showing the amount of food produce in the warehouse or on the wharf on the first day of each month of the year, and that the result of such statements be tabulated by counties and given to the public; and be it further

Resolved, That the State Market Inspector is hereby requested to prepare and establish an estimate of the average normal consumption, either monthly or yearly, of food produce in each of the counties of the State.

Approved by the Board of Supervisors March 26, 1917.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOHN S. DUNNIGAN,

Clerk of the Board of Supervisors,
City and County of San Francisco.

Motion.

Supervisor Nolan moved adoption.

Amendment.

Supervisor Mulvihill moved as an amendment that resolution be referred to the Public Welfare Committee.

Amendment carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Lahaney, McLeran, Mulvihill, Suhr—9.

Noes—Supervisors Hynes, Nolan, Power, Walsh, Wolfe—5.

Absent—Supervisors Gallagher, Kortick, Nelson, Welch—4.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:30 p. m., adjourned.

J. S. DUNNIGAN,
Clerk.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, MARCH 26, 1917.

In Board of Supervisors, San Francisco, Monday, March 26, 1917, at 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Gallagher, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Quorum present.

His Honor Mayor Rolph presiding.

READING THE JOURNAL.

The Journal of the meeting of March 19, 1917, was presented, considered read, and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following matters were presented and read by the Clerk:

Relief of Mrs. F. Funston.

His Honor Mayor Rolph, announced that he had just come from an interview with Mrs. Frederick Funston, widow of Major-General Funston, and, in course of his conversation with her, notwithstanding the delicacy of the matter, he had made bold to ask her how her circumstances had been affected by the death of her husband. "I was informed," he said, "that she had nothing except the pension allowed by the government." His Honor the Mayor thereupon declared that if the situation was known in official circles the public would heartily approve any action on our part to afford assistance to her and her children. He said that he believed some plan could be evolved by the Supervisors whereby this desirable thing could be accomplished and adequate relief afforded. He requested that the matter be given consideration.

Budget Hearings.

Supervisor Power announced that budget hearings would not take place until next week.

Lobos Square Changed to "Funston Playground."

The following matter was presented,

read by the Clerk and ordered spread on the Journal:

San Francisco, March 23, 1917.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

Resolution No. 14086 (New Series), relative to the changing of the name of Lobos Square to "Funston Playground" was received and considered at a meeting of the Park Commissioners held March 22nd. I was instructed to inform your Honorable Board that, in accordance with the many requests received by this Commission, the name has been changed from Lobos Square to "Funston Playground."

Very truly yours,

JAMES DE SUCCA,
Secretary.

Municipal Market and Storage Plant.

Communication—From Water Front Workers' Federation of the Pacific Coast, transmitting resolution requesting rescinding exchange and sale of Market and Produce lots and the development of property as a municipal market and cold storage plant; also that State Railroad Commission compile food statistics.

Read and ordered filed.

SPECIAL ORDER—3:30 P. M.

The following matter, laid over from last meeting, was taken up and again laid over one week:

Mayor to Sell Auxiliary Water System Pipe.

Whereas, The Board of Public Works has filed a letter reading, in part, as follows:

February 1, 1917.

Board of Supervisors.

Gentlemen: By Resolution No. 50799 (Second Series), adopted January 29, 1917, the Board of Public Works recommends that the Board of Supervisors authorize his Honor the Mayor to sell at public auction the following material now stored in the Pipe Yard of this Department at Sixth and Hubbell streets on space required for rail-

way materials during the construction of further railway extensions:

Approximately 45 tons Class A bell and spigot cast-iron pipe.

This class of pipe will not be required in any of the proposed extensions of the "Fire Protection System."

The proceeds of the sale of the pipe to be credited to the 1908 Fire Protection Bond Fund.

Very respectfully,

BOARD OF PUBLIC WORKS.

(Signed) By F. J. CHURCHILL,
Secretary.

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell said pipe at public auction.

February 27, 1917—Laid over one week.

March 5, 1917—Over one week.

March 12, 1917—Recommended to Supplies Committee.

March 19, 1917—No recommendation. Committee requested to have matter put on Calendar as Special Order for 3:30 p. m.

March 19, 1917—Over one week.

March 26, 1917—Over one week.

Garbage Disposal.

Considering and hearing resolutions and motions as follows, fixed for 3 p. m. this day, was, on motion, laid over two weeks.

Resolution No. — (New Series), as follows:

Resolved, That the City and County of San Francisco immediately pay the balance due on the purchase price of the Sanitary Reduction Works, to-wit: the sum of fifty thousand (\$50,000) dollars, and that thereupon the City shall take possession of said plant, and

Resolved, That the City Engineer and the Board of Public Works are hereby directed to place the said Sanitary Reduction Works in sanitary condition and operate the same, and further

Resolved, That the Clerk of this Board is hereby directed to prepare the necessary resolutions and ordinances to carry out the purposes of this resolution.

Amendment.

Supervisor Power moved as an amendment that the Board of Supervisors declare itself as opposed to the policy of dumping garbage.

Amendment to the Amendment.

Supervisor McLeran moved as an amendment to the amendment that his report be adopted.

Substitute for the Whole.

Supervisor Mulvihill offered the following substitute for the whole:

Resolution No. — (New Series), as follows:

Whereas, The two proposals for disposal of garbage now pending before the Board of Supervisors contemplate dumping of refuse in certain sections, and

Whereas, The dumping of garbage is an antiquated and obnoxious method of disposing of garbage, and the present incinerator operated by the Sanitary Reduction Works is a nuisance by reason of the smoke, offensive odors and fumes; and scavenger wagons gathering in the neighborhood of the Potrero District cause great annoyance and is a menace to the health of the immediate neighborhood, and

Whereas, the cities of Los Angeles, San Diego and St. Louis are disposing of garbage very satisfactorily by segregation of wet and dry refuse, and incinerating the dry garbage and converting the wet garbage into use by reduction process and

Whereas, The method of segregating garbage in San Francisco might be successfully and economically followed after careful and thorough investigation, and without additional expense to the householder.

Resolved, That the pending bids for the disposal of garbage be and they are hereby rejected, and certified checks be returned to the makers thereof; and be it

Further Resolved, That his Honor the Mayor is hereby requested to appoint a special committee, consisting of three Supervisors and the Health Officer, to investigate and report upon the feasibility and desirability of instituting the separate garbage collection and the disposal of the wet and dry garbage by such process as will avoid nuisance to the people and injury to property in any part of San Francisco.

March 5, 1917—Over two weeks.

March 19, 1917—Over one week.

March 26, 1917—Over two weeks.

Question being on the substitute for the whole.

Auditorium Committee, by Supervisor Brandon, Chairman.

Lands and Tunnels Committee, by Supervisor Hayden, Chairman.

Report of Public Welfare Committee on Tourist Association's Request for Appropriation for Advertising.

Supervisor Mulvihill presented the following report and moved its adoption:

San Francisco, March 26, 1917.

Board of Supervisors.

Gentlemen: Your Public Welfare Committee, to which various matters were referred, begs leave to report as follows:

Recommends that the contract for official advertising for the year commencing April 1, 1917, be awarded to the Journal Publishing Company, who was the only bidder. Its bids of

19 cents per square is the same as last year. The necessary resolution is on today's calendar.

In this connection the committee recommends that the existing rates charged the public for official advertising be re-established for the year commencing April 1, 1917. The Clerk was directed to prepare the necessary resolution which is on today's calendar.

In the matter of the communication from the Tourist Association of Central California, requesting financial assistance from the City and County of San Francisco, the committee, after listening to Dr. James B. Bullitt, president of the Tourist Association of Central California; Frederick Whitton, representing San Francisco Commercial Club; Louis H. Mooser and Frederick E. Magee, representing the San Francisco Real Estate Board; Roy N. Bishop, general manager of the Palace Hotel Company; Leo Lebenbaum, Central California Hotel Association; Leon Roos, president Retail Dry Goods Association, and F. D. Cloud, manager Tourist Association, decided to refer the subject-matter to the Finance Committee with the recommendation that it give due consideration to the advisability of making an appropriation of \$5000 for immediate use and make provision in the forthcoming budget of \$15,000 as San Francisco's contribution toward the work of the Association.

Supervisor Nolan's resolution, relative to foodstuffs stored in warehouses and requesting the Assessor to assess the same at the present market prices, as well as Supervisor Power's resolution, requesting the Public Welfare Committee, in co-operation with the Bureau of Weights and Measures, to ascertain the amount of foodstuffs in storage and the normal demand of the City for a period of sixty days, were laid over one week.

Supervisor Gallagher's resolution, relative to repealing of all ordinances which prohibit the raising of produce and food articles in the City and County of San Francisco, was laid over until next Thursday in order to hear from the Board of Health as to just what is involved or what the effect would be should this resolution be adopted and as to whether or not they see any serious objection to its adoption.

Action on Supervisor Nolan's resolution calling on the State Railroad Commission to furnish the public with monthly statements showing the amount of food produce in public warehouses and on wharves on the first day of each month, and requesting the State Market Director to pre-

pare and establish an estimate of the average normal consumption either monthly or yearly of food produce in each of the counties of the State, was postponed until next Thursday, pending advice from the City Attorney as to just what jurisdiction or control the State Railroad Commission has over public warehouses and wharves, particularly the wharves of San Francisco. Mr. Edgar Allen Forbes, secretary of the State Market Commission, was present and discussed the subject-matter of Supervisor Nolan's resolution with members of the committee.

Mr. W. R. Larzelere, president of the California Wholesale Potato Dealers' Association, filed a statement making a comparison as to the amount of potatoes in storage March 1, 1917, as compared with March 1, 1916. According to Mr. Larzelere there is the following shortage:

California, 1145 cars; Oregon, 1050 cars; Washington, 1050 cars; total, 3245 cars; less 210 cars surplusage in San Francisco; total, 3035 cars shortage on Pacific Coast, or figured shortage in sacks, 819,450.

In explanation of the 210 cars of potatoes in San Francisco warehouses on March 1, 1917, in excess of the number on March 1, 1916, Mr. Larzelere says that this is due to the lack of cold storage facilities in Stockton, which compelled extra shipments to San Francisco. Many of these potatoes, he states, are seed potatoes held in cold storage to prevent sprouting and decaying.

The Clerk of the Committee was directed to request the District Attorney to file with the Board of Supervisors the result of his investigation into the question of the shortage of foodstuffs and high prices of same, when the same is completed and ready for publication, as this information will be of value to the members of the Board and particularly to the Public Welfare Committee when making comparisons with statements filed with the Public Welfare Committee bearing upon this subject.

Respectfully submitted,
JOSEPH MULVIHILL,
JOS. T. LAHANEY,
J. D. HYNES,
OSCAR HOCKS,
Public Welfare Committee.

Motions.

Supervisor Power moved that the report be segregated and paragraph four recommending an appropriation for the Tourists' Association of Central California be considered separately.

So ordered.

Thereupon, Supervisor Wolfe moved that paragraph four, recommending

\$5000 for Tourists' Association now and \$15,000 in the next Budget be referred to the Finance Committee for consideration.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Suhr, Walsh, Wolfe—14.

No—Supervisor Power—1.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Adopted.

Whereupon, the balance of the report was adopted.

UNFINISHED BUSINESS.

Report of Finance Committee.

Whereupon, the following report was presented and read by the Clerk: March 26, 1917.

Board of Supervisors.

Gentlemen: The Finance Committee has caused to be placed on the Calendar, without recommendation by the Committee, several propositions incident to the construction of the Church Street Railway, and the double-tracking thereof on a portion of Market street. When the subject-matter of this construction and the possible double-tracking of the main artery was considered some time ago, it was suggested that the necessary preliminary legislation could be enacted, and pending the entering into contracts, etc., a more satisfactory adjustment of the difficulties might be reached. The Finance Committee had hoped that a settlement agreement could be entered into which would save the large sum of money requested for this construction, and at the same time prevent a duplication of trackage and investment.

The Committee refers to propositions that were made on previous occasions, whereby the United Railroads proposed that Church street cars might run on the existing tracks on Market street to Van Ness avenue, and that traffic arrangements might be made whereby transfers could be issued at certain points, and that the existing tracks could be used to give service through the Twin Peaks Tunnel by the operation thereon of both City and United Railroad cars.

The Finance Committee thinks that it still may be possible to effect an agreement along the lines heretofore suggested, which would be of advantage to the city, give adequate transportation service, and prevent the expenditure of a large sum of the Municipal Railways' earnings.

We, therefore, recommend that negotiations be again opened up with the hope that some satisfactory arrangements can be arrived at, that may save the necessity for this appropriation.

Respectfully submitted,

JAMES E. POWER,
ANDREW J. GALLAGHER,
E. L. NOLAN,

Finance Committee.

Motion.

Supervisor Power moved the adoption of the foregoing report.

Supervisor Wolfe moved, as an amendment that the subject-matter be laid over one week.

Motion *lost* by the following vote:

Ayes—Supervisors Hayden, Hynes, Nolan, Power, Wolfe—5.

Noes—Supervisors Deasy, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Suhr, Walsh—10.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Privilege of the Floor.

City Engineer O'Shaughnessy was granted the privilege of the floor and addressed the Board. He said: "I have in my hand a report of the Bureau of Engineering describing every incident in the construction of the Geary Street Municipal Railway from the initial proceeding to the present date. As you know, in the fall of 1913 a bond election was held which provided certain money for the construction of the Church street extension of the Municipal system. That money has been lying idle in the Treasury for two years. The City Engineer, in carrying out the policy of the administration, has been endeavoring to construct that road—this last unit in the construction of the road voted for. The city is suffering a loss of \$1000 per day from the failure to construct that road. I believe it is the duty of the Board of Supervisors and the men now in office to carry out the will of the people and finish this road. The Church street road, as voted by the people, is not complete until we have made physical connection by four tracks on Market street with the Municipal line on Van Ness avenue."

Mayor Rolph addressed the Board. He said: "I want to be put on record as against delay. This matter should go to print today. The Church street railway history has been nothing but a series of delays. Efforts on the part of the Mayor by resolution of the Board of Supervisors to come to some agreement with the United Railroads met with no success. The City Engineer has been trying and trying to get some action in connection with this matter. This recommendation, I understand, was sent down from the chief's office two weeks ago." His Honor the Mayor then read from the report of the Bureau of Engineering the several steps taken and delays encountered in the construction of the Municipal Railway.

Supervisor Power declared that the City Engineer's recommendation first came to the Finance Committee one week ago Friday, instead of two weeks ago, as stated by the City Engineer.

City Engineer O'Shaughnessy, in reply to questions of Supervisors Power and Hayden, declared that even if taken from the depreciation fund the four tracks should be built on Market street as voted for by the people. He could save three minutes headway by four tracks. "Whether we come to any agreement or not with the United Rail-

roads," he said, "I am in favor of four tracks on Market street, from Kearny street to the mouth of the tunnel."

Geo. Skeller, representing the Civic League, also addressed the Board, urging that another attempt be made to come to some agreement with the United Railroads for the use of its tracks before spending any money for doubling tracks on Market street, between Church street and Van Ness avenue.

Report Referred to Public Utilities Committee.

The question then being on Supervisor Power's motion to adopt the report, Supervisor Mulvihill moved as an amendment that the report be referred to the *Public Utilities Committee*.

Amendment carried by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Suhr, Walsh, Wolfe—13.

Noes—Supervisors Nolan, Power—2.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Passed for Printing.

Whereupon, the question being taken on the foregoing resolution, the same was passed for printing by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Suhr, Walsh, Wolfe—13.

Noes—Supervisors Nolan, Power—2.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Notice of Reconsideration.

Before the foregoing vote was announced, Supervisor Power changed his vote from *no* to *aye*, and gave notice that he would move for a reconsideration of the vote just taken at the next meeting of the Board.

Passed for Printing.

The following matters were passed for printing:

Permits.

Supervisor Deasy presented: Resolution No. — (New Series), as follows:

Resolved, That the following revocable permits are hereby granted:

Laundry.

Caliste Raynal, at 1495 Ninth avenue.

A. S. Luchinger, at 945 Golden Gate avenue, 1500 gallons capacity.

The rights granted under this resolution shall be exercised within six months, otherwise said permits become null and void.

Blasting Permit.

Supervisor Deasy presented:

Resolution No. — (New Series), as follows:

Resolved, That Joseph N. O'Neill is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts during the construction of a tunnel at the bottom of a well on the property of E. B. Holladay at the northeast corner of Octavia and Clay streets, provided said permittee shall execute and file a good and sufficient bond in the sum of \$2500 as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said Joseph N. O'Neill, then the privileges and all the rights accruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Stable Permit.

On motion of Supervisor Walsh:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Mrs. Sarah Marks to maintain a stable for 25 horses at 2379 Post street.

The right granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Hospital Permit.

Supervisor Walsh presented:

Resolution No. — (New Series), as follows:

Resolved, That permission revocable at will of the Board of Supervisors, is hereby granted Park Sanitarium Association to maintain a hospital at the northwest corner of Masonic avenue and Page street.

The rights granted under this resolution shall be exercised within six months, otherwise said permits become null and void.

Privilege of the Floor.

S. M. Van Wyck, in opposition to the permit, and Dr. Behrind, the applicant requesting it, were granted the privilege of the floor and addressed the Board.

Passed for Printing.

Whereupon, the resolution was passed for printing by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—16.

Absent—Supervisors Brandon, Welch—2.

Stable Permit, R. Levin.

Supervisor Walsh presented:

Resolution No. — (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied R. Levin to maintain a stable at 424 Eleventh street.

Privilege of the Floor.

James Brennan, representing the applicant, was granted the privilege of the floor and addressed the Board. He said that the Board of Supervisors had no right to refuse the permit when all conditions required by the Board of Health and the Board of Supervisors had been complied with. A stable, he said, has been conducted at that location for fifteen years.

Dan O'Callaghan declared that all property owners on the same side of the street were in favor of the stable. The stable has been there for a number of years, but the Board of Public Works required certain improvements, which had been made. The applicant now wants to continue his business.

Refused Adoption.

Whereupon, the question being taken, the foregoing resolution was

refused adoption by the following vote:

Ayes—Supervisors Deasy, Lahaney, Suhr, Walsh—5.

Noes—Supervisors Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, Mulvihill, Nelson, Power, Wolfe—10.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Permit Granted.

Thereupon, Supervisor McLeran presented:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted R. Levin to maintain a stable for 30 horses at 424 Eleventh street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Passed for printing by the following vote:

Ayes—Supervisors Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, Mulvihill, Nelson, Power, Wolfe—10.

Noes—Supervisors Deasy, Lahaney, Nolan, Suhr, Walsh—5.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Temporary Stable Permit.

Supervisor Walsh presented:

Resolution No. 14152 (New Series), as follows:

Resolved, That an extension of ninety days' time from and after April 1, 1917, is hereby granted F. J. King to maintain a temporary stable in the block bounded by Thirty-third and Thirty-fourth avenues, Anza and Balboa streets.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Gallagher, Welch—3.

Extension of Time.

Supervisor Hayden presented:

Resolution No. 14153 (New Series), as follows:

Resolved, That R. C. Storrie & Co. be granted an extension of 90 days from May 20, 1917, within which to complete contract for the construction of the tunnel through Twin Peaks Ridge.

This *third* extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has diligently prosecuted the work and made satisfactory progress, it being near completion. Owing to the character of the work and the difficulties that have arisen during its prosecution, and the delay in receiving the necessary mate-

rial, it has been ascertained and determined that it will require the additional 90 days.

Adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—15.

Absent—Supervisors Brandon, Gallagher, Welch—3.

This Agreement, made and entered into this — day of March, A. D. 1917, by and between San Francisco Electric Railways, a corporation, party of the first part, United Railroads of San Francisco, a corporation, party of the second part, and City and County of San Francisco, a municipal corporation, party of the third part,

Witnesseth: That Whereas, the party of the first part is the owner of that certain right of way adjacent to what is known as Sloat boulevard and Junipero Serra boulevard in the City and County of San Francisco and the street car line operated thereon, and has leased the same to United Railroads of San Francisco, party of the second part herein; and

Whereas, The party of the second part is desirous of increasing the passenger traffic on said street car line operated over said right of way, and to that end is interested in the development of a residential district of the property now fronting on the northerly line of the privately owned right of way of said first and second parties; and

Whereas, The party of the third part is desirous of increasing the width of Sloat boulevard so as to accommodate the heavy increase in automobile and vehicular traffic over said boulevard and at the same time to promote the development of residential districts in the southwesterly portion of said City and County by securing to the owners of property along the northerly side of Sloat boulevard a street frontage which is now lacking owing to the interposition of said privately owned right of way of first party between the present northerly line of Sloat boulevard and said property.

Now, Therefore, in consideration of the premises and of the mutual promises and covenants herein contained,

the parties hereto respectively promise and agree as follows:

(1) The party of the first part agrees to buy from the party of the third part, and the party of the third part agrees to sell and convey to the party of the first part, the following described parcels of land now constituting a part of Sloat boulevard and Junipero Serra boulevard and lying immediately southerly of and adjoining the said privately owned right of way of the party of the first part, to-wit:

PARCEL I.

A strip or parcel of land lying in Junipero Serra boulevard between Monterey avenue and St. Francis boulevard, adjacent to the westerly boundary line of the right of way of the San Francisco Electric Railways, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point which bears south 87 deg. 27 min. 25 sec. east 70 feet from a point in the westerly line of Junipero Serra boulevard, which last named point bears north 2 deg. 32 min. 35 sec. east 958.30 feet more or less from the intersection of the westerly line of Junipero Serra boulevard and the northerly line of Old Ocean avenue.

Thence to the left on a circular curve of radius 301.44 feet, 179.34 feet more or less.

Thence northeasterly on a line bearing north 47 deg. 16 min. 26 sec. east 3.09 feet more or less to a point which is distant south 47 deg. 16 min. 26 sec. west 120.24 feet more or less along said line from its intersection with the westerly line of that portion of Junipero Serra boulevard which was formerly called Corbett avenue.

Thence to right on a circular curve of a radius of 320 feet, said curve being the westerly boundary line of the right of way of the San Francisco Electric Railways, and concentric to the southwesterly curve of Junipero Serra boulevard, 180.58 feet more or less to point of commencement.

PARCEL II.

A strip or parcel of land adjacent to the southerly boundary line of the San Francisco Electric Railways, extending easterly from the easterly line of Nineteenth avenue to the northwesterly line of Junipero Serra boulevard, said strip or parcel of land being more particularly bounded and described as follows:

Commencing on the easterly line of Nineteenth avenue (which is assumed to bear north 3 deg. 08 min. 45 sec. west) at a point which bears north 3 deg. 08 min. 45 sec. west 50.01 feet more or less from the intersection of said easterly line of Nineteenth ave-

nue with the southerly line of Sloat boulevard.

Thence on a line parallel with and 50 feet northerly from the southerly line of Sloat boulevard which bears north 88 deg. 06 min. 25 sec. east, 691.99 feet more or less.

Thence to the right on a circular curve of radius 301.44 feet, 216.99 feet more or less.

Thence to the left on a line bearing north 47 deg. 16 min. 25 sec. east 7.11 feet more or less.

Thence to the left on a curve of a radius 320 feet, said curve being the southerly boundary line of the right of way of the San Francisco Electric Railways, and concentric with the curve in southerly line of Sloat boulevard, 246.2 feet more or less.

Thence on a line parallel with and 70 feet northerly from the southerly line of Sloat boulevard south 88 deg. 06 min. 25 sec. west 673.92 feet more or less to the easterly line of Nineteenth avenue.

Thence southerly along said easterly line of Nineteenth avenue 20.01 feet more or less to point of commencement.

PARCEL III.

A strip or parcel of land adjacent to the southerly boundary line of the right of way of the San Francisco Electric Railways, 50 feet northerly and parallel to the southerly line of Sloat boulevard extending westerly from the westerly line of Nineteenth avenue to the easterly line of the Great Highway produced southerly, said strip or parcel of land being more particularly bounded and described as follows:

Commencing on the westerly line of Nineteenth avenue (which is assumed to bear north 3 deg. 08 min. 45 sec. west) at a point which bears north 3 deg. 08 min. 45 sec. west, 50.17 feet more or less from the point of intersection of said westerly line of Nineteenth avenue with the southerly line of Sloat boulevard.

Thence on a line bearing north 88 deg. 26 min. 59 sec. west, 248.28 feet more or less.

Thence on a line bearing south 88 deg. 06 min. 26 sec. west, 640.95 feet more or less.

Thence on a line bearing south 86 deg. 51 min. 05 sec. west, 4454.76 feet more or less.

Thence on a line bearing south 86 deg. 52 min. 05 sec. west, 235.97 feet more or less.

Thence on a line bearing south 86 deg. 51 min. 05 sec. west, 1115.05 feet more or less.

Thence to the right on a circular curve of radius 202.50 feet, 195.28 feet more or less.

Thence on a line bearing north 37

deg. 53 min. 40 sec. west, 21.85 feet more or less.

Thence to the left on a circular curve of radius 1427.27 feet, 1297.26 feet more or less.

Thence on a line bearing north 89 deg. 58 min. 25 sec. west, 907.97 feet more or less.

Thence to the right on a line bearing north 0 deg. 01 min. 35 sec. east 20 feet more or less to a point on or near the easterly line of the Great Highway produced southerly, which said point is located from the intersection of the easterly line of the Great Highway with the southerly line of Wawona street south 6 deg. 02 min. 45 sec. east, 153.35 feet more or less; thence south 0 deg. 01 min. 35 sec. east 35 feet more or less to said point.

Thence on a line bearing south 89 deg. 58 min. 25 sec. east 907.97 feet more or less.

Thence to the right on a circular curve of a radius 1447.27 feet, 1315.44 feet more or less.

Thence on a line bearing south 37 deg. 53 min. 40 sec. east 21.85 feet more or less.

Thence to the left on a circular curve of a radius 182.50 feet, 176.00 feet more or less.

Thence northerly along the westerly line of block No. 2518 produced southerly, bearing north 0 deg. 00 min. 05 sec. east, 15 feet more or less.

Thence on a line bearing north 86 deg. 51 min. 05 sec. east 1115.05 feet more or less.

Thence on a line bearing north 86 deg. 52 min. 05 sec. east 240 feet more or less, to the easterly line of block No. 2519 produced southerly; thence southerly along said line 10 feet more or less to a point where said line intersects the northerly boundary line of the Rancho Laguna de la Merced; thence southwesterly along the northerly boundary line of the Rancho Laguna de la Merced 12 feet more or less to a point where said line of the Rancho Laguna de la Merced intersects the northerly line of Sloat boulevard.

Thence on a line bearing north 86 deg. 51 min. 05 sec. east 4457.85 feet more or less.

Thence on a line bearing north 88 deg. 06 min. 26 sec. east 641.77 feet more or less.

Thence on a line bearing south 88 deg. 26 min. 59 sec. east 247.24 feet more or less to the westerly line of Nineteenth avenue.

Thence southerly along said westerly line of Nineteenth avenue 20.01 feet more or less to point of commencement.

(2) It is understood that the necessary proceedings which have heretofore been commenced by said party

of the third part to close the hereinabove described property as a public street will be completed and that said party of the third part will thereupon proceed to sell said property to the party of the first part at a private sale to be conducted in accordance with the procedure specified in Section 9, Chapter II, Article II of the Charter of the City and County of San Francisco. Title to said property shall be conveyed by sufficient deeds and shall be subject only to the reservation of an easement to the party of the third part for the maintenance of sewers heretofore installed within the limits of said property, and of easements now owned by the Spring Valley Water Company to cross said strip of property with its water mains at any point, and the right of the party of the third part to extend across said strip and pave any or all of the cross avenues between Monterey boulevard and the Great Highway now terminating at or near Sloat boulevard or Junipero Serra boulevard. The party of the third part will at its own expense after the transfer is completed procure a title insurance policy from the California-Pacific Title Insurance Company, guaranteeing the title of the party of the first part to the property so conveyed, subject only to the easements hereinabove specified.

(3) The price for which said property shall be sold to the party of the first part and which said party of the first part agrees to pay for the same shall be the price fixed and determined by the Board of Appraisement prescribed in said Section 9, Chapter II, Article II of the Charter.

(4) The party of the first part agrees to sell and convey to the party of the third part, and the party of the third part agrees to buy from the party of the first part, all of the following described parcels of land, now constituting part of the said privately owned right of way of the party of the first part, to-wit:

PARCEL IV.

A strip or parcel of land lying in Junipero Serra boulevard, between Monterey avenue and St. Francis boulevard, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point which bears south 87 deg. 27 min. 25 sec. east 195 feet from a point in the westerly line of Junipero Serra boulevard, which last named point bears north 2 deg. 32 min. 35 sec. east 958.30 feet more or less from the intersection of the westerly line of Junipero Serra boulevard and the northerly line of Old Ocean avenue; thence to the left on a circular curve of a radius 336.44

feet 207.07 feet, more or less, to the southeasterly line of Junipero Serra boulevard; thence northeasterly 5.18 feet more or less along the said southeasterly line of Junipero Serra boulevard to a point distant south 47 deg. 16 min. 26 sec. west 82.55 feet more or less along said line from its point of intersection with the westerly line of that portion of Junipero Serra boulevard which was formerly called Corbett avenue; thence to the right on a circular curve of a radius 366.14 feet which is the easterly boundary line of the San Francisco Electric Railways 209.09 feet, more or less, to point of commencement.

PARCEL V.

A strip or parcel of land extending easterly from the easterly line of Nineteenth avenue to the northwesterly line of Junipero Serra boulevard, said strip or parcel being more particularly bounded and described as follows:

Commencing on the easterly line of Nineteenth avenue (which is assumed to bear north 3 deg. 08 min. 45 sec. west) at a point north 3 deg. 08 min. 45 sec. west 85.02 feet, more or less, from the point of intersection of said easterly line of Nineteenth avenue with the southerly line of Sloat boulevard; thence on a line parallel with and 85 feet northerly from the southerly line of Sloat boulevard north 88 deg. 06 min. 25 sec. east 692.76 feet more or less; thence to the right on a circular curve of a radius 336.44 feet, 247.06 feet more or less to the northwesterly line of Junipero Serra boulevard; thence northeasterly along said northwesterly line of Junipero Serra boulevard north 47 deg. 16 min. 25 sec. east 10.87 feet more or less to the point of intersection of the northwesterly line of Junipero Serra boulevard with the northerly boundary line of the right of way of the San Francisco Electric Railways; thence to the left along said boundary line on curve of radius 366.14 feet, 293.74 feet more or less; thence on a line parallel with and 117 feet northerly from the southerly line of Sloat boulevard south 88 deg. 06 min. 25 sec. west 663.58 feet, more or less, to the easterly line of Nineteenth avenue; thence southerly along said easterly line of Nineteenth avenue 32.01 feet more or less to point of commencement.

PARCEL VI.

A strip or parcel of land extending westerly from the westerly line of Nineteenth avenue to easterly line of Block No. 2519, the southerly line of said strip or parcel of land being 85 feet northerly of and parallel to the southerly line of Sloat boulevard; said strip or parcel of land being

more particularly bounded and described as follows:

Commencing on the westerly line of Nineteenth avenue (which is assumed to bear north 3 deg. 08 min. 45 sec. west) at a point north 3 deg. 08 min. 45 sec. west 85.29 feet more or less from the point of intersection of said westerly line of Nineteenth avenue with the southerly line of Sloat boulevard; thence on a line bearing north 88 deg. 26 min. 59 sec. west 246.45 feet more or less; thence on a line bearing south 88 deg. 06 min. 26 sec. west 642.39 feet more or less; thence on a line bearing south 86 deg. 51 min. 05 sec. west 4444 feet more or less, to the easterly line of Block No. 2519 produced southerly; thence northerly along said line to the point of intersection of the said easterly line of Block No. 2519 with the northerly boundary line of the right of way of the San Francisco Electric Railways; thence on a line bearing north 86 deg. 51 min. 26 sec. east 4465 feet more or less; thence on a line bearing south 1 deg. 56 min. 20 sec. east 3 feet more or less; thence on a line bearing north 88 deg. 06 min. 36 sec. east 867.80 feet, more or less, to the westerly line of Nineteenth avenue; thence southerly along said westerly line of Nineteenth avenue 31.76 feet more or less to point of commencement.

PARCEL VII.

A strip or parcel of land 20 feet in width and extending westerly from the easterly line of Block No. 2519 produced southerly to the westerly line of Block No. 2518 produced southerly, the southerly line of said strip or parcel of land being 85 feet northerly of and parallel to the southerly line of Sloat boulevard, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point where the easterly line of Block 2519 intersects the northerly boundary line of the right of way of the San Francisco Electric Railways; thence southerly along said easterly line of Block 2519 produced southerly 20 feet more or less; thence on a line bearing south 86 deg. 52 min. 05 sec. west 240 feet more or less; thence on a line bearing south 86 deg. 51 min. 05 sec. west 1115.05 feet more or less to the westerly line of Block 2518 produced southerly; thence northerly along said westerly line of Block 2518, 20 feet more or less; thence on a line bearing north 86 deg. 51 min. 05 sec. east 1115.05 feet, more or less; thence on a line bearing north 86 deg. 52 min. 05 sec. east 242 feet, more or less, to point of commencement.

PARCEL VIII.

A strip or parcel of land 20 feet wide and parallel to the northerly line of Sloat boulevard, extending easterly from the easterly line of the Great Highway produced southerly to the westerly line of Block No. 2518 produced southerly, said strip or parcel of land being more particularly bounded and described as follows:

Commencing at a point which is located from the intersection of the easterly line of the Great Highway and the southerly line of Wawona street, south 6 deg. 02 min. 45 sec. east, 153.35 feet more or less; thence from said point on a line bearing south 89 deg. 58 min. 25 sec. east 907.97 feet, more or less; thence to the right on a circular curve of a radius 1482.27 feet, 1347.25 feet, more or less; thence on a line bearing south 37 deg. 53 min. 40 sec. east 21.85 feet, more or less; thence to the left on a circular curve of a radius 147.50 feet, 142.24 feet, more or less; thence north 86 deg. 51 min. 05 sec. east 1.93 feet, more or less, to the westerly line of Block No. 2518; thence southerly along said line 20 feet, more or less; thence to the right on a circular curve of a radius of 167.50 feet concentric with the curve in the southerly line of Sloat boulevard 161.53 feet, more or less; thence on a line bearing north 37 deg. 53 min. 40 sec. west 21.85 feet, more or less; thence to the left on a circular curve of a radius 1462.27 feet, 1329.07 feet, more or less; thence on a line bearing north 89 deg. 58 min. 25 sec. west 907.97 feet, more or less, to a point on the easterly line of the Great Highway; thence on a line bearing north 0 deg. 01 min. 35 sec. east 20 feet more or less to point of commencement.

(5) It is understood that the title conveyed to the said third party to the land described in paragraph (4) hereof shall be subject to such reservations or reversionary interests as the Spring Valley Water Company, the Parkside Realty Company, the Westgate Park Company or Balboa Terrace Company may have in the same, but shall otherwise be free and clear of all encumbrances.

(6) It is agreed that the price to be paid to said first party by said third party for the land described in paragraph (4) hereof shall be the same amount as is fixed by the Board of Appraisalment to be paid to the third party by the first party for the land described in paragraph (1) hereof. It is understood that both of said purchase prices shall be paid at the same time in order to avoid unnecessary withdrawals of funds.

(7) The party of the second part

agrees to commence the removal of the street car tracks and poles southerly from and off of the strip of land to be conveyed to the party of the third part as described in paragraph (4) of this agreement within thirty (30) days from the date hereof, and to relocate said tracks and poles within the new boundaries of the right of way of the party of the first part as established by this agreement. Such removal shall be made in accordance with specifications to be first approved by the City Engineer of the City and County of San Francisco. The party of the third part agrees to interpose no objection to the relocating of said tracks on any part of the land provided in paragraph (1) of this agreement to be conveyed to the first party prior to the completion of the formal proceeding required by Section 9, Article II, Chapter II, of the Charter of the City and County of San Francisco and the actual delivery of deeds.

(8) As a consideration for the removal of said tracks, the party of the third part agrees to pay to the party of the second part the actual cost thereof, not exceeding in all the sum of forty-eight thousand dollars (\$48,000), said sum to be paid as follows:

The sum of twenty thousand dollars (\$20,000) immediately upon completing the removal of said tracks; the remainder, not exceeding the sum of twenty-eight thousand dollars (\$28,000), immediately after the share of the City and County of San Francisco in the "Good Roads Fund" for the fiscal year 1917-1918 becomes available.

"Actual cost" as herein specified, shall include the cost of all labor and materials actually employed or used in removing said tracks, plus ten (10) per cent, for engineering and overhead expense, but does not include any new pavement made necessary by street crossings, if any, between Junipero Serra boulevard and the Ocean beach.

(9) Upon acquiring title to the land described in paragraph (4) of this agreement, the party of the third part agrees to dedicate it, together with a thirty (30) foot strip to be acquired by it from the property owners whose land bounds the same on the north, as a part of Sloat boulevard, and to pave with standard asphalt pavement and to curb a strip of said newly dedicated part of Sloat boulevard thirty (30) feet in width and adjoining on the north the right of way of the first party as the same will exist when this agreement is executed. All paving, curbing, street work or street improvement shall be

done without any expense whatever to the parties of the first part or second part.

In Witness Whereof, the parties hereto have caused this agreement to be executed by their respective officers thereunto first duly authorized, and their respective corporate seals to be affixed, all as of the day and year first hereinabove written.

President to Obtain Representation of Ireland as a Belligerent at Peace Conference.

Supervisor Deasy presented:

Resolution No. 14169 (New Series), as follows:

Whereas, The President of this Republic in a recent address before the Senate of the United States proclaimed in no uncertain terms the right of small nationalities to govern themselves; and

Whereas, It is one of the fundamental principles of this Nation that all governments should derive their just powers from the consent of the governed; and

Whereas, At present there is a Nation in Europe that is not being, and has not been governed according to this principle, and whose struggle for freedom has excited the sympathy and admiration of lovers of liberty the world over; be it therefore,

Resolved, That having stated the foregoing, we do endorse what our Chief Executive has declared in his recent address before Congress "that no world's peace can last or ought to last which does not recognize and accept the principle that governments derive all their just powers from the consent of the governed", and since the Irish people are not governed by right teaching of the principles laid down by our Chief Magistrate; be it further

Resolved, That we urge the President to use his best endeavors to obtain for Ireland representation and due recognition as an accredited belligerent at the next peace conference of World Powers; and be it further

Resolved, That a copy of this resolution be forwarded to the President, Woodrow Wilson, and that copies be given to the press.

Section 2. The sale of the foregoing lands shall be made for cash in United States gold coin, and shall be in one parcel and subject to the following conditions:

The title to said property conveyed after such sale shall be subject to the reservation of an easement to the City and County of San Francisco for the maintenance of sewers heretofore installed within the limits of said property, of easements now owned by the Spring Valley Water Company to cross said strip of property with its water mains at any point and the right of the City and County of San Francisco to extend across said property and pave any or all of the cross avenues between Monterey boulevard and the Great Highway now terminating at or near Sloat boulevard or Junipero Serra boulevard.

Said sale shall be made by the Mayor at a private sale on or after the 25th day of April, 1917.

Section 3. The Clerk of the Board of Supervisors is directed to give notice of such sale, by publishing same in the official newspaper and in one other daily paper published in the City and County, for at least two weeks successively next before the day on or after which the sale is to be made as aforesaid, and the said lands to be sold must be described in said notice with common certainty. Said notice must state that said sale will be made on or after the 25th day of April, 1917, as aforesaid, and must state that all bids or offers will be received by the Mayor of the City and County at his office.

Section 4. The Mayor, the Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby constituted a Board of Appraisal for the purpose of such sale in accordance with the provisions of Section 9, Chapter II, Article II of the Charter, and are directed to file with the Board of Supervisors, their appraisal of such lands within three weeks after the final passage of this ordinance.

Section 5. When the sale shall have been made by the Mayor, at a private sale as aforesaid, he shall acquire from the person or corporation to whom the property is sold, a deposit in the form of a check amounting to ten (10%) per cent of the sum bid. He shall immediately thereafter at the next meeting of the Supervisors report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the bidder, with a request that the Board confirm said sale. Upon receipt of such report, the Clerk of the Board of Supervisors shall immediately thereafter give notice of publication in the official newspaper and in one other daily paper published in the City and County, that at a meeting of the Supervisors to be held not less than twenty (20) nor more than thirty (30) days from the first publication of such notice, that such sale has been made, the amount for which the property has been sold and the name of the purchaser. Such notice shall also contain a statement that at such meeting if an offer of ten (10%) per cent more in amount than that named in said notice shall be made to the Supervisors in writing by a responsible person, the Supervisors will confirm such sale to such person or order a new sale in accordance with the terms of Article II, Chapter II, Section 9 of the Charter.

Section 6. This ordinance shall take effect immediately.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

WEDNESDAY, MARCH 28, 1917, 11 A. M.

In Board of Supervisors, Wednesday, March 28, 1917, 11 a. m.

The Board of Supervisors met in special session pursuant to call of his Honor Mayor Rolph.

ROLL CALL.

The Roll was called and the following members were noted present:

Supervisors Brandon, Deasy, Hayden, Hynes, Kortick, Lahaney, Mulvihill, Nelson, Suhr, Walsh, Wolfe—11.

Absent—Supervisors Gallagher, Hilmer, Hocks, McLaren, Nolan, Power, Welch—7.

Quorum present.

His Honor Mayor Rolph presiding.

Appropriations for Double Tracks for Municipal Railway on Market Street.

Communication from Mayor.

The Clerk then read the following communication, which had been presented to the Clerk on the previous day:

San Francisco, Cal.,

March 27th, 1917.

Hon. Board of Supervisors,

City and County of San Francisco,

San Francisco, Calif.

Gentlemen:

You passed to print yesterday Resolution No. 43 on the calendar, entitled as follows:

"Providing the following amounts to be expended out of the hereinafter mentioned funds for the following expenses in connection with the construction of the Church street road, to-wit:" and then follows itemized sums to be appropriated from the Municipal Railway construction fund and Bond Issue fund of 1913, which would enable the Board of Public Works and the City Engineer to proceed, according to authority heretofore given by you, with the construction of the Church street line from Market street and Van Ness avenue to Sixteenth and Church streets, etc.

When the roll call of your Honorable Board was announced, the result was thirteen ayes, two noes and three absent, Supervisors Power and Nolan voting "No." Before the Chair announced the result, Supervisor Power changed his vote from "No" to "Aye" and gave notice of reconsideration.

I am informed that Supervisor Power instructed the Clerk of your Honorable Board not to print today in the official newspaper of the City and County of San Francisco the aforesaid resolution.

Construction of this road has been seriously delayed, and, to avoid any further delays, I hereby call you together in special session, at 11 o'clock tomorrow morning, Wednesday, March 28th, for the reconsideration of this resolution, for the purpose of directing the Clerk of your Honorable Board to proceed without further delay, with the publication of this resolution. Very truly yours,

JAMES ROLPH, JR., Mayor.

Opinion of City Attorney.

City Attorney Lull then presented the following, which was read by the Clerk:

April 2, 1917.

Subject: Passage to Print of Bill is not stayed by notice of reconsideration.

Gentlemen:

My opinion is requested on the following question:

A bill is introduced in the Board of Supervisors for the expenditure of public money exceeding two hundred dollars in amount. The ayes and noes are taken; a majority of the Supervisors vote aye and one member, voting no, changes his vote from no to aye and gives notice that on the following legislative day he will move for a reconsideration. The question arises, Does this notice, given by the member, stop the publication of the bill?

Opinion.

Among the powers of the Board of Supervisors, as laid down in Chapter I, Article II of the Charter, is the power to establish rules for its proceedings. (Sub. 2, Sec. 4, Chap. I, Art. II.) Rules, however, adopted pursuant to this power, must be consistent with the provisions of the Charter relative to the proceedings of the Board. It is, of course, fundamental that a rule could not be passed which would abrogate or destroy a principle established in the Charter

for governing the proceedings or actions of the Board.

The question, in my opinion, is answered by the express provisions of the Charter, which, both in principle and letter, would be modified, if not destroyed, were a notice of this character permitted to prevent the publication of the bill when the ayes and noes have been taken after its introduction.

Sections 12 and 13, Chapter I, Article II, read as follows:

"Sec. 12. When a bill is put upon its final passage in the Board and fails to pass, and a motion is made to reconsider, the vote upon such motion shall not be acted upon before the expiration of twenty-four hours after adjournment. No bill for the grant of any franchise shall be put upon its final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. Every ordinance shall, after amendment, be laid over for one week before its final passage.

"Sec. 13. Every bill or resolution providing for any specific improvement, or the granting of any franchise or privilege, or involving the lease, appropriation or disposition of public property, or the expenditure of public money, except sums less than two hundred dollars, or levying any tax or assessment, and every ordinance providing for the imposition of a new duty or penalty, shall, after its introduction, be published in the official newspaper with the ayes and noes, for at least five successive days (Sundays and legal holidays excepted) before final action upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before final action thereon. But in cases of great necessity the officers and heads of departments may, with the consent of the Mayor, expend such sums of money, not to exceed two hundred dollars, as shall be necessary to meet the requirements of such necessity."

Under the mandatory provisions of these two sections, no bill involving an expenditure of public money in excess of two hundred dollars can be finally acted upon until it has been published with the ayes and noes for at least five successive days. The very purpose of the publication is reconsideration of the bill. The taking of the ayes and noes upon its introduction is a required preliminary step to final passage. Technically, taking the ayes and noes upon the introduction of the bill is not upon a motion to pass to print, although by custom such a motion is usually made to obtain the ayes and noes. No motion to pass to print is legally

necessary, because when the ayes and noes are taken, the bill automatically goes to print for five days, under the provisions of the charter.

The purpose of the charter is to obtain an expression of the position of the supervisors upon the bill upon its introduction, so that the preliminary requirement that the bill be published for five days, with the ayes and noes, may be complied with before the board may finally pass upon the measure. The ayes and noes could be taken upon the demand or consent of the board that they be taken and no motion is necessary that the bill be passed to print; and when the ayes and noes are ordered taken the bill is published by the mandate of the charter.

If a notice of a member, changing his vote from the minority to that of a majority, that he will on the succeeding legislative day move for a reconsideration, delays the publication of the measure, the result would follow that there would be two reconsiderations—the reconsideration of the vote taken upon the introduction of the bill and the reconsideration that would follow after the bill had been published. There is no necessity for the first reconsideration, since the charter itself gives and requires a reconsideration after the five days' publication.

If the notice of reconsideration is given for a week following of the taking of the ayes and noes, the reconsideration would then take place on the day which the charter would permit of the final consideration and determination of the board, if the five days publication had taken place. If the notice has delayed the publication upon that day, and the board should reverse its vote, final action upon the bill will have been taken contrary to the provision of the charter that final action shall not be taken until after the expiration of the five days publication.

I do not intend to be understood as declaring that, after the ayes and noes have been taken, it is not within the power of any individual supervisor to change his vote, or not within the province of the board itself, to take a new vote. I merely express my opinion that when the ayes and noes have been taken and the meeting at which they are taken has adjourned, the bill goes to publication for five days if the ayes are in the majority. This view fully preserves the right of an individual member of the board to reconsideration of a measure which does not meet his approval after its publication; and at the same time permits

of the expeditious and orderly disposition of the business of the board.

Respectfully,

GEORGE LULL,
City Attorney.

Motion.

Thereupon, on motion of Supervisor Nelson, the Clerk was directed to print the resolution in question in accordance with the opinion of the City Attorney.

So ordered.

Reconsideration at Next Meeting.

Whereupon, on motion of Supervisor Hayden, it was agreed that action on Supervisor Power's notice to move for a reconsideration of the vote on passage to print be taken up at next Monday's meeting, when Supervisor Power will be present.

ADJOURNMENT.

There being no further business, the board at the hour of 12:15 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Section 2. The sale of the foregoing lands shall be made for cash in United States gold coin, and shall be in one parcel and subject to the following conditions:

The title to said property conveyed

after such sale shall be subject to the reservation of an easement to the City and County of San Francisco for the maintenance of sewers heretofore installed within the limits of said property, of easements now owned by the Spring Valley Water Company to cross said strip of property with its water mains at any point and the right of the City and County of San Francisco to extend across said property and pave any or all of the cross avenues between Monterey boulevard and the Great Highway now terminating at or near Sloat boulevard or Junipero Serra boulevard.

Said sale shall be made by the Mayor at a private sale on or after the 25th day of April, 1917.

Section 3. The Clerk of the Board of Supervisors is directed to give notice of such sale, by publishing same in the official newspaper and in one other daily paper published in the City and County, for at least two weeks successively next before the day on or after which the sale is to be made as aforesaid, and the said lands to be sold must be described in said notice with common certainty. Said notice must state that said sale will be made on or after the 25th day of April, 1917, as aforesaid, and must state that all bids or offers will be received by the Mayor of the City and County at his office.

Section 4. The Mayor, the Assessor and the Chairman of the Finance Committee of the Board of Supervisors are hereby constituted a Board of Appraisement for the purpose of such sale in accordance with the provisions of Section 9, Chapter II, Article II of the Charter, and are directed to file with the Board of Supervisors, their appraisal of such lands within three weeks after the final passage of this ordinance.

Section 5. When the sale shall have been made by the Mayor, at a private sale as aforesaid, he shall acquire from the person or corporation to whom the property is sold, a deposit in the form of a check amounting to ten (10%) per cent of the sum bid. He shall immediately thereafter at the next meeting of the Supervisors report the fact of such sale to the Supervisors with a statement of the sum bid and the name of the bidder, with a request that the Board confirm said sale. Upon receipt of such report, the Clerk of the Board of Supervisors shall immediately thereafter give notice of publication in the official newspaper and in one other daily paper published in the City and County, that at a meeting of the Supervisors to be held not less than twenty (20) nor more than thirty (30) days from the first publication of such notice, that such

sale has been made, the amount for which the property has been sold and the name of the purchaser. Such notice shall also contain a statement that at such meeting if an offer of ten (10%) per cent more in amount than that named in said notice shall be made to the Supervisors in writing by a responsible person, the Supervisors will confirm such sale to such person or order a new sale in accordance with the terms of Article II, Chapter II, Section 9 of the Charter.

Section 6. This ordinance shall take effect immediately.

The following resolution was *passed for printing*:

Execution of Deed, Custer Avenue.

On motion of Supervisor Suhr:

Resolution No. — (New Series), Authorizing the execution of a deed by the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco.

Whereas, this Board on Monday, the 26th day of March, 1917 (after proceedings theretofore had pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 14166 (New

Series) closing and abandoning a portion of Custer avenue as in said resolution described; and,

Whereas, on the 27th day of March, 1917, said resolution was duly approved by the Mayor of the City and County of San Francisco; and,

Whereas, Joseph B. Coryell owns a portion of the real property affected by the said closing and abandoning of said portion of Custer avenue, more particularly described in said resolution, being a portion of the real property affected by the opening of the new street hereinafter referred to; and,

Whereas, the said Joseph B. Coryell and Mabel L. Coryell, his wife, and John H. Kingston and Paul F. Kingston have made, executed and delivered to the California Pacific Title Insurance and Trust Company, a corporation, their certain deeds conveying all their right, title and interest in and to the real property described as follows, to-wit:

Beginning at the intersection of the southerly line of Islais street and the northwesterly line of Rankin street, and running thence westerly along the southerly line of Islais street five hundred and six hundred and ninety-six one thousandths (500.696) feet to the northeasterly line of Custer avenue; thence southeasterly along the northeasterly line of Custer avenue fifty and fifty-two one hundredths (50.52) feet to a point distant fourteen (14) feet southerly at right angles from the southerly line of Islais street; thence easterly parallel to the southerly line of Islais street and fourteen (14) feet distant therefrom four hundred and forty-eight and one hundred and eight one-thousandths (448.108) feet to the northwesterly line of Rankin street; thence northeasterly along the northwesterly line of Rankin street fourteen and five hundred and seventy-three one-thousandths (14.573) feet to the point of beginning. Being part of Tide Land Block No. 51.

Beginning at the point of intersection of the northeasterly line of Burke avenue with the southerly line of Islais street, and running thence easterly along the southerly line of Islais street three hundred and twelve and one hundred and fifty-four one thousandths (312.154) feet to the southwesterly line of Arthur avenue; thence deflecting $39^{\circ} 50' 41''$ to the right and running southeasterly along the southwesterly line of Arthur avenue twenty-one and eight hundred and fifty-one one-thousandths (21.851) feet to a point distant fourteen (14) feet southerly at right angles from the southerly line of Islais street, produced easterly;

thence deflecting 140° 09' 19" to the right and running westerly on a line running parallel to the southerly line of Islais street fourteen (14) feet distant therefrom three hundred and twelve and one hundred and fifty-four one-thousandths (312.154) feet to the intersection of said line with the northeasterly line of Burke avenue; thence deflecting 39° 50' 41" to the right and running northwesterly along the northeasterly line of Burke avenue twenty-one and eight hundred and fifty-one one-thousandths (21.851) feet to the point of beginning. Being a part of Tide Lands Block No. 21.

Beginning at the intersection of the southeasterly line of Selby street with the northeasterly line of Davidson avenue, and running thence southeasterly along the northeasterly line of Davidson avenue twenty and seventy-six one-hundredths (20.76) feet; thence northerly forty-two and forty-seven one-hundredths (42.47) feet to a point on the southeasterly line of Selby street and thirty-seven and five one-hundredths (37.05) feet distant northeasterly from the northeasterly line of Davidson avenue; thence southwesterly along the southeasterly line of Selby street thirty-seven and five one-hundredths (37.05) feet to the northeasterly line of Davidson avenue and the point of beginning. Being part of Tide Lands Block No. 53.

Beginning at the point of intersection of the southeasterly line of Rankin street with the southwesterly line of Islais street and running thence southeasterly along the southwesterly line of Islais street twenty-five (25) feet six and one-half (6½) inches, thence deflecting 23 deg. 51 min. 43 sec. to the left and continuing along the southerly line of Islais street fifty-five (55) feet nine (9) inches to the southwesterly line of Burke avenue; thence deflecting 39 deg. 52 min. 41 sec. to the right and running southeasterly along the southwesterly line of Burke avenue twenty-one and eight hundred fifty-nine thousandths (21.859) feet; thence deflecting 140 deg. 09 min. 19 sec. to the right and running seventy-five and four hundred and sixty-five thousandths (75.465) feet; thence deflecting 23 deg. 45 min. 24 sec. to the right and running thirty-two and five hundred twenty-five thousandths (32.525) feet to the southeasterly line of Rankin street; thence deflecting 106 deg. 05 min. 17 sec. to the right and running northeasterly along the southeasterly line of Rankin street fourteen and five hundred seventy-one thousandths (14.571) feet to the point of beginning. Being portion of Block 50, South San Francisco; and,

Whereas, said new street so laid out and dedicated to the City and County of San Francisco as aforesaid will and does constitute ample compensation to said City and County for its deed to the portion of said Custer avenue, closed and abandoned as aforesaid, and will be of much greater practical value both to the City and County of San Francisco and to the general public;

Now, therefore, the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County, are hereby authorized and directed to execute a deed conveying all the right, title and interest of said City and County in and to the lot, piece or parcel of land hereinafter more particularly described, formerly portion of Custer avenue, closed and abandoned as aforesaid, to Joseph B. Coryell. The deed authorized to be executed by the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco is not to be delivered and recorded until after the recordation of the deeds from Joseph B. Coryell and Mabel L. Coryell, his wife, and John H. Kingston and Paul F. Kingston to the City and County of San Francisco. The property to be described in the deed herein authorized to be executed is situate, lying and being in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

The full width of Custer avenue eighty (80) feet from the northwesterly line of Rankin street to the southwesterly line of Islais street.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

SATURDAY, APRIL 7, 1917, 10:30 A. M.

A special session of the Board of Supervisors was held, pursuant to call thereof by the Mayor, at the chambers of the Board, in the City Hall, in the City and County of San Francisco, State of California, on Saturday, the 7th day of April, 1917, at the hour of 10:30 o'clock a. m., for the purpose of further considering Resolution No. —, relating to setting aside, appropriating and authorizing the expenditure of moneys for certain funds in connection with the construction of the Municipal Railway system.

ROLL CALL.

There were in attendance, during the session, his Honor, James Rolph Jr., Mayor, presiding, and Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch and Wolfe—17.

Absent—Supervisor Mulvihill—1.

There were also present: City Attorney George Lull, City Engineer M. M. O'Shaughnessy, Superintendent T. M. Cashin of the Municipal Railways, and D. S. O'Brien, Assistant City Attorney.

Telegram.

The following was presented and read by the Clerk:

Washington, D. C., April 3.

Hon. James Rolph Jr., Mayor of San Francisco, Cal.

Will you not either by mass meeting or action of Board of Supervisors congratulate the President of the Duma, Petrograd, on the establishment of a free government which has just been recognized by the United States? Sympathizers in California would doubtless welcome an opportunity to express the sentiment of the people of our city on this world event which means so much for permanent peace and contentment.

JAMES D. PHELAN.

Congratulations to Russian People.

Whereupon, Supervisor Nelson presented:

Resolution No. 14200 (New Series), as follows:

Whereas, Russia, the most populous of all nations, has joined the sisterhood of free peoples and the forward march of civilization as a republic; and

Whereas, This new democracy, under the leadership of the President of the Duma, has been officially recognized by the Government of the United States, now therefore

Resolved, The Board of Supervisors of San Francisco, recognizing in these events a step in the direction of world contentment, betterment and permanent peace, does hereby congratulate the free people of Russia; and

Resolved, That a copy of these resolutions be forwarded to the Russian Ambassador at Washington, with the request that he forward them to the President of the Duma.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch, Wolfe—17.

Absent—Supervisor Mulvihill—1.

Thereupon, the following proceedings were had:

Relating to the Expenditure of Funds Authorized for Street Railway Extension.

The Mayor (at 10:40 a. m.): The Board will come to order. Call the roll, Mr. Clerk.

(The roll call disclosed the presence of Supervisors Brandon, Deasy, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Nelson, Nolan, Power, Suhr, Walsh, Welch and Wolfe—15; and the absence of Supervisors Gallagher, Hilmer and Mulvihill—3.)

The Clerk: There is a quorum present, Mr. Mayor.

The Mayor: State the purpose of the meeting, Mr. Clerk.

The Clerk: Meeting called under the following communication:

"San Francisco, Cal., April 5, 1917.
To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I hereby call you together in special session at 10:30 o'clock a. m., Saturday, April 7th, 1917, for the purpose of finally passing the following resolution:

Resolution No. — (New Series).

Resolved, That the following amounts be and the same are hereby set aside, appropriated and authorized to be expended out of the hereinafter mentioned funds for the following purposes in connection with the construction of the Municipal Railway system, to-wit:

Municipal Railway Construction Fund, Bond Issue 1913.

(1) For construction of Church street line, from Market street and Van Ness avenue to Sixteenth and Church streets, Section 'A,' Contract No. 23 (Western Motor Draying Co. contract), \$74,431.30.

(2) For bonus provided for in Section 'A,' Contract No. 23, for early completion of work, \$2,000.

(3) For cost of bending certain rail to be furnished to the contractor by the City and County under Section 'A,' Contract No. 23, \$650.

(4) For inspection work, Section 'A,' Contract No. 23, \$4,000.

(5) For purchase of castings for construction of manholes and alteration of high pressure fire protection system valves and vaults, in connection with construction of Section 'A,' \$500.

(6) For unloading and handling railway material, \$1,000.

(7) For furnishing and delivering electric cables and splicing materials under Contract No. 94, as will be used to complete the Church street line from Van Ness avenue and Market street to Sixteenth and Church streets (Standard Underground Cable Co. contract), \$11,475.20.

Municipal Railway Fund.

(8) For furnishing and delivering electric cables and splicing materials, under Contract No. 94, as will be used in the construction of the Municipal Railway lines west of Church street and east of Van Ness avenue (Standard Underground Cable Co. contract), \$5,100.

(9) For furnishing and delivering tie plates, Contract No. 91, Section 'A' (Eccles & Smith contract), \$11,380.15.

(10) For furnishing and delivering anti-creepers, Contract No. 91, Section 'B' (Eccles & Smith contract), \$1,125.

(11) For furnishing and delivering standard 7/8-inch round tie rods, Contract No. 91, Section 'C' (Payne's Bolt Works), \$1,593.

(12) For furnishing and delivering rail spikes, Contract No. 91, Section 'D' (U. S. Steel Products Co.), \$2,700.

(13) For furnishing and delivering rail braces, Contract No. 91, Section 'E' (U. S. Steel Products Co.), \$667.50.

(14) For cost of inspection \$100.

Passed for Printing—Board of Su-

pervisors, San Francisco, March 26, 1917.

Respectfully yours,
JAMES ROLPH JR.,
Mayor."

Supervisor Power: Mr. Chairman, I ask that we wait a few minutes until we see if Supervisor Gallagher will be here. He is to make a certain line of argument before I make mine, and for that reason I would like to have the Board await his arrival.

The Mayor: If there is no objection, we will proceed to the consideration of another matter.

(The Board then proceeded to the consideration of another matter.)

Supervisor Hynes: I might say, Mr. Chairman, that I saw Mr. Gallagher over at a machine at the Civic Center a short time ago, and I know he will be here.

Supervisor Power: He was awake until 1 o'clock this morning on his argument, and so I think he ought to be here.

Supervisor Wolfe: Does that mean that he was working until 1 o'clock on his argument?

Supervisor Kortick: Inasmuch as some of the other members are absent, would it not be well to try to reach them and get them here to the meeting? Supervisors Hilmer and Mulvihill are also absent.

The Mayor: You may see, Sergeant, if you can find Mr. Hilmer and Mr. Mulvihill.

(The sergeant at arms shortly announced the presence of Supervisor Hilmer and that Supervisor Mulvihill was ill.)

The Mayor (at 10:55 a. m.): I think I will have to call the Board to order, gentlemen. It is now five minutes of eleven. Can't you proceed, Mr. Power, with the matter until Supervisor Gallagher arrives?

Supervisor Power: Supervisor Gallagher is on his way here. I suggest that we might wait until eleven o'clock.

The Mayor: Very well. (At 11:00 o'clock): I think we will proceed, gentlemen. What is the question before the Board? As I understand, at last Monday's meeting, a motion to reconsider was by unanimous consent, permitted to be carried over until today. Not being here at that time, I am not familiar with it.

Supervisor Power: Mr. Chairman, I believe, in keeping with the position of the City Attorney, the understanding was that the matter of reconsideration would come up at the next meeting of the Board. In other words, after the passage to print had been published for five days, or the resolution had been published for five days, then the matter would properly be before the

Board at any meeting after that time, and reconsideration could then properly be had.

The Mayor: Then the question before the Board, gentlemen, as I understand it, is, shall the vote by which the ordinance before us, and for the purpose of considering which we are met in special session this morning, be reconsidered? What is your pleasure? Will you call the members in, if you please, Mr. Sergeant at Arms? Mr. Power.

Supervisor Power: Mr. Chairman, I realize that quite a few members of this Board are between the Devil and the deep sea. They are confronted with a parliamentary dilemma, as it was called last Monday, and if it be supposed that the situation is brought up in the same manner, we would be confronted with the same situation here. I presume that there are quite a few members of the Board who would like to extend to me, or to any other member of this Board, his parliamentary right of reconsideration. On the other hand, I think some of them feel that, in view of your desire to press this particular question, that it may be a question of making a choice between the Mayor and the courtesy that is due a member of the Board. With that situation confronting us, I think that, rather than delay this matter, and in view of the fact that we are now within two days of what ordinarily would have been the day for consideration of the resolution upon final passage, that I should withdraw my motion for reconsideration, and I do now withdraw it, and in lieu thereof, I will offer the motion that the final passage of this ordinance be delayed for one week. That will clear the parliamentary procedure here, and also put the question squarely up to the Board as to whether or not they wish to delay final passage of the bill. I have said that I will withdraw my motion to reconsider, Mr. Chairman—that is, of course, with the consent of my second.

The Mayor: If there is no objection, the request or motion for reconsideration is withdrawn. Proceed, Mr. Power. The question is now upon the motion of Supervisor Power.

Supervisor Power: I take it now the question before the Board is upon the final passage of the ordinance or the resolution making the appropriation. I now make my motion more specific, Mr. Chairman, that the final passage of this ordinance be delayed for one week.

Supervisor Nolan: I second the motion.

The Mayor: It has been moved by Supervisor Power, seconded by Supervisor Nolan, that consideration of the

ordinance now before the Board be postponed for one week—

Supervisor Power: Say until the meeting of a week from next Monday, as that will avoid the calling of another special meeting. With Mr. Nolan's consent, the motion will be that the further consideration of it be postponed until the meeting of April 16th.

The Mayor: The motion is that the question upon the final passage of this resolution be postponed until Monday, April 16th. Are you ready for the question?

(At this point Supervisor Gallagher entered the chambers.)

Supervisor Power: Mr. Chairman, if Supervisor Gallagher wishes to proceed—

Supervisor Gallagher (interrupting): I want to beg the Board's pardon for being late.

Supervisor Power: I wish to yield the floor to Supervisor Gallagher, Mr. Chairman.

The Mayor: Supervisor Gallagher.

Supervisor Gallagher: I don't know what the situation is that develops here this morning, but in discussing the matter with some of the members of the Board, I said I trusted that we would not, in a matter of this nature, get into any wrangle as to the best thing to be done, or any acrimonious discussion as to what ought to be done. I understood at the last meeting of the Public Utilities Committee that the situation was that the United Railroads was to be invited this morning to either appear before the Committee or the Board. I would like to stop long enough to inquire if that is so—if I am incorrect?

Supervisor Wolfe: Mr. President, the United Railroads, through their representative, the president, Mr. Lilienthal, and their general manager, were invited to be here today, and at the meeting of the Public Utilities Committee next Wednesday they are in a similar manner invited to attend. As I have said before, they are always welcome here to make any suggestions or to discuss any of the matters that involve transportation. There are here present Mr. Lilienthal and Mr. Von Phul.

Supervisor Gallagher: They are here?

Supervisor Wolfe: They are here now.

Supervisor Gallagher: I want to ask, then, if that be true, a question of Mr. Lilienthal. I do not want to take any snap action, but I want to ask him if his company, in his judgment, is in a frame of mind to ascertain with any degree of successful conclusion whether or not the proposition from the City and County to purchase, in the same manner as was done on

lower Market street, a right of way, or whatever it be, in the tracks, the United Railroads' tracks on Market street, from Third street to that part of Market known as Eighteenth and Castro. I should like to ask that question of Mr. Lilienthal, Mr. Chairman.

Supervisor Wolfe: Before Mr. Lilienthal answers the question, if he is so disposed, may I not call the attention of Supervisor Gallagher, and that of the members of the Board, to the fact that the United Railroads submitted a proposition to the Board of Supervisors recently, which was considered at the meeting of the Public Utilities Committee, and at that meeting we confined ourselves to the consideration of the proposition that is involved in the motion to finally pass the resolution setting aside the money to construct the Municipal Railway tracks from Van Ness avenue and Market to Church street and the tunnel.

Supervisor Gallagher: Assuming that is so, what difference does that make, so far as my question is concerned?

Supervisor Wolfe: You are applying your question to the portion of Market street from Third street to the tunnel, and I cannot see how it is involved in the subject-matter that we have under consideration today.

Supervisor Gallagher: I would like to show you how it is germane to the point involved. Frankly, I would like to see the whole subject of four tracks on Market street, that is, either four tracks or not four tracks, settled at one shot. In other words, instead of dickering with the United Railroads on what we can do on Market street from Kearny and Third to Van Ness avenue in a separate proceeding, and then dealing with the United Railroads on what we can do so far as Market street is concerned from Van Ness to Church in another separate proceeding, and then perhaps dealing with it on what we may do from Church street to the Tunnel entrance in another separate proceeding, I am frank to say to them that I would like to have this general question answered: Will you sell to the city, so that the city may be the owner of a portion, in the manner as was done on lower Market street, a right in the tracks on upper Market street from Third street to Eighteenth and Castro?

Supervisor Wolfe: I will withdraw my objection to your question as directed to Mr. Lilienthal, if they desire to answer it.

Supervisor Gallagher: I don't want to take snap judgment on them, and if they desire to think it over a moment, I would like to make this statement: I would like to find myself in cordial co-operation with the Mayor's office and with the Engineer's office on

this question. I do not propose, so far as I am concerned, at least, to get into any controversy that may take on any semblance of a contest of power in the premises. I am assuming that his Honor the Mayor, while in my judgment a little more hurried than I care to see him at this moment on the subject-matter, is attempting to do the same thing that members of this Board are attempting to do. That is to say, his purpose is to, first of all, conclude the construction and bring into operation this road at the earliest moment. I say I am assuming—I will put it this way, and say I know that to be the situation. And I, with perhaps others, approaching the subject from an entirely different angle, am aiming at the same purpose. Let me illustrate. Personally, I cannot see that any declaration made to the effect that the mandate of the people, or the wish of the electorate, was that four tracks be constructed, has any foundation in fact, for the reason that, upon reading the ordinance after that statement was made, I find it stated therein that the Board of Supervisors is directed, if the ordinance is adopted, to construct or acquire, and so on and so on. Frankly, there was a time when I would have been ready to go into Market street and construct four tracks, and pay no attention to the United Railroads, but to proceed in our own way. As a matter of fact, the Board of Supervisors, and the records do show it, first of all itself determined, and long ago, that the time when most of the members who are sitting here were not members of this Board, by resolution signed by the Mayor, to associate with the United Railroads of San Francisco for the purpose of using their tracks on Market street. It is singular, indeed, that at that time no opposition was heard from any source, that I remember, to the joint use of the tracks. And it is just as singular now that, from the same source, namely, take the Labor Council, for instance, with whom I have always been in agreement, and with whom now on this question I am in cordial disagreement—that now, two years after, very nearly, comes the Labor Council with an insistent proposition that there be no compromise. I am quite satisfied that whoever engineered that through the Council did not know what he was doing or what he was talking about, and I do not propose to follow that lead on this proposition.

Now, the Mayor said he desires and the City Engineer desires, and in fact all of the members, I think desire, the early completion of the road. In other words, they mean by that the early operation of the road. That is what is

meant. As a matter of fact, if it is possible for you to reach an arrangement here with the holding company, providing for your headway schedules as you want them, and going on for a period of 12 years, so that at no time will your headway schedules be interfered with unreasonably, then it seems to me that if that can be consummated quickly, and at least it can be consummated more quickly than can the construction take place, why, your road will be in operation ever so much sooner than would be the case if the plan here proposed were carried out.

On top of that comes another proposition: I may be mistaken, but it seems extremely doubtful that there are sufficient funds on hand to go on with the contemplated construction—

Supervisor Power (interrupting): There is not.

Supervisor Gallagher (continuing):—on the Market street side. Mr. Power says there is not. So that, unless we reach some other financial reckoning, probably take it out of the depreciation fund, or something of that sort, then we must go to taxation or more bond issues. I do not think that is a very troublesome matter, because I think we would be able to get from under it in some way or other.

Now, it is contemplated, Chief, if I may ask a question—and I am asking this out of the head, as it were—it is contemplated to run about 17 cars on Church street, is it not?

Chief Engineer O'Shaughnessy: Fifteen.

Supervisor Gallagher: It is contemplated that 15 cars will be run on Church street, then. Everybody believes, most of us believe, at any rate, and some of us are quite confident, that the Church street road will pay. At least we are quite sure that it will pay over that portion of Church to Thirtieth and to Van Ness and Market. But some of us are doubtful whether it will pay, that its operation will pay from the point of Van Ness and Market to Geary and Market. Frankly, I do not believe that the people on Church street are going to take the car at Thirtieth and Church, that is, if it has anything to do with their desire to get down town, and go to Van Ness and Market and over Van Ness to Stockton, which is the nearest point that they can get to Market there, or at Kearny and Market. I think they would rather, if it can be worked out for our benefit, at least with a fairly equal chance of making some profit, take the car at Thirtieth and Church, or thereabouts, and transfer either at Van Ness and Market or at Market and Church to the United Railroads cars.

Now, the physical connection, I understand, at Church and Sixteenth

streets, the United Railroads is nearly ready to agree with you on that. I was told that by the gentleman that carries crutches, the lame gentleman, I don't know his name—

Supervisor Wolfe: Mr. Carpenter.

Supervisor Gallagher (continuing):—Mr. Carpenter told me at the rail here some week or two ago that, in his judgment, the United Railroads, or that he had heard that the United Railroads was willing to permit a physical connection at Church street. I admit your Honor is in a very strong position when you say that, had the United Railroads had their way, we would not be on Market street at all, we would not be on any street at all. And sometimes, and I know I am guilty of that as anybody else, we get into the frame of mind or into the attitude expressed by the statement, "When I wanted to treat you right and when I wanted to treat you decently, you bit my hand. Now, I propose to give you a dose of the thing that will teach you that biting people's hands and not playing the game fairly is not right and doesn't pay." Well, if that policy would accomplish anything in the present state of things, we might go along on that strategic line. But the fact is this: If you continue in your policy to double-track Market street, the United Railroads might as well make up its mind that it is bottled up, and it may as well make up its mind that it has committed almost financial suicide in permitting it to occur.

As to the other part of Market street, from Van Ness to the tunnel, I don't know that that makes, either from their standpoint, if you want, or from ours, if you will, such a great difference. I am not going to discuss it from that point. The only point I want to raise on the question is, that if it was right to negotiate, when we were almost slapped in the face by their refusal—if it was right to negotiate a year and a half or two years ago for the purpose of using their tracks and saving the money, and we now wish to save the money so that we may use it on other parts of the road and other parts of the City and County—if it was right then, it must be right now.

What is the situation so far as our going ahead? The United Railroads has absolutely refused to receive our offer of co-operation on the street, and forces us into court, and the people for the time being, lose their rights. Now, certainly, I have not been a friend of the United Railroads. I haven't any reason to feel even cordial to them or to have any feeling of gratitude towards them that I am allowed to live in San Francisco. But at the same time, I don't believe that,

from our own financial standpoint, we are making the wisest move when we slam our tracks in on Market street, leaving aside the inconvenience that may come, and proceed to our construction with only 15 cars on Church street, probably 20 or so in a year, or 25 or 30, and with just as few on the outer end of it. I would like to see his Honor—and I am coming shortly to my question to Mr. Lillenthal—I would like to see his Honor attempt, with the Board, while exercising every precaution for the early completion of that road, I would like to see his Honor attempt at least with those members of the Board who feel that we can reach a compromise and no harm be done to the City and County by the compromise—I would like to see him not be so determined to rush the matter to a conclusion. In other words, let us say this—let us with the City Engineer's proposition before us, with the United Railroads' two propositions before us, go to this point; let us, say, in so many words, just exactly what we want on Market street, and then, if the United Railroads, for whatever good reasons suit them, say, "Gentlemen, we can't agree," then proceed to do your work, and if you want, call negotiations off. But I submit, there does appear a very good chance of settling this matter with some saving of money to the City and County, because I do, Mr. Mayor, want to see the Church street cars go down Market street, if you want to know my frank opinion, if it can be done. I certainly want to see the tunnel cars go down Market street. And if there is a chance of our arriving at the same conclusion on the subject, then I submit that a short delay will not be harmful. There was delay in this Church street line—the engineer had 14 separate plans on this road—but let us not question that—that was on the other end—

Supervisor Wolfe (interrupting): What other end?

Supervisor Gallagher: On the end from Eighteenth street out. We had, I think, 14 different plans there. That is, you did not have them, but there was considered that many.

Now, Mr. Mayor, that is my position on the matter. I am not going to quarrel with anybody. If the Board here determines it has arrived at the conclusion that no further negotiations are advisable, no more are necessary, it won't have any more, why, all right. You won't have any quarrel with me. I submit to you that if it is the opinion of the Board now, and it certainly was about a year and a half ago, that we may use those tracks conveniently and properly, and if we can save that money, at least for a time, bearing in mind that in ten or twelve years

these roads are ours, if not before, it does seem to me that we will be doing a good thing if we reach such a compromise.

Now, I want to permit, if your Honor will permit, my question to Mr. Lillenthal. I say to him, as far as I am concerned, and in that connection, I have nothing to hide—I say to him quite frankly that I don't like the last proposition, I am not worried much about the fifty-fifty transfer plan, because I think that is a bigger bugaboo than most people think—I am asking if there is a prospect, and with how much chance of success, of the city purchasing a right in the tracks on Market street, say from Third and Kearny to the Tunnel entrance, and if they won't sell us a right there, where will they, and for how much? If Mr. Lillenthal considers that question unfair, or that he has too short notice for its answer, all right, he can say so. But it has been on my mind for two or three days, and I would like, if possible, to hear what his answer is, and I submit the other proposition of a short delay of this thing for the consideration of your Honor and the Board to do with it as they will, is proper. I would like an answer to my question, if we can have it.

Supervisor Wolfe: I move the privilege of the floor be granted to Mr. Lillenthal, and to Mr. Von Phul, to answer these questions.

Supervisor Walsh: I second the motion.

The Mayor: If there is no objection, permission will be granted.

Mr. Jesse W. Lillenthal: Mr. Mayor, and members of the Board: I think the frankest way to approach this subject is to say that it is the attitude of the United Railroads that there shall be accorded to the City and County of San Francisco, upon a mileage basis, the use of its tracks, both for the Church street cars and the Tunnel cars, to the extent that the concession will not interfere with the proper performance of our duties to the public. That is a matter that the engineers can work out, how many Church street cars can be run, and how many Tunnel cars, or, if the Board should be so advised, given preference to the one street rather than to the other, that is, running the Church street cars and no Tunnel cars, or running the Tunnel cars and no Church street cars, but first and last, and I mean to put that very comprehensively, the right to use our tracks for any number of either or both of those systems, to the extent that the granting of that use will not prevent proper service on the part of the United Railroads to the

public. Whether it shall be eight or ten or fifteen or twenty or twenty-five, I personally am not competent to say, but I am very certain that the City Engineer and the General Manager of our company can get together with a disposition that, so far as the United Railroads is concerned, we will exhibit the right disposition, and that we can then come to some agreement, because, after all, it is to the interests of this Board, of course, as it is the duty of the United Railroads, to see that the present service shall not be interfered with, so that that becomes a matter of what is undue congestion. Personally, I am not competent to deal with the engineering problem that is involved. We are running now at a 20-second headway, and under the recommendation of Mr. Bion Arnold, the city expert, that is an extreme headway in that direction. But I do want the Board to feel, when I sit down, that my attitude is to co-operate with this Board to the fullest extent possible, to provide the Church street people and the Tunnel street people with the transportation down Market street and to the Ferry that they want. The rest of it, gentlemen, is matter of detail, and I cannot enter into a discussion along those lines. I trust I have made myself clear.

Supervisor Wolfe: Mr. Gallagher spoke about the question of purchasing the right to the use of those tracks. I take it that his question to acquiring what might be called the leasehold right, or something of that kind, based upon a mileage basis. Have you given any thought to the question as he framed it?

Mr. Lilienthal: Yes. I understood Mr. Gallagher's question perfectly. Does not the Supervisor instantly see the impracticability of that? Because the moment you sell an interest in the tracks, the city has the same right to use the tracks that the United Railroads has, and I haven't any objection to that except that somehow we are liable to have something by which certain of the citizens of this community will not have the service to which they are entitled. That is the only objection I have to raise to that particular question, that is, a question in that form. In the answer that I gave, I made the best answer that I could from the point of view of furnishing a reply to the Supervisor who put the question. That is to say, I say this: You shall have the use of our tracks, but on what basis, I don't know—suppose, for instance, that the City Engineer, Mr. O'Shaughnessy, and Mr. Von Phul, could not come to an agreement. I will pledge myself to the Board this

morning that those two gentlemen shall select a third engineer with power to determine the matter. I do not want to leave anything open, and I am not evading the question. But if you say, "Will you sell us an interest in the tracks?" my answer is, "I would not have any objection to that, except that the United Railroads thereupon loses all right to say how many cars shall be run on the tracks by the City—and I don't care how many it is, up to the point that it does not interfere with our service. Now, gentlemen, if we approach this thing with the right spirit, the spirit that I feel, I don't know why we ought not be able to come to some conclusion. These are very serious, troublous times, we have an alien enemy, and it does seem to me that somehow we ought to try and adjust our differences. And I shall be actuated, and I take it that this Board will be actuated, by the proper feeling and not by any feeling of acrimony or hostility, for whatever has occurred, especially in view of the spirit that I have in answering this question. I trust I have made myself understood.

Supervisor Kortick: I would like to ask Mr. Lilienthal a question, Mr. Chairman. This is my question: How is it possible to add the Tunnel cars and the Church street cars to the present Market street lines, and continue the cars down to the Ferry on the United Railroads' tracks, without taking off a certain number of lines that would certainly interrupt the traffic in districts that you are now serving?

Mr. E. P. Troy: That is the question.

Supervisor Kortick: That is the question I would like to have answered.

Mr. Troy: You can't answer it.

Mr. Lilienthal: We have discussed in our office, Mr. Supervisor, the question of a certain number of Church street cars and a certain number of Tunnel cars, a number which would be adequate at least for a considerable time to serve the public, and we will manage to get along the way we are getting along now. I think that is a matter for the respective engineering departments to work out, in any event.

Supervisor Power: Would it not be well for you to point out to the Supervisor, if he is not familiar with the proposition, the proposition that you previously offered, that in allowing those cars to go down Market street, and in the offer previous to the one before the Board, as I recollect it, you pointed out to the Public Utilities Committee that it would

mean the withdrawal of certain cars from Haight street that now serve the Parkside and now serve the Ingleside districts, that the opening up of the Tunnel line would mean that, which would be more than equivalent to the cars going through the Tunnel with your lines at that end, would give the people a better service than they were getting before the other lines were withdrawn.

Supervisor Wolfe: Will the Supervisor explain how he figures the connection with the other lines there—on what theory, for instance, the Parkside lines through the Tunnel, could effect the service that would be otherwise deleteriously effected by the withdrawal of the present lines? I don't quite get your point on that.

Supervisor Power: As I understood the proposition before your Committee before, it allows Tunnel cars and Church street cars going to the Ferry to use their tracks as far as Van Ness avenue—I understood the connection was to be made with the United Railroads on the other end at Sloat boulevard, allowing our cars to continue on over to Ingleside Terrace and down the boulevard. Isn't that right, Mr. Von Phul?

Mr. Von Phul: Yes.

Mr. Lilienthal: I want to interrupt for just a moment, with his Honor's permission. I think I saw statements in the press to the effect that when I had the privilege recently of addressing your Honor, the Mayor, and the Board, there was something sinister about the communication, in that no reference was made to the previous report, and that the same proposition should have been made that was made in a previous communication to the Board. That certainly was not the intention, and everything that was contained in the original, still holds good, and in the last communication I was simply addressing myself to the Church street proposition, and not the whole matter, because it was my understanding that it was generally understood that the whole matter was not before the Supervisors at that time. But just this particular matter, and there was not any intent whatever, in filing this communication, to withdraw anything that had been previously offered to you in connection with the matter.

Supervisor Power: Was I correct on that statement, Mr. Von Phul? I have it here, as I read it: "The City also to operate the Tunnel line from Westport," and then it describes the route to Miramar avenue. That took care of the Ingleside Terrace and that territory.

Mr. Von Phul: Yes.

Supervisor Power: And that would

involve the withdrawal of about 19 or 21?

Mr. Von Phul: About 12, but there are only 16 cars going through the Tunnel.

Supervisor Power: To give an equivalent service as estimated—

Supervisor Kortick (interrupting): I would like to ask Supervisor Power a question. Is it your contention that, in view of your interpretation of that statement, that the fact that the Church street cars stop at Van Ness avenue and do not go down Market street would require that withdrawal?

Supervisor Power: No, Supervisor

Supervisor Kortick: You said I did not understand what I was talking about a few minutes ago, or words to that effect. I am very sure I do. When you make that statement, I am pretty familiar with it, I think.

Supervisor Power: Supervisor, I will repeat the statement I have made, that I am surprised that you or any other member of this Board that has studied this question—if you have gone into it, I say I am surprised at such a question from you to Mr. Lilienthal.

Supervisor Kortick: The one I directed?

Supervisor Power: Yes. The very fact that you directed it, and did not have the information that I brought out, that was in a communication pending before this Board, is sufficient as an answer that you are not thoroughly familiar with the question, or at least as thoroughly familiar with it as you think you are.

Supervisor Kortick: I think I am just as familiar as I want to be with those points, and I ask the question with the facts in mind. I still ask the question over again, and it has not been answered, and I don't think you can answer it. The question is, if we put the Church street cars on Market street, and continue them to the Ferry, and continue the Tunnel cars to the Ferry, I would like to know what cars they are going to take off, and what the conditions would then be in the territory from which they are taking the cars? That is the question I ask.

Supervisor Power: Let me direct your attention to the question you asked—we have a stenographer here. I would like to ask the stenographer to read the question of Supervisor Kortick directed to Mr. Lilienthal.

(The question of Supervisor Kortick was repeated by the reporter.)

Supervisor Power: My answer to you is, showing you that they propose to take off certain cars. I say the fact is that you didn't know that they proposed to take them off.

Supervisor Kortick: Certainly, I know that. If you will follow my question, you can find out what I want to find out.

Supervisor Gallagher: I want to find out.

Supervisor Kortick: I don't want to be quoted unless I am directly quoted.

Supervisor Gallagher: I would like to give you my theory of what an answer would be to the question, and that is admitting our inability to deal with the question from a technical, engineering standpoint. It seems to me, looking at the situation here, that, having determined upon a service through the Tunnel and down to the Ferry, and over Church street and down to the Ferry, that we can or should do one of two things in order to meet just the situation which you seem to think would arise: No. 1. We ought to take some of the lines, as has been suggested, running on Haight or Hayes, and shunt them over Mission and down Mission to the Ferry. Or, second, we might at Third and Market and Kearny, shift the burden from the inner tracks to the outer tracks, allowing two or three, one, two or more lines, to go down the outer tracks than are now going down, and balance the burden of congestion on the four tracks from Kearny street down. That would be one of the theories upon which I might put it. In other words, if the pressure becomes too great, I would have them take off the Haight street line and run them down Mission, or the Hayes street line, or the Castro street line or the Valencia street line, if, I say, the pressure became too heavy, and then, too, I would consider the question of switching to the outer tracks some of those lines, so that, provided we have reached a compromise and friendly action on it, with the Geary and with the Sutter there might also be, say, the Valencia or the Haight or the Castro, running down the outer tracks, or our own from the Tunnel, or our own from Church street, and let the inner tracks bear about what they are bearing now. Possibly it would not relieve the congestion at the Ferry, and I don't know that anything much can be done to relieve that. That would be my theory of solving the situation that will arise of which you speak and it is only a theory.

Supervisor Kortick: I would like to ask you a question, with your permission. Do you think that if you divert the Haight street cars or the Hayes street cars, or any of the other cars that you speak of now to Mission street, that the people will accept that kindly in those districts? One

more question: do you think that will meet the traffic conditions in that district, if you do that?

Supervisor Gallagher: If the engineering department of this City and County recommend it, that a certain line, for the successful operation of our line, and for the successful relief of congestion—that it was vital for those reasons to send the Haight street cars, which are the cars I use myself, down Mission street, I think I would vote for it. I think more than that. I think the time is very shortly coming when Mission street will be entitled to its own, when you will, by virtue of a court of justice, send some extra cars down Mission street and give that street what is coming to it in the way of business and perhaps car traffic. We can't all be on one street. We fought here for six months, in an effort to take, for instance, the No. 6 line and put it on Haight street, off from Hayes. We will fight again, I presume, shortly, the discontinuing of a line in that neighborhood. But we must reach those things sometimes, and we must do them. And my answer to you is that, when I speak of Haight, I merely do it by way of illustration. But if the Engineer's Department comes along, and says, "Gentlemen, it is absolutely necessary, in our judgment, for you to send these particular cars down Mission street," and points out that, if anybody desires, they can get off at Haight and Market and transfer, I think I would vote to send them down Mission.

Supervisor Hayden: Suppose it was Valencia street?

Supervisor Gallagher: The same—it doesn't make any difference which car it is.

Supervisor Wolfe: Mr. President, I rather think that we are involving in this discussion more than is really properly before the Board at this time. The line of questions that has been asked here has included the solution of transportation problems which are complex and very serious, and very, very important, both to the United Railroads and to the City and County of San Francisco. The real question before us today, is whether or not we shall exercise the right that has been accorded to us by the decision of Judge Hunt of the United States Federal Court, always bearing in mind that there is an element of chance we are taking in the affirmation of that decision by the higher court—whether or not we should proceed to build on Market street from Church and connect with our lines on Van Ness avenue—and that, after all, is the concrete question that we have before us, and it

involves an expenditure of approximately \$116,000. The other questions that have been injected into this discussion, and perhaps not improperly, because of the fact that they are correlated, or that eventually they will be correlated, in the greater question and the greater problem that is involved in the further construction of four tracks on Market street from Van Ness avenue to connect with the Municipal lines at Kearny street.

So that there may be no misapprehension as to the frame of mind in which I am today, and in which I have been for the last few days, I want to have this clearly understood: that this is not a question as to what the desires of his Honor, the Mayor, may be on that subject at all, and I say that with the utmost deference and respect, and, moreover, I am speaking now solely and entirely for myself. Neither is it a question as to what the policy of his Honor, the Mayor, may be in future with reference to the further extensions of the tracks on Market street. I want it to be clearly understood by my colleagues that, in so far as the further four-tracking of Market street is concerned, as to that my mind is entirely open, and I am perfectly willing and anxious to consider the very best proposition that the United Railroads can make to the City which may obviate the necessity of four-tracking Market street from Van Ness avenue to Kearny street. I say it, not because I am fearful that it will have a deleterious—if that is the proper way to pronounce the word, I am not quite sure—effect upon the property interests on Market street, or that it would create a congestion that would make conditions serious and dangerous—not at all. But I am willing to consider that, because there is opposition and serious opposition, to four-tracking Market street from Van Ness avenue to Kearny street, and it comes from a class of people whose views ought to be given respectful consideration, and they advance arguments that, to say the least, are worthy of serious debate and consideration.

Today we are confronted with this situation: We have passed to print a resolution setting aside the money to complete the tracks on Market street and connect with Van Ness avenue. Now, I take it, that, as to that concrete issue itself, that the United Railroads is not so seriously interested or affected. I take it that, whatever effect may be had upon business on Market street, would apply to the further extension of four tracks in an immensely larger per-

centage than it could possibly apply to the four-tracking from Van Ness avenue to Church street and to the Tunnel. Therefore I am of the opinion, in view of all the conditions and circumstances, and for purely business reasons—I say business reasons, in so far as it applies to the fact that the City and County is engaged in the transportation business—that for purely business reasons it is advisable that we should proceed with the plans already formulated and practically agreed upon and build the tracks from Church street and connect with our line on Van Ness avenue. Independent of every other question of tracking on Market street, I think that it is a good business proposition, if our rights are maintained under the decision of Judge Hunt, for the City to have the direct connection over its own tracks from Church street on Market to Van Ness, to the northern portion of the City and County of San Francisco, which is going to develop if I understand the plans that our prominent citizens have in mind with reference to residential sections that are to be constructed out there, and also direct connections with the patrons of the Municipal line from Church street and the vicinity down Geary street to Kearny, and so forth, and perhaps to the Ferry.

I appreciate that there is some force in the argument made by Supervisor Gallagher, that there may be a question whether those who desire to ride to the Ferry would not prefer some more direct route than the circuitous route of going from Church street in the Mission across Van Ness and down Geary. That is a matter, of course, that time will determine. But I feel that, from strict business reasons, that it would be the course of wisdom for us to pass finally this resolution today, and carry into effect, if not the express mandate of the people, under the bond issue, certainly the implied mandate of the people. It is true that, in the bond issue that has been referred to, there is contained the language that the City shall either acquire or construct the tracks along the most convenient route, to connect the Church street line with the Van Ness avenue line, and there is not any mention, I don't care what his interests may be, no man can doubt that the street that will closely connect Church street with Van Ness avenue is Market street. If we proceed along another route, we are certainly acting in violation of what is contained in the bond issue that was adopted by the people.

Now, as to the question of acquiring, how that word should be con-

strued, my mind is not quite clear on that—whether “acquiring” might be construed to mean a leasehold right or a terminal privilege arrangement, or whether it means the acquiring, the absolute taking over and owning. But, eliminating any technical discussion or consideration of that term, I feel that we are not in the position, at least with reference to the territory from Church to Van Ness avenue, where business prudence and some consideration for what the people had in mind when they voted that bond issue, should prompt us to complete this transaction and finally set aside this money. When it comes to the question of four-tracking below that, and the giving to the people who have expended their millions of dollars in the Twin Peaks Tunnel District, and that have added to the taxable value of the property of San Francisco a large amount of money, increasing our revenue this year, and with larger increments in the years to come, I am perfectly willing to sit down with the United Railroads in the capacity of chairman of the Public Utilities Committee, and with my colleagues and the rest of the members of this Board, and in a fair frame of mind, in an open frame of mind, consider any proposition that will help solve the serious situation in which we find ourselves with reference to transportation. I have in my hand the two propositions that have been submitted by the United Railroads, the one in February, 1917, and the one submitted very recently. And of course there is a wide variance in the terms proposed. I do not criticize them at all, because these gentlemen, representing their stockholders and bondholders, necessarily are trying to do for them the very best that they can. I have also in my hand a counter-proposition offered by Chief Engineer O’Shaughnessy, to the proposition made by the United Railroads of February 2, 1917, and the subject-matter under consideration today, which will be conceded by both sides that the questions raised by the engineer, which of course weigh very heavily with us, have not been met in this situation. And I will conclude this preliminary statement by saying that I am in a frame of mind where I think we could go right ahead on this proposition. And on next Wednesday, or at any subsequent time, before any further expenditures of money are authorized, sit down in the proper spirit, in the same spirit in which Mr. Lillenthal has come to us—in fact, he has evidenced a similar spirit before, but he particularly accentuated it this morning, that we ought to have sat down with him, all

of us, including his Honor, the Mayor, and see if we cannot arrive at a solution.

Now, I said that this is not a matter of the Mayor’s views. While his views are entitled to great respect, and would weigh greatly with the people of this City and County, after all, each man has to decide such weighty questions for himself, in accordance with his own judgment and in accordance with his own conscience. And if the time should come, and I hope that it will not come, and I do not expect that it will come, that I find myself at variance with his Honor, the Mayor, upon this question, or upon any other, I know that he is a big enough man to recognize that this is clearly within my rights, that I am discharging my duty to the people who elected me as I see that I ought to decide it. So that, don’t let us cross a bridge, or attempt to cross it, until we reach it. We are not determining the factor of direct service through the Tunnel at all by the action that we are taking today. We are rather leaving open a fair and a proper solution of transportation to this City west of the Twin Peaks Tunnel by the negotiations that we will enter into from next Wednesday, and thereafter, with the United Railroads. Now, as to the financial proposition—

Supervisor Gallagher: (Interrupting.) I want to ask you a question, which I would like you to answer before you sit down.

Supervisor Wolfe: Yes.

Supervisor Gallagher: Do I understand your attitude, then, correctly, to be that, regardless of what is offered or asked, that those things should be disregarded as if there were no negotiations on this end of the Church street line, that we are to go in and construct four tracks on Market street, from Van Ness to Church, without further ado?

Supervisor Wolfe: Yes, my position is that we should proceed with that work, without regard to any proposition or counter proposition, based upon sound business principles and reasons, that that only determines a small factor of this question, and that the larger and more important questions are still open, and, speaking for myself, and I think I can speak for my colleagues, including yourself, Supervisor Gallagher, and every one of the members of the Public Utilities Committee, that we are ready to sit down in just the same frame of mind that was evidenced by the statement of President Lillenthal here this morning as to that question.

Supervisor Gallagher: May I interrupt you once more?

Supervisor Wolfe: Yes.

Supervisor Gallagher: Will you tell me why you would do that, just from a business standpoint? I have listened very carefully, and I don't catch any way.

Supervisor Wolfe: I thought I had made myself clear when I said that I thought it was wise and prudent for the City to have its own lines connecting Church street over Market street with the Van Ness avenue line, which is the connecting line under the language of the bond ordinance—connecting the Church street line with the Van Ness avenue line, it would serve the northern portion of the city, and with the downtown section, down Geary street, independent of any other arrangement that can be made.

Now, let me say this, Mr. President: It is only a short time, and every one must recognize that, when the limit will have been reached, if it is not already reached, of the capacity of the Market street tracks for the carrying of further cars. It is only a question of time when, no matter what arrangements we may make with reference to four-tracking from Van Ness avenue down to Kearny street, the City will be confronted with the problem of either having to have more tracks, or a sub-way or an overhead system of service for the people of San Francisco. Within two years, and I am not a prophet or the son of a prophet, but I predict, by reason of the harmonious relationship which is now existing between the people of San Mateo county and San Francisco, a condition which did not exist prior to the compromise that was made with them before the legislative committee in the legislature, that San Mateo will be a part of San Francisco, and that, if we are to build up our suburban residential sections, if we are to make the city attractive for people in which to live, nay, if we are to keep our population on this side of the Bay, we will have to have either an overhead, certainly an overhead service, and in some sections of the city, perhaps, a subway service.

Now, as to the financial point made by Supervisor Power, I hesitate very much to set myself or my judgment in opposition to his, because he is the chairman of the Finance Committee, and is usually very, very careful. But I am advised that there is \$119,000 now remaining in the bond issue fund, the Church street fund, applicable to and which can be used for the purpose or one of the purposes involved in the resolution under consideration today. If I am

mistaken, Supervisor Power will correct me. Therefore, this opening statement of mine shows you the trend of my mind, at least, on this proposition, and I sincerely hope, and I say that earnestly—I sincerely hope that we may be able to get together with the United Railroads and satisfactorily settle, in so far as the further four-tracking of Market street is concerned, with fairness to them and with justice to the people west of the Twin Peaks Tunnel, and on Church street.

Supervisor Hynes: Mr. Chairman, with the permission of the Supervisor, I would like to ask Supervisor Wolfe a question.

Supervisor Wolfe: Yes, certainly.

Supervisor Hynes: If there should be some arrangement made whereby the Tunnel cars of the City railroad could go down the United Railroad tracks to the Ferry, would you then advocate our own, independent connection along Church street and down?

Supervisor Wolfe: Unalterably and absolutely, Supervisor.

Supervisor Hynes: Don't you think that if we should make that arrangement for the Tunnel cars, that we could save the City and County of San Francisco and the tax payers quite a bit of money by making the physical connections from Sixteenth and Church to Van Ness and Market, and making the physical connection from Market on to Van Ness avenue? Wouldn't you get that same service and same effect? That is the point I want to direct my question to.

Supervisor Wolfe: As I have stated, it is wise for the City to have its own tracks, and its own direct connection, from the Church street line over Market street to Van Ness avenue, and that the City will be in money instead of being out money ultimately if that be adopted. And I want to say further, that we are not building for today only. We have to look to the future. If we are going to figure this transportation problem upon our present population, then we might as well confess that we have no hope or expectation of making this the great city that we believe it will be made in the future.

Supervisor Hynes: The reason I ask the question is this: I figure that, if you are going to build four tracks on Market street from Church to Van Ness, you might as well, for the same reason, build them clear down and connect with the tracks from Kearny street to the Ferry.

Supervisor Wolfe: I thought that was covered, Supervisor, by the suggestion of the strenuous opposition of a large class of people and the fear of congestion there, which is a matter

we can go into when we negotiate with the United Railroads, upon that question.

Supervisor Hynes: I just wanted to satisfy my mind. I am thinking out in my mind that if we do not intend to run the Tunnel cars down Market street on our own tracks, we might just as well make the physical connection from Church to Market street to Van Ness. That is what I am trying to figure in my own mind, as to whether I shall vote one way or the other, based upon that proposition.

(The question was called for from the floor.)

Supervisor Power: Mr. Chairman, and members: I would like to ask a question of Supervisor Wolfe, if he will permit.

Supervisor Wolfe: Certainly.

Supervisor Power: You said, Supervisor, that you are opposed to a change of mind, or that you are unalterably opposed to a change in your position on the construction of four tracks on Market from Church to Van Ness. Do I understand you correctly?

Supervisor Wolfe: Yes, that is my present frame of mind.

Supervisor Power: I was just trying to think how you could come to that conclusion, in view of the fact that, when this matter was up for passage to print, you made the motion to postpone one week, with the object that something would develop during that week that would prevent us from taking the step.

Supervisor Wolfe: I rather expected that question would be asked, but I didn't think Supervisor Power would ask it. I made a statement here, and I made it before the Public Utilities Committee, that I made that motion particularly out of deference to Mr. George Skaller, who is a friend of mine in whom I have great confidence, and who represents the Civic League of Improvement Clubs, because of his suggestion and his insistence. That was the reason I made the motion at that time.

Supervisor Power: But you naturally figured, I suppose, Supervisor, that something would develop during the time, and if it did develop, I would infer from your action and motion that you would give that consideration, as well as the proposition of four-tracking Market street from Van Ness down to Third?

Supervisor Wolfe: Of course, Supervisor, you are perfectly entitled to draw your own conclusions, but I have stated my reason, and the only reason that prompted me to make that motion. In fact, I stated that upon the floor of the Board.

Supervisor Power: Mr. Chairman,

I am going to deal with this matter purely from a financial point of view. Mr. Lilienthal made the statement here that this should be dealt with in a big, broad way, with which I am heartily in accord. I felt that when I withdrew my motion for reconsideration, and I think the Board of Supervisors should sit here, or feel that they are sitting here, as a Board of Directors that are going thoroughly into every phase of this situation, and at the conclusion of their consideration, try and decide what is really the best move for the citizens of San Francisco.

Now, some of the figures concerning the Municipal Railway may surprise some of the members of this Board. But, in order to deal with this situation, we have to be very frank in our statements, regarding the situation of the earnings of the Municipal Railway. Supervisor Wolfe has pointed out the fact that there is a mandate of the people to construct these tracks on Market street and on Church street—to build the Church Street Railroad. I say to the Supervisor and to the members of this Board, that that mandate has already been complied with by the expenditure of \$641,871 on Municipal Railways, whereas, the original estimate in the bond issue for that road was \$498,000. In other words, we have expended \$143,871 over and above what the people voted for the Church Street Railroad.

It may surprise some of the members of this Board to know that, in the present earning capacity of the Municipal Railways, that we will have net earnings at the end of the fiscal year ending June 30, 1917, of approximately \$11,000. And if we included the charter charges and the federal income tax and the other just charges put upon the road in the last annual statement, it would show a loss in the earnings of the road at this time. Notwithstanding that fact, we are asked to make these expenditures on this construction, which I say, according to the expenditures already made on the Church street road, are not available.

Now, members of the Board, if it is possible to accomplish the same thing, in so far as service is concerned, without the expenditure of this money, why, I think the wise thing for this Board to do is to at least delay action on this matter until we see whether or not it is possible to do that.

Another point was brought up here, that, on account of the situation that the country is confronted with at the present time, it will be absolutely necessary for us to conserve our resources. That holds good with the

Municipal Railway as well as our other incomes. We will be confronted with this situation, that is, if the earning capacity of the Municipal Railway does not improve during the next fiscal year, we will be confronted with the situation where we will either have to do as Supervisor Gallagher suggested, have an additional bond issue for the continuation of the operation of the road, or go to the people with a direct tax for our redemption fund. Now, I don't think we can afford to go to the people with a direct tax for any particular reason that we will help the Municipal Railway. For no reason whatsoever could we appeal to them without admitting that the Municipal line is a failure.

Supervisor Wolfe: I didn't catch your last statement, Supervisor Power. Would you kindly repeat your last statement?

Supervisor Power: It is hard to answer exactly—perhaps the Reporter had better read it to you.

(The last sentence of Supervisor Power's statement repeated by the reporter.)

Supervisor Power: I base that on this fact, Supervisor: that the average earnings are about \$20,000 a month, and the interest and redemption charges against that that we will have to be confronted with commencing on July 1st next, will be approximately \$22,000 a month. So that that would show a loss of approximately \$2,000 a month. Therefore, I make the statement that we would either, as Supervisor Gallagher says, have to have a bond issue for additional revenue, or we would have to levy a tax for our redemption fund, which, if we did, we would necessarily have to admit to the people that our road was not earning enough to sustain itself. In other words, I repeat that we would have to practically admit that the Municipal Line was a failure.

Supervisor Wolfe: Would that apply, Supervisor, if we were spending some of the money for extensions of our system?

Supervisor Power: Yes, necessarily. It would be, if part of the money was expended for extensions of the system, that the road was a failure—that the system was a failure. You would not have anything available for extensions, Supervisor, if you proceed to make this expenditure for four tracks on Market street.

Supervisor Wolfe: But, Supervisor we have expended large sums of money out of the earnings of the road for extensions which, had we not made them, would now be in the proper fund to the credit of the Municipal Road, would they not?

Supervisor Power: It would be available for further extensions, and show as additional earnings.

Supervisor Wolfe: Yes.

Supervisor Power: But I want to call your attention to this fact: The present obligations that we have on the Municipal Railways total \$1,115,623.00. Included in that is the proposed expenditure of \$332,000.00 for the double tracking of Market street from Van Ness to Church street—that is \$1,115,000.00, and we have available from all sources \$1,374,894.00. Included in that is \$321,000.00 of our depreciation fund, which, if deducted, bears out the statement I made to the Board here, that you could not complete your four-tracking on Market street without delving into your reserve fund. We have, in that total of \$1,374,894.00 invested \$574,000.00 in three and a half per cent bonds. Under the present condition of the market, we certainly cannot dispose of those bonds. We could, of course, change that situation, but in order to have it available for any purpose, it would necessarily follow that we would have to rescind all the previous action taken by this Board, relating to that investment, and so forth, and then have the bonds again available for sale. Those are principally library bonds, and they are three and a half per cent bonds. So that, if you deduct that amount, and deduct your depreciation fund, you only have \$506,011.00 left. There is a further deduction of \$61,000.00 in your accident fund, which we cannot properly touch, which leaves \$441,119.00, without the sale of those bonds, as against obligations of \$1,115,623.00.

Supervisor Wolfe: That is, contemplated obligations?

Supervisor Power: Contemplated obligations?

Supervisor Wolfe: Yes, contemplated obligations?

Supervisor Power: Now, I say. Mr. Chairman and members, it is not a good financial proposition. The condition of your funds at this time does not warrant this expenditure, and the income from it, unless we went direct to the Ferry with our four tracks, I think is something upon which we must look as having a very dubious outlook. I point out to the Board here, and I am just going hurriedly over it again, the situation that I think would confront us if we continued to build the tracks only as far as Van Ness and Market, and not to Third street, to connect with the Ferry. In the first place, as the Chief Engineer stated the other day, the only service that would be available to the people that have expended the four million dollars for the construc-

tion of the Tunnel, or practically four million, would be that they would leave the western portal and Sloat Boulevard and would be transferred to busses—they have got to transfer to busses for Ingleside Terrace and St. Francis Wood, and so on and so forth. I don't think that would be the most satisfactory service to the people west of that portal. However, that would be the situation, if we construct our four tracks and do not enter into a possible agreement with the United Railroads.

Supervisor Wolfe: Of course, I have in contemplation that when these matters are discussed with the United Railroads, every proposition of going through the Tunnel and proposed making connections there and giving service, may enter into our debate as we consider the broader question that is to come.

Supervisor Power: That leads me to ask Mr. Lilienthal a question, Mr. Chairman. I would like to ask at this time of Mr. Lilienthal what would be the attitude of the United Railroads on this proposition, if we build our tracks to Van Ness and Market and then proceed to take up the question of double tracking Market street from Van Ness and Market to Third street. In other words, would your company feel disposed to deal with the question in piecemeal, or would they desire that we deal with the entire question of double tracking the full length of Market street at one time?

Mr. Lilienthal: I am really not competent to answer that question at this time, Mr. Supervisor. I had been considering the thing in the alternative form as presented by these two letters that are now before the Board, and I think we have to start all over again to consider this broader proposition.

Supervisor Wolfe: The alternative form, meaning from Van Ness and Market to Church, and the other proposition?

Mr. Lilienthal: That is the purpose of our communication, is to obviate the necessity in the minds of the Supervisors for the double tracking of any portion of the street not already double tracked. I don't want anybody to get the impression that the United Railroads is going to get into a pout over this, and say, "If you double track to Van Ness avenue, we will not meet you in the right spirit as to any other proposition of double tracking." All I want to say is that our minds have not gone that far yet. That is my only means of saying that I am not yet able to answer the Supervisor's question.

Supervisor Power: Of course a

great deal of my argument depends upon that situation, really. Because I pointed out to the Board here before, and point out again, that if we get as far as Van Ness and Market, and we come to no agreement with the United Railroads and have to double-track further down, I understand, in so far as that particular consideration is concerned at least, there will probably be a referendum, which would mean that the Church street cars can only go as far as Van Ness and Market until such time as the people vote on the question, and if they should vote adversely on the question, then they would have to continue over to Van Ness avenue line and down Geary to Third and Market. I believe that kind of service for the Church street people will not be a competing service, at least will not be the service that will satisfy them and will not mean a net earning for our road.

Now, we all agree that, so far as the Tunnel line is concerned, it is going to be a non-paying line. We are going to add the Tunnel line to the two non-paying lines at present, which will be a further drain on the Geary street road, and if, after the figures I have given you here, you think that the financial condition of the road warrants the expenditure, it is up to you to say. My opinion on the subject is, after a thorough study of the situation, that I don't think it is the wise or the advisable thing to do, judging from the present financial condition of our Municipal Railway. And I made the motion to delay the final passage for one week, with the object that we would enter into the bigger question, and enter into every phase of it, in so far as double-tracking Market street from the Tunnel to the Ferry is concerned, and perhaps something could be brought back here that would prevent us from making this expenditure.

Supervisor Lahaney: If the matter is entirely presented by the members, Mr. George Skaller would like an opportunity to say a few words to the Board.

Supervisor Hayden: I would like to ask the Supervisor a question.

The Mayor: Mr. Hayden.

Supervisor Hayden: From information that I have gained from the members. I notice reference to a demand by the platform men of the Municipal Railway, which has been under advisement before the Mayor and some members of this Board—I presume the Public Utilities Committee.

Supervisor Wolfe: No.

Supervisor Hayden: Well, the mat-

ter has been under conference between the platform men and some of the members of the Board. I notice, Mr. Chairman, that in his statement, the chairman of the Finance Committee says that the demand of the platform men and the track walkers, etc., would amount to some \$78,000 a year. I think that is right from what I get from the newspapers, and I think it comes from your office. That is an expense, of course, that would have to be met by the earnings of the Municipal Railway. I understand that the demand has been encouraged by the signatures of ten members of this Board of Supervisors. I am taking this merely from the press. Mr. Mayor, and I am not one of the signatories. But this is a serious matter, and a matter that should be considered at this time. Now, if that is to be the increased cost, if the operating expenses of the Municipal Railway are going to be increased \$78,000 out of the present operation of the Municipal Railway, we can consider that when the Tunnel cars are operating and the Church Street cars are operating that our operating expenses will be considerably more than they are now. I want to ask the chairman of the Finance Committee whether his committee, the Finance Committee, has given any serious consideration to the question of meeting that demand. I make this suggestion for the reason that the papers state that ten members of the Board of Supervisors have concurred with these men, and consequently, if those demands are granted, that that means that much more increase in the operation cost of the Municipal Railway, which should be added to the statement made by Supervisor Power at the present time, which would show that the earnings of the Municipal Railway would be very greatly crippled thereby. I would like to ask the question if they have taken up that matter seriously, as to that future cost of operation of the railroad.

Supervisor Power: My answer to that is the same as I gave to a very influential citizen of this City who spoke to me about it. The matter of allowing that increase rests entirely with the Board of Public Works. Our committee has nothing to do with it.

Supervisor Wolfe: This entire Board has.

Supervisor Hayden: The Board has signed up, however, according to the press reports.

Supervisor Power: I could say that, in so far as that is concerned, I signed a request with the explanation from the party bringing it that

it rested entirely with the Board of Public Works, for the raising of the salary, I think, of 14 car repairers, I think they were—that is the only recommendation that I signed, and I qualified it with the statement that the matter absolutely rested with the Board of Public Works; and the recommendation of the platform men has never been presented to me for signature. But I noticed, as Supervisor Hayden says, according to the press, the chairman of the Board of Works stated that the road would not warrant it, and I agree with him, judging from the records we have before the Board—judging from them, it certainly would not warrant that additional expenditure.

Supervisor Nelson: I move, Mr. Chairman, that the privilege of the floor be now extended to Mr. Skaller.

The Mayor: If there is no objection, it is so ordered.

Mr. George Skaller, of the Civic League of Improvement Clubs: Mr. Mayor, and gentlemen of the Board. I desire to state that when you accorded me the privilege of addressing you the last time on this question, I had at the preceding discussion asked Supervisor Wolfe whether he would be willing to make the motion in this Board to put the matter over for two weeks. He gave me the answer, "I am going to be governed entirely by the arguments which are submitted. However, I feel that I can't deny you the possible consideration, if you shall ask me." I just want to clear up by that statement the point that has been made that the motion made by Supervisor Wolfe was taken by me for the purpose of consideration.

With reference to the other question, I want to be very short, and say this to you gentlemen of the Board, that the points which we have submitted to you, as representing the interests of the Civic League of Improvement Clubs are full, and I would only like to add this: that Mayor Rolph granted me, upon my request, an audience, and although I thought he could probably only give me fifteen or twenty minutes, he gave me an hour and a half, during which he permitted me to present the question to him as I stated to him the greater question in which we are vitally interested, that the parts of the system should be thoroughly connected and interwoven with each other. During this interview, I submitted it again, inasmuch as I had more time than I had before the Board, and we talked over the transportation question from every possible angle, and during many years I have studied the question from all possible points of view, as it seems to me. I told

this to his Honor, that, as you fully understand, the double-tracking of Market street between Church and Van Ness avenue, is but a minor question. But that we feel the greater question immediately follows, and that it is our duty to make our position and our stand absolutely clear now, because this action brings with it certain consequences which you cannot afterwards avoid, because, in our judgment, it is only a policy which the administration desires to carry out. I told his Honor, and his Honor will corroborate this, that it is the impression in this community that as, ultimately, the City will have to acquire the United Railroads, that it ought to be considered just like any business man would consider it, that the problem ought to be inquired into in the interests of the City, and that the property should finally be acquired by the City at the best and lowest possible price. But I made this statement to his Honor, that while it is true that in business lines a man will perhaps, without any criticism, use such ethical tactics, if he can, by forcing his competitor to the wall and thus benefiting himself, that certainly that same principle cannot be applied and has never been applied in an American government. And his Honor, the Mayor, told me, "You have made a point of which I am very mindful, that I, as the head of this administration of an American municipal government, owe as much to it to see that the legitimate and legal interests of the United Railroads are protected as that the legal rights of yourself and of this City and anybody else in it are fully protected." And therefore this, according to his statement, having been announced to be a policy of honor, cannot be a policy of ruin. In addition to this, the Mayor assured me that the question of extensions is a question which is open, which can be submitted to him, the question of the extension from Van Ness to Kearny on Market, and that he, mindful of those principles of government, will then endeavor to find a solution as far as the administration is concerned. With this assurance, I told Mayor Rolph that there cannot be any possible difference between the Civic League of Improvement Clubs, which I represented, and himself, and we feel that this minor question, in so far as it has any connection with the policy at large, that nobody should oppose it, if the administration deems it and considers it the duty of the administration to duplicate down Market street, between Church and Van Ness avenue.

I only state this, and that was my

last statement to the Mayor, that, while we will certainly not make any effort to oppose the very question before you today, that this ought to be taken into consideration: it is not desirable to create a situation where you might later on say, "We could have saved that money"—that it is far better to first find out whether you can save that money, or not.

The Mayor: With your permission, gentlemen, I am going to say a few words, and I will be as brief as possible.

Mr. Power has stated that we should approach this matter in a great, big, broad way, and that you sit as the Board of Directors of the Municipal Railway Company. I, too, sit here, as the President of the Municipal Railway Company, and I sit here as a firm advocate, and a steadfast believer in municipal ownership. I know of nothing in the operation of the Municipal Railway lines and the results of its finances that could possibly change me from being an advocate, in the strongest sense of the word, of municipal ownership, to turn to be an opponent of municipal ownership.

It is matter of record, when you speak of finances, that the Municipal Railway has made a net profit of approximately \$1,200,000 since the city began the operation of the road. It is a matter of fact that we have invested at the present time approximately \$575,000 in what is known as the Church Street Branch of the Municipal System. It is a matter of fact every day that you sit here, discussing and postponing final action, you are costing the city at the rate of approximately \$30,000 in interest alone, without any revenue coming in.

Do you know that you have invested in the road approximately \$400,000 at the present time? Do you know that you have \$175,000, approximately, invested in twenty-five cars? Do you know that it is approximately four years to the day, for it was April 5, 1913, since the City Engineer made his report to the Board of Public Works, which came before you gentlemen, that the Church street line should be built, and that in that report he quoted from Bion J. Arnold, who was employed by the city before I took office, and he recommended in his report as No. 10, the construction of a street railway along Church street into the heavily settled Noe Valley District, which he stated, see paragraph 22, page 8, requires additional service more than any other district in this city? Do you realize all these points, gentlemen, as you keep on making efforts for delay in the building of this road?

Do you sit here as the Board of Directors of the Municipal Railway, or would you have anybody think for a minute that you might possibly be sitting here as the members of the Board of Directors of the United Railroads?

There can be only one course open, in my judgment, and that is that you are sitting here as the Board of Directors of the Municipal Road, and that I am sitting here as the president of the Municipal Road. So far as the advocacy of the building of the municipal extensions is concerned, there is absolutely no question but that the Committee of One Hundred who campaigned for the building of the road, and told you why you should vote for street railway extensions, clearly showed to the people of San Francisco, by map, that we were going to build the road from Thirtieth and Church streets into Market, down Market to Van Ness avenue. Nothing was said as to the connection between Eleventh street and the outer tracks from Kearny and Third to the Ferry. There is absolutely no question that, when this matter was before the people, and the Committee of One Hundred went out and advocated the building of the road, to which every member of the Board here subscribed, that the road was to be built down Market street to Van Ness avenue. We are carrying out the promises that we made to the people.

Now, so far as its being a business proposition is concerned, Mr. Skaller did come to me a week ago last Thursday, and we had about an hour and a half's conference. I told Mr. Skaller then that, so far as I was personally concerned, and that I felt so far as the administration was concerned, we were committed, and I thought it was a good business proposition to build immediately the Church street road from Sixteenth and Market down Market to Van Ness avenue. However, I said to him that in view of the fact that there had been considerable pressure brought to bear with regard to double tracking Market street from Van Ness to Third, that that was a matter that we could sit down and discuss and approach when it came to us—that the matter before us now was the building of this road, and that I thought there should be not a moment's further delay.

Is it a business proposition, or is it not? When I first ran for Mayor, one of the objections raised against my candidacy was that we were going to have a business administration. Now, I am told by Mr. Skaller that as a matter of business, it is a splendid thing for the city to run those tracks down Market street, but, he says, "Is it right

and equitable and considerate of vested interests that we do so?" As a matter of business, I must concur in Mr. Skaller's own statement.

Supervisor Wolfe: To what tracks are you referring now—from Market and Church to Van Ness?

The Mayor: The whole of it.

Supervisor Wolfe: You are not definitely committing yourself now to that?

The Mayor: No. I say that, so far as the controversy before us this morning is concerned, I have definitely committed myself. So far as the Van Ness to Third street on Market is concerned, I think that, as public officials, mind you, public officials and officials of all the city, we should sit down and hear, with open minds, every argument that can be presented with regard to the double tracking from Van Ness to Third street, and then make up our minds the right course for us to pursue as public officials, and, as Mr. Power says, the directors of a municipal railway system.

Now, there is no one in this city has a higher regard for Mr. Lilienthal than I have. He stands amongst the leaders of our city as a man of highest ideals, a man of noble purposes, and a man sincerely respected. And I do not blame Mr. Lilienthal for all the advice that he may get or give. I respect his views, and I hope that he respects mine. I have no quarrel with him in any respect. I endeavor to see my course as Mayor of this city and as president of the Municipal Railway line. And in that respect, I say to you that you are holding back the profits of the city practically a thousand dollars a day. It is costing you \$30,000 a year interest, as I have stated, for the delay—that is one item. Every minute, in my judgment, is an unjust criticism directed against the members of the Board. Action is what is wanted, and we should not lose another moment in proceeding to give final passage to this measure. I have seen our friends on Church street. I wish Church street were wider. I was along there the other morning from Sixteen to Market. I frequently go along the entire road, the entire system. I tell you those people out there are simply crying for this system. They have waited, and their patience is exhausted.

Supervisor Power: Is that between Sixteenth and Market?

The Mayor: No. I said the entire length of the system, and I live out there. They are my own neighbors and I know them, and I travel along that route. I tell you I am speaking from knowledge of the sentiment of the people in that portion of the city.

And I say that you should proceed at once to put this through.

Mr. Skaller says that it is a very minor matter. He speaks for the Civic League of Improvement Clubs. The other question, let us sit down and discuss after we direct the City Engineer to sign these contracts and put the road through.

Now, I have not been able to find any reason raised that has not been advanced before why this road should not be built. For a year and a half—

Supervisor Power (interrupting): This condition has never been advanced before in detail.

The Mayor: What condition?

Supervisor Power: The condition I have pointed out has never been advanced in detail.

The Mayor: We have set it apart and we have the money and the Public Utilities Committee have recommended it to finish that road, approximately \$119,000—a mere bagatelle compared to the entire system and the bringing in of a revenue. In other words, for a simple matter, there is not one of you from a business point of view would hesitate a minute to go right straight ahead and finish that road and get the Church street cars running, and go down to Van Ness avenue. Aren't you going to develop up the old Exposition grounds? The statement has been made here that world's events are now upon us. Yes, we are in the throes of world's events. I think the quicker we finish the road, the better. You don't know what the transportation will be that will require this road. That road runs to the Presidio grounds. You haven't the slightest idea of what the future is going to bring forth. The quicker we get action, and the quicker we put through our business enterprise, the better business heads we will have on our shoulders, in my judgment, and the better we will serve San Francisco. I say, do it now, and talk about the balance of the trackage when we meet with our own fellow citizens who have requested an opportunity of presenting that phase of this track construction to us.

Supervisor Gallagher: Would your Honor permit a question?

The Mayor: Yes, certainly, Supervisor.

Supervisor Gallagher: You remember we were all a part of that campaign.

The Mayor: Yes.

Supervisor Gallagher: I think that was the campaign in which we had the meeting in Dreamland.

The Mayor: Yes.

Supervisor Gallagher: And at that time we hammered the United Railroads pretty hard. But do you think that we did actually, in words and in

deeds and in statements, say that we were going to, as distinguished from our proposed road, build on Market street—that we said anything especially about building four tracks on Market street?

The Mayor: Why, yes; I feel confident of it, because at that meeting, Mr. Gallagher, this circular to which I have called your attention, was circulated throughout the Pavilion Rink.

Supervisor Gallagher: Yes.

The Mayor: And it was the intention, as you will see here, to build those tracks down Market street, and I do know that, so far as I was concerned, and I was out campaigning for it every night, several speeches a night, that that was what we were proposing to do, that we were going to hook up our own tracks on Church street with Van Ness avenue.

Another thing I forgot, and I don't want to forget it. I forgot to mention our people at the western end of the tunnel. We are not forgetting them in this. There has been \$4,000,000 expended in the building of that tunnel, as has been said here today, and I saw the heads of Supervisors Nelson, Lahaney and Mulvihill poked through the opening in the tunnel, just a short time ago. What a splendid thing it was to see that connection in the tunnel, and those three heads poked through there.

Supervisor Wolfe: Supervisor Mulvihill hasn't got through yet.

The Mayor: I tell you, in my judgment, Mr. Gallagher, it is a great question, and I don't think you are losing a cent, I think you are doing a big, fine public service for the Municipal Railway line in settling this matter and settling it now.

Supervisor Gallagher: It is not from the standpoint of getting into a controversy, but because of the fact that a record is being made, and because of the fact that you have rested your argument practically on two points, it seems to me that in fairness to me—and it is too bad that the discussion could not have been in an informal way instead of this way. Frankly, I think you did say, when the question was raised by the opponents of municipal ownership, when they said, "You can't get down to Market street. The United Railroads won't let you go down." I think you said, and I think we said, "We will find our way down, we will get around that, and if necessary, we will get in and put four tracks down Market street." All right. But I don't think that anybody ever questioned but what, if there was an opportunity to save the money involved in the extra construction, if it could be done efficiently, that is, by

running the cars, that we would not do that.

Now, as to finishing the road, let me say one of the reasons which prompts me to attempt to stay the hand of the Board on the final determination of this matter is this: I don't know just how we are going to get around the outer-end-of-Twin-Peaks-tunnel situation. I know what is contemplated at this moment, and it is at best, of course, a haphazard smash at transportation, which the bus system always is. I anticipated that if it were possible to save this money, that it might be used for one or two purposes, that and other money that might be saved, if we did not have to go into the double track construction: the fulfillment of the desires of the people west of Twin Peaks to run it down to Ingleside Terraces, and, if possible, as far as we could toward Daly City—that is No. 1. No. 2: there is not, and there ought to be constructed, so far as my own study of it goes, the link in the chain of municipally owned roads in San Francisco that it seems to me offers the greatest prospect, especially now, in view of the large work in hand, that can be found, and that is a road from a point about Eleventh up Potrero avenue into the Potrero district, tapping the Union Iron Works and along that line. Now, it seems to me that, if we can save that money, if you could get what you wanted on this, that for five or six years, Mr. Mayor, in the proposition of congestion, so far as the Church street cars go you are all right. There isn't any doubt about the ability of the lines to handle these extra cars. Now, going to the proposition of financing the road. I agree with you on that. I agree that we have delayed. Now, I ask you this frank question: If you had in the shipping business an opportunity to make money and immediately, as soon as you got the ship, and transport say a great deal of freight, or something like that, and you could make the money tomorrow, if you could begin to move it, would you, if you could charter a ship at a reasonable price and start it on its way, making money for you, would you say, "No, I won't do that. I will build my own ships. I will delay my profits until the time when my own ships are built and I can move them in my own ships?" I don't think you would as a business man. You would say, "Why, sure. If you will let me charter this ship," or whatever your term for that is, "on a fair basis, on a reasonable basis to me, on fair terms, I will take it, and I will start to move this freight, and I will make this profit at once, and perhaps I will go on building the ship to anticipate the continuation." It seems

to me evident that if you could get in on Market street, with your connection from Church street, with your road built to Thirtieth and Church, with your road built on Van Ness avenue, with a possibility of going down Market and transferring—it seems to me, Mr. Mayor, that instead of waiting—how long will it take to construct the two tracks on each side, Chief?

Mr. O'Shaughnessy: About three months.

Supervisor Gallagher: Instead of waiting three months, Mr. Mayor, it seems to me you might wait a couple of weeks and take the other plan.

Mr. O'Shaughnessy: It would take four months to get the special work done to carry out your suggestion.

Supervisor Gallagher: It will take four months, you say?

Mr. O'Shaughnessy: Yes.

Supervisor Gallagher: Do you mean to say it is not in the city at all—not to be had here?

Mr. O'Shaughnessy: No, sir; that is special work. That has been ordered already for what is now proposed, but it would have to be ordered specially if the connections you suggest were to be made.

Supervisor Gallagher: Do I understand that you mean to go into construction at once, and then wait for them—that that would take the four months?

Mr. O'Shaughnessy: No, the special work on the four tracks, as I indicate, has been ordered months, and is on the way here. If we have got to make new work to connect the single tracks on Church street with the present tracks on Market street, it will take four months to get that here and laid.

Supervisor Gallagher: Do you mean to tell me that you are prepared to make the physical connection with the tracks that you may lay down at Church and Market streets in three months, that they are on the way, and that it will take four months to get the tracks to connect from Church and Market to the United Railroads tracks?

Mr. O'Shaughnessy: Yes, for the reason that it will require special work, and of a different design.

Supervisor Gallagher: All right, I am not an engineer.

Supervisor Power: I thought when your representative was before the Finance Committee, when the request was made to order those tracks—my recollection of it, if I recollect rightly, is that the question was asked whether or not the plans adopted prepared also for physical connection to the Market street tracks of the United Railroads, and whether or not we could not receive the track specials for that as quickly as we could for the other, and that the answer was that we could.

Supervisor Gallagher: I do not, of course, want to go into that. But let me ask you this question: Supposing, as the Mayor said this morning, "All right, gentlemen. We will go on with this and get together with this company and see what we can do about an arrangement, and we hope to conclude it within a week, or go to bat on the other end." Then how long will it take you to get ready to give us temporary switches into those tracks, and get our cars moving while you are waiting for the special work? How long would it take you?

Mr. O'Shaughnessy: It will take just as long as the work we are doing now.

Supervisor Gallagher: What do you mean, "the work we are doing now."

Mr. O'Shaughnessy: The four track work.

Supervisor Gallagher: Do you mean to tell me you could not put temporary switches in there in less than three months?

Mr. O'Shaughnessy: I don't know just exactly what you mean.

Supervisor Gallagher: Just temporary switches.

Mr. O'Shaughnessy: It wouldn't be desirable.

Supervisor Gallagher: Now, wait. I am talking about just temporary switches, and wait for the time when the permanent construction arrives. You would not, as an engineer, say that you could not master a situation temporarily of that character in less than 30 days?

Mr. O'Shaughnessy: Perhaps you could.

Supervisor Gallagher: It might be you could. Now, Mr. Mayor, that is the point I am trying to make to you here. You made one other statement that I think I ought to say something about, but I don't know. You made the statement that we ought to conduct ourselves so that we might be considered in truth and in fact directors of the Municipal line, and not let anybody imagine or assume or infer that we were directors of the United Railroads.

The Mayor: Oh, well, you know I did not mean that literally. I was only trying to impress the difference between the two upon the members.

Supervisor Gallagher: I only want to say that, frankly, the United Railroads is somewhat removed, and very greatly removed, from my consideration of this matter. I am trying to approach the same object, but with not exactly the same point of view, as you—yet it is along the same road. I say to you that if we can get on to that street and running and make a thousand—we won't make a thousand dollars a day, of course, that is rather a reckless statement, but say \$500 a

day, or \$200 a day, we can go on there in thirty days and your road begins to operate, and under those circumstances, why, it seems to me that that is better business than going on there and waiting four months to make the money, except that you want to do this, and on that, your mind traveled a bit but didn't open up—except to be that you may have determined, you, perhaps, and the Engineer, that it is advisable, no matter what the compromise might be, no matter how favorable it might be, admitting that other cars must be run on the inner tracks—that it is advisable to construct four tracks now, so that the future may be safe in so far as it leads from Market to the so-called Noe Valley and Mission District. If that be the moving thought in your arrangement, it seems to me that there are easier methods than that.

Now, I want to see this road finished, but I submit those few points, and I agreed with what Mr. Skaller said that, after all, while there is a frank difference of opinion on this as to the best method of doing it, it is not so very, very vital after all, except it be that after we begin to get on those tracks, we will begin to make money right away—that is the first proposition, and No. 2, that if we can save this money and don't need these tracks at once, and for four or five years, I don't think we will, then why not save this money and give to these people who have spent all of their money, in the Twin Peaks District, or to the people in the Potrero who will patronize the line and ride on it, some service. I submit those views to your Honor. I don't suppose they will change your mind on it, but I hoped that we would have an opportunity for further discussion of the matter.

(The question was called for from the floor.)

Supervisor Power: Gentlemen, I still insist that you are sitting here as a Board of Directors, and I desire to be heard.

Supervisor Wolfe: I, for one, said "Question." I didn't know that anybody desired to discuss it further. If any one does, the proposition is entirely out of order when the question is called for. I thought you had made your argument and finished it.

Supervisor Power: I think we owe it to ourselves to correct a few impressions that the presiding officer might have made here. I wish to point out. Mr. Chairman, and, Chief, before you go I want to ask you some questions—

Mr. O'Shaughnessy: I will return in just a moment.

Supervisor Power: I want to repeat that, whether you intended it or not,

you created the impression or presumption that if any members did not see fit to vote here or to act here as you thought they should in connection with this construction, that instead of being representatives of the Municipal Railway, they might be looked upon as representatives or a board of directors of the United Railroads. Of course, there is a record being kept here—I should imagine, Mr. Chairman, that the Supervisors should be interested enough to take their seats or be excused, either one or the other.

Supervisor Suhr: May I be excused, Mr. Mayor? I have a previous very important engagement.

The Mayor: If there is no objection, Supervisor Suhr will be excused.

(Thereupon Supervisor Suhr left the room.)

Supervisor Power: As I said, I wish to repeat, Mr. Chairman, whether it was intended as a reflection or not, it might apparently put some of us in a false light. I would like to touch on the principal argument that you made for this construction. First, as I understand it, you say that there have been delays on the Church street road. I would like to ask you if you know of any delay in connection with the Church street road that amounted to anything, of any length of time, that could have been avoided?

Mr. O'Shaughnessy: Are you addressing that question to me or to the Mayor?

Supervisor Power: To the Mayor.

The Mayor: The record here which I would refer you to, Mr. Power, is the annual report of the Bureau of Engineering of the City and County of San Francisco for the fiscal year ending June 30, 1916, in which is given the actions of the Engineering Department from the 29th of June, 1914, to the 25th of August, 1916. On the 21st of January, 1915, and that is 27 months ago, you introduced Joint Resolution 1626, requesting the City Engineer to present estimate of cost of Church street road, utilizing the United Railroads trackage now in place on Market street. Carried unanimously. On the 25th of January, 1915, you requested the United Railroads to advise the Board of Public Works whether it would enter into an agreement with the city for the use of the Market street tracks, and that was lost by a vote of eight to eight. On the 19th of January, 1915, prior to the last date—two days prior to the resolution already referred to—there was an ordinance introduced authorizing the construction of the Church street line from Van Ness avenue out Market street to Eighteenth and Castro streets, and brought up and made a special order

of business for the following Thursday at 3:00 p. m. In my judgment, having shown this record, we have been since the 19th of January, 1915, 27 months, trying to decide whether or not we would build the double tracks from Van Ness avenue out Market to Church and to Eighteenth and Church, and the Board of Supervisors have, by a majority in every instance where efforts have been made to postpone, reconsider or delay, expressed themselves as opposed to any further delay. It is true the lawsuit has held the matter up. On the 26th of August, 1916, when Judge Hunt decided this case, we immediately proceeded to try and settle this question and set the road going. This is now the 7th day of April, 1917, and we are still arguing at this very minute that which we decided on the 21st of January, 1915. Now, I say, and I say that in as fair and broad a way as possible, I think the matter is definitely settled, Mr. Power, by the Board of Supervisors. I think it has been settled for 27 months. And on the 7th of April, 1917, here we are still arguing on the same question.

Supervisor Power: I again repeat my question, Do you know of any unnecessary delay in connection with the Church Street Railroad?

The Mayor: I consider, if you ask me and desire an absolutely frank opinion upon it, and I hope you won't take any offense at it—

Supervisor Power: No.

The Mayor: I think that all the proceedings that we have taken since the City Engineer requested this Board and sent his records down from the City Engineering Department to the Finance Committee through the Board of Public Works, has all been unnecessary delay.

Supervisor Power: You refer to that, I presume, the first recommendation that was made before the Church street controversy came up, the controversy of the different plans came up. Do you refer to the recommendation made at that time?

The Mayor: I shall, in order to do justice to you and to myself, because you are an advocate of the delay and I am an advocate of action in this matter—I would like to refer, so that both you and I will be thoroughly satisfied about the matter, to the City Engineer to answer the question, because what I get from the Engineering Department comes to me from him, and then what I get, so far as the action of the Board of Supervisors in concerned, I get from what I hear before the Board of Supervisors myself, and they are all familiar with it.

Supervisor Wolfe: Mr. President,

unless Supervisor Power is very anxious to have an answer to his question, I would respectfully suggest that he proceed and make his argument along the lines he has in mind, and let that matter be determined by the records.

Supervisor Gallagher: And also that the Board of Supervisors is hungry.

Supervisor Wolfe: And also this is Passover, and that is another reason.

Supervisor Power: The reason I asked that question, Mr. Chairman and members of the Board, is that I don't think this Board should be in the position that they have unnecessarily delayed the construction of the Church street road. There is nothing of record at this time outside of pamphlets from the Engineer's office, which speaks of the road, as I understand it, of the proposed Church street line, that make any reference at all to double tracking Market street. It has been taken for granted, and I don't argue this for the purpose of trying to change any member's mind at all, but to get back to the argument that you made for the construction—at no time was there reference to the double tracking of Market street, in the bond ordinance, or any other place at all. We have heretofore, by action of this Board, or the previous Board, requested the United Railroads to advise us under what conditions we can use those tracks. The Board was on record for that. Now, in so far as delays on the Church street line are concerned, I take it that at the time that it was planned that it was never intended to double track Market street, because at that time it was not known that we could legally do so. The suit was only settled here lately, and if it was understood at that time that we could not legally do so, then, instead of having the suit a few months hence, that suit should have been commenced two and a half years ago, and then we would have known where we were at in the use of our streets, and there would not have been any delay, as has been charged up here.

Now, another argument, Mr. Chairman, that you make, that you lay stress upon, is the service to the people west of the Twin Peaks tunnel. I have pointed out here and repeat, and I would like to have us all agree upon that, and I think we all agree that those people, for that investment, should have the greatest possible service. But I cannot come to your way of thinking, that if we double track Market street, and we have no connection whatever, other than to give that service, we have to dump them

out and put them in the busses at the other end—I fail to see that under those circumstances that that service is what they should have.

Mr. Mayor: Why not let us get out there as quickly as possible, and then when we get there, as business men, we will handle that situation as we proceed getting there. We have to solve it, and it should not hold back this question, our trying to solve that at the present time.
